Consistent with that recognition, the parties will continually monitor the effectiveness of this Agreement relative to specific geographic or market areas and will endeavor, by mutual agreement, to initiate such

modifications to the agreement during its term as may be necessary to assure the work opportunities of the employees and the competitive position of the individual employers.

Union Recognition

201. The Contractor hereby recognizes the Union as the sole and exclusive collective bargaining representative of all employees and persons employed to perform work covered by this Agreement. It is understood that the Union does not at this time, nor will it during the term of this Agreement, claim jurisdiction over the following class of employees; executives, civil engineers and their helpers, superintendents, assistant superintendents, master mechanics, time keepers, messenger boys, office workers or any employees of the Contractor above the rank of craft foreman. Employees and persons employed to perform work covered by this Agreement specifically include Craft Foreman. This recognition of majority support is based on an equivocal request for recognition by the Union as the majority representative, along with the Union having shown or offered to show evidence of its majority support.

202. The Union recognizes the Associated General Contractors of California, Inc., the Building Industry Association of Southern California, Inc. and the Southern California Contractors Association, Inc. The Association of Construction Employers, The United General Contractors Association and the Engineering Contractors Association as the sole and exclusive bargaining representatives for their respective eligible members, present and future, who are or whom become bound by this Agreement and agree that during the term of this Agreement they will not negotiate or enter into any agreement with such individual members of the Association relative to part or all of the subject matter covered by this Agreement.

203. This Agreement shall be binding upon each and every eligible member of the Associated General Contractors of California, Inc., the Building Industry Association of Southern California, Inc., and the Southern California Contractors Association, Inc., with the same force and effect as if this Agreement were entered into by each eligible member individually. All eligible members of the Associated General Contractors of California, Inc., the Association of Construction Employers, the United General Contractors Association, Engineering Contractors Association, and the Southern California Contractors Association Inc., shall remain jointly and severally liable under this Agreement for the term of the Agreement irrespective of whether any eligible member shall resign or be suspended from any of the Associations prior to the expiration date of this Agreement and such liability shall survive the termination or suspension of membership and remain in force during the term of this Agreement provided, however, that as to such former or suspended members, the provisions of Article IV and Article VI shall not apply, from the time when such member resigns or is suspended from any of the Associations. Such former or suspended member shall be bound by any renewals, modifications, extensions of this Agreement or any subsequent new or renegotiated Agreement, unless he gives the appropriate Association and the Union at least sixty (60) days written notice prior to June 30, 2009, and June 30 of any subsequent year, of his intent not to be bound by any new or renewed Agreement. The Associations will advise the Union of any new or resigned or suspended members within thirty (30) days after admission to membership or change in membership status.

204. Employees employed by one or more of the Contractors for a period of eight (8) days continuously or accumulatively under the work jurisdiction of a particular Union as the term is defined herein shall be or become on the eighth (8th) day or eight (8) days after the effective date of this Agreement, whichever is later, members of such Union and shall remain members of such Union as a condition of continued employment. Membership in such Union shall be available upon terms and qualifications not more burdensome than those applicable at such times to other applicants for membership to such Union.

205. The Contractor shall discharge any employee pursuant to the foregoing section upon written notice from the Union of such employee's non-payment of initiation fees or dues. Such written notice shall indicate the amount of initiation fees or dues which are in a state of delinquency and shall give the employee the remainder of the day within which to cure the delinquency. The Contractor agrees to furnish a copy of such notice to the employee forthwith. If the employee is rehired by the same employer while in a state of delinquency, the employee may be removed by a Union Representative from that jobsite.

ARTICLE III

Hiring Provisions

301. In the employment of workmen for all work covered by this Agreement the following provisions shall govern:

301.1 Each Local Union shall establish and maintain open and non-discriminatory employment lists for use of workmen desiring employment on work covered by this Agreement within the area of the Local Union. Any workman who so requests shall have his name placed on the dispatch list.

Workmen's names shall be entered on said list in the order in which they present themselves for registration on the list.

