STANDARD FORM OF UNION AGREEMENT

AIR CONDITIONING CONTRACTING
DIVISIONS OF THE
CONSTRUCTION INDUSTRY

Agreement entered into this 1st day of June, 1997 by
and between SMACNA, Metropolitan Detroit Chapter,
hereinafter referred to as the Employer, and Local Union
No. 80 of Sheet Metal Workers’ International Association,
hereinafter referred to as the Union for Wayne, Oakland,
Macomb, Washtenaw, St. Clair and Sanilac Counties.

ARTICLE I

Section 1. This agreement covers the rates of pay, and
conditions of employment of all employees of the employer
engaged in but not limited to the (a) manufacture, fabrica-
tion, assembling, handling, erection, installation, dis,
mantling, conditioning, adjustment, alteration, repairing
and servicing of all ferrous or nonferrous metal work and
all other materials used in lieu thereof and of all air-veyor
systems and air handling systems regardless of material
used including the setting of all equipment and all rein-
forcements in connection therewith; (b) all lagging over
insulation and all duct lining; (c) testing and balancing
of all airhandling equipment and duct work; (d) the
preparation of all shop and field sketches used in fabri-
cation and erection including those taken from original
architectural and engineering drawings or sketches, and
(e) all other work included in the jurisdictional claims of
Sheet Metal Workers’ International Association.

ARTICLE II

Section 1. No Employer shall subcontract or assign any
of the work described herein which is to be performed at
a job site to any contractor, subcontractor or other person
or party who fails to agree in writing to comply with the
conditions of employment contained herein including,
without limitations, those relating to union security,
rates of pay and working conditions, hiring and other mat-
ters covered hereby for the duration of the project.

Section 2. Subject to other applicable provisions of
this Agreement, the Employer agrees that when sub-
contracting for prefabrication of materials covered herein,
such prefabrication shall be subcontracted to fabricator who pay their employees engaged in such fabrication no less than the prevailing wage for comparable sheet metal fabrication, as established under provisions of this Agreement.

ARTICLE III

Section 1. The Employer agrees that none but journeyman and apprentice sheet metal workers shall be employed on any work described in Article I. And, further, for the purpose of proving jurisdiction, agrees to provide the Union with written evidence of assignment on the employer's letterhead for certain specified items of work to be performed at a job site prior to commencement of work at the site. List of such specific items, which may be revised from time to time, as agreed to by and between SMACNA and SMWIA, shall be provided to the employer.

ARTICLE IV

Section 1. The Union agrees to furnish upon request by the Employer, duly qualified journeyman and apprentice sheet metal workers in sufficient numbers as may be necessary to properly execute work contracted for by the Employer in the manner and under the conditions specified in this Agreement.

ARTICLE V

Section 1. The Employer agrees to require membership in the Union, as a condition of continued employment of all employees performing any of the work specified in Article I of this Agreement, within eight (8) days following the beginning of such employment or the effective date of this Agreement, whichever is the later, provided the Employer has reasonable ground for believing that membership is available to such employees on the same terms and conditions generally applicable to other members and that membership is not denied or terminated for reasons other than the failure of the employee to tender the periodic dues and initiation fee uniformly required as a condition of acquiring or retaining membership.

Section 2. If during the term of this Agreement the Labor-Management Relations Act of 1947 shall be amended by Congress in such manner as to reduce the time within which an employee may be required to
acquire union membership, such reduced time limit shall become immediately effective instead of and without regard to the time limit specified in Section 1 of this Article.

Section 3. The provisions of this Article shall be deemed to be of no force and effect in any state, to the extent to which the making or enforcement of such provision is contrary to law. In any state where the making and enforcement of such provision is lawful only after compliance with certain conditions precedent, this Article shall be deemed to take effect as to involved employees immediately upon compliance with such conditions.

ARTICLE VI

Section 1. The regular working day shall consist of eight (8) hours labor in the shop or on the job between eight (8) a.m. and five (5) p.m. and the regular working week shall consist of five (5) consecutive eight (8) hour days labor in the shop or on the job, beginning with Monday and ending with Friday of each week. All full time or part time labor performed during such hours shall be recognized as regular working hours and paid for at the regular hourly rate. Except as otherwise provided pursuant to Section 4 of this Article, all work performed outside the regular working hours and performed during the regular work week shall be at (See Addendum Section 17) times the regular rate.

Employees shall be at the shop or project site at scheduled starting time each day and shall remain until quitting time.

Section 2. New Year's Day, Decoration Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day or days locally observed as such, and Sunday shall be recognized as holidays. All work performed on holidays shall be paid at the rate of double time.

