2012 – 2015 AGREEMENT

between

ASSOCIATED GENERAL CONTRACTORS OF WASHINGTON

and

**WASHINGTON AND NORTHERN IDAHO
DISTRICT COUNCIL OF LABORERS**

PREAMBLE

This Agreement is a successive principal Agreement of the 2007 - 2012 Agreement, and all other prior Agreements thereto by and between the Associated General Contractors of Washington, a Chapter of the Associated General Contractors of America, Inc., and the Washington and Northern Idaho District Council of Laborers.

For the purposes of this Agreement, the AGC of Washington is not acting as a multi-employer bargaining agent in a single multi-employer unit, but is acting for and on behalf of Employers who have individually requested the AGC of Washington to act as their individual and separate bargaining agent in individual Employer units. Further, each individual principal member reserves the right to review and accept or reject any proposed Agreement negotiated between the Union and the AGC of Washington acting as an agent for the individual contractor members.

This is a collective bargaining Agreement between certain individual members of the Associated General Contractors of Washington, a Chapter of the Associated General Contractors of America, Inc. (hereinafter referred to as the “Employer”), and Washington and Northern Idaho District Council of Laborers (hereinafter referred to as the “Union”), and shall constitute an Agreement between the parties hereto for the work, conditions and wage rates provided for herein in the territory of Western and Central Washington.

ARTICLE 1
PURPOSE OF AGREEMENT

SECTION 1. The purpose of this Agreement is to promote the settlement of labor disagreements by conference, to prevent strikes and lockouts and to stabilize wages and working conditions in building, heavy highway construction and engineering work in the area affected.

SECTION 2. Bylaws of either party are not part of this Agreement. It is agreed and understood between the parties hereto that this Agreement contains all the covenants, stipulations and provisions agreed upon by the parties hereto. No agent or representative of either party has authority to make any promise, inducement or agreement contrary to the provisions herein.

SECTION 3. The Employer hereby voluntarily recognizes the Union as the exclusive bargaining agent of all employees performing bargaining unit work covered by this Agreement, and agrees that a majority of those employees have designated the Union as their collective bargaining representative.

SECTION 4. The Union recognizes the AGC of Washington as the exclusive individual bargaining agent for each Employer who has authorized the AGC of Washington to negotiate individually with the Union on its behalf.

ARTICLE 4
EFFECTIVE DATE AND DURATION

SECTION 1. This Agreement shall be effective commencing June 1, 2012, and shall continue in force and effect through May 31, 2015. Upon its expiration, this Agreement shall continue from year to year, June 1 through May 31 of each year, by automatic renewal unless changed, or superseded by a successor principal agreement, or terminated. For the purpose of negotiating alterations in wages and other terms and conditions of employment, either party may open this Agreement or any contract effectuated through automatic renewal by giving written "Notice of Opening" not later than sixty (60) nor more than ninety (90) days prior to the expiration date. "Notice of Opening" is in no way intended by the parties as a termination of, nor shall it in any way be construed as a termination of this Agreement or any annual contract effectuated through automatic renewal nor as forestalling automatic renewal as herein provided.

The parties reserve the right to economic recourse in negotiations, except during the interval between the giving of “Notice of Opening” and the expiration date.

SECTION 2. Except by mutual written agreement, termination of this Agreement or any annual contract effectuated through automatic renewal, must to the exclusion of all other methods, be perfected by giving written “Notice of Termination” not later than sixty (60) nor more than ninety (90) days prior to the expiration date, whereupon the contract shall, on its expiration date, terminate. SECTION 4. Failure of any employee to pay or tender normal initiation fees or dues as required by this Agreement shall, upon the request of the Union in writing, result in the termination of such employee within two (2) working days, provided a replacement is available. ARTICLE 6 UNION RECOGNITION AND HIRING PROCEDURES

SECTION 1. The Employer will call upon the Local Union in whose territory the work is to be accomplished to refer qualified applicants for work in the classifications herein contained. In requesting applicants for work, the Employer shall notify the Local Union office either in writing or by telephone, stating the location, starting time, type of shift schedule (i.e., 5 days at 8 hours or 4 days at 10 hours), approximate duration of the job, the type of work to be performed and the number of employees required.

- A. All qualified applicants referred for work to an Employer shall provide to the Employer when reporting for work two pieces of identification, one of which has a picture of the applicant.
- B. All qualified applicants shall complete and sign W-4 and I-9 forms as requested by the Employer.
- C. An applicant who fails or refuses to submit this information or who provides false information when referred to an Employer shall be registered on the bottom of the appropriate out-of-work list for which the applicant qualifies.