301.2 After each workman's name is entered on such list there shall be entered a designation corresponding to the type or types of work in which the workman certifies he has had experience and is best qualified to perform. Such designations shall refer to the following classifications:

Cement Masons Journeyman, including but not restricted to the following: Cellular Cement Masons, chipping; patching; grinding; setting all concrete forms and perimeter forms, including catch basin structures and drain inlets, setting curb forms and planks, setting of lines, stakes and grades; setting screeds, which includes screed pins; cutting, scoring and sawing new concrete; plugging, filling Shee-Bolt holes; dry packing concrete and EMBECO; tending material hose on slabs, floors and decks, tending mixer-truck chute on slabs, floors and decks; bush hammering; patching and sacking; rodding, tamping, bid well and similar types rodding machines, bull floating.

301.3 Whenever a Contractor requires Cement Mason employees, he shall first call upon the Local Union in the area in which the job is being performed and shall request the Local Union to furnish workmen to him and the Local Union shall do so strictly in accordance with the provisions of this Article. (See also paragraph 307, this Article).

301.4 It shall be the responsibility of the Contractor, when ordering workmen, to give the Local Union all of the pertinent information regarding the workmen's employment. The Contractor agrees that all work covered by this Agreement shall be performed by Cement Masons, who the Contractor or the Union agree are employees of the Contractor or subcontractors employed under the terms of this Agreement.

301.5 The Local Union will furnish, in accordance with the request of the Contractor, each such qualified and competent workman from among those entered on said lists to the Contractor by use of a written referral in the following order of preference and the selection of workmen for referral to jobs shall be on a non-discriminatory basis:

301.5.1 The Contractor so requesting workmen shall have the absolute right to designate the workmen to be furnished him by name and the Union shall comply with such request without regard to where their names appear on the list if the workmen requested have caused their names to be entered on the lists, provided for herein, and are available for employment. The requests of Contractors provided for in this subparagraph 301.5.1 shall be made in writing, or orally, followed by a written confirmation. In the event an employer requests a particular workman not be sent from the lists, this request must be confirmed in writing stating the reasons for such request.

301.5.2 If the Contractor does not designate workmen by name, or if workmen designated by name are not available for employment or have not caused their names to be entered on the list, the Contractor shall inform the Union of the number of workmen he requires, the type of work to be performed, the date the job is to commence and its approximate duration. In dispatching workmen under the provisions of this subparagraph 301.5.2 preference in the order in which their names appear on the list shall be given to those workmen whose designations correspond to the classifications for which the Contractor has requested workmen. The Union shall use its best efforts to furnish the number of qualified and competent workmen according to the request of the Contractor. If the Union is unable to furnish qualified workmen within twenty-four (24) hours after a Contractor calls for them, the Contractor shall be free to procure workmen from any other source or sources. He shall in such event, promptly notify the local union in the areas where the job is located of the names and addresses of workmen so hired.

302 The individual contractor is the judge as to the competence of all his employees and applicants for employment. All employees must perform their work to the satisfaction of the Contractor. No employee shall be discharged or discriminated against for reasons of sex, age or race or for activities in behalf of, or in representation of, the Union not interfering with the proper performance of his duties. Any discharge may be subject to the grievance procedure. The first five (5) days of employment of any employee shall be a probationary period during which time any termination will not be challenged.

303. Selection of applicants for referral to jobs shall be on a non-discriminatory basis and shall not be based on, or in any way affected by, Union membership, by-laws, rules, regulations, constitutional provisions, or any other aspect or obligation of Union membership policies or requirements.

304. For each workman furnished, the Union shall send to the contractor with the workman, or by mail, a written referral slip. The Contractor shall have the right to reject any workman referred by the Union for any reason. The Contractor may discharge any employee for just cause which the Contractor may deem sufficient, provided there shall be no discrimination on the part of the contractor against any employee, nor shall any such employee be discharged by reason of any Union activity not interfering with the proper performance of his work.

304.1 New employees on their first day of work shall be paid from the time of job arrival provided there has been an eighteen (18) hour advance request made for said workman. Otherwise he will be paid from the beginning of the shift.

305. Employees employed by one (1) or more of the Contractors for a period of eight (8) days continuously or accumulatively from the date of employment or the date of this Agreement, whichever is later, shall be or become after the eight (8) day period members of the Union and shall remain members of the Union as a condition of continued employment. Membership in the Union shall be available upon terms and qualifications not more burdensome than those applicable at such times to other applicants for membership in the Union.

