ARTICLE 2

ACADEMIC FREEDOM

- 2.1** Institutions for higher education exist for the common good in a democratic society. The welfare and strength of the University and of society at large depend on free inquiry and its free expression. Academic freedom is based upon the premise that scholars are entitled to immunity from coercion in matters of thought and expression, and on the belief that the mission of the University can be performed in an atmosphere free from administrative or political constraints on thought and expression. Thus, academic freedom is essential for the maintenance of vital democratic institutions and of an informed and energized citizenry. The University of Cincinnati

and the AAUP reaffirm their long tradition of and deep commitment to academic freedom.

2.2 Academic freedom applies to freedom of thought and expression in teaching, research, and extramural activities. Freedom in research is fundamental to the advancement of free inquiry. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. Academic freedom is also essential to protect the rights of Faculty Members freely to discuss and debate all ideas, however controversial or unpopular, before the broader community. The right of academic freedom shall be the right of every Faculty Member. The University shall continue to be pledged to recognize and protect full freedom of inquiry, teaching, and research in all aspects of University life.

2.3 The University shall also continue to recognize that all Faculty Members are citizens and members of learned professions. When they speak or write as citizens, they shall be free from institutional censorship or discipline. As persons of learning and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times be accurate, exercise appropriate restraint, and show respect for the opinions of others. Faculty Members shall be free in their public utterances or activities to identify their University affiliation so long as no false impression of University sponsorship or endorsement is created.

ARTICLE 3

ACADEMIC SAFEGUARDS AND RESPONSIBILITIES

3.1 The AAUP and the University recognize the following:

3.1.1 That in the practice of their profession, Faculty Members' principal academic functions are teaching, discovering, creating, and reporting knowledge.

3.1.2 That in the practice of their profession, Librarians select, acquire, and provide access to scholarly information according to the duties and responsibilities contained in their individual job descriptions. As part of their professional

responsibilities they may also participate in teaching, discovering, creating, and reporting knowledge.

- 3.1.3** That in order to carry out these functions, special protections are acknowledged to be essential by the parties to this agreement. These protections are known as academic freedom and tenure.
- 3.2** The general statements which follow take as their source and guide the "1940 Statement on Academic Freedom and Tenure" and the "1987 Statement on Professional Ethics" found in the *Policy Documents and Reports of the AAUP* (the Redbook).
- 3.3** The primary justification for academic freedom is service to society's need for independent criticism and advice and a continual flow of new ideas vital in a democracy. The creation of knowledge is inherently threatening to the established order. Academic tenure, therefore, is vital to the nurturance of new ideas and new knowledge. Tenure is the bulwark against the application of economic and political power in limitation of the topics of inquiry and the publication of results.
- 3.4** Academic tenure, therefore, entails significant responsibilities: to enlarge the common body of knowledge; to raise hard questions; to take unpopular positions; and to accept intellectual risks. The real freedoms associated with inquiry and expression, however, are always bounded by the responsibilities associated with those freedoms.
- 3.5** Members of the academic community, guided by a deep conviction of the worth and dignity of the advancement of knowledge, recognize the special responsibilities placed on them. Their primary responsibility to their subject is to seek and to state truth as they see it. To this end they devote their energies to developing and improving their scholarly competence. They accept the obligation to exercise critical self-discipline and judgment in using, extending, and transmitting knowledge. They practice intellectual honesty. Although they may follow subsidiary interests, these interests must never seriously hamper or compromise their freedom of inquiry.
- 3.6** As teachers, Faculty Members and Librarians encourage the free pursuit of learning in their students. They hold before students the best scholarly standards of their discipline. They demonstrate

respect for the student as an individual, and adhere to their proper role as intellectual guides and counselors. To that end, their responsibilities as teachers are not confined to formal instructional settings but also include accessibility to and engagement with students outside the classroom. Accessibility of Faculty Members includes posting and keeping of office hours convenient to students and availability by appointment. Faculty and Librarians make every reasonable effort to foster honest academic conduct and to assure that their evaluations of students reflect their true merit. They respect the confidential nature of the relationship between teacher and student. They avoid any exploitation of students for their private advantage and acknowledge significant assistance from them. They protect students' academic freedom.

- 3.7** As colleagues, members of the academic community have obligations that derive from common membership in the community of scholars. They respect and defend the free inquiry of their associates. In the exchange of criticism and ideas they show due respect for the opinions of others. They acknowledge their academic debts and strive to be objective in their professional judgment of colleagues.
- 3.8** As principals of an academic community, Faculty Members and Librarians accept that active participation in the governance in their academic units, colleges, and the University cannot always be coterminous with their teaching responsibilities. Active participation in governance and academic planning is expected and necessitates a commitment to joint efforts with colleagues (e.g., Faculty meetings, planning retreats, Faculty workshops, Faculty Senate, AAUP, and University governance activity) that extend throughout the academic year.
- 3.9** As members of their institution, Faculty Members and Librarians seek above all to be effective teachers and scholars. Although they observe the stated regulations of the institution, provided they do not contravene academic freedom, they maintain their rights to criticize and seek revision. They determine the amount and character of the work they do outside their institution with due regard to their paramount responsibilities to it. When considering the interruption or termination of their service, they recognize the effect of their decision upon the program of the institution and give due notice of their intentions.

- 3.10** As members of their community, Faculty Members and Librarians have the rights and obligations of all citizens. They measure the urgency of these obligations in the light of their responsibilities to their subjects, to their students, to their profession, and to their institution. When members of the academic community speak or act as private persons, they avoid creating the impression that they speak or act for their university. As citizens engaged in a profession that depends upon freedom for its health and integrity, members of the academic community have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.
- 3.11** The responsibilities of members of the academic community encompass many professional functions appropriate to their varied roles. The responsibilities of individual Faculty Members and Librarians will vary depending upon the specific areas of activity in which they are engaged. It is recognized that the protections afforded by academic freedom are not to be taken lightly. Academic freedom protects Faculty Members and Librarians in refusing to accept specific responsibilities they find morally, politically, or intellectually reprehensible; but, this does not imply that the safeguards of academic freedom may be used on unprincipled grounds.

ARTICLE 4 **NON-DISCRIMINATION**

- 4.1** The University will not discriminate or tolerate discrimination against any Bargaining Unit member or applicant in matters of wages, hours, terms and other conditions of employment on the basis of sexual orientation or any characteristic prohibited by Federal or Ohio law.
- 4.2** The University will not tolerate any form of sexual harassment.
- 4.3** The University and the AAUP will not discriminate against any Bargaining Unit member for any activities for or against the AAUP or for membership or lack thereof in the AAUP.
- 4.4** No person shall be employed or promoted to a position within the Bargaining Unit if the result would be that an academic unit head and a member of his or her immediate family (*i.e.*, spouse, child,

parent, brother, sister) would be members of the same unit except upon the recommendation of a majority of the members of the unit, subject to the approval of the Provost.

ARTICLE 5

AFFIRMATIVE ACTION

- 5.1** Both the University and the AAUP agree to the importance of developing and implementing non-discriminatory and affirmative action employment policies. Faculty Members and Librarians have a shared responsibility and commitment to promote a nondiscriminatory University environment.
- 5.2** In order to facilitate the creation and implementation of such policies, the Administration shall provide proposed plans or revisions to a committee whose membership shall be named by the Faculty Senate. The Committee shall have the opportunity to make recommendations to the President or the President's representative prior to the University's submission of future affirmative action plans or before the revision of present plans. After submission of its recommendations, if the Committee desires to have a meeting on the matter, the President or the President's representative shall meet with the Committee and respond to the Committee's recommendations if requested to do so by the chairperson of the Committee. Copies of current affirmative action plans and revisions thereof shall be maintained in every college and library office and shall be available there for inspection.
- 5.3** On or before October 15 of each year of this Agreement, the Affirmative Action Office and/or the appropriate Provost shall distribute to each college dean, library administrator, academic unit head, and to the AAUP copies of the current affirmative action employment policies, procedures, and guidelines. The staff of the Affirmative Action Office and other designated affirmative action coordinators shall be available upon request to assist Faculty Members and Librarians in ensuring compliance with University affirmative action policies and procedures.
- 5.4** A copy of the annual Affirmative Action Report, submitted to the Department of Labor, shall be sent to the AAUP upon written request to the University Contract Administrator.

ARTICLE 6

APPOINTMENTS

6.1 Initial Appointment of Faculty

- 6.1.1** In tenure track and qualified appointments the title advertised and assigned to a Faculty position must match the duties and responsibilities to be performed as specified in the detailed description of that position.
- 6.1.2** The appointment of a Faculty Member to an academic unit shall normally be based on a recommendation initiated within and approved by the Faculty of that academic unit using procedures developed within the academic unit. In unusual circumstances, the Dean may initiate an appointment after explanation to and consultation with the academic unit Faculty and allowing them the opportunity to consider other candidates. Any person without Faculty status at an administrative level of Assistant Dean or higher may be subsequently appointed to Faculty status upon the approval of the Faculty of the academic unit.
- 6.1.3** When the Dean and the academic unit cannot agree on an appointment recommendation, the Provost, at the request of the Dean or the academic unit and after consultation with the academic unit, shall name a committee to resolve the dispute. 6.1.5 Should a tenure-track position be created or become vacant, if the tenure-track position is subject to a full search, any non-tenure faculty member currently employed at the University who applies and meets the qualifications will, except for special circumstances, be granted an interview.

