PREAMBLE

THIS AGREEMENT is a Successive Principle Agreement to the Eastern Washington and Northern Idaho Carpenters 2012 – 2015 Agreement and all other prior Agreements thereto by and between the above named parties (or their predecessor organizations).

This is a Collective Bargaining Agreement between the Inland Northwest AGC (a Chapter of the Associated General Contractors of America, Inc.) (referred to as the “Employer”), and the Pacific Northwest Regional Council of Carpenters and Local Unions of the United Brotherhood of Carpenters and Joiners of America, (referred to as the “Union”), and shall constitute an Agreement between the parties hereto for the work, conditions and wage rates provided for herein the territory of Eastern Washington and Northern Idaho.

ARTICLE 1 PURPOSES

1.1 The purposes of this Agreement are to promote the settlement of labor disagreements by conference, to prevent strikes and lockouts, to stabilize conditions in Highway, Heavy and Building construction work in the area affected by this Agreement, to prevent avoidable delays and expense, generally to encourage a spirit of helpful cooperation between the

Employer and the Employee Groups to their mutual advantage.

1.2 The person signing this Agreement on behalf of each Employer warrants and guarantees his authority to act for and bind such Employer. Each person signing this Agreement on behalf of the Union warrants and guarantees his authority to act for, bind and collectively bargain for and on behalf of the Union.

ARTICLE 2

PARTIES

2.1 This Agreement shall apply to all Building, Heavy, Highway Construction (except residential construction) coming within the recognized jurisdiction of the Pacific Northwest Regional Council of Carpenters of the United Brotherhood of Carpenters and Joiners of America, and the signatory Local Unions, and individual members thereof, except that it shall not apply to Superintendents, Master Mechanics, Civil Engineers, Timekeepers, Messengers, Guards, Confidential Employees, Clerks or other office employees.

2.2 The Union is recognized as sole bargaining agent for employees covered by this Agreement.

ARTICLE 3

MANAGEMENT'S RIGHTS

3.1 The Employers retain full and exclusive authority for the management of their operations. The Employers shall direct their working forces at their sole prerogative, which includes but is not limited to hiring, promotion, transfer, layoff or discharge. No rules, customs, or practices, shall be permitted or observed which limit or restrict production, or limit or restrict the working efforts of employees. The Employers shall utilize the most efficient methods or techniques of construction, tools, or other labor saving devices. There shall be no limitations upon the choice of materials or design. The Employers shall schedule work, shall determine when overtime will be worked, and the number of employees to be utilized.

3.2 The foregoing enumeration of management rights shall not be deemed to exclude other functions not specifically set forth. The Employers, therefore, retain all legal rights not specifically covered by this Agreement.

ARTICLE 4

NO STRIKES - NO LOCKOUTS

4.1 It is mutually agreed that there shall be no authorized strikes, lockouts, or other slowdowns or cessation of work by either party on account of any

labor differences pending the full utilization of the grievance procedure set up in Article 13, provided that employees covered by this Agreement shall not be expected to pass through a duly authorized picket line.

4.2 Failure of an Employer to pay wage, travel, or other negotiated fringe payments as outlined in this Agreement is a violation of this Agreement and not subject to grievance procedure as outlined in Article 13. In the event of violation and after forty-eight (48) hour notice to the Employer, the Union may take economic action against such Employer to collect such monies owed, including attorney fees, liquidated damages and audit fees.

ARTICLE 5

TERRITORY COVERED

5.1 This Agreement shall cover all Highway, Heavy and Building Construction work in the following counties or parts of counties East of the 120th Meridian: Adams, Asotin, Benton, Chelan, Columbia, Douglas, Ferry, Franklin, Garfield, Grant, Kittitas, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, Walla Walla, Whitman, and Yakima, in the State of Washington; and Benewah, Bonner, Boundary, Clearwater, Kootenai, Latah, Lewis, Nez Perce, Shoshone, and north of the 46th parallel of Idaho County in the State of Idaho.

ARTICLE 6

UNION SECURITY

6.1 All employees covered by this Agreement and coming under the jurisdiction of the Union, as set forth in Article 2 shall, as a condition of employment, become members of the appropriate Local Union within eight (8) days following the date of their employment, and shall remain Members in good standing during the term of this Agreement. “Good standing” for the purpose of this Agreement is interpreted to mean all employees shall maintain their Membership with current month’s dues paid in their Local Union. When an employee fails to tender to an authorized agent of the Union such initiation fees or periodic union dues as are required for good standing membership, the Employer will, upon written request from the Union, dismiss the employee at the close of the shift.