- D. An applicant who, upon a subsequent referral to an Employer, fails or refuses to submit this information or provides false information shall be denied use of all hiring facilities within the area of this District Council, unless the applicant enters into a written agreement that the applicant will submit the information to Employers.

SECTION 2. When the Employer has placed a verbal or written order for referral of workers from the Local Union and should a shortage of applicants exist and they cannot be supplied by the Local Union within twenty-four (24) hours from the time workers ordered are required to report to the job, Saturdays, Sundays and holidays excluded, the Employer may then seek applicants from other sources. When an Employer so hires employees from sources other than the Local Union, the Employer shall notify the Union, giving the names and addresses and classifications of the employees hired within five (5) days of the date of employment.

SECTION 3. The Employer shall have the right to reject any job applicant, but the applicant and the Local Union shall be entitled to the reason for such rejection in writing.

SECTION 4. The Employers acknowledge and support the LIUNA Code of Performance, dated 5/14/2010, as an effort to increase competitiveness by improving the quality and performance of the workforce. To assist the Union with implementation of this Code of Performance, the Employers agree to designate discharges “for cause” in writing, when appropriate. This clause is intended only to assist the Union in implementing its Code of Performance with future referrals under the Union’s hiring hall procedures. Otherwise this clause does not create any new or additional rights for the workers or additional responsibility for Employers under this agreement.

SECTION 5. Whenever an employee is discharged for cause, including failure to pass a substance abuse test, not able to perform the assigned work due to lack of skills or as unsatisfactory, the Employer agrees to send a written termination notice, within fifteen (15) working days to the Union, stating the reasons for termination. If no notice of cause is provided, the individual shall be eligible for rehire without exception.

SECTION 6. General Termination: When a registrant has been terminated as unsatisfactory or has been discharged for cause by at least three (3) Employers within a twenty-four (24) month period, he/she shall be denied further use of all hiring halls covered by the District Council provided the Employers have furnished the Local Unions in writing the reasons for such terminations or discharges. Members wishing to demonstrate that corrective action has been taken by them, and therefore should be allowed access to the hiring hall facilities, may petition the District Council’s Executive Board for an opportunity to appear and give their position. The burden is on the petitioning member to demonstrate that corrective action has been taken to remedy the issue(s) outlined in the termination letters. The District Council’s Executive Board shall be the sole judge as to whether such corrective action is sufficient for reinstatement.

SECTION 6.1. Skills Termination: When a registrant has been terminated for lack of possessing the necessary skills to perform assigned duties, by at least three (3) Employers within a twenty-four (24) month period, satisfactory completion of additional training will be required before hiring hall privileges are restored in the classification in question.

SECTION 6.2. Substance Abuse Termination: The following provision applies only to those Employers using the AGC-Labor Substance Abuse Program or one that has been jointly negotiated with the Union. In order to protect the privacy of all employees, termination notices for failure of the drug test must be sent “Personal and Confidential” to:

Business Manager
Washington & Northern Idaho District Council of Laborers
PO Box 12917
Mill Creek, WA 98082-0917

When a registrant has been terminated, and/or is deemed ineligible for rehire, for failure to pass a substance abuse test, the individual shall be registered on the bottom of the appropriate out-of-work list for which he/she qualifies. Should the registrant be terminated a second time within a twenty-four (24) month period for failure to pass a substance abuse test, the registrant shall be denied use of all hiring facilities within the area of the District Council until he/she has successfully completed a State certified drug/alcohol program or has been released for employment purposes by a State certified counselor, and continues to remain free of all prohibited substances as defined in the AGC-Labor Substance Abuse Program. In order to determine compliance with this section, prior to having hiring hall privileges restored, the registrant must sign a privacy release to allow the Union to discuss and to exchange with the drug/alcohol program or counselor any necessary information pertaining to the registrant's case.

SECTION 7. Where Employers engage in a joint venture, individuals employed by a member company of the joint venture may be transferred to the job or called for by name by said member company of the joint venture within the territory covered by this Agreement.

SECTION 8. The referral procedure as contained herein shall be followed except:

- A. Requests by the Employer for key personnel to act as supervisors or foremen shall be honored without regard to the requested employee's place on the out-of-work list. To qualify for a request under this Section, the employee must actually perform the duties of the position requested.
- B. Bona fide requests will be honored for individuals previously employed by the Employer when requested by name and whose name appears on the out-of-work list and who have been legally employed by the Employer in the area of the jurisdiction of the Local Union.