6.2 Unqualified Faculty Titles

6.2.1.2 Associate Professors initially shall be appointed for a term of three or five years unless granted indefinite tenure. The reappointment of an Associate Professor at the expiration of an initial five-year or a second three-year term shall be accompanied by a grant of indefinite tenure. Indefinite tenure also may be granted prior to the expiration of an appointment term. Individuals promoted to Associate Professor prior to tenure review may be reappointed to a term of appropriate length to complete the full seven (7) year probationary period.

6.2.1.3 Assistant Professors initially shall be appointed for a term of two or three years and may be reappointed for additional terms of one, two, or three years to a maximum total of seven years. Except for special circumstances, persons initially appointed as Assistant Professor shall not be

eligible for indefinite tenure at that rank. Persons initially appointed as Instructors may be eligible for indefinite tenure at the rank of Assistant Professor.

- 6.2.1.6** Associate Senior Librarians initially shall be appointed for a term of three or five years unless granted indefinite tenure upon recommendation of the Librarians' Reappointment, Promotion, and Tenure Committee. The reappointment of an Associate Senior Librarian at the expiration of an initial five-year or second three-year term shall be accompanied by a grant of tenure. Tenure also may be granted prior to the expiration of a term appointment. Promotions to the rank of Associate Senior Librarian or above shall be accompanied by a grant of tenure.
- 6.2.1.7** Associate Librarians initially shall be appointed for a term of either two or three years and may be reappointed for additional terms of two or three years. Service beyond seven years shall be accompanied by a grant of tenure.

- 6.2.2** In the letter offering initial appointment, notice and precise terms of appointment, reappointment, non-reappointment, promotion, and tenure conditions shall in each case be given in writing to the appointee by the Dean or Administrator. No credit for previous service may be granted toward the probationary period without the prior written approval of the Dean and the Provost as specified in the appointment letter. Such credit, if granted, is irrevocable. For all appointments, the probationary period for continuous full-time service shall not exceed seven years and shall begin at the initial date of appointment.
- 6.2.3** In unusual or special circumstances, persons initially appointed as Assistant Professor may be promoted to Associate Professor with appointment terms of two, three, or four years.
- 6.2.6** Librarians may apply in writing for a ten (10) month appointment [two (2) months leave without pay] by March 1 of the preceding academic year. The appropriate administrator shall render a decision by June 1.
- 6.2.7** A Faculty Member who accepts an appointment elsewhere shall promptly give notice to the Dean or administrator. If the resignation is effective at the end of the academic year, notice should be given no later than May 15. The Dean or administrator may waive this requirement for emergencies, and the Faculty Member should conform to that decision. A Librarian should give written notice at least thirty (30) days prior to leaving the employ of the University. This paragraph shall not apply to a Faculty Member who has received notice of termination pursuant to Article 28, or to Article 29

of this Agreement.

6.2.8 There shall be no tenure quotas in any college or academic unit or in the University as a whole.

6.3 Termination of a Faculty Member. After probation, a Faculty Member must be terminated or granted indefinite tenure. Tenure is achieved only by grant of the Board and only in accordance with Article 7. Termination of an appointment with tenure, or of a probationary or qualified title appointment before the end of the specified term shall occur only for adequate cause (see Article 9) except in the case of retirement or because of financial exigency declared by the Board, pursuant to Article 28 or because of elimination of a program, academic unit, college, or library, pursuant to Article 29.

6.4 Qualified Faculty Titles

6.4.1 Qualified Faculty titles are titles in the Field Service, Adjunct, Research, and Clinical series. Faculty Members with qualified titles do not have the right to request a review for tenure.

6.4.2 Persons appointed by the University in connection with special grants or for other projects limited in time may only receive qualified titles.

6.4.3 The Dean or administrator shall notify each person appointed to a qualified title that the appointee does not have the right to be reviewed for tenure, of the terms of the appointment, and of any conditions for reappointment or promotion. This Article does not restrict the right of the Board to grant tenure to any person whose value to the University merits that action.

6.5 Initial Appointment of Library Faculty

6.5.1 Job descriptions for each new position within the library jurisdiction shall be written by the appropriate Library Administrator and sent to the Librarians' RPT Committee. The Committee will review and comment on the job description and recommend the rank or ranks at which the

position will be recruited.

6.5.2 The selection and initial appointment of Librarians shall be based on the recommendation of search committees. Such committees shall consist of the following: the immediate supervisor of the position to be filled and two Librarians, whenever possible elected by the Librarians of the appropriate library jurisdiction using procedures developed by the Librarians of the library jurisdiction. Whenever a library jurisdiction has fewer than the requisite number of Librarians to serve on a search committee, unfilled positions on the search committee shall be filled through an election of Librarians in the Bargaining Unit according to procedures developed by Librarians in the Bargaining Unit.

6.5.2.1 In those instances in which the position to be filled reports directly to a Library Administrator, the administrator may designate another person to serve on the search committee in the place of the Library Administrator.

6.5.2.2 When appropriate, up to three (3) individuals in the University community, one or more of whom may be a member of the library support staff, may be appointed by the Library Administrator to serve on the search committee.

6.5.2.3 Search committees shall elect their own chairs.

6.5.3 In those instances in which a search committee and the Library Administrator cannot agree on the appointment recommendations, the matter shall be referred to the search committee either for reconsideration or for a further search and recommendation.

6.5.4 Normally, initial appointments of Librarians are at the Beginning Librarian, Assistant Librarian, or Associate Librarian rank. The rank of initial appointment shall be based upon the established criteria and depend upon the experience and qualifications of the individual and the nature of the position being filled.

6.5.5 Assignment of a Librarian to a rank shall be based upon the tasks, responsibilities, and qualification requirements of the position held, and the experience, professional development, and scholarly and service achievements of the Librarian. The satisfactory performance of job responsibilities shall be the primary requirement for the advancement of Librarians to a higher rank. In addition, Librarians seeking promotion should also demonstrate scholarly and service accomplishments appropriate to the level of advancement.

6.6 Changes in a Librarian's Job Description. When considering changes in a Librarian's job description, the Library Administrator will continue the practice of consulting the incumbent in a position and all other appropriate supervisors. Consultation will address workload and additional compensation where appropriate. Consultation means participation at least 30 days prior to the decision being made.

ARTICLE 7

REAPPOINTMENT, PROMOTION, AND TENURE ("RPT")

7.1 Shared Responsibility.

7.1.1 Evaluation meetings. Within three months of a new Faculty Member's appointment and annually thereafter, the appropriate academic unit head shall meet with each non-tenured Faculty Member to review the Faculty Member's prospective and actual performance, plans for continued professional growth, and RPT criteria and procedures. The academic unit head and the Faculty Member share responsibility for these meetings.

7.1.2 Summary statement. Each meeting shall conclude with joint preparation of a written summary of the discussion. Either party may submit in writing any differing opinions about the content of the summary statement that shall become part of the summary statement. The summary statement shall be part of the personnel file maintained by each academic unit and a copy of the statement shall be given to the Faculty Member.

7.1.3 Delegation. If necessary, the academic unit head, with approval of the Dean, may delegate these duties appropriately; however, final responsibility shall remain with the academic unit head.

7.2 Board Authority

7.2.1 The granting of tenure or promotion to the rank of Professor as set forth in Article 6 shall be determined by the Board upon recommendation of the President after the recommendations set forth in this Agreement have been made. All other promotions, initial appointments and reappointment decisions shall be made by the President after the recommendations set forth in this Agreement have been made. Any person (excluding Instructors, Beginning or Assistant Librarians) promoted to a higher rank shall receive indefinite tenure in the higher rank unless otherwise provided in the terms of the promotion. Reappointment, promotion, or tenure cannot be awarded on the basis of a clerical error.

7.3 Layered Responsibilities for Review

7.3.1 RPT recommendations and the length of each reappointment shall be initiated by the academic unit based upon criteria and procedures developed by the members of the academic unit. These recommendations shall be forwarded by the academic unit head to the College RPT Committee (or equivalent committee or Dean); from the College RPT Committee, or equivalent committee, to the Dean or appropriate administrator; and from the Dean or administrator to the Provost. At each level, the review committee or administrator shall assess the sufficiency of the dossier and the conformity of the review process to established criteria and procedures and may remand the dossier to a previous level of review for appropriate action.

