Relationship Compact Between Boise School District and Boise Education Association

The Boise School District and the Boise Education Association have been involved in an ongoing process of interest-based problem solving and negotiations and the model has proven to be highly effective both at the bargaining table and at settling disputes throughout the District. An essential element of this model is the trust and trustworthiness of the parties. To this end, Boise School District and BEA on behalf of their memberships, wish to formalize a relationship between these organizations, as well as District employees, which will survive the differences in interests, which will endure changes in leadership, which will extend beyond legal and contractual requirements and which will be based on the following principals:

- The Association and District agree that an interest-based approach shall be used as the basis for both individual problem-solving activities as well as contractual negotiations between the parties.
- The Association and the District agree that each group and individual has an equal right to seek the accommodation of their respective interests and to actively advocate those interests.
- The Association and the District agree that in relationships a high degree of trust is essential. To this end, each organization, as well as the leadership of those organizations, will focus on increasing their own trustworthiness as the means of developing and maintaining the bridge of trust.
- The Association and the District agree to refrain from the use of coercive tactics because their use is destructive to the relationship and lessens the commitment to agreements jointly made. Both parties will be open to persuasion at all times in order to avoid reliance on the use of power; the Association and the District will seek to persuade rather than to coerce.
- The Association and the District believe this relationship will promote and expand communications between the parties. To this end, the Association and the District will focus on: Operating in an honest and open manner, promoting and disseminating positive information about the successes of the Boise School District to the media; establishing procedures regarding rumor control; soliciting interests of all stakeholders; consulting with appropriate parties and testing assumptions; and using joint communication statements on key issues.

During time when school is not in session, vacancy notices will be posted in the personnel office and sent to the Association. Notification of such positions shall include a description of the responsibilities and duties of the vacant position, as well as the grade level and, when possible, the specific school involved. The District will not fill a vacant position until at least eight (8) days after notifying the Association of the vacancy. Provided, however, that any vacancy occurring in a classroom teaching position through resignation, with less than two (2) weeks' notice, will not be filled until at least five (5) days after notifying the Association of the vacancy. Provided, further, that said notification indicates that the vacancy will be filled under the five (5) day provision.
2. During the summer months the Association and the District will make a good faith effort to notify all certificated personnel of the vacancy. Present professional employees who have requested a transfer will be given first consideration for any vacancy.

An applicant may be on more than one manifest at a particular school; however, no applicant will have more than one interview at that school in any application year, unless there is a change of principal during that year.
4. The applicants selected for the manifest shall be interviewed by the building administrator(s), unless the provisions of item 3 apply.
5. It is the intent of the District and the Association that reasonable effort be made to provide professional employees with information regarding the establishment of new positions as well as vacancies in existing positions. Notices of vacancies shall be dated, and shall include the name of the school and level or position to be filled. Notice(s) of vacancies will be sent bimonthly during the school year to the Association and to all school sites for posting. In addition, announcements of vacancies will be made on the District's voice mail and via e-mail; these announcements will be updated bi-monthly. No vacancy will be filled until at least eight (8) days after the first day of posting. If a professional employee has questions about the status of a vacancy, he/she should contact the office of the appropriate director.
6. These restrictions apply to the voluntary transfer process:
 - a. The District reserves the right, under "special circumstances" to fill vacancies in a timely manner.
 - b. The parties agree that there will be a window period from August 15 until two (2) weeks (10 school days) after school starts to hire without the eight (8) day waiting period.

 - d. Should a vacancy occur during the school year, transfer requests for that position will be given first consideration. If a transfer applicant is transferred to a vacant position, the actual transfer may be delayed until the beginning of the next semester.
7. The parties agree that while the procedural process of voluntary transfer is subject to the grievance procedure, the content of the decision regarding said voluntary transfer is not subject to grievance.
8. If requested by the professional employee, the reason(s) for the denial of voluntary transfer shall be provided by the appropriate director, principal, or supervisor.

D. Involuntary Transfers

The School District administration shall confer with appropriate members of the staff in an effort to resolve involuntary transfers in a mutually satisfactory way. Involuntary transfers shall only be made for the following reasons: a decrease in the number of students which requires a decrease in the number of professional personnel, elimination of program(s) and/or reduction of funding, or school closing.

