ARTICLE XIII

ALCOHOL AND/OR ILLEGAL CONTROLLED SUBSTANCE ABUSE

A. Preamble

Both the District and the Union are greatly concerned about and involved in the effort to prevent substance abuse in the workplace.

Employees need to be aware of the signs of substance abuse in themselves and others. No one can begin the road to recovery without first recognizing a problem exists and then seeking help.

Employees suffering from substance abuse need to receive treatment. The District and the Union both benefit when an individual can be helped and remain on the job. Accordingly, both the CSEA and the School District agree that employees should be encouraged and assisted in efforts to seek assistance either through the Board’s Employee Assistance Program or through another program of the employee’s choice.

B. Drug Testing Procedures

Effective with the execution of the contract, the Yonkers School District shall have the right to test employees for possible substance abuse subject to the following conditions:
1. **Statement of Policy**

The Employer and the Union recognize that the use and possession of alcohol or illegal controlled substances in the workplace constitutes a serious threat to the health and safety of all employees, students and members of the public.

The Board and the Union are desirous of maintaining a safe, healthy and productive work environment for all employees and for the good of the school system.

2. **Testing**

If an employee exhibits a physical condition, conduct or pattern of erratic behavior which indicates that the employee may be under the influence of alcohol or illegal controlled substances while on duty and the employee’s supervisor has reasonable cause to believe, based on either direct observation of use or on observation of the employee’s conduct, performance or behavior that the employee is under the influence of alcohol or illegal controlled substances, while on duty, or if the supervisor is provided with information from a reliable and credible source which is independently corroborated that the employee is engaging in use of alcohol or illegal controlled substances, while on duty, or that the employee is engaging in illegal possession, distribution or sale of an illegal controlled substance on duty, the supervisor shall make a report to the Employer.

The Employer shall determine whether to conduct a further investigation and may meet with the employee and the employee’s Union representative if the employee wishes such representative to be present, and permit the employee to explain the conduct, performance or behavior.

The investigation of the employee’s behavior shall be confidential with due consideration for the dignity and privacy of the employee.

Where reasonable suspicion is based on observation by a confidential informant, defined as an employee or agent of a governmental law enforcement agency, the identity of the source shall not be disclosed, except for the name of the governmental agency involved. The Department shall not be required to reveal the identity of a confidential informant in any proceeding nor can evidence supplied by a confidential informant be suppressed because of refusal to identify the name of the source. However, disclosure shall be made as to the date, time and place of the alleged observation of the conduct, including a description of the conduct that was allegedly observed.
If after review and investigation, the Employer decides that the employee should be referred for drug or alcohol testing, the following procedures shall be followed:

a. At the time the employee is given the order to submit to a drug and/or alcohol test, the employee will be advised of the right to have a Union representative present for 1) repetition of the order, 2) brief verbal statement of the basis for the reasonable suspicion, and 3) for the collection of a sample; but in no event shall collection be delayed for more than one (1) hour to accommodate the presence of a Union official.

b. Any dispute concerning the matter of reasonable suspicion to order a test will be referred to the contractual grievance procedure for resolution, but such dispute shall not constitute a basis for refusal to take such test.

c. The sample given by the employee shall be collected under the supervision of a physician designated by the Board. Where practicable, the sample shall be collected in the office of the physician designated by the Employer. The sample collection process shall be confidential with due regard for the dignity and privacy of the employee. During the course of the collection process, the employee shall cooperate with request for acknowledgment of giving of the specimen.

d. The employee shall provide a urine sample for purposes of testing for illegal controlled substances. The employee shall provide a sufficient amount of the sample to allow for an initial screening, a confirmatory test, and for later testing if required by the employee. In the event an insufficient sample is provided, the employee's ability to have a second test performed may be adversely impacted.

e. In the event the employee is ordered to submit to a test for the presence of alcohol, the employee shall submit to a Breathalyzer test to be administered by an agent designated by the Employer.

f. There shall be no direct observation of giving of a urine sample unless there is reason to believe that the sample may be tampered with, in which event direct observation shall be made by a person of the same gender as the employee giving the sample.

g. In the case of a urine test, the sample given shall be divided into two (2) aliquots. The sample will be given to a monitor who shall be a reliable person who is not an employee of the CSEA bargaining unit and who will mark and seal each sample to preserve the chain of custody of the samples.
Thereafter, the samples shall be transported to the testing laboratory in a manner which shall insure the integrity and chain of custody of each sample.

h. Both samples shall be delivered to a laboratory selected by the Employer which shall be duly licensed or certified for drug testing purposes, by the NIDA. One sample shall be used for purposes of testing by the laboratory and the second sample shall be maintained by the laboratory in accordance with the recognized procedures for purposes hereafter described.

i. The designated laboratory shall initially perform the enzyme multiplied immunoassay test (EMIT), on the sample for the presence of illegal controlled substances. A sample which tests positive shall be retested by the laboratory using the gas chromatography mass spectroscopy test (GC-MS). A test shall be deemed positive for the presence of illegal controlled substances in accordance with standards utilized by the NIDA certified laboratory. A test shall be deemed positive for the presence of alcohol based on the standards for driving while intoxicated as provided by the N.Y.S. Vehicle and Traffic Law.

j. In the event the confirmatory GC-MS test result is negative, then the sample shall be deemed negative for the presence of illegal controlled substances and no report shall be made to the Employer or to the employee on the test results. Neither the existence of the test nor its results shall be used in any manner in any proceeding by the Employer against the employee.

k. If the confirmatory GC-MS test result is positive as defined in this Agreement, an independent Medical Review Officer must first review the test and result, and speak with the individual tested. If the individual authorizes review of his/her medical records, the Medical Review Officer shall also review such records, as part of the process, all to ensure that the positive result in fact reflects unauthorized use of an illegal controlled substance. If the Medical Review Officer concludes that the test result accurately reflects such unauthorized use, then the laboratory shall provide copies of the test results to the Employer and the employee.