7.3.2 Each academic unit, college, or library jurisdiction shall publish the responsibilities of the academic unit, college, or library jurisdiction and the responsibilities of the candidate for developing dossiers. The academic unit head, Dean, or administrator, as appropriate, shall be responsible for initiating and completing in sufficient time those parts of a

candidate's dossier required by the RPT procedures and criteria (e.g., external reviews, administrative summaries of teaching evaluation, etc.) for which the candidate is not responsible to ensure a timely and fair evaluation of the candidate.

7.3.3 The dossier shall include evidence and evaluation of the candidate's qualifications as well as any other information or documentation deemed pertinent. This information and documentation shall be provided to: the academic unit RPT committee; the college RPT committee; or the librarians' RPT committee by the date specified by the appropriate committee.

7.3.4 For the Department of Biomedical Engineering, the academic unit shall initiate RPT recommendations. The academic unit head shall forward these recommendations to the combined Ad Hoc Biomedical RPT Committee of the Colleges of Medicine and Engineering that will be comprised of three (3) members of the College of Medicine RPT Committee selected by the Chair of the College of Medicine RPT Committee and three (3) members of the College of Engineering RPT Committee selected by the Chair of the College of Engineering RPT Committee. The combined Committee will make recommendations to the Deans of the Colleges of Medicine and Engineering, who will make recommendations to the Provosts for Health Affairs and for Baccalaureate and Graduate Education. The Deans and the Provosts will rotate responsibilities for RPT on a yearly basis as follows: in even-numbered years, the Dean of the College of Engineering and the Provost for Health Affairs will make all decisions regarding tenure and promotion to the rank of Professor, and the Dean of the College of Medicine and the Provost for Baccalaureate and Graduate Education will make all other RPT decisions as necessary. These roles will be reversed in odd-numbered years.

7.4 Review Process

7.4.1 The candidate has primary responsibility for the development of the dossier submitted for review. Each

dossier shall be covered by the approved "File Checklist".

- 7.4.2** All information received and considered in making recommendations regarding reappointment, promotion, or tenure, at any level becomes part of the candidate's dossier. All material added or attached to a candidate's dossier after it leaves the candidate's hands shall be routinely copied to the candidate at the time said material is added or attached. The candidate may inspect the dossier in accordance with University policies on access to personnel files and must be given the opportunity to review and respond in writing to any material in or added to the file.
- 7.4.3** If new material bearing on the substance of a prospective decision becomes available during the review process, the candidate, academic unit head, Dean, or appropriate administrator may add such material to the dossier until the appropriate Provost renders his or her recommendation. The candidate shall be provided with a copy of any information or document added to the dossier.
- 7.4.4** The candidate shall have the opportunity to review and respond in writing to the material within fourteen (14) days following receipt of the copy.
- 7.4.5** All responses shall become part of the dossier. Any new material and any responses from the candidate shall be provided to all RPT committees and administrators who have participated in the review and made a recommendation.
- 7.4.6** The recommendation from an academic unit shall be given serious consideration, and no committee or administrator shall make a different recommendation except for substantial reasons stated in writing. When a review committee, Dean, or administrator recommends contrary to the academic unit, the academic unit shall be notified of the reasons for the contrary recommendation within fourteen (14) days.
- 7.4.7** Copies of any written recommendation made at each step in the review process prior to the Board's consideration shall be transmitted to candidates for reappointment, promotion,

or tenure, simultaneously with transmittal of the dossier to the next level of review. Any negative recommendation must be accompanied by a written statement of reasons.

7.4.8 A candidate shall be guaranteed the right to reconsideration at the first level at which a negative recommendation occurs. Within fourteen (14) days after receiving notice of the negative recommendation, the candidate has the right to request reconsideration and may submit supporting substantive or procedural information. The candidate shall be informed of the result of the reconsideration within twenty (20) days following submission of the request. When a candidate exercises this right to reconsideration, the review process shall remain at the level at which reconsideration is being requested. The Individual or committee making the first negative recommendation shall make a good faith effort to maintain the recommendation at that level pending the individual's right to reconsideration. However, failure to do so shall not be cited as a process violation in any resulting grievance. No further evaluation of or recommendations concerning the individual's candidacy shall be made until the requested reconsideration process has been completed. This restriction shall not prevent administrative action to meet the appropriate notice requirements of Subsection 7.4.10 herein.

7.4.9 Unless the candidate, within fourteen (14) days after receipt of notification of a recommendation regarding reappointment, promotion, or tenure, withdraws from candidacy by written notice to the academic unit head, Dean, or Administrator, the process will continue.

7.4.10 Reappointment Review Schedules. Dossiers shall be prepared and ready for review according to the following schedule:

7.4.10.1 If the candidate has an initial one year appointment, the dossier is due no later than January 1 of that year (December 1 in the College of Medicine); notice of the recommendation of the Provost is due to the candidate by March 1 of that year (March 15 in the College of Medicine), or at least 3 months in advance of the appointment's

end date.

7.4.10.2 If the candidate is in the second year of service and the appointment ends in that academic year, the dossier is due no later than October 1 of that year (September 15 in the College of Medicine); notice of the recommendation of the Provost is due to the candidate by December 15 of the second year (January 1 in the College of Medicine), or at least 6 months in advance of the appointment's end date.

7.4.10.3 If the candidate is in the second year of a three year appointment or the penultimate year when the Faculty Member has consecutive Faculty service of more than two years, the dossier is due no later than March 1 of the appointment's penultimate year; notice of the recommendation of the Provost is due to the candidate by August 31 of the penultimate year, or at least 12 months in advance of the appointment's end date.

7.4.11 Reappointment and Promotion Review Schedules. In all cases, any candidate for reappointment who also wishes to submit a request for promotion will submit the dossier on the appropriate reappointment schedule, as defined in the review deadlines.

7.4.12 Review Deadlines. The following deadlines apply to all RPT reviews:

7.4.13 Early Review Deadlines. Any academic unit, college, or library jurisdiction may establish an earlier date for submission of dossiers to the first level by written notice to the Faculty Members from the Dean or appropriate administrator. This written notice must be given six (6) months in advance of the earlier deadline date. In the case of Faculty Members in the first year of their initial appointment, this information shall be communicated in writing at the beginning of that appointment.

7.5 Criteria and Procedures for Reappointment, Promotion and Tenure

7.5.1 RPT recommendations shall be based upon criteria related to the responsibilities and functions of the candidate's academic unit or library jurisdiction.

7.5.2 RPT criteria shall be established by each academic unit and library jurisdiction, subject to written approval by the Dean or Library Administrator, and the Provost. (Each academic unit shall review its RPT criteria and procedures at least once every five years. When revisions are made or existing criteria are reaffirmed, as the result of a review, the academic unit's new or reaffirmed RPT criteria and/or procedures shall be subject to the written approval of the Dean or Library Administrator and the Provost. Failure to conduct this periodic review shall not be a grievable matter.) Academic recommendations at all levels of evaluation shall be based on approved RPT criteria. The recommendations of the Provosts, and the President, and the decisions of the Board, to the extent that they are concerned with academic performance, shall also be based on these criteria. In individual cases, the committees, appropriate administrators, or the Board shall consider the recommendations of the preceding committees or appropriate administrators, but will make an independent determination based on the same criteria.

7.5.3 If a reasonable time has not elapsed since a change in RPT criteria, due consideration shall be given to the former criteria.

- 7.5.4** The academic unit head or Library Administrator will notify all members of the academic unit of the RPT criteria upon appointment or when changes occur.
- 7.5.5** Academic performance based on RPT criteria shall be the only consideration in RPT cases, except reappointment or tenure may be denied because of program needs or budget restraints.
- 7.5.6** Budget restraint or program need in an academic unit may, of necessity, have an adverse impact on an individual Faculty Member; however, the determination of a budget restraint or program need shall be independent of the academic review of the Faculty Member for reappointment or tenure.
- 7.5.7** If a Provost determines that a budget restraint or program need exists for an academic unit or college, the Provost shall notify the academic unit, the Dean, and the AAUP. The Dean and academic unit head shall then work with the Provost to ascertain if the budget restraint or program need can be resolved without adverse impact on an individual Faculty Member. The academic unit as a whole, at least thirty (30) days after it has been provided documentation of the budget restraint or program need and of the total resources available to the unit, shall be consulted and its suggestions for resolution given full consideration, including any alternatives that would not adversely affect any Faculty Member.
- 7.5.8** If the budget restraint or program need can only be resolved by adversely affecting a Faculty Member, the Faculty Member so affected shall be notified, no later than fifteen (15) months prior to the effective date of the non-reappointment. The notice shall state explicitly that the reasons for non-reappointment are based on program need or budget restraint.
- 7.5.9** To continue the progress achieved, the University's affirmative action policies shall be considered in making a decision concerning non-reappointment or denial of tenure for reasons of program need or budget restraint.

