AGREEMENT

This Agreement is made between IBP, Dakota Dunes, South Dakota, for its Waterloo, Iowa, plant (hereinafter referred to as the Company) and the United Food and Commercial Workers International Union AFL-CIO & CLC (hereinafter referred to as the Union), on behalf of its Local Union, 431.

ARTICLE 1
PURPOSE OF AGREEMENT

Section 1: It is the intent and purpose of the parties hereto that this Agreement shall promote and improve the industrial and economic relationships between the Company, the Union, and its members as set forth herein; and to set forth herein rates of pay, hours of work, and other conditions of employment to be observed between the parties hereto.

Section 2: It is recognized by both parties that they have mutual interest and obligation in maintaining friendly cooperation between the Company and the Union, which will permit safe, economical, and efficient operation of the plant.

ARTICLE 2
RECOGNITION

IBP, inc., hereby recognizes the United Food and Commercial Workers International Union and Local 431 as the sole and exclusive bargaining agency for employees in the bargaining unit which includes Production and Maintenance employees at the Company's Waterloo, Iowa facility, but excluding all office clerical and storeroom employees, nurses, buyers, salesman, professional employees, quality control, guards, office janitor, computer technicians, electronic technicians, knife room operators, orientation trainers, box clerk, manifestors, waste treatment operators, livestock handlers (except those included), management support positions, and supervisors, as defined in the Act.

ARTICLE 3
AUTHORIZED DUES DEDUCTIONS

Section 1: The Company will withhold from the employee's pay such amounts as he shall authorize in writing as provided by Iowa law for Union dues and the same shall be remitted to the financial secretary of the Local Union marked for deposit only.

Section 2: Neither the Union, its officers, nor its members shall intimidate or coerce employees to cause them to join the Union; nor shall the Company discourage Union membership.
Section 3: The Union agrees to indemnify and save the Company harmless against any and all claims, suits or other forms of liability arising out of the deduction of money for Union dues, assessments, and initiation fees from a member's pay.

ARTICLE 4
NON-DISCRIMINATION

The Company and the Union agree not to discriminate against any applicant or employee of the Company regardless of race, sex, color, creed, age, nationality, disability, political affiliation, veteran status, religion, or membership in the Union.

The Union recognizes the Company's obligation to make reasonable accommodation to the disability of applicants and/or employees in accordance with the Americans with Disabilities Act. In the event such an accommodation is necessary and is in conflict with any provision of this agreement, the Company and the Union shall meet to discuss such accommodation. However, no such accommodation shall result in any employee begin displaced from an owned job.

ARTICLE 5
GENDER

The use of the masculine gender in this Agreement shall be deemed to refer to persons of both sexes.

ARTICLE 6
ADDRESS AND TELEPHONE NUMBER

Each employee, whether active or inactive, shall keep the Employer advised of his current address and telephone number or contact if a telephone is not available. The mailing of a notice to the address furnished to the Employer by each employee shall be deemed to be in compliance by the Employer with any provision in this Agreement, which requires written notice to an employee.

ARTICLE 7
MANAGEMENT RIGHTS

Section 1: The management of the plant and the direction of the working force—including the right to hire, suspend, discipline or discharge for cause; to assign to jobs; to transfer, promote or demote employees; to increase and decrease the working force; to determine job loads, production standards, and rules applicable to the employees; to determine products to be handled, produced or manufactured; the schedules of production; and the methods, processes, and means of production or handling; as well as the right to determine the qualifications and ability of employees—are vested exclusively in the Company, provided this will not be used for the purpose of discrimination against any employee or to avoid any of the provisions of this Agreement.
Section 2: Supervisors or other personnel may perform any duties that are necessary in the conduct of the business, provided they are not used to replace bargaining unit personnel on a permanent basis.

ARTICLE 8
COMPANY AND UNION RESPONSIBILITIES

Section 1: During the term of this Agreement there shall be no strike, no sympathy strike, stoppage, slowdown, deliberate withholding of production, or suspension of work on the part of the Union, its members, or any individual covered by this Agreement, or lockout on the part of the Company. In the event of a breach of this provision, the Union shall immediately declare publicly that such action is unauthorized and shall promptly order its members to resume their normal duties notwithstanding the existence of any picket line. The Union further agrees that it will in no way interfere with the business of the Company by sanctioning or conducting a boycott on the handling of goods procured from a source or destined to a point where labor controversy may exist.

Section 2: The Company shall have the right to determine the discipline given an employee or employees for breach of this Article. The severity of the discipline imposed for such violation shall not be subject to arbitration; the Union shall, however, have the right to grieve the question of fact as to whether or not an employee or employees have breached the provisions of this Article.

ARTICLE 9
BULLETIN BOARDS

A bulletin board for use by the Union shall be maintained in the plant at all times. Notices may be posted on such bulletin board for such matters as Union meetings, social affairs, recreational affairs, and Union elections and appointments. Other notices may be posted subject to the approval of the management as to their contents.

ARTICLE 10
LEAVE OF ABSENCE

Section 1: The Company may grant excused leaves of absence to employees who request same for personal reasons. Such leaves shall not be granted for the purpose of allowing an employee to take another position temporarily, try out new work, or venture into business for himself. Such leaves shall be for reasonable periods of time, as determined below. "Eligible Employee" is defined as a regular full-time employee with twelve (12) months of continuous service and has no more than five (5) points of absenteeism. Personal leaves may be granted for the following reasons.