6.2 Union Security, shall not be applicable on work within the state of Idaho until the repeal or modification of the Idaho Right-to-Work law enabling the legal implementation of the clause, at which time the clause shall automatically become applicable to work performed within the state of Idaho.

ARTICLE 7

SUBCONTRACTING

7.1 If a contractor bound by this Agreement contracts or subcontracts any work covered by this Agreement to be done at the job site of the construction, alteration, or repair of a building, structure or other work to any person or proprietor who is not signatory to this Agreement, the Employer shall require such subcontractor to be bound to all the provisions of the Agreement, such contractor shall maintain daily records of the subcontractors employees' job site hours, and be liable for the payment of these employees' wages, travel, Health & Security, Retirement, and Apprenticeship and Training contributions (or differential) in accordance with this Agreement.

7.2 In the areas of drywall, acoustical, wood framing, and insulation, if the Employer is unable to find qualified Union subcontractors, Article 7 will be waived by mutual agreement after review of the bids by the Union under the following conditions:

7.2.1 (A) If the contractor receives three (3) union subcontractor bids on any one segment of work (drywall, acoustical, wood framing, and insulation) referenced above, the contractor will select and use one of the union subcontractors.

7.2.2 (B) If three (3) union subcontractor bids are not received on any segment of work (drywall, acoustical, wood framing, and insulation) referenced above, then the Employer may use the non-signatory subcontractor provided the non-signatory subcontractor's bid is more than 5% lower than the lowest Union subcontractor bid; this bid may be used by the Employer, provided the non-signatory subcontractor is an established licensed contractor who has operated within the territory of the Agreement.

7.3 Exemptions beyond these areas as referenced in 7.2 must be agreed to by the Union prior to the start of work.

7.4 Whenever the Employer is obligated to satisfy MBE-WBE or other governmental subcontracting requirements, the Union and the Employer will agree to waive this provision in the event an Employer and Union are unable to find qualified Union subcontractors prior to the bid opening. This provision shall not be implemented with any intent other than to meet governmental subcontracting requirements.

7.5 It is understood that this Article applies only to work jurisdiction claimed by the United Brotherhood of Carpenters and Joiners of America.

ARTICLE 8

HOURS OF WORK - SHIFTS - OVERTIME

8.1 The work week will start with the first shift on Monday and conclude with the third shift on Friday. Eight (8) hours per day shall constitute a standard work day between the hours of 6:00 a.m. and 6:00 p.m. with one-half ($\frac{1}{2}$) hour unpaid lunch period. Hours of work may be changed by the Employer with twenty-four (24) hour prior notification to the Union. Forty (40) hours per week, Monday through Friday, shall constitute a regular work week.

8.2 Employees will be at their place of work, ready for work, at the start of the shift. The place of work shall be defined as the gang or tool box or equipment at the employee's assigned work location. Dry and/or lunch shacks and/or check-in locations shall be placed as near the gangbox or work location as possible. Crews on shift will be given adequate time to gather up their tools before quitting time. Employees being terminated or laid off shall be given adequate time to collect tools and belongings prior to the end of the shift. On jobs where the Employer or owner prohibits private vehicles beyond a designated area, the Employer will furnish a manhaul or permit the employees sufficient time to walk to the parking lot by quitting time.

8.3 Work performed in excess of eight (8) hours per day Monday through Friday, or outside the normal shift, and all work on Saturdays shall be paid at time and one-half the straight time rate. All work performed on Sundays and Holidays shall be paid at double (2) the straight time rate of pay. In no case shall overtime pay exceed double the straight time rate of pay. The Employer shall have the sole discretion to assign overtime work to employees with consideration of retention of the Job Steward (See Article 12).

8.4 Shifts may be established when considered necessary by the Employer. Shift hours and rates will be as follows:

8.4.1 **Two Daylight Shift Operations:** On a two consecutive shift operation, no shift differential is involved for work performed on either of these two shifts. Each shift must be scheduled for at least eight (8) hours except as provided for in Section 1 of this Article. On a two shift operation, the second shift shall be established for a minimum of three (3) days. Once the starting times are established for the two shift operation, they shall not be changed except upon three (3) days' notice to the Union.