7.5.10 When a Faculty Member is denied reappointment for reasons of budget restraint or program need, that position may not be filled on a full-time basis for two (2) years, unless it is first offered to the individual denied reappointment. However, the position may be filled on a part-time basis without regard to the two-year limit (1) if the position is first offered to the individual denied reappointment, and (2) if the part-time position accounts for no more than 50% of the full-time course load of the Faculty Member denied reappointment. The Faculty Member denied reappointment shall be given thirty (30) days to accept the full-time or part-time position. If accepted, prior service credit shall be allowed toward any applicable probationary period.

7.6 Rules of Committee Procedure

7.6.1 All RPT committees shall be standing committees.

7.6.2 Only full-time University Faculty Members, or those granted full-Faculty status by the academic unit, shall serve on the RPT committees.

7.6.3 The quorum necessary for voting shall be two-thirds of the members of a RPT committee. Each member of a RPT committee shall have one vote.

7.6.4 RPT Committees at the Academic Unit Level.

7.6.4.1 Composition. Each academic unit's RPT Committee shall be composed of members as defined in 7.6.2 above. Deans, associate deans, assistant deans, assistants to the dean, and academic unit heads may not serve on the Committee. The chairperson shall be selected by the Committee from its members. If an academic unit has fewer than four full-time tenured Faculty Members, it must select by democratic means at least one additional Committee member who is tenured from full-time Faculty of the college, or from related disciplines in other colleges of the University. If the committee membership has been supplemented, the chairperson must be a

member of the academic unit. Except for these requirements, the Faculty of the academic unit shall decide by democratic means the Committee's structure, size, and method of selection.

7.6.4.2 Committee Responsibilities. The Committee shall forward to the College RPT Committee or to the Dean, through the academic unit head, the candidate's file and the academic unit's recommendation regarding reappointment, promotion, or tenure.

7.6.4.3 Academic Unit Head Responsibilities. The academic unit head shall submit an independent recommendation to the College RPT Committee or to the Dean.

7.6.5 College RPT Committee

7.6.5.1 Composition. The College RPT Committee shall be composed of full-time Faculty of the college, with no more than two (2) from any single academic unit. Deans, associate deans, assistant deans, assistants to the dean, and academic unit heads may not serve on the Committee. Except for these restrictions, colleges shall democratically determine the structure, size, and method of selection of the Committee.

7.6.5.2 In colleges without academic units, the RPT Committee shall be composed of the Faculty of the college, with the exception of the Dean, associate deans, assistant deans, and assistants to the dean. The Committee shall select a chairperson from its members. Except for these requirements, the Committee shall democratically determine its structure, size, and method of selection.

7.6.5.3 College Committee Responsibilities. The Committee shall review and consider academic unit and academic unit head recommendations for

reappointment, promotion, and tenure. The Committee shall forward its recommendation and the candidate's file to the Dean.

7.6.5.4 Dean's Responsibilities. The Dean shall submit an independent written recommendation to the Provost.

7.6.6 Librarians' Reappointment, Promotion, and Tenure Committee

7.6.6.1 Composition. The Library Faculty shall have a RPT Committee composed of full-time Library Faculty in the Bargaining Unit from at least two (2) library jurisdictions. Except for these restrictions, the Library Faculty shall determine by democratic means the structure, size, and method of selection of the Committee.

7.6.6.2 Committee Responsibilities. The Committee shall make a recommendation about reappointment, promotion, or tenure based upon consideration of the candidate's dossier, the supervisor's recommendation, and other relevant documentation. It shall forward to the Library Administrator the candidate's file and the Committee's recommendation. When the Library Administrator is also the candidate's immediate supervisor, the candidate's file shall not contain a recommendation by the immediate supervisor as to reappointment, promotion, or tenure. The candidate's file shall contain the written evaluation prepared by the supervisor along with the summary of the evaluation conference signed by both the candidate and the supervisor. The candidate may include a written statement in the file about the evaluation and the summary.

7.6.6.3 Appropriate Library Administrator's Responsibilities. The Library Administrator shall submit an independent recommendation to the Provost.

7.7 Except as provided in Section 11.12, these procedures apply to all academic units and colleges.

7.8 This Article shall not prevent the more rapid advancement of persons of exceptional ability whose accomplishments and value justify earlier promotion or grant of tenure.

7.9 RPT Grievance.

7.9.1 If a Faculty Member is denied reappointment or promotion or tenure, s/he may file a grievance if s/he alleges that:

- (a) Academic freedom violations are significantly connected with the decision; or
- (b) Procedures used in reaching the decision leading to the grievance were applied in an improper or discriminatory manner (the term “procedures” as used in this Section includes the requirements of Sections 6.2 and 6.5 and Article 7, as they apply to the candidate, excluding the merit or lack of merit, or the weight or substantiality of the reasons, judgments, or substantive determinations by administrators or committee involved with RPT recommendations); or
- (c) A negative recommendation by a Provost has followed positive recommendations by (1) the academic unit, (2) the college or library jurisdiction, and (3) the Dean or administrator, and is arbitrary and capricious.

7.9.2 Filing an RPT Grievance.

7.9.2.1 An RPT grievance must be filed within twenty-one (21) days after the receipt of the Provost’s negative recommendation.

7.9.2.2 Filing Procedure.

To file an RPT grievance, the Faculty Member must contact the office of the AAUP. Upon completion, the Grievance form will be distributed by the AAUP to the respondent(s), the Grievance

Committee Co-Coordinators, the appropriate Provost, and the Dean or administrator.

7.9.3 RPT Grievance Process.

7.9.3.1 Grievance Committee Composition. See Article 8.3.

7.9.3.2 Requirements for Grievant's and Respondent's Statements. See Article 8.4.

7.9.3.3. Grievance Panel Procedures. See Article 8.5, except that in tenure cases, Panel members from the faculty pool must be tenured.

7.9.3.4. Rebuttal Statements. See Article 8.6.

7.9.3.5. Grievance Decision Process. See Articles 8.7 and 8.8.

7.9.4 Authority of the Grievance Panel. Except as provided below (7.9.5), in RPT cases in which the Grievance Panel finds procedural error, violation of academic freedom, or arbitrary or capricious decision by the Provost, it may only remand to the appropriate level of review. The Panel may not award reappointment, promotion or tenure.

7.9.5 Ad Hoc Committee Review.

7.9.5.1 In tenure cases, if after a review of the evidence the Grievance Panel believes that a fair reconsideration of the dossier is not possible, it may direct that an Ad Hoc Committee be appointed to conduct a substantive dossier review. In such rare cases, the Grievance Panel must notify all parties of its findings and of the rationale for invoking the Ad Hoc Committee procedure.

7.9.5.2 The Grievance Committee Co-Coordinators shall have thirty (30) days to appoint the Ad Hoc Committee. The Ad Hoc Committee should be composed of five (5) experts in the same general

discipline as the grievant. The Co-Coordinator may, at their discretion, consult persons inside or outside the University as to known and respected experts in the grievant's discipline. Members of the Ad Hoc Committee may be from inside or outside the University, but may not be members of the grievant's academic unit.

- 7.9.5.3** The Ad Hoc Committee shall consider the grievant's dossier as presented to the Provost and may, at its discretion, seek further evaluation of the candidate. It shall be the responsibility of the Chair of the Grievance Panel to ensure that the Ad Hoc Committee members receive all materials necessary for them to complete their review.
- 7.9.5.4** The Ad Hoc Committee may meet by telephone, teleconference, or videoconference.
- 7.9.5.5** The Ad Hoc Committee shall follow all relevant and appropriate criteria, procedures, and guidelines of the grievant's academic unit. The Ad Hoc Committee's final recommendation shall be by majority vote.
- 7.9.5.6** The Ad Hoc Committee, within sixty (60) days of its formal appointment, shall recommend to the President whether the grievant should be awarded tenure. The President shall respond in writing to the Committee's recommendation within thirty (30) days of its receipt, except if the recommendation is received between June 1 and September 1, the President shall respond within forty-five (45) days. The decision of the President is final.

ARTICLE 8 **GRIEVANCE PROCEDURE**

- 8.1 Grievances.** Whenever possible, disputes should be resolved informally at the lowest level. All Faculty Members and administrators are encouraged to engage in free and open

communication to resolve differences.

8.1.1 Definition. A “grievance” is a complaint or allegation by a Faculty Member(s), or by the AAUP, of a violation, misinterpretation or improper application of the provisions of this Agreement.

8.1.2 The time limits in this Article are maxima unless extended by written agreement by the AAUP and the University. If the last day of the time period falls on a Saturday, Sunday, or a University holiday, the deadline is automatically extended to the next University working day.

8.2 Filing a Grievance

8.2.1 All grievances shall be resolved through the following procedures, except for those relating to Reappointment, Promotion and Tenure (see Article 7) and Discipline and Dismissal (see Article 9).