Note: Any individual who was previously hired illegally or improperly by the Employer may not seek priority of dispatch under this Section.

- C. The Employer may bring three (3) present employees at his discretion into the geographic jurisdiction of the Local Union for each job. In such cases, the Employer transferring such employees from one Local jurisdiction into another Local Union jurisdiction shall be required to check in and receive clearance from the Local Union having jurisdiction over the project. Failure to comply with this provision may be grounds for the Union to request termination of said employees.
- D. Additionally, the Employer may request by name, regardless of their respective position in Group A, one (1) individual for each three (3) Laborers hired. (Exception for Central Washington only: one (1) individual for each one (1) Laborer hired.) The provision will apply to Group A registrants only.
- E. When the Employer has placed an order for employees requiring special skills or of special classification, applicants possessing the qualifications of the job will be referred in the order in which their names appear on Group A, C or D of the out-of-work list.

SECTION 9. College Students: College students seeking employment during the period of May 1st through October 1st shall register on the Local Union's out-of-work list by personal call or in writing. An Employer (owner) desiring to hire such students shall notify the Local Union of such desire and the student shall not be employed until such registration has been complied with.

By mutual agreement between the Employer and the Local Business Manager, a college student may be called for by name, and be referred to the Employer without regard to his/her place on the out-of-work list. Such request for college students and Interns combined may be allowed on a ratio of one (1) for the first five (5) Laborers employed up to a total of three (3) students or Interns on any one job. However, this ratio may be waived by mutual agreement of the Union and the Employer.

A college student must demonstrate that he has been accepted as a full time student and is currently registered in school with no less than twelve (12) credited hours of instruction.

In the case of a formal construction related college internship, mutual agreement is implied herein, and the student shall be called for by name and will be referred to the Employer without regard to their place on the out-of-work list, provided such request shall not displace any current employees. All conditions related to ratios indicated above shall apply to this provision.

ARTICLE 7 SUBCONTRACTORS

SECTION 1. The Employer agrees it will not subcontract or otherwise transfer in whole or in part any work covered by this Agreement to be done at the site of the construction, alteration, painting or repair of a building, structure, or other work unless the person, firm, corporation or other business entity is signatory to this Agreement. The Employer agrees that a member of the Union will be employed by the Employer or any contractor or subcontractor at the jobsite if there is work to be done coming under the jurisdiction of the Union Agreement. The Union agrees that it will not take strike action to enforce this Article. In the event of any change in the present law, this clause will be renegotiated.

SECTION 2. Whenever the Employer is obligated to satisfy MBE/WBE/DBE recruiting requirements, the Union and the Employer by mutual agreement may waive this provision prior to commencement of the work in the event an Employer and the Union are unable to find qualified competitive Union MBE/WBE/DBE subcontractors.

SECTION 3. When potential union subcontractors are not available in the locality of the jobsite to perform the work or where the general contractor receives no competitive union bids, by mutual agreement, the Employer and the Union may waive this provision. Provided, however, the Union and the Employer shall review the prices submitted before assigning the non-union subcontractor.

SECTION 4. When the total landscaping portion of a project is under two hundred and seventy-five thousand dollars (\$275,000) in value and there is no portion of the landscaping excluded from the project or bid separately, the Employer may waive this provision. For the purpose of this Section, landscaping shall be as currently defined in WAC 296-127-01346.

Any holiday which falls on a Sunday shall be observed as a holiday on the following Monday. If they are required to work past five (5) hours, one-half (½) hour at the applicable overtime rate shall be added to the hours worked and they must then be allowed time to eat their lunch. If not allowed to eat lunch, employees will be paid an additional one-half (½) hour of overtime.

SECTION 2. Employees required to work more than two (2) hours after the end of the regular shift shall be allowed at least one-half (½) hour meal period which shall be considered as time worked, and if it is impractical for the employees to leave the job, they shall be provided a lunch by the Employer. SECTION 3. Employees required to work more than five (5) hours after the end of the regular shift shall be allowed at least one-half (½) hour meal period which shall be considered as time worked, and if it is impractical for the employees to leave the job, they shall be provided a lunch by the Employer. If not given the one-half (½) hour meal period, one-half (½) hour at the applicable overtime rate shall be added to the hours worked.