Section 3. It is agreed that all work performed outside of regular working hours during the regular work week and on holidays shall be performed only upon notification by the Employer to the local union in advance of scheduling such work. Preference to overtime and holiday work shall be given to men on the job on a rotation basis so as to equalize such work as nearly as possible.
Section 4. Shift work and the pay and conditions therefor shall be only as provided in written addendum attached to this Agreement. Energy conservation-Retrofit work performed outside the regular work day in occupied buildings shall be performed under shift work conditions to be established by the local parties or by the National Joint Adjustment Board on the request of either party, if not locally provided.

ARTICLE VII

Section 1. When employed in a shop or on a job within the limits of (See Addendum Sections 16, 17 and 18) employees shall be governed by the regular working hours specified herein and shall provide for themselves necessary transportation within the said limits from home to shop or job at starting time and from shop or job to home at quitting time, and the Employer shall provide, or pay, for all necessary additional transportation during working hours.

Section 2. When employed outside of the limits specified in Section 1 of this Article, and within the jurisdiction of the Union, employees shall provide transportation for themselves which will assure their arrival at the limits specified in Section 1 of this Article at regular starting time, and the Employer shall provide or pay for all additional transportation for such jobs, including transportation from such job back to the limits specified in Section 1 of this Article which will assure arrival at such limits at quitting time. As an alternative to the foregoing method, travel expense may be paid by a zone or other method of payment. If this alternative method is used, it will be as provided in a written addendum attached hereto.

ARTICLE VIII

*SEE ADDENDUM SECTION #31P

Section 1. The minimum rate of wages for journeymen sheet metal workers covered by this Agreement when employed in a shop or on a job within the jurisdiction of the Union to perform any work specified in Article I of this Agreement shall be (See Addendum Section 4 & Appendix A attached) per hour, except as hereinafter specified in Section 2 of this Article.

4
Section 2 (a). On all work specified in Article I of this Agreement, fabricated and/or assembled by journeymen sheet metal workers and/or apprentices within the jurisdiction of this Union, or elsewhere, for erection and/or installation within the jurisdiction of any other Local Union affiliated with Sheet Metal Workers' International Association, whose established wage scale is higher than the wage scale specified in this Agreement, the higher wage scale of the job site Union shall be paid to the journeymen employed on such work in the home shop or sent to the job site.

Section 2 (b). In the event that the Employer does not comply with 2 (a) above, the difference between the rate paid and the rate established under this Agreement shall be paid each month to Sheet Metal Workers Local 80 Insurance Fund.

Section 2 (c). As respects any such material or equipment referred to in 2 (a) above delivered to a job site within the jurisdiction of Local 80, the shipment shall be accompanied by a voucher on a form provided by the Local Union which shall be provided to the steward on the job and shall contain the following information: (1) a list of each separate item contained in the shipment; (2) with respect to each item, the number of hours expended in its manufacture, assembly or fabrication and the hourly rate, wages plus all fringe benefits, paid for the labor expended in such manufacture, assembly or fabrication; (3) the situs where the material or equipment was manufactured, assembled or fabricated.

Section 2 (d). Certified Payroll: Contractors having material fabricated and/or assembled outside the jurisdiction of Sheet Metal Workers Local 80 ("Union") for installation within the jurisdiction of the Union shall furnish postmarked no later than four working days after the close of each payroll period, to the Union and SMACNA Detroit, a declaration under penalty of perjury executed by a Licensed Public Accountant or a Certified Public Accountant, specifying the hours worked straight time and overtime and net amount of fringes paid and the person or entity to whom paid to prove the wage scale specified in Article II, Section 2 and Article VIII, Section 1 and 2 of the Standard Form of Union Agreement, has been paid for such fabrication. Employers may also use for Certified Payroll purposes the “Shop Fabrication Cer-
tified Payroll Form” approved by the Union and the Association.

Section 2 (e). The Employer agrees to furnish any and all information requested by the Local Union and to submit to an audit of all of its books and records for the purposes of verification of information requested of, or provided by, the Employer. Said audit may be conducted either by the Local Union or the Sheet Metal Workers Local 80 Insurance Fund.

Section 3. The provisions of Section 2 of this Article, Section 2 of Article II and Section 1 of Article III shall not be applicable to the manufacture for sale to the trade or purchase of the following items:

1. Ventilators
2. Louvers
3. Automatic and fire dampers
4. Radiator and air conditioning unit enclosures
5. Fabricated pipe and fittings for residential installations and light commercial work as defined in the locality
6. Mixing (attenuation) boxes
7. Plastic skylights
8. Air diffusers, grilles, registers
9. Sound attenuators
10. Chutes
11. Double-wall panel plenums
12. Angle rings
13. Production catalog items if made under a Collective Bargaining Agreement with SMWIA affiliates as defined locally.