305.1 The individual Contractor shall not be required to discharge any employee pursuant to

this section until a written notice from the Union of such employee's non-compliance with this section, stating all pertinent facts showing such noncompliance, shall have been served upon such individual Contractor.

306. Employees employed by the Contractor pursuant to the terms of this Agreement shall not be removed or transferred by the Union signatory hereto or any of its Local Unions covered by the terms of this Agreement unless the prior approval of the Contractor has been obtained.

307. Transfer: An employer may transfer employees, within the area of the Agreement, who have been employed by the individual contractor desiring to make such transfer anytime within the preceding thirty (30) working days prior to such transfer.

ARTICLE IV

Strikes, Lockouts and Jurisdictional Disputes

401. It is the purpose and intent of the parties that all grievances or disputes arising between them over the interpretation or application of the terms of this Agreement shall be settled by the procedures set forth in Article VI and that during the term of this Agreement the Union shall not cause or engage in, sanction or assist in a strike against, or any slow-down, or stoppage of work of the Contractor. During the term of this Agreement, a Contractor shall not cause or permit any lockout of the employees covered under this Agreement.

402. Except as otherwise provided in this Agreement, there shall be no strike, lockout or work stoppage by any signed hereto or any individual Employer.

403. No employee covered hereby may be discharged by an individual Employer for refusing to cross a primary picket line sanctioned by the Building and Construction Trades Council, or the Local Union in the area or for engaging in any conduct protected by Sections 7 or 502 of the Labor-Management Relations Act of 1947, as amended.

403.1 If work on a project is declared to be unfair as the result of a primary dispute by a Building and Construction Trades Council in the area and the work thereon is stopped for that reason, the Union shall not be deemed to have violated this Agreement if, during the period of said work stoppage, the members of the Union fail to perform their work for the Contractor or their subcontractors.

404. During the term hereof, there shall be no strikes, slowdowns or stoppages of work occasioned by jurisdictional disputes between the Union signatory hereto and any other Union and that all employees covered by this Agreement shall perform the work customarily performed by them and will cooperate and work with members of other organizations affiliated with the Building and Construction Trades Department, AFL-CIO, or the International Brotherhood of Teamsters of America without regard to past, present or future disputes or jurisdictional claims.

405. When making work assignments, the Contractor shall assign the work in accordance

with existing inter-craft agreements. In the absence of such inter-craft agreements, then past practice or the prevailing practice in the locality shall apply. The Unions will furnish the Association with approved inter-craft Agreements. The locality for the purpose of determining the prevailing practice shall be defined as the geographical area covered by this Agreement. If a dispute arises prior to the assignment of work, or where there is no predominant practice in the locality or inter-craft agreement, the Contractor shall consult the representatives of the contesting trades regarding any arguments of facts the trades may wish to present to their claim to the work. Craft jurisdiction is neither determined nor awarded solely by classifications or coverage descriptions appearing in this agreement.

406. The parties hereto agree that where a problem develops involving Unions not signatory to this Agreement, the representatives of the Unions involved will meet with the representatives of the contractors to resolve the particular problem. Any resolution by the unions shall be put into effect immediately.

407. Jurisdictional disputes which cannot be resolved at the local level shall then be referred to the International Unions involved for determination and the work shall proceed as assigned by the Contractor until such determination by the International Unions has been confirmed to the disputing Unions and the Contractors.

ARTICLE V

Subcontracting, Employee Rights, Union Standards and Work Preservation

501. The purposes of this Article are to preserve and protect the work opportunities normally available to employees and workmen covered by this Agreement, maintenance and protection of standards and benefits of employees and workmen negotiated over many years, and preservation of the right of Union employees, employed hereunder, from being compelled to work with non-union workmen.

502. Definition of Subcontractor:

A subcontractor is defined as any person (other than an employee covered by this Agreement), firm or corporation, holding a valid state contractor's license where required by law, who agrees orally or in writing to perform, or who in fact performs for or on behalf of an individual Contractor or the subcontractor of an individual Contractor, any part or portion of the work covered by this Agreement.