A.) Employee eligible for funeral pay, as described in Article 26, may request a personal leave, not to exceed five (5) consecutive working days, providing the funeral is at least five hundred (500) miles from Waterloo.
B.) All other personal leaves of absence will be granted at the discretion of management. Leaves will not typically exceed two (2) weeks.

The Company will make every effort to accommodate the "eligible employee" when said employee requests a personal leave of absence. The Company reserves the right to grant personal leaves at their discretion, taking into consideration seniority and the number of employees on approved personal leaves of absence.

Section 2: Union Leaves – Employees, not exceeding five (5), chosen by the Union to attend Union conventions and conferences, shall be granted leaves of absence upon one (1) week's advance written request to the Plant Manager, for periods not to exceed two (2) weeks. A maximum of two (2) employees from a division may be absent at the same time to attend Union conventions and conferences. Such leave shall be without pay. The Company will grant full-time Union leave without pay or benefits for two (2) employees serving as officers or employees of Local 431, and one (1) employee selected by the Union to serve in the status of International Representative. The leave granted will not exceed the period of the current labor agreement. It is understood that the employees serving as officers or employees of Local 431 shall not engage in organizing work at any IBP plant location other than Waterloo, Iowa, facility.

Section 3: Consistent with the requirements of the "Family and Medical Leave Act of 1993" and any regulations adopted by the U.S. Department of Labor as a result of that Act, Family and/or Medical leaves of absence (LOA) of up to twelve (12) weeks during any 12 month period will be granted to "eligible employees" for the following reasons only:

A. Because of the birth of a son or daughter of the employee and in order to care for such son or daughter;
B. Because of the placement of a son or daughter with the employee for adoption or foster care;
C. In order to care for the spouse, son, daughter, or parent of the employee if such spouse, son, daughter, or parent has a serious health condition; or
D. Because of a serious health condition that makes the employee unable to perform the functions of the position of such employee.

"Eligible employee" is defined as one who has been employed for at least twelve (12) months and for at least 1,250 hours of service.

Any employee requesting a Family and/or Medical LOA covered by A, B, or C above will be required to utilize all earned vacation prior to being placed on Family/Medical LOA. The length of the LOA for which the employee is entitled shall be reduced by the length of the earned vacation. If an employee and the employee's spouse are both employed by IBP, the amount of unpaid Family/Medical LOA available for both spouses combined for reasons specified in A, B, and C above will be twelve (12) weeks during any twelve (12) month period. All other terms and conditions of these leaves will be governed by the Act and implementing regulations.
Any employee requesting a LOA described in C or D above must provide sufficient certification from a health care provider of the necessity of the LOA. The Company may require a second opinion from a health care provider selected by the Company. Any employee desiring to return to work following a LOA described in D above must present certification from the employee’s health care provider that the employee is able to resume work. The Company may require a second opinion from a health care provider selected by the Company. The Company will be responsible for the cost in instances where the Company requests a second opinion.

Where the need for the LOA is foreseeable, an employee requesting the LOA must notify the Company at least thirty (30) days in advance of the start date of the LOA.

Subject to the limitations of Article 18 on loss of employment, Medical LOA in excess of twelve (12) weeks for “eligible employees” or for employees who have not attained 12 months of service is available consistent with the requirements of notice and medical certification contained above.

Section 4: When a leave has been appropriately requested and granted under this Article, such employee shall retain and accumulate seniority.

ARTICLE 11
MILITARY SERVICE

RIGHT TO REEMPLOYMENT: An employee who leaves or has left a position in the employ of the Company to enter upon active service in the Armed Forces of the United States, has the right to be reemployed by the Company, when such employee has completed his military obligation, with full seniority and rights as provided for under Section 9 of the Universal Military Training and Service Act.

ARTICLE 12
MILITARY SUMMER ENCAMPMENT

Regular full-time employees on the active payroll will be granted a leave of absence upon request where they are required to participate in summer encampment training as a member of the National Guard or any U.S. Military Reserve as provided for by the laws of Iowa.

Furthermore, when employees are notified by their respective military branch of the date of such training, they must immediately notify the Company.

ARTICLE 13
ADVISE OF REASON FOR DISCIPLINE

Section 1: In the event an employee is placed on an indefinite suspension, the Company shall within five (5) working days inform the employee of the reason for discipline and what form of discipline shall be administered.
It is understood that some cases require investigation and that the full five (5) days is needed, but the Company agrees that this provision should not be used to delay action unnecessarily. The Union also agrees that the Company may inform the Union of cases that require more than five (5) days and the Union will agree to extend the time in such cases to a mutually agreed upon date.

Section 2: When a decision is made regarding disciplinary action, the Company shall impose such action in a prompt manner.

Section 3: In the event of an investigation of wrong doing, an employee who has a legitimate reason for believing that he may be subject to disciplinary action may request Union representation by a steward of choice, when available, within the concerned department.

ARTICLE 14
GRIEVANCE AND ARBITRATION PROCEDURE

Section 1: Should any disputes arise between the Company and the Union, the Company and its employees, or between employees of the Company based on the language and/or interpretation of the Agreement or violation of the Agreement’s terms, such disputes shall be pursued only through the grievance-arbitration clause set forth in this Agreement.

The grievance procedure shall be handled according to the steps listed below. In the event of disciplinary action involving a discharge, it is understood that a grievance, will commence at Step 3 within ten (10) working days of the knowledge of the incident.