1. PROCEDURES

- a. When the District determines that there is a surplus of staff in a school and there are two or more staff members currently employed in the identified surplus discipline or assignment at that school, the following procedure will be employed: the person who has the least District seniority of those affected professional employees in the specific grade level or department will be transferred to another school in the District where there is need for his/her services.
- b. Seniority lists will be posted on or before October 5th and updated as needed.

- d. Personnel assigned as head coaches in the secondary schools shall not come under the purview of this procedure. Personnel in this category will continue to be assigned by the appropriate director. Drama, debate, newspaper production and drill team must be maintained as a part of building programs where they currently exist. Article X – Reduction in Force

A. Procedure for Reduction

This reduction in force policy shall only apply to professional employees on non-renewable status. When, in the judgment of the District, a decline in enrollment, a reduction of programs, or any other reason requires a reduction in staff, the administration shall attempt to accomplish the same by attrition. In the event that the necessary reduction of staff cannot be adequately accomplished by attrition, and given the necessity to employ and/or maintain the most competent and qualified staff available in the interest of perpetuating the highest quality educational program possible, the administration shall base its decision as to resulting contract renewals as follows:

1. Seniority shall accrue based on the number of uninterrupted contract years the professional employee has served in a position requiring a certificate issued by the State Board of Education. Any professional employee who has been granted, and who has taken an authorized unpaid leave of absence for longer than one (1) semester during any school year shall not accrue seniority for that contract year. A professional employee working for less than one (1) full semester during any school year shall not accrue seniority for that contract year.
2. Elementary reduction in force shall first be determined based on seniority. If there is no difference in the seniority of two (2) or more non-renewable professional employees, then performance and/or professional competence on the job, as determined by the principal(s), supervisor, or appropriate director shall be the determining criteria.
3. Secondary reduction in force shall first be determined based on seniority. If there is no difference in the seniority of two (2) or more non-renewable professional employees, then performance and/or professional competence on the job, as determined by the principal(s), supervisor, or appropriate director shall be the determining criteria.

4. Pupil Personnel reduction in force shall first be determined based on seniority within the specialized area authorized by certificate endorsement(s). If there is no difference in seniority within the specialized area authorized by certificate endorsements between two (2) or more non-renewable professional employees, then performance and/or professional competence on the job, as determined by the principal(s), supervisor, or appropriate director shall be the determining criteria
5. If the professional employee holds multiple certificate endorsements in specialized areas, such professional employee shall be placed on a seniority list for each of the areas with the number of uninterrupted contract years in the District applied to each list. However, professional employees who serve in positions, which are specially funded by monies other than state foundation program funds, shall only be placed on a seniority list for positions similarly funded.
6. The District will notify the Association of professional employees to be non-renewed under this policy.

B. Procedure for Reinstatement

1. Professional employees non-renewed under the reduction in force policy shall be assumed to be performing satisfactorily. Said professional employees shall retain service credit previously granted prior to lay-off.
2. Any professional employee non-renewed pursuant to this reduction in force provision shall have reinstatement rights until the beginning of the next contract year for any position for which s/he is certified and qualified. Reinstatements shall be in reverse order of non-renewal: the last non-renewed person will be the first offered reinstatement. Professional employees who are offered reinstatement to a position for which they are certified and qualified shall, within ten (10) calendar days, accept the reinstatement offer by notifying the Deputy Superintendent in writing. If a professional employee rejects an offer of reinstatement or fails to advise the Deputy Superintendent in writing within ten (10) calendar days of his/her acceptance, such professional employee shall lose the right to reinstatement.

C. Intent

It is the intent of the Board that professional employees on renewable status will not be affected by an involuntary reduction in force. However, if an involuntary reduction in force of professional employees on renewable contract status is

necessary as determined by the District, the following criteria shall be considered by the District prior to involuntarily reducing staff members on renewable contract status: (1) The District's curriculum and staffing needs, as determined within secondary subject areas, elementary grade levels, and pupil personnel assignments, on a District-wide basis, and (2) the staff's area(s) of certificate endorsement(s). Staff seniority shall be the principal consideration when not in conflict with Idaho law and the foregoing criteria.