SECTION 5. For the purpose of this Article the applicable overtime rate following a delay/missed meal, as noted above, shall be as follows:

- C. It will be the responsibility of each employee to take rest periods. If an employee does not take a rest period, then the employee must notify his/her immediate supervisor and a rest period will be provided.

SECTION 7. SICK LEAVE

The parties to this Agreement acknowledge that given the nature of the construction industry, paid sick leave is not appropriate and hereby expressly waive the provisions of Seattle City Ordinance 123698 and/or any city, state or county ordinance, rule or regulation granting paid sick leave to the employees under the jurisdiction of this Agreement, assuming that said ordinance, rule or regulation allows for such a waiver.

If these four (4) persons cannot effect a settlement within seven (7) days after the dispute has been referred to them, the matter shall proceed to Step Three. Either party may waive their right to a Board of Conciliation in Step Two, however, if this step is waived, mediation, in Step Three shall become mandatory. ARTICLE 17
HOURS OF WORK

SECTION 1. SINGLE SHIFT OPERATION

- A. Eight (8) hours shall constitute a day's work, five (5) days shall constitute a week's work, Monday through Friday.
- B. A single shift operation shall be restricted to the hours between 5:00 A.M. and 6:00 P.M. and eight (8) hours of continuous employment (except for lunch period) shall constitute a day's work Monday through Friday of each week. In the event the job is down due to weather conditions, Monday through Friday, then Saturday may, at the option of the Employer, be worked as a voluntary make-up day at the straight time rate. However, Saturday shall not be utilized as make-up day when a holiday falls on Friday.
- C. Four ten (10) hour shifts at the straight time rate may be established on a project either Monday through Thursday or Tuesday through Friday. There will be no overlapping of four ten (10) hour shifts between crews or other crafts on the same project of the Employer. In the event the job is down due to weather conditions, then Friday (when working Monday through Thursday) may at the option of the Employer, be worked as a make-up day. In the event the job is down due to weather conditions, then Saturday (when working Tuesday through Friday), may, at the option of the Employer, be worked as a voluntary make-up day. All hours worked in excess of ten (10) hours a day or forty (40) hours a week must be compensated at the overtime rate. However, Saturday shall not be utilized as a make-up day when a holiday falls on Friday.
- D. No employee shall be discharged, laid off, disciplined, replaced or transferred for refusing to work a voluntary make-up day, provided they inform the Employer they will not be working.
- E. In the event of a civil emergency such as, but not limited to, earthquakes, floods, or fires, starting time of the shift may be made to fit the emergency and eight (8) hours in any twenty-four (24) hour period may be worked at straight time. In order to work such shift, mutual agreement shall be received.
- F. Special Shifts: When due to conditions beyond the control of the Employer or when contract specifications require that work can only be performed outside the regular day shift, then a special shift may be worked at the straight time rate. The starting time of work will be arranged to fit such conditions of work. Such shift shall consist of eight (8) hours work for eight (8) hours pay or ten (10) hours work for ten (10) hours pay for four ten hour shifts worked in accordance with paragraph (c) of this Section.

The Employer shall provide three (3) days written notice to the Union prior to starting a special shift.
- G. Holiday Week: In the event that a holiday is celebrated during the week (Monday through Friday), the remaining four days of the week may be worked as four ten hour shifts, as defined in paragraph (c) of this Section.

SECTION 2. MULTIPLE SHIFT OPERATION: Shifts may be established when considered necessary by the Employer. Shift hours and rates will be as follows:

- A. Two Shift Operation: On a two (2) consecutive shift operation, no shift penalty is involved for work performed on either of these two (2) shifts. Each shift must be scheduled for at least eight

(8) hours except as provided for in Section 1 of this Article. On a two (2) shift operation, the second shift shall be established for a minimum of three (3) days. The Employer shall notify the Local Union prior to the start of a two (2) shift operation. Once the starting times are established for the two (2) shift operation, they shall not be changed except upon three (3) working days, written notice to the Union.

B. Three Shift Operation: On a three (3) shift operation, the following shall apply:

1. First Shift – The regular hours of work on the first shift of three (3) shift operations shall be eight (8) hours of continuous employment, except for lunch period at mid-shift, between the hours of 5:00 A.M. and 6:00 P.M.
2. Second Shift – The second shift shall be seven and one-half (7½) hours of continuous employment, except for lunch period at mid-shift, and shall be paid eight (8) hours at the straight time hourly wage rate.
3. Third Shift – The third shift shall consist of seven (7) consecutive hours of employment, except for lunch period at mid-shift, and shall be paid eight (8) hours at the straight time hourly wage rate.