Step 1

The employee involved, with a Union representative if he so desires, shall present the matter (verbally) to his department or shift Superintendent within three (3) working days of the knowledge of the incident.

The department or shift Superintendent shall respond to the employee within three (3) working days. The affected steward and employee shall present the grievance on their own time.

Step 2

If the matter is not settled in the first step, the Union shall present the matter to the Personnel Manager and the employee’s department or shift Superintendent. Grievances in this step must be presented in writing within ten (10) working days from the completion of the first step. The Personnel Manager shall have five (5) working days in which to respond in writing to the Union. The affected steward and employee shall present the grievance on their own time.
The written grievance shall identify:
(a) the facts giving rise to the grievance,
(b) the complaint of the grievant,
(c) the relief requested, and shall be signed by the employee or the Union.

Step 3

If the matter is not settled in the second step, the Union shall present the matter to the Plant Manager. Grievances in this step must be presented in writing within six (6) working days from the completion of the second step. The Plant Manager shall have six (6) working days to respond in writing to the Union. The affected steward and employee shall present the grievance on their own time.

Section 2: If the matter is not settled in the third step, the Union shall present the matter to the Company’s Human Resource Operations Division. Grievances in this step must be presented in writing within ten (10) working days from the completion of the third step. The Company’s Human Resource Operations Division shall have ten (10) working days in which to give the Union an answer in writing. The affected steward and employee shall present the grievance on their own time. If the grievance is not resolved in this step, the grievance may be submitted to an impartial arbitrator to be selected by mutual agreement of the parties.

Section 3: A written request for arbitration shall be made within seven (7) days of the Pre-Arbitration answer. A written request for arbitration shall be made within thirty (30) days of the written notification that the Union wishes to arbitrate. If such request is not made within the thirty (30) day time limit to the Federal Mediation and Conciliation Service, the grievance shall be ended and the subject matter of the grievance shall be settled. Either party shall have the right to request a list of seven names from the Federal Mediation and Conciliation Service and strike names to determine which one shall sit on the arbitration. His decision in the grievance shall be final and binding upon the employee(s) involved and upon the parties to this Agreement, provided he shall not have authority other than to apply the terms and conditions specifically set forth in this Agreement. It is recommended that the Arbitrator shall submit his decision, in writing, within thirty (30) days after the conclusion of the hearing or hearings as the case may be. The compensation and necessary expenses of the arbitrator shall be borne equally by the Company and the Union.

Section 4: The parties agree that the time allowed to process a grievance is adequate. If the Union fails to process a grievance in the time specified herein, the grievance is ended. However, if either party requests a reasonable extension, the time limit specified for any step of the grievance procedure may be extended by mutual agreement of the Company and the Union Representative involved in that step. Such agreements must be in writing, for a definite time period, and signed by each representative. In the event the Company fails to answer the grievance in the specified time period, the grievance shall automatically advance to the next step.
The Company shall make every effort to release affected stewards and witnesses to attend the grievance meeting at the request of the Union, but in no event shall the employee be paid by the Company. It is understood that if an individual employee wishes to pursue a grievance, he may do so under the aforementioned procedure. Should an individual process his own grievances, a Union representative shall receive copies of all grievance answers and shall have the right to be present at such meeting.

Section 5: In the event an employee is reinstated by an arbitrator, the maximum liability of the Company shall be the employee’s lost IBP earnings reduced by all compensation received by the employee during the discharge period from other employment, unemployment compensation, workers’ compensation or other earnings.

Section 6: The Company has the right to insist that the grievant be present during a disciplinary arbitration hearing.

ARTICLE 15
SUBCONTRACTING

The parties to the Agreement have discussed subcontracting of work being performed by bargaining unit employees and agree as follows:

Both parties desire to minimize the effects of subcontracting on the job security of the employees and will work to that end.

When the subcontracting of any existing operations becomes necessary or desirable, in the sole judgment of the management, the Company will notify the Union; however, the Company agrees it will not subcontract the operation of an entire department. If the Union desires to discuss the effects on the job security of the employees, the parties will meet for that purpose. The Company agrees to delay layoffs caused by subcontracting until at least two (2) weeks subsequent to its notice to the Union of its intention so that the parties have ample time to suggest methods of avoiding the layoffs or minimizing their adverse effects.

ARTICLE 16
SAFETY COMMITTEE

Section 1: The Company and the Union recognize the priority and need for an effective, structured safety program to provide safe working conditions for all employees.

The Joint Safety Program is designed to address all health and safety working conditions within the plant, and both parties will constructively work together to improve the safety of the facilities conditions or practices.

While the Company fully retains the right to select and utilize such outside consultants as it deems in its sole discretion to be needed, the Company and the Union
may discuss and if mutually agreed select consultants to assist the parties in safety and health matters.

Section 2: The Company agrees that it has the sole responsibility to provide a safe workplace and to correct safety hazards. Nothing in this agreement shall imply that either the Local or International Union has undertaken or assumed any portion of that responsibility. In exercising its rights to manage the safety and health program in the plant, the Company will continue to inform both management and non-management employees that safety depends upon the performance of every person in their job duties.

Section 3: The Company will continue the Safety Committee in the plant for the purpose of advising and assisting the Company in the identification of safety hazards and to recommend solutions.