8.2.2 Step 1: Informal Resolution.

Prior to requesting mediation, the Faculty Member must attempt to resolve the complaint informally by notifying the appropriate University Contract Administrator in writing within forty-five (45) days of knowledge of the incident causing the complaint. The names and phone numbers of the University Contract Administrators for the East and West campuses are available from the Provosts’ offices and from the AAUP office.

If this attempt at resolution fails, the University Contract Administrator will notify the Faculty Member in writing that s/he must file a “Request for Mediation” if s/he wishes to proceed to the next step. A request for a Grievance Panel hearing can be filed only after mediation has failed to resolve the complaint.

8.2.3 Step 2: Mediation.

8.2.3.1 Filing Deadlines. The Faculty Member (complainant) must file for mediation with the appropriate AAUP representative within twenty-

one (21) days after receiving notification from the University Contract Administrator that the informal attempt at resolution was unsuccessful.

- 8.2.3.2 Filing Procedure.** To file for mediation, the Faculty Member must contact the office of the AAUP to obtain and to File a Request for Mediation Form. The mediation begins when the Faculty Member timely signs and files the Request for Mediation form.
- 8.2.3.3 Selection of Mediator.** A mediator shall be jointly selected by the AAUP and the appropriate Provost's office from a list of professional mediators maintained by the Parties. The list must include mediators from the Federal Mediation & Conciliation Service (FMCS) and the Ohio State Employment Relations Board (SERB).
- 8.2.3.4 Cost of Mediation.** The AAUP and the Administration shall share equally in the cost of mediation, with the total annual cost to each Party not to exceed \$2,500 for 2007-2008, and \$5,000 per year thereafter.
- 8.2.3.5 Conduct of Mediation.** The mediator shall have forty-five (45) days after his/her appointment to resolve the complaint. During that period, the mediator shall have access to persons and information appropriate to speedy resolution. The mediator may meet with the complainant and respondent separately or in a group and if resolution occurs, they shall sign an agreement identifying the remedy. The mediator shall establish a process for mediation. Other than the Request for Mediation form, this signed agreement shall be the only written record of the mediation process. Any personal notations or other records of the mediation teams shall be destroyed.
- 8.2.3.6 Mediation Responsibility.** The complainant and the Respondent shall be available to meet at the

mediator's request during the forty-five (45) day mediation period. A complainant who is not available to meet during the forty-five (45) day period, for the time deemed necessary by the mediator to reach resolution, forfeits the right to mediation. If mediation cannot be completed within forty-five (45) days, extensions may be granted by the Parties.

8.2.3.7 Implementation of Resolution. The mediator shall notify the Parties whether the complaint has been resolved and, if resolved, will include a schedule for implementation. If the resolution requires some action by the Dean or Provost, in order to implement the resolution, the Dean or Provost must be a party to the mediation. If implementation does not begin within the time period stated in the mediation resolution, the complainant shall have ten (10) days following that period to file a request for a Grievance Panel hearing.

8.2.4 Step 3: Filing a Request for a Grievance Panel Hearing

The grievant has ten (10) days from the closing of mediation to file a request for a Grievance Panel hearing. To file the request, the grievant must contact the office of the AAUP to obtain and to file the Grievance form. Upon completion, the Grievance form will be distributed by the AAUP to the respondent(s), the Grievance Committee Co-Coordinators, the appropriate Provost, and the Dean or administrator.

8.3 Grievance Committee. Panels of the Grievance Committee shall hear all grievances under this contract. There shall be no coercion of or retaliation against any person serving as a member of a Grievance Panel.

The Grievance Panels shall be drawn from three pools: 10 elected Faculty Members, 10 administrators chosen by the University President or his/her designee; and 10 academic unit heads chosen as described below.

8.3.1. Election of faculty pool. The faculty pool shall consist of

Faculty Members elected as follows:

Two Faculty Members from the College of Arts and Sciences;

One Faculty Member from the College of Nursing, Pharmacy or Allied Health Professions;

One Faculty Member from two-year colleges (Clermont, Raymond Walters);

One Faculty Member from the Libraries of the University;

Two Faculty Members from West Campus professional colleges (CAS, COB, CCM, DAAP, CECH, Engineering, Law, or Social Work);

Two Faculty Members from the College of Medicine;

One at-large Faculty Member who will serve as the faculty pool Co-Coordinator.

No academic unit head may be elected to the faculty pool.

- 8.3.1.1** Nominations for membership on the faculty pool, including any Faculty Member nominated by a petition signed by twenty-five (25) Faculty Members, shall be made by the Faculty Senate. Faculty Members shall be notified of the list of nominees prior to the May meeting of the University Faculty. Additional nominations may be made from the floor at that meeting.
- 8.3.1.2** Members of the faculty pool shall be selected by secret ballot of the Faculty Members by an election on days designated by the Faculty Senate Chairperson as soon as practicable after the May meeting.
- 8.3.1.3** The term of office of members of the faculty pool shall be two (2) years, commencing July 1. Any interim vacancies shall be filled by appointment by the Faculty Senate Chairperson until the next May University Faculty meeting. After two (2)

consecutive terms on the faculty pool, a member may not serve another term until after an interval of two (2) years.

8.3.1.4 The faculty pool Co-Coordinator shall be allowed release time of up to 1 course per quarter or equivalent duties.

8.3.2 Selection of administrator pool. The administrator pool shall consist of academic administrators, with the exclusion of the Provost and Contract Administrator on each campus. It is preferable, but not required, that any academic administrator appointed to the Grievance Committee hold a faculty title; however, in cases involving tenure or dismissal of a faculty member, a faculty title is required to serve on a panel. The University President shall select 10 administrators for this pool and submit a list of those so designated to the AAUP and to the Grievance Committee Co-Coordinators not later than May 1 of each year. As vacancies occur, the President may name replacements. The administrators shall elect their own Co-Coordinator by June 1 of each year. Administrator Co-Coordinators may succeed themselves.

8.3.3 Academic unit head pool. All academic unit heads who are members of the AAUP bargaining unit are eligible for designation to the academic unit head pool. By May 1 of each year, the AAUP and the Provosts shall each form a list of ten (10) academic unit heads, from which lists names shall be alternately struck by the AAUP and the Administration until a final list of 10 academic unit heads shall remain. These remaining 10 academic unit heads shall form the members of the academic unit head pool.

No academic unit head may serve on more than one (1) Grievance Panel per academic year.

8.4 Grievance Position Statements. The AAUP and the Administration discourage proliferation of grievance claims and rebuttals that are not supported by facts. The AAUP and the Administration also discourage excessive documentation. Position statements shall be no more than fifteen (15) pages in length and shall have no more than thirty (30) documents attached.

8.4.1 Grievant's Position Statement. Within thirty (30) days after filing the Grievance form, the grievant must submit one copy of a position statement to the respondent, one copy to all other parties listed on the Grievance form, and seven (7) copies to the Grievance Committee Co-Coordinators. This statement should: incorporate the information contained on the Grievance form; outline the precise grounds for the grievance; summarize the issues; the supporting facts, and the relief requested; and include copies of relevant documents or other supporting materials. It should also include a list of individuals who have knowledge of the grievance and the possible relevance of their declarations.

8.4.2 Respondent's Position Statement. Within thirty (30) days of receipt of the grievant's statement, the respondent(s) must submit one copy of a position statement to the grievant, one copy to all other parties listed on the Grievance form, and seven (7) copies to the Grievance Committee Co-Coordinators. The statement should include relevant documents and other supporting materials. It should also include a list of individuals who have knowledge of the grievance and the possible relevance of their declarations.

8.4.3 At least one week before the hearing the grievant may submit additional materials and documentation responding to specific issues in the respondent's position statement. The respondent(s) may submit rebuttal materials within four (4) days thereafter.

8.5 Grievance Panel Procedure

8.5.1 A Grievance Panel shall consist of seven (7) members chosen from the full Grievance Committee, excluding those who believe they cannot fairly or objectively review the case. The faculty pool Co-Coordinator shall select three (3) from the faculty pool, the administrator Co-Coordinator shall select three (3) from the administrator pool, and the Co-Coordinators shall jointly select one (1) from the academic unit head pool. If the Co-Coordinators cannot agree on the selection of an academic unit head, that person shall be chosen by lot.

No Committee member may serve on a Panel unless s/he has completed a training workshop. Training workshops will be conducted jointly by the AAUP and the Provosts' Offices and offered not less than once per academic year.

Each Grievance Committee Co-Coordinator shall ensure that at least one (1) of the three Panel Members that s/he selects shall be from the campus (East or West) where the grievance originated.

Once selected, the Panel Members shall elect a Panel Chair from among their number.