8.4.2 Three Shift Operation: On a three shift operation, the following shall apply:

FIRST SHIFT: The regular hours of work on the first shift of multiple shift operations shall be eight (8) hours of continuous employment except for lunch period at midshift, between the hours of 6:00 a.m. and 6:00 p.m.

SECOND SHIFT: The second shift shall be seven and one-half (7 ½) hours of continuous employment except for lunch period at midshift, and shall be paid for eight (8) hours at the straight time hourly rate.

THIRD SHIFT: The third shift shall consist of seven (7) consecutive hours of employment, except for lunch period at midshift, between the hours of 12:30 a.m. and 8:00 a.m., and shall be paid for eight (8) hours at the straight time hourly rate.

8.4.3 SPECIAL SHIFTS: When due to conditions beyond the control of the Employer, or when contract specifications require that work can only be performed outside the regular day shift, then by mutual agreement a special shift may be worked at the straight time rate, eight (8) hours work for eight (8) hours pay. The starting time shall be arranged to fit such conditions of work.

If employees are called back to the job without receiving an eight (8) hour break between shifts, they shall continue at the applicable overtime rate.

8.5 Option for 4-Ten Hour Shift:

The Employer may, at his option, establish a first and/or second shift consisting of ten (10) hours of work, exclusive of a one-half ($\frac{1}{2}$) hour non-paid lunch period per day, that shall constitute a normal forty (40) hour work week, provided that it does not conflict with Federal, State or local regulations or laws. The Employer can change from a 5-eight to a 4-ten hour schedule or back to the other, subject to the limitations that it will give the Union at least seven (7) calendar days' notice of such change and maintain such shift for a minimum of one (1) work week. All hours of work on these shifts shall be paid for at the basic straight time hourly wage and fringe rate, overtime will apply after ten (10) hours. No ten hour second shift may be established without a preceding ten hour first shift. (Also see Article 16)

8.5.1 In the event the job is down for any reason beyond the Employer's control, including holidays as defined by Article 10, then Friday may, at the option of the Employer, be worked as a voluntary make-up (no employee shall be terminated for refusal to work a make-up day).

8.6 Weekend Shutdowns:

Where the work is started and completed within a period between 12:00 p.m. Friday night and 8:00 a.m. the following Monday morning, all work will be performed at the time and one-half (1½) the applicable rate.

8.7 On a project working a makeup day, if one (1) carpenter is paid overtime, all affected Carpenters will be paid the applicable overtime rate.

ARTICLE 9 LUNCH AND REST PERIODS

9.1 Employees shall not be required to work more than five (5) hours from the start of their shift without a one-half (½) hour (nor more than one <1> hour) break for lunch. This period shall not begin earlier than three and one-half (3 ½) hours after the start of the shift and shall not begin later than five (5) hours after the start of the shift. If they are required to work past this time and they are denied time to eat, they shall be paid at the applicable overtime rate until such time as they are allowed to eat their lunch. If not allowed to eat lunch, employees will be paid an additional one-half (½) hour of overtime. Employees required to work more than two (2) hours after the end of the regular shift shall be allowed to at least one-half (½) hour meal period which shall be considered as

time worked, and if it is impractical for the employees to leave the job, they shall be provided a lunch by the Employer.

9.2 Employee's lunch period may be staggered during the period of three and one-half (3 ½) to five (5) hours from the start of the shift to cover necessary work of a continuous nature.

9.3 Employees shall be allowed a rest period of not less than 10 minutes, on the Employer's time, for each four (4) hours of working time. Rest periods shall be scheduled as near as possible to the midpoint of the work period. No employee shall be required to work more than three (3) hours without a rest period. The rest period may be taken at the work station when reasonable. Where the nature of the work allows employees to take intermittent rest periods equivalent to ten minutes for each 4 hours worked, scheduled rest periods are not required. A rest period means to stop work duties, exertions, or activities for personal rest and rejuvenation.

It will be the responsibility of each employee to take rest periods. If an employee does not take a rest period, then the employee must notify his/her supervisor and a rest period will be provided.