A. The membership of the Safety Committee shall consist of Employee Representatives designated by the Local Union (two in the Kiln Department, one in the Rendering Department, two in the Cut Department, two in the Converting Department, one in the Material Handling Department, one in the Maintenance Division) and subject to replacement under such circumstances and conditions as the Local Union may determine, and bargaining unit employees selected by management from a list provided by the Union and management representatives designated by Plant Management (one of whom shall be the person in charge of Maintenance at the plant), and subject to replacement under such circumstances and conditions as the Plant Management may determine. Upon request, the Company and Union will review the committee member’s effectiveness.

B. The Safety Committee shall convene once each month and at such other times as the Safety Coordinator of the Plant shall determine in order to carry out its functions. The duties of the Committee shall include the review and investigations of safety practices and rules and health and safety conditions in the plant and the handling of safety complaints. The Company shall cooperate in including a representative designated by the Union in all OSHA inspections, to the extent required by law or mutually agreed as beneficial to the safety effort.

Committee members will be permitted to make their own inspections of the plant conditions as are reasonably needed (provided that this shall not be abused), subject to such controls as the Safety Coordinator may impose. Working hours lost by employee committee members in the performance of their duties as members of the Committee shall be compensated by the Company at their regular hourly rates.

C. The Safety Committee shall review safety concerns and make recommendations to management as promptly as is feasible.
D. The Company shall take minutes of the Joint Safety Committee meetings and promptly furnish copies of such minutes to the Local Union and to the employee members of the Safety Committee.

E. The Company will pay lost working time for bargaining unit Safety Committee members as may be necessary to attend safety training programs or seminars scheduled by management.

F. The Company's Safety Coordinator shall notify a designated Union Safety Committee member of the occurrence of any accident resulting in an injury causing an employee to be hospitalized overnight. The designated Union Safety Committee member and the Company's Safety Coordinator shall review the circumstances causing the accident.

**Section 4:** In the event an employee detects what he believes to be a hazard to health or safety in his working area, he shall have the right to contact his immediate supervisor, who, if in agreement with the employee, shall take immediate action to eliminate the hazard. If the employee believes that the hazard has not been eliminated, such employee shall have the right to contact an employee member of the plant Safety Committee, who shall then bring the matter to the attention of the Safety Coordinator or Plant Manager.

**Section 5:** The Company shall provide such training programs as management, in its sole discretion, decides are necessary to assure that each employee, in connection with his respective job, is adequately trained in the precautions and procedures required for safety and maintenance, handling and use of facilities, equipment, machinery, chemicals, and apparatus. The recommendations of the Safety Committee shall be given consideration by management in this regard.

**Section 6:** The Company shall provide the Local Union a list of all known hazardous substances and processes in use in the plant, giving the chemical name and trade name of each, and stating the known dangers and harmful effects of each and the known threshold levels of measurements or other factors which may give rise to such dangers or effects.

**Section 7:** The Company will endeavor to keep the Health Services Department open during all production hours. The parties agree plant procedures should cover emergency first aid for accidents that might occur when no medical personnel are available on the premises.

**Section 8:** The Company agrees to train the Safety Committee members as Ergonomic Monitors.

**Section 9:** The Safety Committee members will select at least two (2) committee members each year to attend the Annual Governor's Safety Council. The Company will pay the cost of registration for each member and pay the employee the number of hours he would have otherwise been scheduled to work up to a maximum of eight (8) hours...
straight-time pay to a maximum of four (4) working days. The Union will pay the cost of transportation, meals, and lodging.

Section 10: The Company will make available first aid and CPR training to all Safety Committee members on an annual basis.

ARTICLE 17
OVERTIME WORK

Overtime will be equalized in a department as fairly and equally as possible among qualified employees over a reasonable period of time. It is understood and agreed that such equalization cannot be affected on a daily, weekly, or even monthly basis, but efforts will be made to change any such imbalance over reasonable periods of time.

ARTICLE 18
SENIORITY

Section 1: It is the policy of the Company to follow seniority in order that full-time employees with the greatest amount of service shall have the greatest amount of employment security and opportunity for promotion.

However, efficient operation of the plant and fairness to all requires that physical fitness and ability be considered as well as seniority in all matters covered in this Article. Full-time employees with the greatest seniority shall have preference in layoffs, callbacks, promotions, demotions, and transfers to available permanent vacancies.

Section 2: Seniority shall be established on the basis of continuous full-time service with the Company at its Waterloo plant. A full-time employee, after sixty (60) days, shall be a regular employee and shall have seniority. Prior to attaining seniority, an employee is known as a probationary employee. In certain circumstances the Company may extend the probationary period for an additional thirty (30) days in cases where the Company and the Union agree that more time is needed to evaluate the affected probationary employee. It is understood that the Company may, at its sole discretion, discipline or terminate a probationary employee and that no grievance concerning such discipline or termination shall be filed or processed in his behalf.

Section 3: Seniority operates on a divisional and plant-wide basis.

The divisions for seniority purposes are:

1. Cold Side
2. Hot Side
3. Maintenance

Section 4: Employees, upon successful completion of probationary period, shall have the right to bid jobs under the provisions of this Article.
Section 5: The Company may, in the instance of certain skilled positions, choose to select and train employees in the jobs listed below. The Company will post notice that such opening(s) exist and with respect to physical fitness, ability and attendance (no more than 5.5 points) will award the job.