Article XI – Job Sharing

- A.** Job sharing shall mean the voluntary employment of two professional employees to fill a full-time teaching position. Each professional employee shall hold the required and necessary state certification for the shared position. The specific job assignments for each professional employee who has been approved for job sharing shall be determined by the appropriate director. The final decision to approve or not to approve job sharing shall rest with the appropriate director. The director's decision shall not be grievable.
- B.** Seniority and leave benefits shall be prorated.
- C.** Each professional employee will be issued a standard teacher's contract.
- D.** Full fringe benefits will be given to each job sharing professional employee.
- E.** Upon approval of the appropriate director, two professional employees may also divide a school year and each work one semester.
- F.** Sharing professional employees will attend all teacher conferences and all building meetings as required by the principal.
- G.** In the event one of the sharing professional employees is absent, a substitute shall be hired, if requested and approved by the building principal.
- H.** If one professional employee of a shared job resigns, the District shall secure a replacement unless the other professional employee volunteers to take over.
- I.** Each sharing renewable contract professional employee has a right to a full-time position, if available, and renewable contract status. Notice of intent to return to a full-time position must be given to the appropriate director on or before May 15.

- J.** Each professional employee working part-time shall receive a teaching allowance of two hundred fifty dollars (\$250.00).

6. If a disability resulting from illness or injury continues more than ten (10) consecutive days, the professional employee must submit a signed statement from a licensed physician, attesting to the professional employee's disability.

B. Family Illness

As limited below, professional employees shall be allowed to use sick leave during any one (1) year when such absence is due to illness of a member of the individual's immediate family: son, daughter, spouse, father, mother, brother,

sister, or foster parent. The Superintendent or Deputy Superintendent has the discretion to expand the definition of family.

C. Bereavement Leave

During any one (1) year professional employees shall be allowed a leave of absence with full pay, not to exceed five (5) days, when such absence is due to the death of the professional employee's or spouse's parents, children, siblings, foster parents, grandparents, aunts, uncles, or professional employee's spouse. The Superintendent or Deputy Superintendent has the discretion to expand the definition of family.

D. Limitations

1. In any one (1) year, a professional employee may use up to a maximum of thirteen (13) days with full pay for reasons of bereavement and/or family illness. The thirteen (13) days shall be charged in the following manner: the first five (5) such days used shall be charged against bereavement leave; the second five (5) such days shall be charged against the professional employee's personally accumulated sick leave; the final three (3) such days shall be charged against personal leave. If any professional employee uses more than thirteen (13) days for reasons of family illness and/or bereavement, said professional employee will be allowed three (3) additional leave days provided s/he shall have the cost of the substitute for the additional days deducted from his/her salary.
2. The Superintendent, or designee, may extend the definition of family illness or bereavement leave under unusual circumstances. Requests for such extension should be directed through the principal to the Superintendent or designee.
3. The Superintendent, or designee, may extend the time limitation of bereavement leave under unusual circumstances. If granted, the extension will be charged against the professional employee's sick leave.

E. Sick Leave Bank

1. The purpose of the Sick Leave Bank is to alleviate economic hardship brought upon a member by disability resulting from illness or injury. In the event of a disagreement between a member and the Sick Leave Bank Committee as to whether or not a specific disability qualifies the member

for a Bank grant, the committee may require the member to submit to an examination by a physician chosen and paid for by the District. The results of such an examination shall be submitted to the committee for its consideration in making a final determination of the application for a grant.