3. **Employee Request for Retesting**

   a. After collection and testing, both samples shall be maintained by the Board's designated laboratory in accordance with appropriate procedures for a period of time to be agreed to by the parties.
b. After the employee receives notice of a confirmed positive test, as licensed by NIDA, the employee may make a written request within 72 hours to the Board’s designated laboratory for a test of the second sample. The employee, or the Union on behalf of the employee, may request that the second sample be sent to a NIDA licensed laboratory selected by the employee or the Union. The selected laboratory shall be responsible for pick-up and transport of the sample, and it shall insure chain of custody. The employee shall be responsible for all costs associated with the second test and shall make arrangements for payment with the selected lab. The results of the second test shall be sent to the Director of Personnel who shall take all steps to ensure confidentiality, the employee and to the employee’s representative if the employee so authorizes. In the event the retest results are negative, the Board shall reimburse the employee for the cost of the retest and the results of the first test shall be purged from the employee’s file and no further action shall be taken.

4. Disciplinary Procedure

a. The Board shall adhere to all applicable statutory and contractual procedures regarding discipline.

b. A probationary employee who tests positive for the presence of alcohol or illegal controlled substances shall be terminated. However, neither the employee nor the Union waives any rights such employee may have with regard to challenging such termination.

ARTICLE XIV

Discussions at such meetings will be limited to agenda items. Agendas shall be submitted at least one week in advance of the meeting.

14.4 Workers' Compensation

Civil Service employees who are injured in the course of their officially assigned duties and responsibilities for the Yonkers Board of Education and who are absent due to that injury as defined by the Workers' Compensation Law must, pending adjudication of the case and while such disability renders the employee unable to perform officially assigned duties and responsibilities, apply to the Director of Personnel for a leave of absence. This leave may be granted with pay not to exceed sixty (60) calendar days in length. Sick leave, personal leave and vacation credits shall not be earned for the period when an employee is on such leave. The District will continue health benefits and retirement credit.

Should the disability continue beyond the period of sixty (60) calendar days, the employee's accumulated sick leave, personal leave and vacation time must be utilized. When all such accumulated time credited to the employee has been exhausted, the employer may continue the leave of absence without pay.

In the event, and at such time as the Workers' Compensation Board makes an award to such an employee for the period of leave with pay, such compensation award for this period shall be reimbursed to the Board of Education. In the event that the employee receives an award for a number of days which is less than the number of days leave taken under this paragraph, then the employee will be required to utilize any accrued sick leave, personal leave or vacation days to make up the difference.

Upon return to full-time duty, the employee shall be credited with that portion of earned credits for sick leave, personal leave and vacation time which would otherwise have accrued during the period of absence in proportion to the amount of the Workers' Compensation award for the employee's loss of time. In addition and conditional upon the receipt of an award for Workers' Compensation, such employee shall, upon return to full-time duty, be entitled to be re-credited for all sick leave, personal leave and vacation days which may have been utilized during the period of absence.

14.5 Due Process-Non-Competitive Employees

Non-competitive class employees shall be entitled to a formal due process hearing as provided under Section 75 of the Civil Service Law, after having completed six (6) months of continuous service.
Employees who are notified by the District, in writing, during the first six (6) months of employment as exhibiting performance problems shall not be eligible for a due process hearing until they successfully complete twelve (12) months of employment. A copy of the notice provided to the employee shall be provided to the unit president at the time.

14.6 Health, Safety and Maintenance of Facilities

A. Health and safety concerns will be discussed during Labor Management meetings.

B. In the event any employee is exposed to blood or body fluids in the performance of his/her duties, he/she shall be afforded the opportunity to be tested for blood/fluid borne pathogens without cost and shall be offered the Hepatitis B vaccine without cost to employee.

C. The Board of Education shall provide immunization to all employees in the event of an epidemic, declared by the City of Yonkers Board of Health, caused by an outbreak of a communicable disease.

14.7 CSE Day

For the duration of this Agreement, the parties agree to the following provision governing Civil Service Employees (CSE) Day:

Employees shall be excused from work at the end of the program on CSE Education Day, with the exception of those employees who are designated by their supervisors to return to their work locations after the CSE Program. In cases where employees are required to return to work after the conclusion of CSE Education Day activities, such employees shall be paid overtime rates as per the contract for all hours worked after completion of CSE Day activities. Employees who are designated by their supervisors to work at their regular work locations during such activities shall receive compensation at normal pay rates, however, said employees shall receive overtime rates for all hours worked after the activities.

14.8 Reopener to Negotiate

In the event that the United States District Court for the Southern District of New York shall, at any time during the life of this Agreement, enter an Order in the United States v. City of Yonkers case which requires, in the sole judgment and determination of the Yonkers Board of Education, a reopener of this Agreement for the purpose of modification of any of the Agreement’s terms or conditions, then the parties agree to reopen negotiations as to those items only.
14.9 Layoffs in Non-Competitive and Labor Class

In the event the District determines that it is necessary to lay off employees, it is understood that employees in the non-competitive and labor classes shall be laid off according to the inverse order of hiring.

ARTICLE XV

NO STRIKE PLEDGE

The parties recognize that strikes and other forms of work stoppage by school district employees are contrary to law and the public policy. CSEA and the Board subscribe to the principle that differences shall be resolved by peaceful and approved means without interruption of the school program. CSEA therefore agrees that it shall not engage in or sanction strikes, work stoppages, slowdown, interference with the school district’s operation or other individual or concerted refusal to perform scheduled work and assignments by employees covered by this Agreement, or any instigation thereof by its agents or its representatives.