503. Neither the contractor nor any of his subcontractors shall subcontract any work to be done at the site of the construction, alteration, painting or repair of a building, structure or other work coming within the jurisdiction of the Union except to a person, firm or corporation signed to an appropriate current labor agreement with the Union.

504. Any dispute involving this Article will be resolved under the grievance procedure of this Agreement. An award of the Cement Masons' Joint Adjustment Board may be judicially enforced.

Notwithstanding any other provisions of this Agreement, the Union shall not have the right to use strike or any other economic action to enforce any provisions of this Article on subcontracting.

505. The Contractor shall provide in his contract with the subcontractor the following provisions: "The subcontractor accepts and agrees to be bound by the procedures for settling jurisdictional disputes as set forth in Article IV of this Agreement. The subcontractor agrees that he will bind his subcontractor to said procedures in the same manner and to the same effect as provided with respect to him."

506. The contractor and his subcontractors shall have freedom of choice in the purchase of materials, supplies and equipment, except that every reasonable effort shall be made by the Contractor and his subcontractors to refrain from the use of materials, supplies or equipment, which use will tend to cause any discord or disturbance on the project.

507. In the event the Contractor is required to subcontract work on a public works project to a certified MBE/WBE/DBE subcontractor to meet requirements contained in governmental rules or regulations, the Union will sign an agreement with such subcontractor.

ARTICLE VI

Procedures for Settlement of Grievances and Disputes

601. The Craft Steward, if any, is to receive grievances or disputes from employee members of his craft and shall immediately report them to his business agent or special representative, who shall immediately attempt to adjust said grievance or dispute with the Contractor or his representative.

602. In cases of violation, misunderstanding or differences in interpretation of this Agreement by either party, there shall be no cessation or stoppage of work, except as in the case where the Employer or subcontractor or a subcontractor of a subcontractor fails to pay wages or is delinquent in contributions to any Trust Fund established under this Agreement. No dispute, complaint or grievance shall be recognized unless called to the attention of the individual Contractor or by the Contractor to the Union within fifteen (15) days after the Union or the involved employee had knowledge or reasonably should have had knowledge of the occurrence of the facts giving rise to the alleged violation except on notice of discharge in which case it shall be within seven (7) working days after notice.

602.1 In the event that the Joint Adjustment Board shall fail to convene within seven (7) days, for lack of Union representation then time shall be suspended with respect to any damages accruing herein, and shall commence to run when the Joint Adjustment Board convenes.

603. In the event a grievance or dispute cannot be satisfactorily adjusted on the job between the representative of the Union and the Contractor, or his representative, within twenty-four (24) hours, then the same may be referred to the Cement Mason Craft Joint

Adjustment Board.

604. There is hereby established a Cement Mason Craft Joint Adjustment Board, to be composed of four (4) regular and four (4) alternate representatives of the Contractors and four (4) regular and four (4) alternate representatives of the Union. The Cement Mason Craft Joint Adjustment Board shall have authority to perform the functions set forth in paragraph 801, Article VIII and this Article VI of this Agreement. Each of the parties shall, within ten (10) days after the execution of this Agreement, appoint its representatives and immediately notify the other party, in writing, of the name and business address of each representative appointed. The Cement Mason Craft Joint Adjustment Board shall thereafter meet within ten (10) days, select its Chairman and Secretaries, adopt its rules of procedure, and thereafter it shall meet at the call of the Chairman.

605. The Cement Masons Craft Joint Adjustment Board shall meet and act, by majority vote, upon such matters referred to it, but, in no event later than thirty (30) working days after the referral. A decision shall be rendered within three (3) working days after the Cement Masons Craft Joint Adjustment Board meets. In the event no majority decision can be reached within three (3) working days, or if either party disagrees with the decision made, then either party may, within five (5) working days, request the Federal Mediation and Conciliation Service to furnish the names of five (5) persons qualified to act as Impartial Chairman. When said list has been presented, the representatives of the Contractors and the representatives of the Union comprising the Cement Mason Craft Joint Adjustment Board shall each have the choice of rejecting two (2) names of the five (5) persons listed. The remaining, or fifth person, shall be selected as Chairman within five (5) days. The Joint Adjustment Board and the Impartial Chairman shall meet and render a decision within forty-eight (48) hours thereafter. The time limits specified in this paragraph may be extended by mutual agreement. Any and all decisions reached at any step of the grievance procedure which have not been appealed within the prescribed time limit, made by the Cement Masons Craft Joint Adjustment Board or the Impartial Chairman shall be final and binding upon both parties to this Agreement.