- 8.5.2** The Grievance Panel may, by a vote of one more than a majority of its members, reject any grievance (other than discipline or dismissal for cause) assigned to it for lack of merit. The Panel shall provide the grievant a written statement explaining its refusal to accept the grievance. The grievant may seek reconsideration of such decision by presenting new evidence to the Panel within thirty (30) days from receipt of the decision.
- 8.5.3** In all grievances (other than discipline or dismissal), the burden of proof rests with the grievant.
- 8.5.4** The Grievance Panel may gather additional information in preparation for the hearing. The Panel should convene at least once prior to the hearing in order to review all materials and decide on witnesses to be called at the hearing.
- 8.5.5** All seven (7) members of the Grievance Panel must be present for a grievance hearing to be held.
- 8.5.6** The Grievance Panel shall hold a hearing on each grievance properly filed (including the position statements) and accepted.
- 8.5.7** The Grievance Panel Chair should consult with the AAUP or other representative of the grievant and the representative of the respondent to set a date for the grievance hearing.

- 8.5.8** The Panel shall take and file a written transcript or tape recording of the hearing.
- 8.5.9** The Grievant and Respondent should be present at the hearing and are entitled to representation. In the event that a Grievance names as a Respondent one or more administrators, including Department Chairs, the University Contract Administrator will make such persons available at the hearing on reasonable notice to respond to questions posed by the Grievance Panel.
- 8.5.10** Grievant(s) and respondent(s) are each entitled to make a single 10-minute oral presentation at the start of the hearing. In all cases, the party bearing the burden of proof shall proceed first with its presentation. The parties shall confine their presentations to facts relevant to the charges.
- 8.5.11** The Panel may question the grievant(s) and respondent(s) at the close of the oral presentations. The Panel may also request the presence of and question other persons at its discretion.

8.6 **Rebuttal Statements.** Within 14 days after the hearing, the grievant and/or the respondent may submit a written rebuttal statement that includes responses to the opposing party's oral presentation and to witness declarations given at the Grievance Panel hearing. The rebuttal statement should not generally exceed 5 (five) pages.

8.7 Deciding Grievances

- 8.7.1 Timeline.** The Grievance Committee shall select a Panel, which shall conduct a grievance hearing no later than thirty (30) days after receiving the statements from both the Grievant and Respondent; and shall transmit its written decision no later than thirty (30) days after the hearing.
- 8.7.2 Panel Decisions.** The decision of a Grievance Panel is final and binding on the Parties, and the Parties agree to implement the decisions of Grievance Panels (except as described in Article 9 and Article 32).

- 8.7.3 Panel Votes.** In rendering decisions, no Panel member may abstain from voting. The final decision is by majority vote. Votes are to be taken by secret ballot. The vote tally shall be reported along with the written decision.
- 8.8 Notice of Decision.** The Panel shall notify all parties listed on the Grievance Form of its decision.
- 8.9 Maintenance of Records.** Each Panel case file shall include copies of all correspondence, the tape and/or transcript of the hearing, the Panel's written decision, and the findings of any ad hoc committee. The Panel's file shall be kept by the University's Office of Labor Relations.
- 8.10 Committee Support.** The Grievance Committee shall be provided a budget of \$750.00 per academic year to support its activities, in addition to office support from the University's Office of Labor Relations.
- 8.11 Rights of the AAUP and Administration.** The AAUP and Administration shall be notified in advance of each grievance procedure and shall promptly receive copies of all correspondence and decisions regarding the grievance. Decisions shall contain a statement of all issues and their disposition. The AAUP, Provost, or their designated representatives, have the right to attend all hearings. The AAUP may represent a consenting grievant before the Grievance Panel. No grievance settlement may violate any provision of this Agreement.

ARTICLE 9

DISCIPLINARY PROCEDURES

9.1 Discipline Standards and Procedures

The University shall not impose discipline except for adequate cause. The University subscribes to the principles of progressive discipline except when summary action is necessary and appropriate. Any disciplinary action shall be predicated upon a violation of this Agreement or of the University's rules or standards of professional conduct including consistent failure to fulfill responsibilities in the academic unit. Only Administration officials can initiate Article 9 disciplinary proceedings, but anyone, including

the academic unit head, may provide the official with information relevant to deciding whether to implement Article 9 proceedings. In the event that a student has a complaint against a Faculty Member, the student should be encouraged to meet with the Faculty Member, with the Ombudsperson or with the academic unit head in order to resolve the complaint. It is preferable, but not required, that the meeting be with the Faculty Member. If the student's complaint remains unresolved, the student may proceed under the Student Grievance Procedures, as established by the Board from time to time. However, nothing shall prevent an appropriate University official from commencing a proceeding under this Article 9 for any violation of this contract.

9.1.1 Rights of the AAUP and Administration. The AAUP and the Administration each have the right to have a representative present at all Article 9 proceedings.

9.1.2 Suspension Pending Investigation. When, in the judgment of the President, the presence of a Faculty Member on University property presents a threat to the health or safety of the Faculty Member or anyone in the University community or represents a threat of substantial disruption or substantial interference with the normal and lawful activities of the University community, the President may suspend with pay the Faculty Member pending the disposition of the disciplinary process provided in this Agreement. The President may also direct that the Faculty Member be removed and barred from University property.

9.1.2.1 In the event the President is absent from the University, a Provost may exercise the above authority to suspend the Faculty Member with pay and direct that the Faculty Member be removed and barred from University property.

9.1.3 Investigation. The orthodontia coverage is provided at cost on a pretax basis.

16.3.2.1 The Ortho Plan will be discontinued as of December 31, 2008.

16.3.3 Waiver of Dental Coverage. Bargaining Unit members may elect to waive dental coverage and receive a monthly credit of no less than \$18.00, which may be received as cash in the paycheck or may be applied to the cost of other benefits.

16.3.4 If the Bargaining Unit member is enrolling for the first time and does not select a Plan by the enrollment deadline, the Bargaining Unit member will be enrolled in the default plan, Basic Plan, single coverage. If the Bargaining Unit member is re-enrolling and does not return an enrollment form by the enrollment deadline, the Bargaining Unit member will automatically be enrolled in the preceding year's plan.

16.4 Life Insurance. Bargaining Unit members may select any of the eight (8) Life Insurance Plan options to cover themselves only.

- Option 1 - 1 times annual base salary
- Option 2 - 2 times annual base salary
- Option 3 - 3 times annual base salary
- Option 4 - 4 times annual base salary
- Option 5 - 5 times annual base salary
- Option 6 - 6 times annual base salary
- Option 7 - \$5,000
- Option 8 - \$50,000

16.4.1 The University will contribute toward life insurance coverage a monthly amount equal to the Bargaining Unit member's monthly premium cost for Option 1 up to a maximum coverage level of \$50,000. Should the Bargaining Unit member select a more costly option, the Bargaining Unit member will be required to contribute the excess premium cost by salary reduction. Bargaining Unit members selecting Option 7 will receive a credit equal to the difference between the premium costs for Options 1, up to a maximum coverage level of \$50,000, and Option 7.

16.4.2 If the Bargaining Unit member is enrolling for the first time and does not select an Option by the enrollment deadline, the Bargaining Unit member will be enrolled in the default plan, Option 1, one (1) times annual base salary. If the Bargaining Unit member is re-enrolling and does not return an enrollment form by the enrollment deadline, the Bargaining Unit member will automatically be enrolled in the preceding year's plan.

16.5 Family Life Insurance. A Bargaining Unit member may purchase, on an after tax basis, life insurance coverage for his/her spouse, domestic partner or children in the amounts stated below, not to exceed 50% of the employee's coverage:

| <u>Insurance for Spouse/Domestic Partner</u> | <u>Insurance for Children</u> |
|--|-------------------------------|
| No coverage | No coverage |
| \$ 5,000 | \$ 2,000 |
| \$10,000 | \$ 5,000 |
| \$25,000 | \$10,000 |

16.6 Personal Accident Insurance. A Bargaining Unit member may purchase, on an after tax basis, Accidental Death or Dismemberment Insurance (either single or family coverage) in the

amounts stated below:

No coverage
\$ 50,000
\$100,000
\$150,000

Coverage for spouse or domestic partner is equal to 50% of the employee's coverage. Coverage for dependent children is equal to 10% of the employee's coverage.

16.7 Long-term Disability Insurance (LTD). Bargaining Unit members may purchase on an after-tax basis either of two (2) Long-term Disability Insurance Plans:

Option 1 provides a benefit after four (4) months of 65% of base salary, up to a maximum monthly benefit of \$4,000.

Option 2 provides a benefit after six (6) months of 60% of base salary, up to a maximum monthly benefit of \$4,000, and retirement annuity coverage if the Bargaining Unit member becomes totally disabled.

Evidence of insurability is required if the Bargaining Unit member does not enroll in long term disability coverage when first eligible; then, coverage becomes effective upon acceptance by the insurance company.

Participants in the Expanded TIAA retirement plan receive retirement annuity coverage regardless of the LTD option chosen.