C. Multiple shift (a two (2) or three (3) shift) operation will not be construed on the entire project if at any time it is deemed advisable and necessary for the Employer to multiple shift a specific operation. Those groups of employees only who relieve first shift groups of employees and such first shift groups of employees who are relieved by groups of employees on a second shift, and on a three shift operation those groups of employees who relieve the groups of employees on a second shift, shall be construed as working multiple shifts. The intent of this clause shall be construed so as to recognize that a “reliever group” and a “relief group” do not necessarily mean “employee for employee” relief.

D. It is understood and agreed when the first shift of a multiple shift (a two (2) or three (3) shift) operation is started at the basic straight time rate or at a specific overtime rate, all shifts of that day’s operation shall be completed at that rate.

E. The Employer shall notify the Local Union prior to the start of a multiple shift (a two (2) or three (3) shift).

SECTION 3. GENERAL PROVISIONS:

A. Call Out. When employees have completed their scheduled shift and are “called out” to perform special work of a casual, incidental or irregular nature they shall receive premium pay in accordance with the proper overtime rates with a minimum guarantee of two (2) hours pay at the employee’s overtime wage rate. When an employee is called out to work without at least eight (8) hours off since his/her previous shift, all such call out time shall be paid at the applicable overtime rate until the employee has had a break of eight (8) hours or more.

B. Paving Operations. To take full advantage of weather conditions, starting time of operations for the paving of asphalt paving, road oiling and concrete paving will be at the option of the Employer. However, standby time will be considered as part of the regular operation and will be paid at the regular rate.

- C. Tide Work. When employees are called out between the hours of 6:00 p.m. and 6:00 a.m. to work broken time on tide work, all time worked shall be at time and one-half (1½) the basic hourly rate of pay, and a minimum of four (4) hours pay at the employee's straight time rate. Except for the above, all tide work shall be worked in accordance with provisions of the general Agreement.
- D. Maintenance, Watchperson and Flagger. When no other work is in progress and it is necessary to keep a maintenance person, watchperson, or flagger on duty on Saturdays and Sundays, they will be paid straight time rates but allowed two (2) regular consecutive days off each week. If these employees work more than five (5) consecutive days in any one week, the sixth (6th) day shall be paid for at time and one-half (1½) the basic rate and the seventh (7th) day shall be paid for at double the basic rate.

The Employer may require employees to remain at the jobsite for the two (2) hours to receive such reporting pay.

It is understood that it shall be the responsibility of the Employer to secure from each employee a telephone number by which to be contacted. The Employer will make every effort to notify employees of inclement weather conditions. If the employee does not, at the Employer's request, furnish a telephone number or fails to inform the Employer of any change of number at which he may be reached, then the Employer shall be relieved of any responsibility of notification and shall not have to pay show-up time.

When employees, including new hires, reporting for work arrive on the job unprepared to perform the work required (for example, including but not limited to: under the influence of alcohol or drugs, not possessing the right requested certifications, or inadequately clothed), the Employer shall not have to pay show up time. If the employee is put to work and lacks requested qualifications employer shall pay actual time worked only.

When a shift is suspended due to inclement weather, after the two (2) hour minimum, employees shall be paid for actual time worked.

SECTION 3. If any employee refuses to start work or if any employee stops work of his own volition, the minimums set forth in Section 2 above shall not apply.

SECTION 4. Any applicant who is required to report to the Employer's designated location for employment orientation shall be paid a minimum two (2) hours reporting time. Any applicant who is required by the Employer to travel more than thirty (30) miles from the dispatch point to the employment orientation shall be paid a minimum of four (4) hours reporting time. The Employer who conducts the orientation at the job location and puts the applicant to work shall not be subject to the provisions of this Section 4.

The Employer shall utilize the most efficient methods or techniques of construction, tools or labor saving devices. SECTION 3. It shall not be a violation of this Agreement when an Employer considers it necessary to shut down a job to avoid the possible loss of human life, because of an emergency situation beyond the Employer's control that could endanger the life and safety of an employee. In such cases, employees will be compensated only for the actual time worked. In the case of a situation described above whereby the Employer requests the employees to stand by, the employees will be compensated for the "stand by" time.

If such a condition continues, the Employer agrees to give at least two (2) hours notice to members of the next shift scheduled to report for duty. In the event that at least two (2) hours notice is not given, employees who report for work at their regular reporting time and are not put to work shall be paid "show up pay".

This article shall be subject to the grievance procedure set forth in Article 12.