606. All expenses incurred and approved by the Cement Mason Craft Joint Adjustment Board, including the fees and expenses of the Impartial Chairman, necessary for the consideration and determination of the grievance or dispute submitted to it, shall be borne by and divided equally between the Union and the Contractors.

607. No jurisdictional disputes shall be submitted for determination to any grievance procedure provided in this Article.

608. All grievances, or disputes, other than jurisdictional disputes, arising out of the interpretation or application of any of the terms or conditions of this Agreement shall be submitted for determination and shall be determined by the procedure set forth in this Article VI but no grievance body established under this Agreement, including the Cement Mason Craft Joint Adjustment Board and the Impartial Chairman, in determining any grievance, shall have the authority to modify, vary, change, add to or remove any of the terms or conditions of this Agreement, except that the Cement Mason Craft Joint Adjustment Board shall function with respect to the use of classifications and wage rates as provided in Paragraph 801, Article VIII of this Agreement.

ARTICLE VII

Craft Steward and Business Representative

701. The Union business agent or special representative shall have access to the project during working hours and shall make every reasonable effort to advise the Contractor or his representative of his presence on the project.

702. The craft job steward, if any, shall be a working employee appointed by the Union, who shall, in addition to his regularly assigned work, be permitted to perform during working hours, such of his steward duties as outlined in Paragraph 705, as cannot be performed otherwise. The Union agrees that such duties shall be performed as expeditiously as possible and the Contractor agrees to allow the performance of such duties as herein set forth. The Union shall notify the Contractor or his representative, in writing, of the appointment of a craft job steward, and send a copy to the Contractor's home office address.

703. It is recognized by the Contractor that the employee selected as the job steward shall remain on the job as long as work is being performed in a classification in which he is qualified to perform, except under the following conditions:

703.1 It will not be necessary to retain the job steward for overtime work, when the crew to which the steward is assigned is not required to perform the overtime work.

703.2 At the completion of the job, the Contractor shall not be required to retain the steward in lieu of the foreman or key man upon reduction in force.

704. The Contractor or his representative, before laying off, or discharging the job steward for any cause other than stated in Paragraph 705 shall notify the Union in writing of his intent to do so two (2) full working days prior to such intended layoff or discharge. The Contractor or his representative will meet with the representative of the Union during this two (2) day period and attempt to resolve the matter. The job steward shall not be discharged or laid off for the performance of his agreed upon duties when performed in accordance with this Article, or without just cause.

705. To promote harmony between the Union and the individual Contractor, the craft job steward shall be limited to and shall not exceed the following duties and activities:

705.1 Check the job referral of each employee dispatched under the terms of this Agreement to the Contractor.

705.2 Work with the Contractor's designated representative in charge of the job in an attempt to resolve disputes prior to the application of the grievance procedure.

705.3 Report to the Contractor's designated representative any employee covered by this Agreement who works for less than the negotiated wage scale, for less than the overtime rate

or who goes to work without a referral.

705.4 Report to the Contractor's designated representative any work belonging to his craft being done by non-dispatched men or workmen of another craft.

705.5 Report to his Business Representative infractions of the Agreement which have not been resolved between himself and the Contractor's designated representative.

705.6 Make a complete job check during working hours no more often than once a week.

705.7 Report to his Business Representative any employee covered by this Agreement who leaves the jobsite without giving the Contractor and the craft job steward prior notice.

705.8 Report any reckless or unsafe employees covered by this Agreement on the jobsite to the Contractor's designated representative or his Business Representative.

705.9 The craft job steward shall not:

705.9.1 Stop the Contractor's work for any reason.

705.9.2 Tell any workman or any employee covered by this Agreement that he cannot work on the job.

705.9.3 Initiate any physical altercation with any person on the jobsite.

706. Infraction of any of the rules in subparagraphs of 705.9 shall be cause for immediate dismissal of the craft job steward without any prior notice and this shall be the exclusive remedy for a violation of this section.