16.8 Health Care Account. Bargaining Unit members may elect to have a specified amount withheld on a pre-tax basis from each paycheck, up to the annual maximum allowed by the plan, to be used for reimbursement of eligible expenses which are not covered by insurance. Eligible expenses are those permitted by federal tax law, except mileage and parking. Funds which are withheld must be reimbursed for expenses incurred in the calendar year in which they are withheld, or, under current IRS rules, the unused funds will be forfeited by the individual. Assuming no negative balance, any excess funds attributable to Bargaining Unit members, at the end of a calendar year, will be applied to enhance wellness programs

(e.g., the Employee Assistance Program), for the benefit of Bargaining Unit members.

- 16.9 Dependent Care Account.** Bargaining Unit members may elect to have a specified amount withheld on a pre-tax basis from each paycheck, up to the annual maximum allowed by law to be used for reimbursement of dependent care expenses which are specified by IRS rules but which are not claimed under the federal tax credit. Funds which are withheld must be reimbursed for expenses incurred in the calendar year in which they are withheld, or, under current IRS rules, the unused funds will be forfeited by the individual. Any excess funds attributable to Bargaining Unit members shall be contributed to the U.C. Child Care Center, Inc.
- 16.10 Long Term Care Insurance.** Bargaining Unit members may purchase group long term care insurance, on an after-tax basis, which provides for skilled and custodial nursing care, home nursing care and adult day care. Evidence of insurability is required if the Bargaining Unit member does not enroll when first eligible, and is always required for enrollment of the spouse, domestic partner, parents, and parents-in-law.

ARTICLE 17 **SICK LEAVE**

- 17.1** Bargaining Unit members will accumulate sick leave at the rate of fifteen (15) days per year pro-rated on a monthly basis while in active pay status up to a maximum of three-hundred (300) days.
- 17.2** The University shall maintain a Sick Leave Bank for the use of Bargaining Unit members who have exhausted their accumulated sick leave days. The Sick Leave Bank will maintain 300 days for use by Bargaining Unit members. In order to draw upon the Bank, a Bargaining Unit member must make a written request to the academic unit head who will forward the request to the University Contract Administrator for implementation. Requests beyond 150 days, for a single illness or injury, must be approved by the University Contract Administrator and the AAUP.
- 17.3** Accumulated sick leave may be used by a member of the Bargaining Unit whenever he or she is unable to attend to his or her duties because of personal illness, injury, exposure to contagious

disease which could be communicated to others, or because of illness, injury, or death in his or her immediate family, or his or her domestic partner and/or children thereof, registered according to the appropriate process and in a timely manner through the Human Resources Department.

- 17.4** When using full or partial sick leave days, the member shall immediately notify his or her academic unit head and advise of the estimated duration of absence.
- 17.5** All use of full or partial sick leave days must be reported to the academic unit head on the appropriate University form. Each Bargaining Unit member may annually review the number of sick days used and the number still available for use.
- 17.6** Disability or illness caused or contributed to by pregnancy, miscarriage, abortion, childbirth or recovery therefrom shall be treated as any other illness or disability. Accumulated sick leave days may also be used for normal childbirth. Just prior to initiation of use of sick leave for childbirth and recovery, the Bargaining Unit member shall provide to the academic unit head in writing from her physician the expected date of delivery. If the use of accrued sick leave days for childbirth exceeds ten (10) calendar weeks, the academic unit head may request that the Bargaining Unit member provide a note from her attending physician specifying the probable date of return.
- 17.7** Sick leave may be used during any period of time in which the Bargaining Unit member is under contract to perform services for the University. No action shall be taken by the University to release a Bargaining Unit member because of illness or disability while on sick leave with pay.
- 17.8** Persons using accumulated sick leave shall receive their regular compensation during the period of leave, as well as any salary increases, promotion, award of tenure, or any other rights which they would have received individually or as a member of the Bargaining Unit had they not been using accumulated sick leave days.
- 17.9** **Extended Sick Leave**

17.9.1 If an absence is to exceed fourteen (14) days, the Bargaining Unit member must notify his or her head of the probable duration of the absence. The academic unit head shall forward this information to the Dean or the appropriate administrator and the appropriate Provost for implementation of an extended sick leave.

17.9.2 During any extended sick leave the University may from time to time require a statement from the Bargaining Unit member's physician as to his or her continued disability or illness and the date of probable return.

17.9.3 Bargaining Unit members on extended sick leave are advised to seek the counsel of the Benefits Office as to those particular benefits associated with each retirement system.

17.9.4 Bargaining Unit members covered by the STRS/OPERS systems or City Retirement must use the benefits available to them under those systems.

17.9.5 For those Bargaining Unit members not covered by state systems, the following provision applies:

A Bargaining Unit member enrolled in the long term disability insurance plan, as described in Article 16, and who is unable to perform his or her assignments following the initiation of a continuing illness or injury, is eligible to apply for benefits under the terms of the long-term disability insurance plan. Long-term disability need not go into effect until accumulated sick leave days have been exhausted.

17.9.6 A person on extended sick leave for a continuous period of at least 10 weeks may request an extension of the seven-year probationary period of up to one year, provided that all time off the tenure clock totals no more than two years during the probationary period. The request must be approved by the academic unit head, dean, and provost. Granting of an extension of the probationary period because of extended sick leave to the individual will act automatically to extend the term of the current appointment for a period of time equal to the period of the leave.

17.10 Medical Leave Without Pay

- 17.10.1** Subsequent to the exhaustion of accumulated sick days, the Bargaining Unit member not covered by STRS, OPERS or City Retirement may apply for up to one year medical leave without pay. During this one-year period, he or she will retain all University-provided benefits except for vacation and sick leave accrual and retirement contributions based on salary. The Bargaining Unit member may elect to use any accrued vacation prior to going on medical leave without pay.
- 17.10.2** One-year medical leaves without pay are renewable twice. During the renewals, a Bargaining Unit member may participate in the same fringe benefits as in the first year of medical leave without pay by payment of the full costs thereof. Arrangements for payment must be made through the Benefits Division.
- 17.10.3** A Bargaining Unit member on medical leave without pay shall be entitled to return to active status should the disability or illness end, on the following terms:
- 17.10.3.1** A Bargaining Unit member with tenure at the time of disability will be recalled with tenure upon recovery; or
- 17.10.3.2** A Bargaining Unit member without tenure will be recalled to complete the term of his or her contract and prior University service shall count as part of the probationary period.
- 17.10.4** No action may be taken by the University to release a Bargaining Unit member because of sickness or disability while the Bargaining Unit member is on medical leave without pay.
- 17.10.5** Bargaining Unit members eligible for reinstatement following medical leave without pay shall upon their return receive the benefit of any salary increase or change in benefits implemented during the time of their medical leave without pay.

17.10.6 Following the completion of the final year of medical leave without pay, the University may, at its discretion, choose to release a Bargaining Unit member.

17.11 Continuation of Extended Sick Leave/Medical Leave. Normally, the decision about whether a Bargaining Unit member should take or continue on sick leave or medical leave without pay or return to active faculty status will be made by the Bargaining Unit member following consultation with his or her attending physician. If, however, there is a disagreement between the University and a Bargaining Unit member in such matters, the following procedure shall apply:

17.11.1 The Bargaining Unit member and the University shall each designate a medical doctor specializing in treatment of the Bargaining Unit member's alleged illness or disability.

17.11.2 The two medical doctors shall confer and choose by agreement a third medical doctor. These three doctors shall be given the right to examine the Bargaining Unit member and review his or her medical records.

17.11.3 After such examination, the three medical doctors shall confer and decide by majority vote among them whether the Bargaining Unit member is so disabled as to be unable to adequately perform under the terms of his or her contract with the University. The decision of the doctors shall be binding upon the University and the Bargaining Unit member.

17.11.4 The University shall bear all costs associated with examinations and opinions rendered under this procedure.

17.12 Continuation of Benefits. A Bargaining Unit member who is approved for long-term disability benefits, may continue to participate in University medical and dental benefits, after release from the University, by payment of the costs thereof, unless these benefits are provided through STRS, OPERS, City Retirement, or a government agency.

17.13 Payment for Accrued Sick Leave at Retirement

- 17.13.1** At the time of retirement from active service, Bargaining Unit members who are members of a retirement system and who meet the age and service or disability requirements to be eligible for retirement under the applicable system, and have applied for and will begin drawing a pension benefit from the applicable retirement plan, and with ten or more years service with the University, the State, or any of its political subdivisions, may elect to be paid in cash for one-fourth of the value of unused, accrued sick leave credit, up to a maximum of thirty (30) days.
- 17.13.2** Those Bargaining Unit members employed prior to July 1, 1977, meeting the age and service or disability requirements specified above, with twenty-five or more continuous years of full-time service with the University immediately preceding retirement, at the time of retirement from active service, may elect to be paid in cash for one-half of the value of unused accrued sick leave credit up to a maximum of sixty days. Any Bargaining Unit member who meets the age and service requirements above, with three hundred (300) or more days accrued as of December 31, 1989, shall automatically access this benefit upon retirement.
- 17.13.3** Payment will be based upon the individual's rate of pay at the time of retirement. The payment for sick leave under the policy outlined in Subsection 17.13 eliminates all sick leave credit accrued by a Bargaining Unit member at the time of retirement. In the case of a person who is re-employed after retirement, any accumulated sick leave from previous employment would be eliminated by the operation of Subsection 17.13.