Section 4. The provisions of Section 2 of this Article shall not be applicable to AIR POLLUTION CONTROL SYSTEMS fabricated for the purpose of removing air pollutants, excluding air conditioning, heating and ventilating systems. In addition, the provisions of Section 2 of this Article will not be applicable to the manufacture of spiral pipe and fittings for high pressure systems.
Section 5. Except as provided in Sections 2 and 6 of this Article, the Employer agrees that journeymen sheet metal workers hired outside of the territorial jurisdiction of this Agreement shall receive the wage scale and working conditions of the local Agreement covering the territory in which such work is performed or supervised.

Section 6. When the Employer has any work specified in Article I of this Agreement to be performed outside of the area covered by this Agreement and within the area covered by another Agreement with another union affiliated with the Sheet Metal Workers' International Association, and qualified sheet metal workers are available in such area, he may send no more than two (2) sheet metal workers per job into such area to perform any work which the Employer deems necessary, both of whom shall be from the employer's home jurisdiction. All additional sheet metal workers shall come from the area in which the work is to be performed. Journeymen sheet metal workers covered by this Agreement who are sent outside of the area covered by this Agreement shall be paid at least the established minimum wage scale specified in Section 1 of this Article but in no case less than the established wage scale of the local agreement covering the territory in which such work is performed or supervised, plus all necessary transportation, travel time, board and expenses while employed in that area, and the Employer shall be otherwise governed by the established working conditions of that local Agreement. If employees are sent into an area where there is no local Agreement of the Sheet Metal Workers' International Association covering the area then the minimum conditions of the home local union shall apply.

Section 7. In applying the provisions of Sections 2, 5, and 6 of this Article VIII, the term “wage scale” shall include the value of all applicable hourly contractual benefits in addition to the hourly wage rate provided in said Sections.

Section 8. Welfare benefit contributions shall not be duplicated.

When sheet metal workers are employed temporarily outside the jurisdiction of their home local union, the parties signatory to this Agreement agree to arrange through the Health & Welfare Trust Fund to transmit health and welfare contributions made on behalf of the employee to
the Health and Welfare Fund in the employee's home local union.

The parties to this Agreement agree to establish a system for continuing health and welfare coverage for employees working temporarily outside the jurisdiction of the local collective bargaining agreement when health and welfare contributions are transmitted on their behalf by trust funds from other areas.

Section 9. Wages at the established rates specified herein shall be paid optional in the shop or on the job at or before quitting time on an optional day of each week, and no more than two (2) days' pay will be withheld. However, employees when discharged, shall be paid in full. (See addendum Section 25.)

Section 10. Journeymen sheet metal workers, who report for work by direction of the Employer and are not placed at work, shall be entitled to two (2) hours' pay at the established rate. This provision however shall not apply under conditions over which the Employer has no control.

Section 11. Each Employer covered by this Agreement shall employ at least one (1) journeyman sheet metal worker who is not a member of the firm on all work specified in Article I of this Agreement.

Section 12. Effective as of the date of this Agreement the employers will contribute where applicable (see Appendixes A and B) to the National Training Fund for the Sheet Metal and Air Conditioning Industry nine cents ($0.09) per hour for each hour worked by each employee of the employer covered by this Agreement. Payment shall be made on or before the 20th day of the succeeding month and shall be remitted as designated by the Trustees of the Fund, or for purposes of collection and transmittal through First of America Bank Southeast.

Section 13. Effective as of the date of this Agreement the employers will contribute where applicable (see Appendixes A and B) to the National Energy Management Institute Committee, a jointly administered trust fund, three cents ($0.03) per hour for each hour worked by each employee of the employer covered by this Agreement. Payment shall be made on or before the 20th day of the succeeding month and shall be remitted as designated by the
Trustees of the Fund, or for the purposes of collection and transmittal through First of America Bank Southeast.

Section 14. Effective as of the date of this Agreement the employers will contribute where applicable (see Appendixes A and B) to the National Pension Fund, a jointly administered trust fund, sixty cents ($0.60) per hour for each hour worked by each employee of the employer covered by this Agreement. Payment shall be made on or before the 20th day of the succeeding month and shall be remitted as designated by the Trustees of the Fund, or for the purposes of collection and transmittal through the Sheet Metal Workers National Benefits Fund.

The parties agree to be bound by the Agreement and Declaration of Trust establishing said Funds and amendments thereto as may be made from time to time and hereby designate as their representatives on the Board of Trustees such Trustees as are named, together with any successors who may be appointed pursuant to said agreement.

ARTICLE IX

Section 1. Journeyman and apprentice sheet metal workers covered by this Agreement shall provide for themselves all necessary hand tools.