ARTICLE 10

HOLIDAYS

10.1 The following seven (7) days shall constitute the recognized holidays within the terms of this Agreement. If any of the following holidays falls on a Sunday, Monday will be observed as the holiday. If any holiday falls on a Saturday, the preceding Friday shall be observed as a holiday. The holiday shall be the twenty-four (24) hour period commencing with the established starting time of the day shift on the day of the holiday.

New Year's Day

Thanksgiving Day

Memorial Day

Friday after Thanksgiving

Independence Day

Christmas Day

Labor Day

10.2 No work shall be performed on Labor Day except to save life or property.

ARTICLE 11

PAY DAY

11.1 Employees shall be paid in full prior to quitting time on the jobsite once each week (on the same day), but in no event shall more than five (5) days' (Saturday, Sunday and holidays excluded) wage be withheld.

If the regular payday falls on a holiday, the employee shall be paid on the last regular work day before the holiday.

An employee's pay check stub or attached statement shall contain an itemized statement showing the breakdown of straight time hours, overtime hours, rate of pay, and all authorized deductions, and must indicate the name and address of the Employer. In the event an employee receives an N. S. F. Check, thereafter all payments shall be made by cash or certified check and he/she shall be considered not paid timely and shall receive eight (8) hours pay for every Twenty Four (24) hour period thereafter until he/she receives cash or certified check in full payment. Documented bank errors will be exempt from the initiation of eight (8) hour penalty.

No adjustment of disputed pay will be made unless the employee or the Union shall make a claim in writing to the Employer's representative ten (10) working days from the pay period in question.

11.2 An employee shall be paid in full when discharged during normal working hours. When employees are laid off or discharged, payment shall be made within twenty-four (24) hours (Saturday, Sunday, and Holidays excepted). In the event that payment is not made within twenty-four (24) hours (Saturday, Sunday, and Holidays excepted), he/she shall receive two

(2) hours pay at the applicable wage rate for each twenty-four (24) hour period thereafter until said check is mailed to an address of the employee's choice. The postmark on the envelope will serve as the cutoff for any penalty.

11.3 Employees who quit shall be paid not later than the next regular pay period.

ARTICLE 12 UNION REPRESENTATIVES & JOB STEWARDS

12.1 The Authorized and Credentialed Representatives of the Union having jurisdiction over the work covered by this Agreement shall be allowed admission to any job at any time for the purpose of investigating conditions on the job; provided, however, that they shall give notice to the office or superintendent of the job.

12.2.1 The Union shall submit in writing to the Employer the names of its job Stewards, whenever possible, and such changes of job Stewards as may occur from time to time, and the Employer shall recognize such job stewards selected by the Union. Oral notification of Job Stewards will be acceptable whenever written notice is not practical.

12.2.2 Every job steward shall perform work for the Employer to the same extent as other employees; however, a Job Steward may take reasonable time off from his regular duties when an employee (or group of employees) desires to take up with the Job Steward any matter which is believed to be in violation of this Agreement. In such cases, before leaving his work area, the Job Steward shall inform his immediate supervisor where he wishes to go and shall secure permission to leave. The Steward shall also report back to the supervisor on his return.

12.2.3 When forces must be reduced, if all other considerations are equal, the Steward shall not be discharged except for just cause and shall remain on the job provided that there are at least four (4) Carpenters on the project. When a Job Steward must be laid off or discharged, the Union will be notified forty-eight (48) hours prior to such action. A Job Steward will be given a reasonable amount of time to take up his report once a week.

12.2.4 Each shift may have a Job Steward. No Job Steward shall be allowed to solicit Membership in his organization or to collect any monies from any employees on the job during working hours. No Job Steward will be discharged by the Employer because of his Union activities.

12.2.5 Stewards are not authorized to threaten, direct or cause a work stoppage or slowdown.

ARTICLE 13

SETTLEMENT OF DISPUTES & GRIEVANCES

13.1 It is mutually agreed that there shall be no authorized strikes, lockouts, or other slowdowns or cessation of work by either party on account of any labor differences pending the utilization of the grievance procedure as set forth below, provided that employees covered by this Agreement shall not be expected to pass through a duly authorized picket line.