707. Any dispute in connection with this Article VII shall be referred to the grievance procedure outlined in Article VI of this Agreement.

ARTICLE VIII

Classifications

801. Should the Contractor or subcontractors, as defined in Article I, paragraph 101, and Article V paragraph 502 of this Agreement, employ employees in the prosecution of work covered by this Agreement in occupations or upon equipment which is not covered by one of the classifications herein specified, such employment shall, within three (3) working days after a work assignment is made or the equipment is operated, be temporarily classified by the Contractor Association and the Union under the classifications contained herein which will more nearly fit the particular character of the employment. Temporary classifications and wage rates shall be immediately referred to the Cement Mason Craft Joint Adjustment Board which shall, at its next meeting, review and recommend usage of the proper classifications and wage rates. Either party

shall thereafter have the right to submit a dispute under this section in the manner set forth in Article VI of this Agreement.

802. The number of employees and the number of classifications of employees required to perform any operation covered by this Agreement shall be determined by the Contractor; provided that if a Contractor, in determining the number of employees or the number of classifications of employees, shall lessen the number of employees or the number of classifications customarily used to perform any such operation, the Union may have the issue of such reduction in employees or in classifications determined by the grievance and arbitration procedure provided in Article VI of this Agreement. In determining such disputes, consideration shall be given to the necessity for additional employees or classifications as well as to other pertinent factors.

803. Because the Contractor and the Union recognize the necessity of eliminating restrictions on production and promoting efficiency, nothing shall be permitted that restricts production or increases the time required to do the work, and no limitation shall be placed upon the amount of work which an employee shall perform, nor shall there be any restrictions against the use of any kind of machinery, tools, or labor saving devices, provided, however, that such machinery or power equipment shall be furnished by the Contractor, and provided further that no employee shall be required to work under any conditions that are injurious to his health or safety in conflict with a present well-established custom regulating such use where the work is being performed.

804. The Contractor agrees to recognize and observe craft jurisdiction insofar as possible and practicable and that wage scales apply to classifications rather than to men, and the Union agrees to permit the occasional or temporary transfer of employees of one classification to any other classification or between crafts; provided that, when such transfers are made the employee shall be paid for the entire day on the basis of the rate of the highest paid classification in which he worked during the day. Abuse by any Contractor of the privilege granted in this paragraph 804 shall subject him to withdrawal of the privilege for an appropriate period through the procedures established in Article VI of this Agreement.

805. Each employee employed in accordance with the terms of this Agreement shall receive the minimum hourly wage rates specified in Article XXIV of this Agreement. Any other method of paying employees, such as the use of piece work, bonus systems, quota setting, or lumping of the work, shall be deemed a violation of this Agreement. Grievances shall be settled in accordance with Article VI of this Agreement.

806. Work performed under this Agreement shall be done by the employees of the Contractor or prime builder direct with the Cement Masons on an hourly basis, except as provided in the subcontractor provisions of this Agreement. The Cement Masons Craft Joint Adjustment Board or the Impartial Chairman may assess penalties for violations of Paragraph 805, this Article.

ARTICLE IX

No work shall be performed on Labor Day except in case of extreme urgency when life or property is in imminent danger.

902. PAYMENT OF WAGES

902.2 When men are laid off or discharged, they must be paid wages due them at the time of layoff or discharge. At such times as an employee is paid, he shall be furnished a personal record showing straight time and overtime hours paid and all deductions itemized for the current pay period. Such record shall show the employee's name, and the Employer's name and address. In the event the Employer fails to pay employees laid off or discharged, they shall be paid waiting time at the straight time rate of eight (8) hours per day five (5) days per week, until the time such payment has been made.

902.3 An employee who quits shall be mailed his pay in full by certified mail to his last known address within seventy-two (72) hours, or be paid prior to leaving the job or project. In the event these stipulations are not met, he shall receive waiting time as noted above.

902.4 If a Contractor pays an employee by check, draft or voucher, which check, draft or voucher is subsequently refused payment because the Contractor has no account with the bank, institution or person on which drawn, or insufficient funds to his account at the time of presentation, the Contractor shall be required to issue only certified checks for all employees working under this Agreement on that job for the duration of the job on which said check was issued, and shall reimburse the employee immediately by certified check for the insufficient fund check issued and for the bank charges assessed.