Section 2. Journeyman and apprentice sheet metal workers covered by this Agreement shall not be permitted or required as a condition of employment to furnish the use of automobile or other conveyance to transport men, tools, equipment or materials from shop to job, from job to job, or from job to shop; facilities for such transportation to be provided by the Employer. This provision shall not restrict the use of an automobile or other conveyance to transport its owner and personal tools from home to shop or job at starting time or from job to home at quitting time.

ARTICLE X

Section 1. Grievances of the Employer or the Union, arising out of interpretation or enforcement of this Agreement, shall be settled between the Employer directly involved and the duly authorized representative of the Union, if possible. An Employer may have the local Association present to act as his representative.
To be valid, grievances must be raised within thirty (30) calendar days following the occurrence giving rise to the grievance, or, if the occurrence was not ascertainable, within thirty (30) calendar days of first knowledge of the facts giving rise to the grievance.

Section 2. Grievances not settled as provided in Section 1 of this Article may be appealed by either party to the Local Joint Adjustment Board having jurisdiction over the parties and such Board shall meet promptly on a date mutually agreeable to the members of the Board, but in no case more than fourteen (14) calendar days following the request for its services, unless the time is extended by mutual agreement of the parties, to render a final and binding determination, except as provided in Sections 3 and 5 of this Article. The Board shall consist of an equal number of representatives of the Union and of the local Employers' Association and both sides shall cast an equal number of votes at each meeting. The local Employers Association on its own initiative may submit grievances for determination by the Board as provided in this Section. (Except in the case of a deadlock, a decision of a Local Joint Adjustment Board shall be final and binding.)

Notice of appeal to the Local Joint Adjustment Board shall be given within thirty (30) days after termination of the procedures prescribed in Section 1 of this Article, unless the time is extended by a mutual agreement of the parties.

Section 3. Grievances not disposed of under the procedure prescribed in Section 2 of this Article, because of a deadlock, or failure of such Board to act, may be appealed jointly or by either party to a Panel consisting of one (1) representative appointed by the Labor Co-Chairman of the National Joint Adjustment Board and one (1) representative appointed by the Management Co-Chairman of the National Joint Adjustment Board. Appeals shall be mailed to the National Joint Adjustment Board. (Copies of the procedures may be obtained from the National Joint Adjustment Board at P. O. Box 220956, Chantilly, Virginia 22022-0956.) Notice of appeal to the Panel shall be given within thirty days after termination of the procedures prescribed in Section 2 of this Article. Such Panel shall meet promptly but in no event more than fourteen (14) calendar days following receipt of such appeal, unless such time is extended by mutual agreement.
of the panel members. Except in case of deadlock, the decision of the Panel shall be final and binding.

Notwithstanding the provisions of Paragraph 1 of this Section, a contractor who was not a party to the labor agreement of the area in which the work in dispute is performed may appeal the decision of the Local Joint Adjustment Board, including a unanimous decision, and request a Panel hearing as set forth in Section 3 of this Article, providing such appeal is approved by the Co-Chairmen of the National Joint Adjustment Board.

Section 4. Grievances not settled as provided in Section 3 of this Article may be appealed jointly or by either party to the National Joint Adjustment Board. Submissions shall be made and decisions rendered under such procedures as may be prescribed by such Board. Appeals to the National Joint Adjustment Board shall be submitted within thirty (30) days after termination of the procedures described in Section 3 of this Article.

Section 5. A local Joint Adjustment Board, Panel and the National Joint Adjustment Board are empowered to render such decisions and grant such relief to either party, as they deem necessary and proper, including awards of damages or other compensation.

Section 6. In the event of non-compliance within thirty (30) calendar days following the mailing of a decision of a Local Joint Adjustment Board, Panel or the National Joint Adjustment Board, a local party may enforce the award by any legal means including proceedings in a court of competent jurisdiction in accord with applicable state and federal law. The prevailing party in litigation to enforce an award shall be entitled to its costs and attorney's fees in addition to such other relief as is directed by the courts.

Section 7. Failure to exercise the right of appeal at any step thereof within the time limit provided therefor shall void any right of appeal applicable to the facts and remedies of the grievances involved. There shall be no cessation of work by strike or lockout during the pendency of the procedures provided for in this Article. Except in case of deadlock, the decision of the National Joint Adjustment Board shall be final and binding.
ARTICLE XI

Section 1. All duly qualified apprentices shall be under the supervision and control of a Joint Apprentice and Training Committee composed of eight (8) members, four (4) of whom shall be selected by the Employer, and four (4) by the Union, one of whom shall be the Business Manager of Local 80. Said Joint Apprentice and Training committee shall formulate and make operative such rules and regulations as they may deem necessary and which do not conflict with the specific terms of the Agreement, to govern eligibility, registration, education, transfer, wages, hours, working conditions of duly qualified apprentices and the operation of an adequate apprentice system to meet the needs and requirements of the trade. Said rules and regulations when formulated and adopted by the parties hereto shall be recognized as part of this Agreement.