Jobs to be included:
1. Maintenance
2. Utility
3. Trainer(s)
4. Laundry
5. Rendering Operators
6. Livestock Handlers (except those excluded)
7. MQ Lift Operator
8. Liaisons
9. Manifest Trainee
10. Load Dispatch
11. Cooler Operator
12. Injector Operator

When an employee reaches eight (8) or more attendance points on the following positions they shall be disqualified from their interest posted position and be reassigned as a non-job owner in a department determined by the Company. The positions affected are: Utility, Trainer(s), Laundry, Liaisons, Rebuild Instruments Mechanic, Rebuild House Mechanic, Cryovac/Package Mechanic, Mule Mechanic, E.T. Trainee, Plant Projects, Rendering Projects, Maintenance Training, Engine/Cooler Rounds, and Electrical.

Section 6: A full-time employee will be credited and accumulate plant-wide seniority from his first day of continuous service at the Waterloo, Iowa, facility. Each employee is assigned to a department and shall have such departmental seniority as shall be credited and accumulated on the basis of the divisional seniority of the employee. An employee’s previous departmental and/or divisional seniority shall transfer to the new department or division at the time he qualifies on the job. However, an employee qualifying in a new division will not be allowed to bid another job for a period of twelve (12) months.

Section 7: Promotions shall be made within each division. An opening shall be posted from Thursday at noon until Tuesday at noon. With consideration for physical fitness and ability, the job shall be awarded within seven (7) working days to the divisional senior employee who has bid the job. In the event a successful bidder on an up bid has not been placed on his newly bid within fourteen (14) days of the award, he shall be paid the rate of the new job on the fifteenth (15) day and thereafter until he has been moved to the newly bid job. A successful bidder on a lateral or down bid will receive the rate of the newly bid job when he is moved to the newly bid job. An employee will be given a reasonable period of time to demonstrate proficiency. At the time an employee has qualified for a newly bid job, he shall be paid the rate of that job and shall be
considered a permanent transfer. Production jobs which are vacated as a result of bidding will be posted when the individual who leaves the job has qualified on the newly bid job. Maintenance jobs which are vacated as a result of bidding will be posted when the successful bidder is moved and the Company has a reasonable belief that the employee will qualify on the newly bid job.

**Section 8:** Divisional vacancies not filled with the division will be offered for bid on the basis of plant-wide seniority.

**Section 9:** An employee who is qualified in a new department and is then disqualified will revert back to his former department with full seniority as if he had never left. However, he shall not displace any person from a bid job but shall be placed on available work for which the employee is capable of performing.

**Section 10:** The successful bidder on the job posting at the time the posting is taken down will be offered the job and he shall either accept or reject the job. If he rejects the job posting it will not count as a bid. If the bidder accepts the job posting he shall make a sincere effort to learn the job. The employee shall have ten (10) working days from the date of the bid award in which to self-disqualify. An employee who self-disqualifies will be restricted from any further bidding from the date of such bid as defined in Section 14. The employee must either qualify or disqualify before being allowed to bid again.

**Section 11:** Once disqualified from a bid job, an employee will not be allowed to bid same job for a period of six (6) months.

**Section 12:** Jobs will be posted for bidding on the following basis: when they are vacated by layoff, discharge, resignation, permanent transfer of the job holder to another job, or creation of a new permanent job. Temporary vacancies, such as vacancies caused by sickness of less than twelve (12) weeks, leave of absence, vacations, etc. will not be offered for bid. The Company will, when it is possible, follow principle of “senior employee may, junior employee must” in utilizing this specific provision.

Vacancies caused by sickness or leave of absence greater than twelve (12) weeks shall be bid. The Company and the Union may mutually agree to extend this time in cases where it appears the employee will be able to return to work in a short period. If the original job owner returns to the job within twelve (12) months, the employee filling the vacancy shall become a non-job owner. In this instance, the provisions of Article 18, Section 15 shall not apply.

**Section 13:** All job postings shall state the job title, department, a brief description of the principle duties, and the rate for the job.

**Section 14:** A successful bidder on a down or lateral bid, who is disqualified, will be restricted from any further bidding for a period of six (6) months from the date of such bid. A successful bidder on an up bid, who is disqualified, will be restricted from any

Up bid = Three (3) months

Lateral bid = Six (6) months

Section 15: A first assignment to a job shall be considered a bid for the purposes of this Article if the employee had the right to bid a job and did not exercise that right.

Section 16: Seniority lists for divisions shall be maintained on bulletin boards and shall be republished each month and a copy will be furnished to the Union upon request.

Section 17: An employee shall forfeit his employment for the following reasons:

G. Full settlement with an employee for total disability.  
H. Retirement.

Section 18: Employees on an authorized leave of absence as set forth in Article 10 shall retain and accumulate seniority during such leave.

Section 19: Part-time employees will receive the applicable starting rate of the job performed, if qualified, but will not receive any fringe benefits granted full-time employees, nor will they have seniority.

Section 20: Layoff or job eliminations in any division shall be established on the basis of divisional seniority, provided that each job must be filled by a person capable of performing the work as described in Section 21 (i). Furthermore, it is understood that in
the event of a division layoff, employees would continue to perform the presently assigned duties necessary to complete the shutdown.