13.2 **STEP 1:** In the event that a dispute arising on the job cannot be satisfactorily adjusted on the job between the representative of the Union involved and the Employer, the same shall promptly (not later than five (5) working days), be referred to the Authorized Representative of the Union and the Employer or his/her authorized representative. Should they fail to effect a settlement:

STEP 2: They shall refer the matter to a Board of Conciliation within fifteen (15) working days of which Board shall consist of two (2) persons appointed by each party, and if these four (4) persons cannot effect a settlement within seven (7) days after the dispute has been referred to them:

STEP 3: An Arbitration Committee, consisting of one (1) representative of the company, one (1) representative of the Union and a third member to be chosen by these two (2). In the event the two (2) representatives designated by the parties shall be unable to agree upon the third member of the Arbitration Committee within ten (10) days, the Federal Conciliation Service, State Mediation or the American Arbitration Association shall be requested to submit a list of qualified and approved arbitrators, one of which shall be selected to act as a third member of the Committee, in accordance with the rules of the agency that submits the panel.

13.3 This decision shall be final and binding upon the parties hereto. Any decision rendered shall be within the scope of this Agreement and shall not change any of its terms or conditions. The arbitrators shall, in their decision, specify whether or not the decision is retroactive and the effective date thereof.

13.4 Failure of either party to select their representative for the purpose of arbitrating a dispute upon this section within thirty (30) days from the date such arbitration is requested shall result in the dispute being adjusted in favor of the complaining party.

13.5 Any mutual expense incurred in the process of arbitration shall be borne equally by the Employer and the Union.

13.6 It is further understood that the grievance procedure above set forth shall not be used for the purpose of arriving at an agreement to supersede this Agreement.

13.7 By mutual agreement the aforementioned time-frames in this article may be waived or extended.

ARTICLE 14

JURISDICTIONAL DISPUTES

14.1 The parties agree that there will be no cessation or stoppage of work because of jurisdictional disputes pending settlement by the following outlined procedures.

14.2 The Employer who has the responsibility for the performance and installation shall make a specific assignment of the work as follows:

14.3 Where a decision of record applies to the disputed work or where an agreement of record between the disputing trades applies to the disputed work, the Employer shall assign the work in accordance with such agreement or decision of record. Decisions of record are applicable to all trades. Agreements of record are applicable only to the parties signatory to such agreements. Where no decision or agreement applies to the work, the Employer shall assign the disputed work in accordance with the prevailing practice in the

locality. The locality for the purpose of determining the prevailing practice shall be defined ordinarily to mean the geographical jurisdiction of the local Building and Construction Trades Council in which the project is located.

14.4 If the disputed work cannot be satisfactorily settled between the Local Unions and the Employer, the Local Unions shall promptly submit the dispute to the International Unions who shall meet with the Employer to review the issues and settle the dispute.

14.5 It will be a violation of the Agreement by the Employer or by the Union if the Employer or the Union fails to abide by the decision reached under this procedure or by an arbiter or decision of record.

14.6 Craft jurisdiction is neither determined nor awarded by classification and/or scope of work appearing in any Labor Agreement.

ARTICLE 15

HEALTH, SAFETY AND ACCIDENT PREVENTION

15.1.1 The Employer shall comply with the Safety Standards for construction work in the State of Washington and the Idaho Minimum Safety Standards and Practices for Building and Construction Industry and Federal Safety Standards as required by law in the

appropriate areas affected by this Agreement. This Agreement is not intended to, nor shall it be construed as creating, recognizing or imposing, on the Union or its agents, any common law duties in the areas of safety. All foremen and general foremen shall carry a current first aid card.

15.1.2 In the event of an injury requiring hospitalization to an employee, the Employer shall notify the proper Steward and Union of the injury as soon as possible. Industrial reports received by the Employer are to be signed and processed immediately by the Employer.

15.2.1 Clean, cold, fresh drinking water and sanitary, disposable cups shall be kept in close proximity to the workmen at all times. Ice to be furnished during hot weather upon request of the Business Representative.

15.2.2 Toilets, urinals, or latrines in clean and sanitary conditions shall be provided on all jobs according to State and Federal requirements.

15.3.1 To improve the general safety conditions on the job, the Employer will furnish clean and sanitary items of safety equipment and will require the employee drawing such equipment, to sign an authorization permitting a deduction as a deposit against the return of the equipment.

15.3.2 Rubber gear other than to normally turn foul weather and welding or burning protective equipment such as hoods, goggles, lens, leather welding gloves and jackets, etc., shall be supplied on all jobs where needed, in suitable conditions and sizes to each worker. These are to be charged to the worker who is to guarantee their return, regardless of condition. In case of intentional destruction, it will be charged to the employee.