Section 2. The Joint Apprentice and Training Committee designated herein shall serve for the life of this Agreement, except that vacancies in said Joint Apprentice and Training Committee caused by resignation or otherwise, may be filled by either party hereto, and it is hereby mutually agreed by both parties hereto, that they will individually and collectively cooperate to the extent that duly qualified apprentices be given every opportunity to secure proper technical and practical education experience in the trade, under the supervision of the Joint Apprentice and Training Committee.

Section 3. It is hereby agreed that the Employer shall apply to the Joint Apprentice and Training Committee and the Joint Apprentice and Training Committee shall grant apprentices on the basis of one (1) apprentice for each three (3) journeymen regularly employed throughout the year. Provided, however, that the ratio for employers engaged in solar, retrofit or energy-related work shall be one (1) to three (3). The employer shall contact the Apprenticeship School when requesting apprentices and the Apprenticeship School shall directly assign the apprentices to the employers.

Section 4. All applicants for apprenticeship shall be between the ages of seventeen (17) and twenty-three (23) years of age and each apprentice shall serve an apprenticeship of four (4) years if indentured May 31, 1991 or before and five (5) years if indentured June 1, 1991 or after
and such apprentices shall not be put in charge of work on any job and shall work under the supervision of a journeyman until apprenticeship terms have been completed and they have qualified as journeymen. (See Appendix A.)

Section 5. A graduated wage scale for apprentices shall be established and maintained on the following percentage basis of the established wage rate of journeymen sheet metal workers: (See Appendix A.)

**ARTICLE XII**

Section 1. This Agreement and Addenda Numbers I, Sections 1-37 and Addendum II, Sections 1-7 attached hereto shall become effective on the first day of June, 1997, and remain in full force and effect until the 31st day of May, 2004 and shall continue in full force from year to year thereafter unless written notice of reopening is given not less than ninety (90) days prior to the expiration date. In the event such notice of reopening is served, this Agreement shall continue in force and effect until negotiations relating thereto have been terminated by either party, or May 31, 2004 whichever is later; provided, however, if the parties are unable to reach agreement, any unsettled issue shall, upon the request of either party, be submitted to the determination of an impartial arbitrator whose determination shall be final and binding upon the parties. The arbitrator shall be selected by the parties or, if they are unable to agree, in accordance with the rules and procedures of the American Arbitration Association. The arbitrator shall be authorized to resolve any outstanding issue based upon the “final offer position” of either party, which position shall be submitted in writing and shall be designated by each party as its “final offer position”. The arbitrator shall be empowered to select the final offer position of either party, as he shall deem appropriate. He shall not be authorized to modify, amend, or compromise the positions of the parties in any respect; provided further, however, the arbitrator shall not be empowered to decide
between the positions of the parties on any non-mandatory subject of bargaining. The fees and expenses of the arbitrator shall be borne equally by both parties. Section 2. If, pursuant to federal or state law, any provision of this agreement shall be found by a court of competent jurisdiction to be void or unenforceable, all of the other provisions of this agreement shall remain in full force and effect.

Section 3. Notwithstanding any other provision of this Article, or any other Article of this Agreement, whenever an amendment to the Standard Form of Union Agreement shall be adopted by the National Joint Labor Relations Adjustment Committee, any party to this Agreement, upon the service of notice to all other parties hereto, shall have this Agreement reopened thirty (30) days thereafter, for the sole and only purpose of attempting to negotiate such amendment or amendments into this Agreement for the duration of the term hereof. There shall be no strike or lockout over this issue.

In witness whereof, the parties hereto affix their signatures and seal effective this 1st day of June 1997.

ADDENDUM I TO THE
STANDARD FORM OF UNION AGREEMENT

Section 1. STANDARD AND UNIFORM
CONTRACT

A. This Agreement shall be the Standard and Uniform
Written Labor Agreement embodying the terms and con-
ditions of employment of apprentices and journeymen by
all members of the Association and other signatory
Employers performing sheet metal work in the building
and construction industry, excluding production shop
work. Where there is a conflict with the provisions of
Addendum I and II with the Standard Form of Union
Agreement, provisions of Addendum I and II shall super-
sede the provisions of the Standard Form of Union Agre-
ement.

Section 2. ASSOCIATION RECOGNITION

A. The Union recognizes the Association as the primary
bargaining agent within the geographical jurisdiction of
the Union pertaining to all sheet metal work performed
in the building and construction industry, excluding pro-
duction shop work, and as the exclusive bargaining agent
for all of its members and other contractor firms from
whom it has a power of attorney.