2. Each professional employee of the District covered by this Contract may participate in the Sick Leave Bank. To participate, each professional employee shall contribute a prescribed number of his/her earned sick leave days as determined by the Sick Leave Bank Committee. Sick leave days thus contributed shall be deducted from the individual's sick leave entitlement. The contributed sick leave days shall form a fund of sick leave days that will be available to all eligible participating professional employees upon recommendation of the Sick Leave Bank Committee for the purpose of alleviating the hardship caused by absence from work necessitated by extended or recurring disability resulting from illness or injury extending beyond the professional employee's accumulated sick leave.
3. The Sick Leave Bank Committee shall consist of two (2) members appointed by the Association and two (2) members appointed by the Board. The committee shall develop and distribute rules and procedures for the orderly administration of the Bank not inconsistent with the terms of this agreement. The committee shall be responsible for reporting to the District's payroll office the names of contributors and number of days contributed. It shall report all days granted by the Bank and all other information necessary for the professional employee's records.
4. Application for use of the Bank shall be submitted to the Sick Leave Bank Committee for its recommendation. The committee shall review the request and determine the eligibility of the professional employee. If the committee deems it necessary, it shall require proof of disability resulting from illness or injury at the time of application and from time to time after a grant has been made.
5. The committee shall have the authority to establish such guidelines, as it deems necessary to administer this program. Guidelines shall have the approval of the Association and the District. After complete review of the application, the committee shall have the authority to make final decisions within the guidelines as to the disposition of the case.
6. In order for a professional employee to be eligible to apply for sick leave benefits from the Sick Leave Bank, the professional employee must: (1) be a contributor to the Bank, and (2) have been absent from work due to disability resulting from illness or injury for (a) all his/her accumulated

sick leave days, and (b) all his/her days of personal leave, and (c) five (5) days where his/her salary was reduced by substitute's pay.

7. The Sick Leave Bank Committee shall determine the number of sick leave days each participant must contribute in order to keep the Bank solvent.
8. The maximum number of days that can be granted in any one (1) fiscal year will be the remaining number of days a professional employee is scheduled to work under his/her current contract. In no case will the granting of leave cause a professional employee to receive more than his/her annual salary for that year.
9. The number of sick leave days granted shall not exceed the number of days absent from work due to disability resulting from illness or injury.
10. Bank grants to individual professional employees will not be carried over from one fiscal year to another. All such grants will end at the termination of the school year. If a professional employee does not use all the days granted by the Bank, the unused sick leave days will be returned to the Bank. In no case shall a professional employee be granted more than a total of one hundred eighty (180) days from the Sick Leave Bank for all illnesses or disabilities during any five (5) year period of employment with the District, except when the maximum allowance has been granted prior to the end of the school year the Sick Leave Bank Committee may extend the grant to the conclusion of the school year. After the initial one hundred eighty (180) days has been used, an additional grant of one hundred eighty (180) days shall be available only after five (5) years of subsequent employment.

F. Extended Leave Upon Exhaustion of Sick Leave

1. Professional employees who are unable to perform their professional duties because of a disability resulting from illness or injury and who have exhausted all sick leave available, shall be granted leave of absence without pay for the remainder of the school year. The individual's health condition will be reviewed and a decision made by the Superintendent either to return the professional employee to active duty, extend the leave of absence, or take other appropriate action.
2. To assist the Superintendent in arriving at a decision, the professional employee may be required to take a further examination, physical or otherwise, by a person duly licensed in a medical field to which the

disability resulting from illness or injury is related, selected by and at the cost of the District.

G. Personal Leave

Professional employees exercising option B shall notify the District payroll office in writing no later than the last work day of the same school year that the unused personal leave was earned. Unused personal leave for professional employees not exercising option B shall accumulate as sick leave.
4. Upon exhaustion of personal leave, up to two (2) days of emergency personal leave may be granted by the Superintendent or his/her designee. Such leave shall be for absences for substantial and reasonable cause (e.g., flooding, road closure, earthquakes, etc.) which prevents the professional employee from reporting to work. At the discretion of the Superintendent or his/her designee, additional leave (in excess of the two days) may be granted. The employee shall pay the cost of a substitute for any additional days.

All rights of renewable contract, retirement, accrued sick leave, salary schedule placement, and other benefits provided herein shall be preserved and available to the professional employee upon his/her return to active duty with the District. Sabbatical leave may not exceed a period of one (1) year. An employee who has received a sabbatical leave shall not be eligible for another sabbatical leave grant until he/she has worked for the District for an additional fourteen (14) years.