Section 21: In the event of a layoff due to a reduction in force, the procedure outlined below will be followed:

a) The holder of a job, which was eliminated due to the reduction in force, shall be allowed to displace any junior holder within the department in the reverse order of his progression within that department.

b) If a previously owned job in the department is not available on the above basis, the employee may notify the Company that he desires to displace a junior person in the department from a job which he was previously qualified to perform. The Company, in its sole discretion, will determine if an employee was qualified on the job.

c) If a job is not available as outlined in “a” or the employee does not or cannot exercise “b”, he will displace the junior person in the department provided he can learn to perform the job as described in Section 21 (i).

i) It is agreed that an employee who is displacing to a previously owned bid job or qualified job, must be able to perform the job in a satisfactory manner within two (2) working days. Section 22: In the case of a job elimination that does not result in a layoff, the employee will displace in reverse order of his progression within the department. If no such position is available, the employee will displace in reverse order of his progression within the division. If no such position is available under this procedure, the employee shall be placed on available work for which he is capable of performing. It is understood, that any bid restrictions caused by bidding the job which was eliminated or from which he was displaced from, will be removed from his record.

Section 3: Time and one half (1-1/2) will be paid for all hours worked in excess of forty (40) in any one week. Work time will be computed from the time employees on a position commence their work until the time worked is stopped at a position, and will be computed to the nearest minute.

Section 4: Employees, other than extra gang, who are called to work outside their regular work schedule after once going home for the day and not at a time when such work merges with their regular shift shall be guaranteed four (4) hours work at one and one-half (1-1/2) times their regular hourly rate or pay in lieu thereof. However, in the event an employee is called back after clocking out and before leaving the premises, he shall be paid “straight through” as though he had not punched out.

Section 5: Employees, if qualified in accordance with Article 22, Section 2(a), other than part-time and extra gang employees, working on holidays shall receive their regular holiday pay (eight [8] hours straight time pay), and shall be paid two (2) times their regular hourly rate for work actually performed on such holidays.

Within fourteen (14) days after the completion of each twenty-six (26) week period, the Company will pay any hours due the employee less all hours the employee was absent from work for any reason whatsoever. The twenty-six (26) week guarantee will also be reduced by eight (8) hours for each full shift on which the plant is unable to operate because of storm, flood, fire, explosion, power failure, strikes or boycotts by any labor union or the National Farm Organization or any similar groups, or other unusual emergencies. In addition, hours missed because of displacement through seniority or hours missed because of layoff shall be deducted from the guarantee.

Section 2: Hours of work shall be scheduled in line with production requirements and employees will be notified in advance of changes in shift schedules. Employees shall be required to work the hours scheduled by the Company; however, the Company will not schedule work in excess of ten (10) hours per day with the exception of loading, rendering, material handling, and maintenance personnel unless the failure of the employee to work past the tenth (10th) hour would result in spoilage of product or unless repair work is necessary because of a breakdown. It is understood, however, that work already in progress will be completed. With respect to loading, rendering, material handling, and maintenance personnel, all work beyond twelve (12) hours would be worked on a voluntary basis. Employees will be notified by the end of the sixth (6th) hour of work of the Company’s intention to work employee’s overtime on that workday except in cases of emergency.

Section 3: The guaranteed workweek shall apply only to those regular, full-time employees who have completed their probationary period prior to the commencement of a twenty-six (26) week guarantee period as outlined in Section 6.

Section 4: Regular, full-time employees called to work will be provided with a minimum of four (4) hours of work or pay in lieu of work unless the plant is unable to operate because of contingencies enumerated in Section 1 above. However, if employees

Section 7: In order to qualify for vacation, a regular full-time employee must have worked forty-two (42) weeks in the anniversary year. A day worked during the week shall count as a week worked for this requirement. 1. Employees are eligible to participate on the first day of the month following the month coincident with or following three (3) months of full-time service.
2. Employees can contribute from one (1) to ten (10) percent of their pay or a dollar amount from $1.00 to $25.00 per week on an after tax basis.

4. After successful completion of one (1) year of service, Tyson will make a contribution to the Retirement Savings Plan equal to fifty (50) percent of the employees’ contribution to the Stock Purchase Plan. Tyson’s contribution will be made to the Retirement Savings Plan into the employees’ 401(k) account on a pre-tax basis.
5. The Tyson stock the employee purchases will be available the first day of each calendar quarter of the year. The Tyson stock the Company purchases on the employees’ behalf in the Retirement Savings Plan will be subject to the 401(k) withdrawal regulations.
6. Employees shall have three (3) options under the Plan. 1) leave the stock in the Plan, to grow through dividend reinvestment; 2) take the stock out of the Plan; or 3) sell the stock through the Plan.
7. Employee’s may take their stock out of the Plan and hold the certificates themselves. If an employee chooses this option, Tyson will issue the stock certificates directly to the employee. Employees may take available shares out of the Plan in multiples of ten (10) shares. Once an employee takes the shares out of the Plan, the employee may sell the shares, use the shares as collateral on a loan, or transfer the shares to someone else.
8. An employee can also sell the shares through the Plan (up to a 100 shares per month). Employee can request a sale of shares through the voice response system or the website. This type of sale is processed faster than a sale of certificate.
9. When an employee has shares issued, the employee will receive a letter after the end of the year containing the tax basis of those shares. The employee will need this letter to report to the IRS when the shares are sold. Whenever an employee sells shares, the employee will have to pay a tax on any gain from the sale. At the end of each year, all stock sales through the Plan will be reported on Form 1099.
10. If an employees’ employment at Tyson ends, the shares will be issued in a certificate. Should there be any money left over after the shares are issued, the employee will receive a check for the remainder. While Tyson's stock has historically increased in value, there is not guarantee that it will increase in the future. Past performance is an indicator only and is not a guarantee of future performance. Tyson's stock, like stock in any company, can and will go up or down in value.