B. It is understood and agreed that the Association is
acting only as agent for those Employers who have
authorized it so to act; and in no event shall it be bound
as principal or be held liable for damages for any breach
of this Agreement by any of the Employers for whom it
is acting.

C. Further, the Union agrees that it shall not negoti-
ate or conclude a contract with an individual Employer
while such Employer is represented by the Association as
its bargaining representatives.

Section 3. MANAGEMENT RIGHTS

A. The Employer shall retain the sole right to manage
his business and direct his work force; to supervise
the work of his employees in scheduling all construction
work; to judge the satisfactory performance of his employ-
ees without discrimination and to select and utilize tools
and fabricating equipment in the shop and on the job site.
To maintain order and efficiency on the job site including the right to hire, assign, transfer and direct his workforce; subject to Section 27 - Stewards.

To determine the number of hours worked both in the shop and field; to determine the starting and quitting time of the employees; subject to regulations and restrictions imposed in Article VI, Sections 1, 2, 3 and 4 of the Standard Form of Union Agreement, and Section 16, A, B, C and D of the Addendum of the Standard Form of Union Agreement; to reserve the sole right to schedule the shipment of all goods which are covered by this Agreement, subject to such regulations and restrictions governing the exercise of these rights as are expressly provided in this Agreement:

Provided, however, the Employer agrees it will not schedule shipment of any goods covered by this agreement to the job site unless and until the Employer has employees working at that job site.

C. The Trustees of the Joint Apprenticeship Fund shall, during the term of this Agreement, operate an Apprentice and Journeyman Training School which shall have training facilities sufficient to provide for the schooling, training or re-training of apprentices and journeymen working in the area now and in the foreseeable future.

Section 11. FUND MISCELLANY

A. In the event an employer who is signatory to the Agreement shall fail to make any payments to, or violate any of the lawful rules and regulations or trust agreement of the Apprentice, Insurance, Pension, Annuity, Supplemental Unemployment Benefit Funds or of the employee holiday, vacation and savings program, hereinafter collectively called the "Joint Funds," the Board of Trustees of any of the Funds may request the Union to strike such delinquent Employer and such action taken by the Union shall not be a violation of this agreement and shall be expressly excepted from the provision and requirements of the Grievance Procedure provided for in this Agreement.

B. The Union agrees that it shall engage in a strike against any Employer who has violated the rules and regulations or agreements of trust of any of the Joint Funds when such action is requested in writing from any of the Boards of Trustees of such Funds. Failure by the Union to act upon a written request of any of the Trustees as provided herein shall constitute a violation of this Agreement by the Union.

C. The Union likewise agrees that it shall engage in a strike against any Employer who is delinquent in his contributions to any of the Joint Funds as hereinafter provided. In the event of an Employer's delinquency, the Administrator of the Fund to which the Employer is delinquent shall notify one designated Employer Trustee and one designated Union Trustee of such delinquency. Upon receipt of this notification, the Union designated Trustee, after consultation and agreement with the Employer designated Trustee, shall immediately cause a certified letter to be mailed to said delinquent Employer advising in that unless all delinquent contributions,
including all late charges as hereinafter provided, are made prior to 2:30 P.M. on the third working day after notification, the Union shall engage in a strike against such Employer. If the delinquency of an Employer fails to be corrected as hereinafter prescribed, the Union shall then strike such Employer.

D. It is expressly understood that nothing contained in this Section shall deny the Trustees of any of the Funds the right to pursue whatever legal remedies are available to the respective Trustees to collect delinquent contributions or otherwise enforce their rules, regulations and trust agreement provisions. The pursuit of such legal remedies by the Trustees shall not render any of the other provisions of the Section inoperative.

E. Each Employer hereby agrees to provide for inspection and audit upon request duly authorized by the Trustees of any of the Joint Funds, such books and records as may be necessary to determine whether the Employer is making all payment and contributions required by this Agreement. In the event that the audit shall reveal a deficiency in the Employer's payments and contributions, the cost of the audit shall be borne by the Employer, but in no case shall the Employer cost of the audit exceed the amount of the deficiency.

The Employer shall agree to provide the following records:

1. Internal Revenue forms 940, 941, 1099 and 1096, payroll data and workers compensation records
2. State of Michigan form #1020
3. Time cards and other payroll data
4. General Ledger
5. Workers Compensation audits
6. Any and all other records that may be applicable to the audit

F. The Association and the Union agree to authorize and direct, and hereby do authorize and direct, the Trustees appointed by each of them to draft and execute trust instruments and all other necessary documents and instruments to enable the Joint Funds to receive contributions and to operate as Trust Funds. Each employer further agrees to be bound by the terms, conditions and pro-
visions of the trust agreements, and any subsequent amendments to be drafted and executed by the Trustees hereinbefore referred to, and by all lawful rules and regulations adopted by these Trustees.