902.5 When Employees covered under the terms of this Agreement are employed at a higher rate of pay than the minimum established herein during any shift, the higher rate of pay shall apply on all time worked during that day.

902.6 The Employer shall not discharge or discriminate against an employee under this Agreement because of any industrial injury incurred prior to employment, or the filing of a claim for workmen's compensation benefits.

902.7 When an employee is injured while at work to the extent of being unable to work for the balance of the day, he shall be paid for a full day at his regular rate. His ability to work or not to work shall be determined by a qualified physician.

903. MEAL PERIOD

Employees shall not work more than five (5) consecutive hours without a one-half (1/2) hour meal period. When employees work over five (5) hours without being provided with a one-half (1/2) hour meal period, they shall receive one-half (1/2) hour pay at the time and one-half (1/2) rate, provided that the employee completes at least six (6) hours of work that day. When an employee is required to work overtime for more than three (3) hours over the regular eight(8) hours, the Employer agrees to provide a meal period each five (5) hours thereafter and the employee shall have sufficient time to eat the meal without loss of pay. In the event an employee is required to work through any overtime meal period, then the employee shall receive pay for an additional one-half (1/2) hour at the time and one-half (1-1/2) rate. Meal periods may be staggered to meet job requirements.

904. The parties of the agreement recognize industrial Wage Order 16-2001 covering "On Site Construction, Mining, Drilling and Logging Industries". Any dispute or grievance arising from this Wage Order shall be processed under and in accordance with Article VI, Procedure for Settlement of Grievances and Disputes of this agreement. The grievance process of Article VI shall be the exclusive method of resolving all alleged violations of this Wage Order and the time limitations of Article VI shall apply.

The individual Contractors must post the name and address of their doctor and the compensation insurance carrier on the jobsite.

unjustifiably disciplined or discharged for refusing to perform work which would endanger his health or safety, or the health or safety of any other employee, shall be reinstated in his former classification. This is not to be construed as a waiver of the employee's rights under Section 502 of the Labor Management Relations Act of 1947, as amended.

1001.2 The individual contractors shall be solely responsible for implementation and maintenance of such safety laws, rules, regulations, standards, orders and decisions. Neither the Union nor any local Unions or District Councils are responsible for such implementation or maintenance.

Designated parking areas shall be reasonably level and graded to drain.

1005. SIGNING OF DOCUMENTS

Workmen and/or employees shall not be required to sign any documents other than those required by law and any document contained in this Agreement. Under no circumstances will an employee be required to sign any other document and the Union shall not be held in violation of this Agreement for ceasing to work on a job or project where such demand is made by the Employer.

ARTICLE XI

Qualifications

1101. Each of the parties hereto warrants and agrees that it is under no disability of any kind whether arising out of the Provisions of its Articles of Incorporation, Constitution, By-Laws, or

otherwise, that will prevent it from fully and completely carrying out and performing each and all of the terms and conditions of this Agreement and, further, that it will not, by the adoption or amendment of any provisions of its Articles of Incorporation, Constitution, or By-Laws, or by contract or by any means whatsoever, take any action that will prevent or impede it in the full and complete performance of each and every term and condition hereof. The warranties and agreements contained in this paragraph are made by each of the signatories hereto on his own behalf and on behalf of each organization for which it is acting hereunder. The individuals signing this Agreement in their official capacity and the signatories hereto hereby guarantee and warrant their authority to act for and bind the respective parties or organizations and each of their eligible members and the Unions on whose behalf the said parties are signing the said Agreement.

1102. Nothing contained in any other Agreement will change the conditions as set forth in this Agreement pertaining to use of equipment or the working rules and classifications of employees when said equipment is owned by the Contractor and operated or used on any work on which he is the prime or subcontractor. Nothing contained in this Agreement shall relieve any Contractor or subcontractor from his contractual obligations under such other agreements.

1103. No agent or representative of either party has authority to make, and none of the parties shall be bound by nor liable for, any statement, representation, promise, inducement or agreement not set forth herein. Any provision in the working rules of the Union with reference to the relations between the Contractors and their employees, in conflict with the terms of this Agreement shall be deemed to be waived and any such rules or regulations which may hereafter be adopted by the Union shall have no application to the work covered herein.