Sabbatical leaves may be granted only for the purpose of allowing a professional employee to continue professional education and advancement.
4. The Association shall, by March 15 for the ensuing school year's grants, forward all applications to the office of the Superintendent with an accompanying recommendation and a list of reasons justifying that recommendation. The recommendation must be for approval or disapproval. C. All credits earned beyond the BA degree and which are in the field of education, or toward an advanced degree, or in the individual's major/minor field of study will be recognized for placement and/or advancement on the salary schedule, except for those credit hours required by the State Department of Education for initial teacher certification. In the case of a professional employee who has accepted an extra-curricular assignment, physical education credits shall be recognized for advancement on the salary schedule, regardless of the professional employee's major or minor field, with the following provisions: (1) athletic coaches may only count credits which are identified as physical education credits on the official transcript; (2) no more than three [3] physical education credits will

be used for advancement on the salary schedule; and (3) only physical education credits earned after being employed by the Boise School District may be used for advancement on the salary schedule.

- D. Professional Degrees Beyond the Masters Degree:** Professional employees who earn an educational specialist degree or two (2) or more masters degrees shall be paid a yearly stipend of \$1500.

Professional employees who earn a doctoral degree shall be paid a yearly stipend of \$2200.

- E. Early Career Increment:**

In addition to being compensated in accordance with the salary schedule, early career professional employees will receive an early career increment as outlined below. The early career increment is calculated on the base salary for that year and then added to the employee's step on the salary schedule.

Year	BA	BA+9	BA+15	BA+30	BA+45/MA
0	5%	4%	3%	2%	1%
1	4%	3%	2%	1%	
2	3%	2%	1%		
3	2%	1%			
4	1%				

For 2000-2001, the early career increment will be calculated on a base salary of \$22,000. See chart below:

Year	BA	BA+9	BA+15	BA+30	BA+45/MA
0	\$1100 (5%)	\$880 (4%)	\$660 (3%)	\$440 (2%)	\$220 (1%)
1	\$ 880 (4%)	\$660 (3%)	\$440 (2%)	\$220 (1%)	
2	\$ 660 (3%)	\$440 (2%)	\$220 (1%)		
3	\$ 440 (2%)	\$220 (1%)			
4	\$220 (1%)				

Example: 2000-2001 base salary of \$22,000:

- A. BA, Step 0: $\$22,000 + \$1100 (5\% \times \$22,000) = \$23,100$
 B. BA+9, Step 2: $\$25,468 + \$440 (2\% \times \$22,000) = \$25,908$

The inclusion of early career increments on the salary schedule creates an artificial corner until it phases out.

Article XXII – Grievance Procedure

A. Definitions

1. A grievance is a complaint that there has been a violation or misinterpretation of the terms of this Contract.
2. An “aggrieved person” is a professional employee or professional employees asserting a grievance.
3. A “party in interest” is a professional employee or professional employees who might be required to take action or against whom action might be taken in order to resolve a grievance.
4. A “day” as used in this Grievance Procedure means any day school is in session within the regular school year as shown on the official school calendar. If the grievance extends beyond the regular school year, a “day” means any day, Monday through Friday, exclusive of holidays.

B. Purpose

1. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems, which may, from time to time, arise. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.
2. Nothing herein contained will be construed as limiting the right of any professional employee having a grievance to discuss the matter informally with any appropriate member of the administration and having the grievance adjusted, provided the adjustment is consistent with the terms of this Contract.

C. Procedure

1. Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level shall constitute the maximum and every effort will be made to expedite the process. Time limits herein designated may be extended by mutual agreement between the Association and the Superintendent, or designee.
2. If a grievance is filed which might not be finally resolved at Level IV under the time limits set forth herein prior to the end of the school year, the time limits set forth herein may, by mutual agreement, be reduced so that the

grievance procedure will be concluded prior to the end of the school year, or as soon thereafter as is practicable.