G. In the event that there should be only a partial recovery of payments owing to any of the joint Funds, the Employer's security deposit plus the amount of any partial collections shall be allocated on the basis of the following priorities: (1) fringe benefits funds, prorata; (2) unpaid wages; (3) amounts owing to the Employee Holiday, Vacation and Savings Program.

Section 12. SECURITY DEPOSIT

A. The parties are mindful that heretofore there have been instances of Employers in the sheet metal industry who have defaulted in the payment of certain fringe benefit payments to the detriment of employees. In consideration of this and the fact that an Employer's failure to list one of his employees in his insurance contributions could result in a loss of $30,000 to beneficiaries of such an employee in the case of an accidental death, the parties agree that each Employer signatory to this agreement who has not within the past year of this date been a party to an agreement with the Union shall deposit in a guarantee account as hereinbefore provided in a cash security deposit to secure and guarantee the payments required to be made to any and all of the Joint Funds. The amount required to be deposited shall be Three Thousand Seven Hundred Dollars ($3,700) per employee.

An Employer required to post a security deposit may elect, in lieu thereof, to pay its fringe benefits on a weekly basis. In such event, submission of the weekly contribution form and remittance of payment shall be made together no later than three (3) working days following the end of the employer's weekly pay period. The exact day for submission of such weekly contribution will be established and recorded by the Local Joint Adjustment Board for each Employer paying its fringe benefit payments on a weekly basis. In the event that fringe benefits payments of an employer paying on a weekly basis are not received on the due date, the Union shall have the right to strike upon receipt of approval from the Employer designated Trustee and twenty-four (24) hours notice to the Employer.
B. In the event that an Employer who is not required to have a cash deposit or pay its fringe benefits on a weekly basis as provided for herein is deemed to be delinquent in its contributions to any of the Joint Funds, the Joint Adjustment Board shall be authorized and empowered to require such delinquent Employer to post a cash deposit in an amount as set forth in the foregoing schedule and/or require that such delinquent Employer pay its fringe benefits on a weekly basis, as in its judgment circumstances shall warrant. In the event of the refusal of such delinquent Employer to comply with the directive of the Local Joint Adjustment Board in requiring the Employer to post a cash bond or pay its fringe benefits on a weekly basis, the union shall after three days written notice, strike said employer until such time as the Employer complies with the strike directive of the Local Joint Adjustment Board. Such strike action taken by the union shall not be a violation of this Agreement and shall be expressly excepted from the provision and requirements of the grievance procedure provided for in this Agreement. It is expressly understood that this provision is not meant to substitute or reduce any other authority conferred upon the Joint Adjustment Board under this Agreement.

C. The average number of employees for purposes of this paragraph shall be determined on the basis of the six month period May 1, through October 31 of the preceding calendar year and shall be computed by dividing the total number of employees appearing on the payroll for this period by the number of weeks that employees covered by this Agreement appeared on said payroll. Determination of the average number of employees of new Employers in the area for purposes of this paragraph shall be on the basis of a reasonable estimate and shall be adjusted from time to time.

D. The guarantee account shall be administered by the Union and Employer representatives of the Joint Adjustment Board, which Board shall always be comprised of an equal number of Union and Employer representatives. This Board shall be empowered to hear claims against the security deposit of an Employer, and the decision of the Joint Adjustment Board shall be by majority vote.

E. The Joint Adjustment Board representatives shall be authorized immediately to apply against the sum deposited any delinquency which the Employer permits
to occur in payments as set forth in Paragraph A above or any cost of collection charge imposed pursuant to Section 12(B) hereof.

F. The obligations of each Employer hereunder shall be deemed to include any delinquency charges as provided for in Section 12(B) of this Agreement.

G. Should it be necessary to levy upon this security deposit of any Employer to secure performance of obligations imposed herein, that Employer shall be required to either deposit additional sums of money within seventy-two (72) hours so that his deposit shall be restored to the amount required in the schedule set forth in Paragraph A above or his contract may be cancelled as shall be determined by the Joint Adjustment Board.

H. The Union shall not be required to furnish employees to any Employer failing to fulfill its obligations under this Section.

I. No claims may be asserted and paid from deposits made hereunder for any obligations of any Employer accruing during any period prior to the effective date of this Agreement.

J. Notwithstanding any other provision of this Section, the Joint Adjustment Board shall waive requirements for a security deposit with respect to:

1. Any Employer whose deposit remains continuously at the level herein specified without withdrawal by the Joint Adjustment Board for a period of three years or more.