1104. A party to this Agreement shall not cancel this Agreement because of a claimed breach thereof or file any claim for damages because of a claimed breach of this Agreement, without giving notice in writing to the other party and allowing ten (10) days thereafter to such other party for redress or correction. Nothing contained in this Section shall be deemed to limit the right of the Unions under Article IV of this Agreement.

ARTICLE XII

Existing and Other Agreements

1201. In the event the Union establishes special conditions for work covered under this Agreement when performed in specified areas covered by this Agreement, those same conditions shall be made available to any Employers who wish to perform that designated work in that same area.

1201.1 The provisions of this paragraph will not apply to any Special Project Agreements which may be negotiated in any area covered by this Agreement.

1201.2 The Union will promptly notify the employer, in writing, of any special conditions which are negotiated in any specified area covered by this Agreement between the Union and any

Employer or group of Employers.

ARTICLE XIII

General Savings Clause

1301. It is not the intent of either the Contractors or the Union to violate any laws, rulings or regulations of any governmental authority or agency having jurisdiction of the subject matter of this Agreement, and the contractor and the Union agree that, in the event any provision of this Agreement is finally held or determined to be illegal or void, as being in contravention of any such laws, ruling or regulations, the remainder of this Agreement shall remain in full force and effect, unless the part so found to be void is wholly inseparable from the remaining portion of this Agreement. The Contractors and the Union agree that if and when any provision of this Agreement is held or determined to be illegal or void they will then promptly enter into lawful negotiations concerning the substance thereof. In the event the parties are unable to reach agreement within sixty (60) days following the beginning of such negotiations, the parties agree to submit the issue to final and binding arbitration. Selection of an arbitrator shall be made in the manner prescribed in Article VI of this Agreement. The Arbitrator shall render decisions only on the specific issue submitted to him, and shall have no authority to change or abrogate other conditions of this Agreement. Any fees and/or expenses of the Arbitrator shall be borne by and divided equally by the Union and the contractors. The decision of the Arbitrator shall be final and binding on the parties. The no-strike, no-lockout provisions of Article IV shall not apply if either party fails to comply with the decision of the Arbitrator.

ARTICLE XIV

1401. The term of this Agreement is July 1, 2006, to June 30, 2009, and from year to year thereafter unless either the Union or the Associations give written notice received by the others no less than sixty (60) days prior to June 30, 2009, or sixty (60) days prior to June 30 of any subsequent year, of a desire to change, amend, modify or terminate the Agreement.

ARTICLE XV

This shall apply to hiring, placement, training during employment, rates of pay or other forms of compensation, layoff or termination, and application for admission to Union membership.

1502. In the event the Union is unable to refer applicants for employment to an employer in sufficient number, or sufficient type, from the minority groups represented within the local area as

may be necessary to enable the Employer to fully comply with minority hiring requirements imposed by his construction contract with any Federal, State or governmental body, commission or agency, or to enable the employer to fully comply with all Federal and State laws, Presidential Executive Order, regulations, rules, directives or orders which cover minority hiring and which are applicable to the Employer, then in any such event the Employer shall be free to directly recruit from any source such number of minority applicants acceptable to the Employer as may be necessary to satisfy the Employer's needs to effect such compliance.

1503. It is understood, the Employer shall submit to the Union, in writing, any such request for minority or female applicants for employment, together with a copy of the order, directive, rules or regulations pursuant to any such Presidential Executive Order, Federal, State or local law; the construction project number; and a copy of the compliance order.

1609.1.2 In order to qualify for this two (2) hours' pay (and subsistence if applicable) the employee and/or workman must remain on the job available for work during the two (2) hour period of time for which he receives pay unless released sooner by the Employer or his representative. Time spent in a holding area as directed by the Contractor shall be considered as time worked and paid accordingly.

1610. Employees shall travel to and from their work on their own time and by means of their own transportation.

If a dispute arises with respect to the application of this understanding, such dispute shall be determined according to the procedure set forth in Article VI of this Agreement on the basis of such custom and practice.

10 +	4 =	14	2
10 +	5 =	15	3