**RETIREMENT SAVINGS PLAN:**

Effective January 1, 2003 the Company agrees to make available the following Retirement Savings Plan to cover employees in the Waterloo plant bargaining unit.

1. Employees are eligible to participate on the first day of the month following the month coincident with or following three (3) months of full-time service.
2. Employees can save from 2 to 60 percent, up to IRS limitations, of their pay on a pre-tax basis.
3. After completion of one (1) year of service, the Company will match, dollar-for-dollar, the employees' contribution up to three (3) percent of pay. Plus, the Company will match half (1/2) of the employees further contributions up to the next two (2) percent of pay.
4. Employees are immediately one-hundred percent (100%) vested in their and the Company's contributions.
5. Generally, there are three ways in which an employee can receive their accounts: 1) distributions when employment ends; 2) withdrawals; and 3) loans. Withdrawals and distributions are subject to income taxes.
6. **Distributions** – An employee will receive their account when their employment ends. The employees' beneficiary will receive the account if the employee dies. If the employee is married, the spouse is automatically the beneficiary. If no beneficiary is chosen, the account will go to the employees' spouse or estate, in that order. When an employee receives payment, twenty percent (20%) will be withheld for income taxes. The employee may delay paying taxes on distribution by rolling it over into another qualified plan or into and Individual Retirement Account (IRA).
7. If an employee does not make a rollover and receive part or all of their account before age 59 1/2, the employee will have to pay a ten percent (10%) penalty tax in addition to ordinary income tax. This is because the IRS has judged that plans such as this should be used for long-term savings. The extra ten percent (10%) tax does not apply if the employee elects to take early retirement from the Company. To be eligible for early retirement, the employee must be at least age 55. The tax laws are complicated and the employee should contact the IRS or a tax advisor before deciding the best approach.
8. **Withdrawals While Employed** – Because the IRS encourages long-term savings through plans such as this one, withdrawals during employment are available, but limited. If the employee is 59 1/2 or older, the employee may withdraw part or all of their account. An employee may also withdraw any amounts that have been voluntarily rolled over from a qualified plan or IRA, regardless of age. Withdrawals can also be made in the case of a severe
financial hardship. Financial hardships, defined by the IRS, are 1) unreimbursed medical expenses for the employee, spouse, or dependents; 2) the purchase of the employees' primary home; 3) the payment of tuition for post-secondary education for the employee, spouse, or dependents; 4) a payment to prevent eviction from or foreclosure on the employees' primary home. A request for a hardship withdrawal must be approved by the Company in accordance with IRS regulations. The employee must take a loan (if available) from the account before they are eligible for a hardship withdrawal. If an employee takes a hardship withdrawal, the employee will be suspended from all other company plans, except health and life insurance, for six (6) months. Also, the amount the employee may be able to put into the Plan in the next taxable year will be limited. Generally, any of these withdrawals while employed are subject to twenty percent (20%) withholding for income taxes, and if the employee is under age 59 1/2, the extra ten percent (10%) penalty tax for early withdrawal.

9. Loans – Participants who have an account balance of at least $2,000 may be eligible for a loan. The employee can borrow up to half of their balance, up to $50,000. The minimum amount an employee may borrow is $1,000. Loans may be made at any time, but the employee may only have two (2) loans outstanding at any one time. Note: Anyone who is on a leave of absence will not be eligible for a loan until they return to work. The interest charged for a loan will be based on competitive rates. The interest rate will continue throughout the term of the loan and must be repaid, through payroll deduction, within five (5) years.

ARTICLE 28

ARTICLE 29
WAGE RATE CLASSIFICATION – NEW OR CHANGE JOB CONTENT

When the Company establishes a new job classification, combines or separates the duties of existing classifications, or substantially changes the work content of an existing classification, it will establish an appropriate hourly rate for the classification and notify the Local Union of such rate.

It will be the intention of the Company to inform the Union of rate changes and reasons for such changes in advance of actual installation. If the Union disagrees with that hourly rate, it may file a written grievance at Step 3 of the Grievance Procedure within five (5) days of such notification. The test of fairness of the Company’s rate determined is whether it is in line with the existing rate structure of other jobs in the Division, giving proper consideration to the job content and skill involved. If a higher rate should be awarded, it would be paid from the date of change.

ARTICLE 30
WAIVER, ENTIRE AGREEMENT AND SEPARABILITY

Section 1: ENTIRE AGREEMENT. This is the complete agreement providing all benefits to which any employee may be entitled, and it is expressly understood and agreed that the Company has no obligation to any employee or employees other than those specifically provided herein.
Section 2: WAIVER. The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understanding and agreements arrived at by the parties after and exercise of that right and opportunity are set forth in the Agreement.

Therefore, the Company and the Union, for the term of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered in this Agreement, or with respect to any subject or matter not referred to or covered in this Agreement even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this Agreement.

Section 3: AMENDMENTS. Any modification or supplement to this Agreement to be effective must be reduced to writing and executed by proper representatives of each party.