2. Any out-of-town Employer who has completed his work within the jurisdiction of the Union.

K. In the event it should be necessary for the Union to conduct a strike against an Employer pursuant to the provisions of Paragraph (A) or (B) of this Section or Paragraph (B-2) of Section 12 or Section 4D, the Employer shall be required to pay to each of its employees for each day that he is required to continue on strike eight (8) hours pay including full fringe benefits. No Employer, however, shall be required to pay more than three (3) days pay to any of its employees on strike as provided herein, on each occasion that it is struck.

L. A security deposit must firstly be used to cover all fringe benefits funds obligations. If the security deposit
is insufficient for such purpose, it shall be paid to the fringe benefits funds on a prorata basis. If after the payment to all fringe benefits funds, there exists remaining amounts in the security deposit of a particular Employer, such excess shall be used to pay any outstanding wage claims including up to three days strike pay in full or on a percentage basis if insufficient.

Section 13. CONTRIBUTION FORM

A. There shall be one (1) Contribution Form on which the Employer shall report the contribution payments for all of the Funds. Remittance of payment for all Funds shall be made with one check or draft payable to one bank depository to be agreed upon by the respective Trustees of the Funds. The Contribution Form shall be submitted in sufficient number to provide a copy of same to each of the negotiated Funds, the bank depository and the Union and shall contain the employees’ names, hours worked, rate of pay, wage earnings and the amount of payment to each negotiated Fund.

B. Submission of the Contribution Form and remittance of payment shall be made together as follows:

(1) Contribution Forms mailed shall bear a postmark not later than the 20th day of the month succeeding the month in which contributed upon hours were worked or wages were earned (postal machine dated mail shall not be pre-dated): Employer shall be required to submit a contribution form on a monthly or weekly basis, whichever is applicable whether or not they had any employees during such period.

Section 36. RESOLUTION 78

In order to assist employers having collective bargaining agreements with Sheet Metal Workers International Association, Local Union 80 to capture work that would be obtained by non-union contractors because of the differential in wage rates and fringe between the competing contractors, this Local Union will establish the following procedures which are to be applicable solely and exclusively in those instances wherein one or more of our
contractors is bidding a job against one or more non-union contractors.

A. Prior to bidding, the employer must notify the business manager of Sheet Metal Workers Local Union 80 of the amount of relief that is required in order to obtain or capture work in question. In the absence of the business manager, the business agent of the area shall assume the functions hereunder. Relief must be given in true non-union bidding situations. Unemployed apprentices, residential and production workers shall be utilized.

B. The amount of assistance to be given to the employer shall be based upon the necessary monetary relief the employer will require in order to effectively compete.

C. All employees on these jobs shall be paid full wages and fringes applicable to the collective bargaining agreement under which he or she works.

D. Relief granted hereunder is on a job only basis and such relief ceases automatically upon completion of the job. Any employee utilized in the relief process will be laid off.

E. The relief granted will be for installation only and shall not include work involved in shops.

F. The employer must agree not to discriminate against any person with respect to hiring, compensation, terms or conditions of employment because of such individual's race, color, religion, sex, national origin, age or disability.

G. In the event an employer uses any method whatsoever in a manner which is inconsistent with the intent of this procedure and violates the purpose thereof in either form or substance, such employer shall under no circumstances be given assistance hereunder in the future. It is to be understood that whether such a violation has occurred or not, will be in the sole and exclusive judgment of the business manager of Sheet Metal Workers Local Union 80.

H. Use of these procedures shall be the sole responsibility of the contractors both in applying for relief and providing proper information. The union shall have no duty other than to process applications in accordance herewith.

I. These procedures may be unilaterally cancelled by the Union at any time by written notice of such intent to SMACNA Metropolitan Detroit Chapter at least 60 days
prior to the cancellation date. All relief granted prior to the cancellation date will be continued until completion of the specific jobs.

J. No aspect of this plan of any nature whatsoever shall be subject to any arbitration process in the collective bargaining agreement or otherwise. The Union shall have no obligation to anyone to recognize any complaint against these procedures and has no obligations except what it undertakes.

K. There is hereby established a committee to be composed of two representatives of the employers and two representatives from the union. Each party will designate its representatives. The committee shall meet no less than once every two months. The committee shall have no decision making authority but its members will report back to their respective memberships of the progress occurring hereunder.

We are agreeable to this action in order to provide our employers and members with every opportunity we can to capture work that we are losing because of the lower wage structures of others. It must be clear that this procedure is to be utilized solely when one or more of our signatory employers is competing in bidding against a non-union employer(s). Under no other circumstances will this procedure or any provision therein have any applicability whatsoever.

This Addendum effective this 1st day of June 1997, shall remain in full force and effect for the duration of the basic Agreement.