15.4 **HAZARDOUS MATERIALS:**

- 1) Federal Regulations
- 2) State Regulations
- 3) DOE Regulations in the area of the particular project.

Employers agree to plan work for the most even distribution of radiation/hazardous material exposure amongst the employees consistent with efficient utilization of manpower.

15.5 HAZ-MAT MATERIALS:

Anyone working on a HAZMAT job (task), where HAZMAT certification is required, shall be compensated at a premium, in addition to the classification the person is working in as follows:

LEVEL D: + \$.25 PER HOUR

Footnote: This is the lowest level of protection. No respirator is used and skin protection is minimal.

LEVEL C: + \$.50 PER HOUR

Footnote: This level uses an air purifying respirator or additional protective clothing.

LEVEL B: + \$.75 PER HOUR

Footnote: Uses same respirator protection as Level A. Supplied air line is provided in conjunction with a chemical "splash suit."

LEVEL A: + \$1.00 PER HOUR

Footnote: This level utilizes a fully encapsulated suit with a self-contained breathing apparatus or a supplied air line.

Where employees are required to wear glasses, the company shall furnish the required masked glasses.

Employees shall be paid HAZ-MAT pay in increments of four (4) and eight (8) hours.

ARTICLE 16

SHOW UP - STANDBY & CALL BACK

16.1 In the case of work shutdown caused by inclement weather, the Employer shall be diligent in attempting to notify the employee by phone or other means as is practical. A prudent attempt at notification will relieve the Employer of his obligation under Article 16.2.

16.2 Employees who have not been given notice not to report to work at least two (2) hours prior to the normal starting time of their shift who report for work shall receive:

**Inside the 15-mile Radius Zone:
One (1) hour reporting pay**

**Outside the 15-mile Radius Zone:
Two (2) hours reporting pay**

16.3 Employees prevented from completing the shift due to inclement weather after the one (1) hour minimum shall be paid for actual time worked and applicable fringes.

16.4 An employee prevented from completing the shift due to causes other than weather and equipment breakdown shall receive the following show up pay: On eight (8) hour shift schedules after the one (1) hour

or two (2) hour minimum an employee who works more than one (1) but less than two (2) hours shall receive two (2) hours pay; an employee works more than two (2) but less than four (4) shall receive four hours pay; an employee who works more than four (4) hours shall receive actual time worked at the applicable straight time and overtime rates plus all other applicable compensation. On ten (10) hour shift schedules after the one (1) hour minimum or the two (2) hour minimum an employee who works more than (1) but less than five (5) hours shall receive five (5) hours pay; an employee who works in excess of five hours shall receive actual time worked.

16.5 If an employee leaves of his own volition, he shall be paid for actual time worked at applicable straight and overtime rates.

16.6 **EMERGENCY CALL OUT:**

In the event an employee has left the project and is called back to perform overtime work after his shift, or on Saturday, Sunday or holidays, such employee shall be paid a minimum of four (4) hours at the applicable overtime rate, applicable allowances and fringe benefits. All call out work over four (4) hours shall be paid for actual time worked, but at no time will an employee be required to work more than five (5) hours without an opportunity to eat lunch (lunch period provision to apply - Article 9).

ARTICLE 17

EQUAL EMPLOYMENT OPPORTUNITY

17.1 The parties to this Agreement acknowledge and agree to comply with the requirements of Federal and State laws, Executive Orders and other rules and regulations governing civil rights to insure that there shall be no discrimination in employment against any employee or applicant for employment because of age, race, color, religion, sex, or national origin.

17.2 The parties hereto recognize that the Employers compliance with project specifications is of paramount importance. Falsework necessary for the support of the work under the Carpenter’s Classification shall be governed by their classification except on a project where piledriving power equipment is used.

In the construction of open cut sewer, the piledriver classification shall apply on all piling including wood, steel or concrete sheet piling, all bracing timber and form work incidental to the construction thereof.

In concluding this report the General Executive Board believes that these revisions and clarifications herein outlined will tend to solve much of the misunderstanding that has existed between the two classifications of our membership on the West Coast. All of the above shall be effective only in the West Coast area where the controversy occurred.

Fraternally yours,
s/M. A. Hutcheson
General President
