Application Executive Summary

The Vermont Agency of Transportation is requesting the following SFY25 project using FHWA CMAQ funds flexed to 5311 for all of Vermont- total \$23,232,630 with \$ 18,716,820 Federal/ \$151,809 State/ \$4,364,002 Local. Attached documentation for the transfer is included. Match for these funds will come from a combination of the T-fund (State of Vermont), local municipalities and institutions, and eligible contracts. The funds being used for the SFY25 Flex are as follows and detailed in the POP.

Frequency of Milestone Progress Reports (MPR)

Annual

Frequency of Federal Financial Reports (FFR)

Annual

Does this application include funds for research and/or development activities?

This award does not include research and development activities.

Pre-Award Authority

This award is using Pre-Award Authority.

Does this application include suballocation funds?

Recipient organization is directly allocated these funds and is eligible to apply for and receive these funds directly.

Will this Grant be using Lapsing Funds?

No, this Grant does not use Lapsing Funds.

Will indirect costs be applied to this application?

This award is applying an approved Indirect cost rate(s).

Indirect Rate Details: GMT 7.2%

TVT 19.66%

All other providers 10%

Requires E.O. 12372 Review

No, this application does not require E.O. 12372 Review.

Delinquent Federal Debt

No, my organization does not have delinquent federal debt.

Award Description

Purpose

The Vermont Agency of Transportation is requesting the following SFY25 project using FHWA CMAQ funds flexed to 5311 for all of Vermont- total \$23,232,630 with \$ 18,716,820 Federal/ \$151,809 State/ \$4,364,002 Local. Attached documentation for the transfer is included. Match for these funds will come from a combination of the T-fund (State of Vermont), local municipalities and institutions, and eligible contracts.

The funds being used for the SFY25 Flex are as follows and detailed in the POP.

Activities to be performed:

- * CMAQ Operating Assistance:
- * State Program Administration:
- * Special Services Administration:
- * Preventative Maintenance:
- * Non-Vehicle Capital:
- * Vehicle Capital:

Expected outcomes:

Vermont has a special focused program for extensive service for the elderly and those with disabilities (see attached POP for providers and amounts). This special program provides increased access for those 60 years or older and with disabilities. CMAQ Operating provides the necessary funding support to assist the transit providers with eligible operating costs. Preventive maintenance assists 8 sub-recipients with associated capital maintenance, including equipment, tires, tubes, and material, preventive maintenance of rolling stock and their associated equipment. The preventive maintenance includes all standard activities, supplies, materials, labor, services, and associated costs required to preserve or extend the functionality and serviceability of the asset in a cost-effective manner, up to and including the current state of the art for maintaining assets to a state of good repair. VTrans has responsibility for approximately 335 vehicles, and we require that they be kept to manufacturers recommended preventive maintenance schedules. Additional 2 vehicles will be purchased as expansion vehicles; more details are provided in their respective budget descriptions. The capital requests allow the transit providers to maintain a state of good repair with their vehicles, equipment, facilities, and maintain safe and reliable transportation services.

Intended beneficiaries:

This grant reflects every type of service delivered across the state in every region, each and every resident and visitor to Vermont has the chance to access general mobility whether it's for recreation, work, medical service, or personal business. These services are provided by a range of methods from the highest-level commuter bus to general fixed route to demand response buses and volunteers in their own vehicles transporting their neighbors, friends and strangers.

Subrecipient Activities:

VTrans competitively selected Green Mountain Transit (Rural), Advance Transit, Rural Community Transportation, Southeast Vermont Transit, Tri Valley Transit, Green Mountain Community Network, Marble Valley Regional Transit District, VABVI, and VPTA. This application will cover the service types listed above. For full descriptions of sub-recipients and contact information, see attached description of services with source of local match.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 04: Planning and administrative activities which do not involve or lead directly to construction, such as: training, technical assistance and research; promulgation of rules, regulations, directives, or program guidance; approval of project concepts; engineering; and operating assistance to transit authorities to continue existing service or increase service to meet routine demand.

VT-2025-010-02-00	1393-2024-6-P2	8/8/2025	7/1/2025	9/30/2028

Project Description

Project 2

CMAQ Admin \$833,489 Federal/ \$0 State/ \$208,373 Local

CMAQ Preventative Maintenance \$479,181 Federal/ \$0 State/ \$119,796 Local

CMAQ Special Services Administration 0 & E \$506,166 Federal, \$0 State, \$126,542

CMAQ Operating \$4,779,932 Federal/ \$0 State/ \$1,194,984

CMAQ Recovery & Job Access \$65,704 Federal, \$65,704 State, 0 Local

CMAQ Vehicle & Non-Vehicle Capital \$275,237 Federal, \$67,839 State, \$971 Local

Project 2 Total \$6,939,709 Federal/ \$133,543 State/ \$1,650,666 Local

Project Benefits

* CMAQ Operating provides the necessary funding support to assist the transit providers with eligible operating costs.

* State program administration funds used to support salaries and associated administrative expenses for staff working on FTA programs.

* Preventive maintenance activities for VTrans subrecipients.

Additional Information

None provided.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 04: Planning and administrative activities which do not involve or lead directly to construction, such as: training, technical assistance and research; promulgation of rules, regulations, directives, or program guidance; approval of project concepts; engineering; and operating assistance to transit authorities to continue existing service or increase service to meet routine demand.

Date Description	Date

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects that do not have a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. FTA requires a sufficient project description to support a CE determination. The project may require additional documentation to comply with other environmental laws.

Categorical Exclusion Description

Type 04: Planning and administrative activities which do not involve or lead directly to construction, such as: training, technical assistance and research; promulgation of rules, regulations, directives, or program guidance; approval of project concepts; engineering; and operating assistance to transit authorities to continue existing service or increase service to meet routine demand.

Part 5: FTA Review Comments

FTA Comments for DOL

Comment By Michael Burns

Comment Type	DOL Review for Information
Date	9/22/2025
Comment	The Vermont Agency of Transportation is requesting the following SFY25 project using FHWA CMAQ funds flexed to 5311 for all of Vermont- total \$23,232,630 with \$ 18,716, 820 Federal/ \$151,809 State/ \$4,364,002 Local. Attached documentation for the transfer is included. Match for these funds will come from a combination of the T-fund (State of Vermont), local municipalities and institutions, and eligible contracts.

Application Review Comments

Comment By Margaret Griffin

Comment Type	Application Details
Date	9/15/2025
Comment	Transit Vehicle Manufacturers (TVM) must have an approved FTA DBE Goal prior to bidding on contract. For a current listing, see https://www.transit.dot.gov/regulations-and-guidance/civil-rights-ada/eligible-tvms-list . Recipient must ensure that all vehicles purchased are accessible and purchased from an FTA approved TVM. In accordance with 49 CFR 37.77, public funded entities operating demand-responsive service which receive financial assistance from the Federal Transit Act must file a certificate of equivalent service before procuring any inaccessible demand-responsive vehicle. Please contact FTACivilRightsSupport@dot.gov for more information.
