ARTICLE X
TRAINING AND APPRENTICE PROGRAM

Section 1. Apprentice Committee. MARBA and the Union shall create a Joint Apprenticeship Training Committee (JATC), consisting of three (3) management and three (3) Union appointees to draft a trust agreement, hire staff, develop apprenticeship standards and oversee implementation of the apprentice program. Employers requesting apprentices will be assigned an apprentice by the JATC from the available apprentice pool. The JATC can limit the number of apprentices to that which is adequate for current needs and which can be properly trained by the program. Employers may recall their laid off apprentices to work, provided that the Employer complies with the ratios set forth in Section 6. All apprentices must report their hours weekly to the JATC. All apprentices will be required to undergo testing by the JATC for the presence of illegal substances at the time they enter the apprentice program.

Section 2. In the event that the matter is not settled, the Union may file a written grievance, which shall be submitted to a Joint Grievance Committee (hereinafter the “JGC”) comprised of three (3) Employer representatives selected by MARBA and three (3) Union representatives selected by the Construction and General Laborers’ District Council of Chicago and Vicinity, which shall convene monthly. The JGC shall adopt its own rules of procedure. The Union must file the grievance within forty-five (45) days of the date of the occurrence giving rise to the grievance or when the affected employee knew or reasonably should have known of the existence of the grievance. Grievances not filed within the forty-five (45) day period are deemed waived and are not subject to being processed through this procedure. The determination of the JGC shall be governed by majority vote, provided that the Employer representatives and Union representatives shall have equal voting power. If decided by majority vote, the grievance determination and any relief determined to be appropriate shall be final and binding upon all parties. Laborers who prevail in their grievances shall be compensated for two (2) hours lost time to attend the JGC Grievance hearing. Grievances shall be dismissed if the grievant fails to appear at the scheduled hearing and no continuance is granted by the JGC.

Section 3. Section 2. Work on the job site, that has been traditionally and historically assigned by the Employer to its Laborer employees, may be subcontracted only to a person, firm or corporation which is signatory to a current labor agreement with the Union. This provision only applies to subcontracts let directly by the contractor and not subsequent tiers of subcontractors.
(a) Section 2 applies to work to be performed at the site of construction, alteration, painting and repair of a building, structure or other work, and shall not apply to the delivery and removal of materials, supplies and equipment to and from the job site or other work not performed directly on the job site.
(b) Further, Section 2 shall not be applicable to jurisdictional disputes. Therefore, if the dispute involves entities who are signatory to a contract with an AFL-CIO affiliated union, there can be no violation of Section 2.
(c) All disputes arising under Section 2 shall be resolved exclusively by resort to the grievance arbitration clause and in no event shall the Union strike or withdraw employees from the signatory contractor over alleged violations of Section 2. The Employer shall not be liable for the wages and fringe benefits owed by a subcontractor.
(d) Under Section 2, if the subcontractor does not sign an agreement with the Union, then the Employer upon receipt of a written notice from the Union sent by hand, mail or facsimile shall remove the subcontractor within forty-eight (48) hours. Notices received on Friday in any work week shall require the subcontractor to be removed no later than the close of business on the following Monday. Contractors who follow this procedure will be relieved of any liability under this Section 2.

Any employee who shall report for work because of the failure of the Employer to have notified him on the preceding day that there would be no work, shall be allowed two hours (2) show-up time. The Employer shall not be required to pay show-up time in such cases where the failure to put the workman to work is due to bad weather provided the Employer has notified the Employee by telephone or has required in writing, that the Employee call before he departs from home. **The Employer must provide a definite and available phone number and must post this provision on each job site.**

Section 2. Except in instances where prior notice is impossible because of causes beyond his control, a member of Local Unions shall, on the day preceding when he cannot report for work, notify the Employer of the fact or forfeit 2 hours pay.

Section 3. Whenever a workman shall start work, the employment shall not be for less than a period of four (4) continuous hours.

Section 4. Whenever a workman or regular Employee shall report for work at the stated starting time and is not put to work, but is requested by the employer to remain available at the job site, he shall be paid for such time he is asked by the Employer to remain at the job site from the starting time.

ARTICLE XX
CONTRACT DURATION

Section 1. This agreement shall remain in full force and effect until May 31, 2006. After May 31, 2001, this Agreement will automatically renew itself from year to year unless either party shall notify the other in writing at least sixty (60) days prior to the expiration date. strict chain of custody procedures.

IV. Rules - Disciplinary Actions - Grievance Procedures

1. Rules - All employees must report to work in a physical condition that will enable them to

the influence of a prohibited substance, for reasons of safety, the employee may be
suspended until test results are available. If no test results are received after three (3)
working days, the employee, if available, shall be returned to work with back pay. If the
test results prove negative, the employee shall be reinstated with back pay. In all other
cases:
   a. Applicants testing positive for drug use will not be hired.
   b. Employees who have not voluntarily come forward, and who test positive for drug
      use, will be terminated.
   c. Employees who refuse to cooperate with testing procedures will be terminated.

      a company vehicle, will be subject to termination.

3. Prescription Drugs - Employees using prescription medication which may impair the
performance of job duties, either mental or motor functions, must immediately inform their
supervisors of such prescription drug use. For the safety of all employees, the company
will consult with you and your physician to determine if a re-assignment of duties is
necessary. The company will attempt to accommodate your needs by making any
appropriate re-assignment. However, if a re-assignment is not possible, you will be
placed on temporary medical leave until released as fit for duty by a prescribed physician.

4. Grievance - All aspects of this policy and program shall be subject to the grievance
procedure contained in the applicable collective bargaining agreement.

V. Drug/Alcohol Testing

The parties to this policy and program agree that under certain circumstances, the
company will find it necessary to conduct drug and alcohol testing. While "random" testing is not
necessary for the proper operations of this policy and program, it may be necessary to require
testing under the following conditions:

a. A pre-employment drug and alcohol test may be administered to all applicants for
   employment. Employees recalled to work by an Employer, and employees referred to an
Employer by the Union who are requested to be tested, shall be compensated at their regular hourly rate of pay for the time required in such testing;

b. A test may be administered in the event a supervisor has a reasonable cause to believe that the employee has reported to work under the influence, or is or has been under the influence while on the job; or has violated this drug policy. During the process of establishing reasonable cause for testing, the employee has the right to request his on-site representative to be present;

c. Testing may be required if an employee is involved in a workplace accident/incident or if there is a workplace injury;

d. Testing may be required as apart of a follow-up to counseling or rehabilitation for substance abuse, for up to a one (1) year period.

Each employee will be required to sign a consent and chain of custody form, assuring proper documentation and accuracy. If an employee refuses to sign a consent form authorizing the test, ongoing employment by the company will be terminated.

Drug testing will be conducted by an independent accredited laboratory (National Institute on Drug Abuse and/or College of American Pathology), and may consist of either blood or urine tests, or both as required. Blood tests will be utilized for post accident investigation only.

The company will bear the costs of all testing procedures.