Section 4: SEPARABILITY. If any Article or Section of this Agreement or any written amendment hereto shall be held invalid by operation of law or by tribunal of competent jurisdiction or if compliance with or enforcement of any Article or Section shall be restrained by such a tribunal pending a final determination as to its validity, the remainder of this Agreement and of any written amendment hereto, or the application of such Article or Section to persons or circumstances other than those as to which such provision has been held invalid or to which compliance with or enforcement has been restrained, shall not be affected thereby.
ARTICLE 31
DURATION OF AGREEMENT

This Agreement shall become effective July 29, 2002, and shall remain in full force and effect until 11:59 p.m., Sunday, December 31, 2006. Either party may terminate the Agreement by giving written notice to the other on or before sixty (60) days prior to Sunday, December 31, 2006. If such notice is not given by either party, this Agreement shall renew itself for successive one (1) year periods, until such notice is given. Such notice shall be given by registered or certified mail.

SUBJECT: EXTRA GANG

The parties agree that the Company may establish an "EXTRA GANG" in each Division. The number of such EXTRA GANG shall not exceed eight percent (8%) of the total number of employees in each Division. The Company will pay the employees for work performed based on the starting rates of the contract at the time of the work. Time worked in the EXTRA GANG, as a steady employee will be counted toward the satisfaction of the time requirements for starting rates, probationary period, and insurance waiting period once the eligible employee leaves the EXTRA GANG. Such time will not be used to compute pay retroactively.

There will be no guarantee or fringe benefits for EXTRA GANG employees. The Company will pay one and one-half (1-1/2) times the regular hourly rate for all hours worked beyond forty (40) in a workweek. However, it is understood that such hours will not be pyramided.

The employees with the most seniority will be required to accept permanent job vacancies in the Division in which they work with consideration for physical fitness and ability. EXTRA GANG employees will be placed on permanent jobs, which are not bid and awarded or assigned to permanent employees on the basis of seniority in the EXTRA GANG. However, it is understood that skill considerations may necessitate minor variations in the case of maintenance personnel. The EXTRA GANG employees will not gain seniority within the bargaining unit until they fill a permanent vacancy and have met the terms of the general contract.

The starting rates set forth above shall prevail during the life of this Agreement.

SUBJECT: RECOGNITION CLAUSE

During contract negotiations, the parties reached the following understandings with respect to the Recognition Clause:

KNIFEROOM: The Kniferoom positions will be excluded from the bargaining unit. However, if at some future date, these positions are no longer responsible for the issuing of supplies, inventory of equipment, etc., and it becomes strictly a "knife sharpener" position, it will become a bargaining unit position(s).

LIVESTOCK HANDLERS: Some of the positions handling livestock between the scale and the stunner will be included in the bargaining unit and some will be excluded. The intent of the parties is to include the first four (4) positions from restrainer to the scale (feed restrainer, feed drive alley, drive livestock past wall, and holding pen handler) and the rover position located between the restrainer and scale. The other two (2) positions between the restrainer and the scale are excluded from the bargaining unit. It is further understood and agreed that management has the sole right to move any and all yards employees (bargaining unit and non-bargaining unit) from one position to another to ensure efficient operation of the plant. This may include the placing of a management employee in a bargaining unit position on a temporary basis and the floating of the "rover" position whenever necessary.

TCCS (TRANSCONTINENTAL COLD STORAGE) FREEZER EMPLOYEES: It is agreed and understood that the TCCS employees working in the freezer at the Waterloo facility are not covered by this Agreement in any way whatsoever. It is further understood that these employees were not included in the unit description utilized during the authorization card check conducted on May 25, 1990.

COOKED MEATS EMPLOYEES: It is agreed and understood that the Cooked Meats employees working at the Waterloo facility are not covered by this Agreement in any way whatsoever. It is further understood that these employees were not included in the unit description utilized during the authorization card check conducted on May 25, 1990.

SUBJECT: QUICK START

The parties have agreed to a rate progression acceleration program, hereafter referred to as “Quick Start”, to waive the starting rate progression on a weekly basis for employees who are performing qualified work on a graded job (a job over base) and who maintain perfect attendance during the week.

For the purpose of Quick Start only, an absence for any reason (other than those listed below) will be considered a violation of perfect attendance and the employee will be paid in accordance with the starting rate progression for the week in which the absence occurred. A tardiness of two (2) hours or more shall be considered an absence and will result in a forfeiture of Quick Start in the week of such tardiness. An accrual of three (3) tardies, each less than two (2) hours, shall be considered an absence in the week of the third (3rd) such tardiness.

Absences for the following reasons will not violate perfect attendance for the purpose of Quick Start:

1.) Hospitalization of the employee;
2.) Hospitalization or death of the employee’s spouse or child;
3.) Days compensated under the Funeral, Jury, Injury, or Holiday provisions of the Agreement. (Days need not be compensated in the case of a probationary employee who otherwise would have been eligible for pay);
4.) Days previously excused for service in the military reserves;
5.) Layoff or time an employee was allowed to go home because of excess crewing; and
6.) Excused in advance absences of up to four (4) hours in any one (1) workweek.

An employee also shall become ineligible for Quick Start and therefore be paid under the regular progression where:

1.) A non-job owner who is displaced to a grade 0 job by the operation of the seniority article. (A temporary reassignment of a job owner will not cause a loss of Quick Start.
2.) An employee who is disqualified from a graded job and moved to a grade 0 job.
3.) The employee is moved to a grade 0 job to which the employee bid. (A bid to a graded job, however, will not cause a loss of Quick Start).
Vacation pay will be calculated at the Quick Start rate, provided the employee qualifies for Quick Start the week prior to the vacation.

The Company reserves the right to modify or terminate Quick Start anytime during the life of the Agreement. It is understood, however, that the employees who are participating in Quick Start at the time of such termination will continue to be paid in accordance with the Quick Start program.
