

June 26, 2019

Mr. Dwayne Mayle, Secretary-Treasurer
Laborers Local 1015
1121 W. Tuscarawas Street
Canton, OH 44702

Case Number: 350-6015281 [REDACTED]
LM Number: 516185

Dear Mr. Mayle:

This office has recently completed an audit of Laborers Local 1015 under the Compliance Audit Program (CAP) to determine your organization's compliance with the provisions of the Labor-Management Reporting and Disclosure Act of 1959 (LMRDA). As discussed during the exit interview with you on June 25, 2019, the following problems were disclosed during the CAP. The matters listed below are not an exhaustive list of all possible problem areas since the audit conducted was limited in scope.

Recordkeeping Violations

Title II of the LMRDA establishes certain reporting and recordkeeping requirements. Section 206 requires, among other things, that labor organizations maintain adequate records for at least five years by which each receipt and disbursement of funds, as well as all account balances, can be verified, explained, and clarified. As a general rule, labor organizations must maintain all records used or received in the course of union business.

For disbursements, this includes not only original bills, invoices, receipts, vouchers, and applicable resolutions, but also documentation showing the nature of the union business requiring the disbursement, the goods or services received, and the identity of the recipient(s) of the goods or services. In most instances, this documentation requirement can be satisfied with a sufficiently descriptive expense receipt or invoice. If an expense receipt is not sufficiently descriptive, a union officer or employee should write a note on it providing the additional information. For money it receives, the labor organization must keep at least one record showing the date, amount, purpose, and source of that money. The labor organization must also retain bank records for all accounts.

The audit of Local 1015's 2018 records revealed the following recordkeeping violation:

Disposition of Property

Local 1015 did not maintain an inventory of union clothing it purchased, sold, or gave away. The union must report the value of any union property on hand at the beginning and end of each year in Item 28 of the LM-2. The union must retain an inventory or similar record of property on hand to verify, clarify, and explain the information that must be

reported in Item 28. The union must record in at least one record the date and amount received from each sale of union hats, jackets, and other items.

In addition, in the case of items given away to members, the union must retain records that identify the date the items were given away and the recipients of those items.

Based on your assurance that Local 1015 will retain adequate documentation in the future, OLMS will take no further enforcement action at this time regarding the above violations.

Reporting Violations

The audit disclosed a violation of LMRDA Section 201(b), which requires labor organizations to file annual financial reports accurately disclosing their financial condition and operations. The Labor Organization Annual Report (Form LM-2) filed by Local 1015 for the fiscal year ended December 31, 2018, was deficient in the following area:

Disbursements to Officers and Employees

Local 1015 did not include some reimbursements to officers in the form of fuel charges for union vehicles and meals placed on union debit cards totaling at least \$15,000 in Schedule 11 (All Officers and Disbursements to Officers). It appears that the local erroneously reported these payments in Schedules 15 through 19.

The union must report in Column F of Schedules 11 and 12 (Disbursements for Official Business) direct disbursements to officers and employees for reimbursement of expenses they incurred while conducting union business. In addition, the union must report in Column F of Schedules 11 and 12 indirect disbursements made to another party (such as a credit card company) for business expenses union personnel incur. However, the union must report in Schedules 15 through 19 indirect disbursements for business expenses union personnel incur for transportation by public carrier (such as an airline) and for temporary lodging expenses while traveling on union business. The union must report in Column G (Other Disbursements) of Schedules 11 and 12 any direct or indirect disbursements to union personnel for expenses not necessary for conducting union business.

I am not requiring that Local 1015 file an amended LM report for 2018 to correct the deficient items, but Local 1015 has agreed to properly report the deficient items on all future reports it files with OLMS. Local 1015 has also agreed to file all future reports electronically.

I want to extend my personal appreciation to Laborers Local 1015 for the cooperation and courtesy extended during this compliance audit. I strongly recommend that you make sure this letter and the compliance assistance materials provided to you are passed on to future officers. If we can provide any additional assistance, please do not hesitate to call.

Sincerely,

Investigator

cc: Mr. John Johnson, President