3. A written grievance shall meet the following specifications:
 - a. It shall be specific.
 - b. It shall contain a synopsis of the facts giving rise to the violation or misinterpretation.
 - c. It shall contain the specific section of this Contract, which has allegedly been violated.
 - d. It shall state the relief requested.
 - e. It shall contain the date of the alleged violation.
 - f. It shall be signed by the grievant.
4. Whenever two (2) or more professional employees allege a common violation or misinterpretation of the terms of this Contract, they, and the District, may mutually agree to resolve said grievances by joining said grievances together as one grievance. Said grievance may be pursued by the grievants through final and binding arbitration, with the results binding on all the grievants.
5. If the District and the grievants agree to resolve the common grievances by joining the grievances together as one grievance, those professional employees joining their grievances together into one grievance shall notify the Superintendent, or designee, of such action, and the Superintendent, or designee, shall, within five (5) days of the receipt of such written notification, inform the professional employees involved, in writing, of an appropriate administrator who shall serve as the hearing officer at Level I. If the common grievances have progressed beyond Level I, and are then joined together as provided, then a hearing officer will be appointed at Level III.
6. The District and the grievant(s) may mutually agree to waive any level of the grievance procedure and proceed to the next higher level.
7. The grievance form shall be filed separately from the personnel file of the professional employee.

D. Level I

A grievance must be initiated within thirty (30) days following knowledge of the act or condition, which is the basis for the complaint. The professional employee shall present

his/her grievance to his/her principal or appropriate administrator in writing. The principal or appropriate administrator shall arrange for a meeting to take place within three (3) days following personal receipt of the grievance. The written grievance may be presented to and discussed with the principal or appropriate administrator by the grievant alone or, upon his/her request, by the grievant, the principal and a representative of the Association. The appropriate administrator shall provide the grievant and the Association with a written answer to the grievance within two (2) days after the meeting. Such answer shall include the reasons upon which the decision was based.

E. Level II

If the grievant is not satisfied with the disposition of his/her grievance at Level I, or if no decision has been rendered within four (4) days after the hearing, then, within three (3) days the grievance may be referred to the Superintendent or his/her designee. Within five (5) days of receipt of the appeal, the Superintendent or his/her designee shall arrange for a hearing with the grievant, who has the right to be accompanied by a representative of the Association. The parties in interest shall have the right to include in the representation such witnesses, as they deem necessary to develop facts pertinent to the grievance. Upon conclusion of the hearing, the Superintendent will have ten (10) days to provide a written decision, together with the reasons for the decision, to the grievant and the Association.

F. Level III

Within four (4) days following the written decision of the Superintendent or his/her designee, or if no decision has been rendered within ten (10) days following the hearing at Level II, the grievant may appeal his/her grievance to the Association. The Association shall arrange for a hearing with the grievant and a hearing committee appointed by the Executive Board of the Association of no less than three (3) members within five (5) days. Upon conclusion of the hearing, the president of the Association will have four (4) days to provide the Association's decision as to whether or not the grievance shall be referred to Level IV.

G. Level IV

1. If the hearing committee appointed by the Executive Board of the Association as provided for in Level III determines that the grievance should proceed to Level IV, the Association shall request arbitration in writing to the Superintendent, or designee, within eight (8) days following the deadline for a decision at Level III.
2. Within ten (10) days after such written notice of submission to arbitration, the Superintendent and the Association will attempt to agree upon a mutually acceptable arbitrator and to obtain a commitment from such arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the ten (10) day period, a request for a list of five (5) arbitrators shall be made to the Federal Mediation and Conciliation Service. Each party shall strike two names. The remaining name on the list shall serve as the arbitrator.

3. If a question arises as to arbitrability, such question will first be ruled upon by the arbitrator selected to hear the dispute.
4. Neither party shall be permitted to assert in the arbitration proceedings any evidence, which was not submitted to the other party before completion of Level III meetings.
5. The arbitrator selected will confer with the representatives of the District and the Association and hold hearings promptly. The arbitrator's decision will be in writing, unless mutually agreed otherwise, and will set forth his/her findings of fact, reasoning and conclusion on the issues submitted. The arbitrator shall have no power or authority to add to, subtract from, alter or modify the terms of this agreement. The decision of the arbitrator shall be submitted to the District and the Association and, subject to laws, shall be final and binding.
6. The costs for the services of the arbitrator, including per diem expenses, if any, and his/her travel and subsistence expenses, if any, and the cost of the hearing room, will be borne equally by the District and the Association. All other costs will be borne by the party incurring them.
7. The provisions of the Uniform Arbitration Act (Chapter 9, Title 7, Idaho Code) apply to this agreement.

