Dear Bryan Eubanks:

This office has recently completed an audit of USW Local 5050 under the Compliance Audit Program (CAP) to determine your organization's compliance with the provisions of the Labor-Management Reporting and Disclosure Act of 1959 (LMRDA). As discussed during the exit interview with on May 8, 2017, no violations of the LMRDA were disclosed in areas of financial activity included in the CAP. This does not exhaust all possible problem areas, however, since the audit conducted was limited in scope and did not include all areas of your union's operation.

Recommendation

During the audit it was revealed that the union rents a safe deposit box at a local bank, but does not have access to this safe deposit box because of a missing key. It is recommended that the union gain access, since anything contained in the safe deposit box is union property. The union membership has a right to know the content of the union's safe deposit box.

I want to extend my personal appreciation to USW Local 5050 for the cooperation and courtesy extended during this compliance audit. I strongly recommend that you make sure this letter and the compliance assistance materials provided to you are passed on to future officers. If we can provide any additional assistance, please do not hesitate to call.

Sincerely,

[REDACTED]
Investigator