H. Association Right When A Grievance Has Been Discontinued

The Association on its own may continue and submit to arbitration any grievance filed and later dropped by a grievant within ten (10) days of notification of the decision to discontinue the grievance, if the grievance has been processed through Level II.

Article XXIII – Savings Clause

Should any part of this agreement be found to be in conflict with federal or state law or regulation or any policy, rule, or regulation of either the State Board of Education or the State Department of Education, said portion or portions of this agreement shall be deemed invalid. Such other portions of the agreement which do not conflict with such laws, policies, rules, or regulations shall be valid and binding upon the parties to the agreement. Upon written request of either party, the parties, within thirty (30) days following the written request, will commence negotiation on the invalid provision and make a good faith effort to remedy the invalid provision.

Article XXIV – Agreement to Negotiate and Bargain Collaboratively

However, the parties agree that they will continue to bargain collaboratively on issues of concern to either party, including, but not limited to, the scope of this Agreement during the term of this Agreement at monthly meetings allocated for this purpose.

The provisions of this Agreement will be effective as of August 26, 2000 and will continue and remain in full force and effect until August 25, 2003, or until a successor agreement is ratified.

Statement of Intent

This article is intended to provide voluntary transfer relief to the professional employee who desires a transfer from his or her present position and assignment to another school site. It is understood that said employee has requested voluntary transfers in the past; however, for reasons beyond his or her control, he or she was not given a transfer to another school site.

In order to be eligible for an Extraordinary Voluntary Transfer, the professional employee must fulfill the criteria as outlined below. Eligibility Criteria:

1. The applicant must be a certificated employee of the District.
2. The applicant must be on a renewable contract.

Collaborative Agreement On

Collaborative Intervention: Principal or Teacher Initiated

Statement of Intent:

This article is intended to provide an avenue by which a building principal or a professional employee can request intervention from the Area Director or designee and the BEA president or designee to assist in resolving conflicts between a professional employee and the building principal. It is intended to be used when a personal conflict exists between the professional employee and the building principal. It is not appropriate to use this article when the teacher's performance is an issue (that is handled through the evaluation procedure). This article may not be used by a professional employee on intensive staff development or probation.

It is understood that both the principal and the professional employee must agree to use this article and must agree to any recommendations made by the Area Director and the BEA president as a result of the requested intervention. It is further understood that a recommendation may be a transfer for the professional employee to another building.

This article is not designed to supersede or supplant any other provisions of the Master Contract. It is understood that the term "teacher" or "professional employee" refers to any employee covered by the bargaining unit. The term "principal" refers to the building administrator.

Procedures:

1. The professional employee will contact the BEA president to initiate a possible intervention under this article. If the principal initiates the process, s/he will contact the appropriate Area Director. The BEA president and the Area Director will confer regarding the request for intervention.
2. The BEA president or designee and the Area Director or designee will contact the two parties (teacher and principal) and determine willingness of both parties to participate in the intervention process.
3. If both parties agree, they will sign an agreement to abide by the recommendations for resolution of the problem made by the Area Director and BEA president. If one or both parties do not agree to participate in the intervention process, the process will be terminated.
4. If an agreement to proceed is reached, the BEA president and Area Director will mediate a meeting or meetings between the principal and professional employee. The

subject matter of said meetings will not be entered into or become part of the parties' personnel files.

5. A reasonable time period will be determined in order for recommendations to be carried out.
6. Regularly scheduled follow-up (after recommendations are made) meetings will be held, if needed.
7. For any recommendation to transfer a professional employee to another site, said transfer should be a lateral move and, when possible, the professional employee will be given the choice of two or more building sites. Building sites, if any, will be determined by the Area Director or designee.
8. The recommendations made by the BEA president and Area Director are not subject to appeal, nor are they subject to the grievance procedure.
9. The Collaborative Intervention Process will sunset at the end of the 2002-2003 school year. It will then be reviewed by both negotiations teams, and a decision will be made to terminate, refine, or continue the provision.