ARTICLE 18

RETIREMENT PROCEDURE AND PROGRAMS

- 18.1 Retirement Procedure.** Any Bargaining Unit member electing to take retirement under a retirement system identified in 18.2 of this Agreement, should give the Dean or appropriate administrator and University Benefits Division six months notice of the anticipated date of retirement. Within ten (10) days after receipt of the notice,

the Dean or appropriate administrator shall notify the Bargaining Unit member of the benefits available to the Bargaining Unit member and any application or other procedural requirements. After receipt of this information, the Bargaining Unit member shall have thirty (30) days to rescind in writing his or her notice of retirement. If not so rescinded, the retirement notice shall become effective according to its terms.

18.2 Retirement Programs

18.2.1 STRS and OPERS. Members of the Bargaining Unit appointed after July 1, 1977, shall participate in the State Teachers Retirement System of Ohio (STRS) or in the Ohio Public Employees Retirement System (OPERS) with eligibility and contributions as determined by regulations of said retirement systems. OPERS: University 13.31% Bargaining Unit Members 8.50%

18.2.2 CITY. Bargaining Unit members appointed prior to July 1, 1977, who elected to remain in the City of Cincinnati Retirement System shall make periodic contributions in accordance with the City of Cincinnati Retirement System contribution schedule. The rates on the effective date of this Agreement were:

University 15.75% Bargaining Unit Members 7.0%

18.2.3 TIAA. Bargaining Unit members appointed prior to July 1, 1977, who elected to participate in the Expanded Teachers Insurance and Annuity Association (TIAA) retirement system (or alternatives) shall make periodic contributions with the University according to the following schedule:

On the first \$8,000 of salary
University 12.75% Bargaining Unit Member 6.35%

On salary between \$8,000 and \$16,500
University 16.25% Bargaining Unit Member 10.35%

On salary over \$16,500
University 10.50% Bargaining Unit Member 6.80%

The University also shall make payments of .10% on the first \$16,500 of salary for retirement plan waiver in the event of disability.

- 18.2.3.1 Changes in Contribution Rates.** For the purpose of contributions for individuals participating in the expanded TIAA retirement system after July 1, 1977, when a percentage increase in contribution rates to STRS or OPERS is required, the exact same percentage increases will be added to the expanded TIAA annuity contributions. However, should STRS and OPERS adopt a percentage increase for the same purpose but at different times, the adjustment in TIAA contribution rates shall be made only once.
- 18.2.3.2 Definition of Salary.** The term “salary” as used in 18.2.3 shall mean the annual base salary on a mandatory basis and, on an optional basis, all additional University compensation for services rendered, provided that the election for contributions on the additional compensation must be for all additional compensation and such election can only be made or revoked once during each calendar year and must be consistent with Federal Tax Law.
- 18.2.3.3 Survivorship Insurance.** The survivorship insurance policy now in effect will be held in joint trusteeship by the AAUP and the University and the two parties shall share equally in the appointment of trustees. The managing Board must meet at least two times a year and provide timely written reports of such meetings to the parties to the contract. Failure to provide said reports or to comply with the Trust Agreement will result in the removal of any or all members of the Managing Board. The Chairperson of the Managing Board will be responsible for communicating with the parties to the contract and for providing all required reports.

18.2.4 Alternative Retirement Program (ARP). Full-time (100% FTE) Bargaining Unit members appointed after June 23, 1998 can elect to participate in the Ohio Alternative Retirement Plan (ARP). Eligible members may make a one time irrevocable election to opt out of the State Teachers Retirement System (STRS) or the Ohio Public Employees Retirement System (OPERS) and participate in the ARP. The election must be made within ninety (90) days of the date of hire.

Bargaining Unit members participating in the ARP shall make periodic contributions with the University. The rates on the effective date of this Agreement are:

STRS Eligible:

ARP: University 10.5% Bargaining Unit Members 10.0%

OPERS Eligible:

ARP: University 12% Bargaining Unit Members 8.5%

The University contribution may be adjusted based on any changes to the unfunded liability percentage remitted to STRS and/or OPERS and set by law and/or the Ohio Retirement Commission.

18.3 The AAUP and University Human Resources will jointly sponsor a Retirement Exit Seminar annually. Topics will include: health care options, and other benefits such as parking, use of Library, and bookstore discounts.

18.4 Medical Benefits to Previous Early Retirees. The University will continue to provide retirees in the Early Retirement Programs existing in prior contracts with the Medical Benefits available to active Bargaining Unit members until alternative medical coverage is available through another retirement plan or governmental program (e.g., Medicare), another employer, or until the age of 70, whichever occurs first. Notwithstanding the above, for participants approved in 1989, and who retired on or before September 1, 1990, medical benefits upon retirement shall be those in effect prior to January 1, 1990. Early retirees under prior contracts must enroll in Medicare in accordance with applicable federal law. For those enrolled in Medicare, the University will pay the full cost of

Medicare-complimentary coverage (*i.e.*, gap filler coverage equivalent to coverage available to active status Bargaining Unit members; gap filler is not available through the HMO).

- 18.5** The University, at its discretion, may grant retirement incentive benefits at any time outside the scope of this Article or in addition to the maximum annual University contribution. These benefits will be granted only upon the written agreement of the Bargaining Unit member, the academic unit head, the Dean, and the University Contract Administrator.

ARTICLE 19

PERSONAL, CHILD-REARING, VACATION, AND MILITARY LEAVES

19.1 Personal Leave

19.1.1 Bargaining Unit members may at any time submit a written request to their academic unit head for a personal leave of absence without pay for up to one year for reasons including, but not limited to, public service or family needs including the needs of a domestic partner registered according to the appropriate process and in a timely manner through the Human Resources Department. The leave may include the option of reduced responsibilities, for which the person on leave will be compensated proportionally.

19.1.2 The request shall state the reason for and precise term of the leave. Upon recommendation by the academic unit head, approval of the Dean or appropriate administrator, a leave of absence without pay may be granted by the Provost. The Dean or appropriate administrator shall notify the Bargaining Unit member of the provost's decision within fourteen (14) days of the provost's receipt of the request. Renewal requests up to a maximum of two years may be submitted by the same procedure.

19.1.3 A Bargaining Unit member on a full-time personal leave for at least one year shall have the option of signing a waiver which would provide that the period of leave will not be considered in counting the years toward tenure. Such a waiver signed by the individual will act automatically to extend the term of the current appointment for a period of

time equal to the period of leave. A Bargaining Unit member on a full-time personal leave for less than one year or who requests reduced responsibilities, may request a waiver which would provide that the reappointment or tenure be considered during the terminal year.

19.1.4 A person on personal leave shall have the right to participate in any or all benefits, salary-based and non-salary based, except retirement, for which he or she would have been eligible if not on leave. Such benefits shall be provided upon payment by the individual of the full costs thereof. If a person on personal leave is fulfilling partial responsibilities, benefits shall be provided as if the person were not on leave. The continuation of salary-based benefits is upon payment by the individual of his or her portion of the costs. Payment arrangements must be made with the benefits division. However, retirement contributions will be based on the actual salary paid to the Bargaining Unit member.

19.2 Child-Rearing Leave

19.2.1 A Bargaining Unit member may request a Child-Rearing Leave of Absence without pay for up to one (1) year to fulfill child-rearing needs of the member's family and needs relating to the children of a domestic partner registered according to the appropriate process and in a timely manner through the Human Resources Department. This leave may include the option of reduced responsibilities, for which the person on leave would be compensated proportionally. Such leave requests shall be submitted in writing to the academic unit head normally at least ninety (90) days in advance of the date the proposed leave shall begin. The request shall state the reasons for the leave, the period of absence and/or reduced responsibilities, the proportion of responsibilities to be completed, if any, and the date of return to full-time status. Upon the recommendation of the academic unit head, and subject to the concurrence of the dean or appropriate administrator, a Child-Rearing Leave may be granted by the appropriate provost. The Dean or appropriate administrator shall notify the Bargaining Unit member of the provost's decision within fourteen (14) days of the Provost's receipt of the request. Extensions of Child-

Rearing Leave up to the maximum of two (2) years shall be handled by the same procedure.

- 19.2.2** A Bargaining Unit member on a full-time Child- Rearing Leave for at least one year shall have the option of signing a waiver which would provide that the period of leave will not be considered in counting the years toward tenure. Such a waiver by the individual will act automatically to extend the term of the current appointment for a period of time equal to the period of leave.
- 19.2.3** A person on Child-Rearing Leave shall be provided all fringe benefits, except for retirement, for the period of the leave or one academic quarter (10 weeks), whichever is less. For any leave beyond that time, the Bargaining Unit member shall have the right to participate in any or all benefits, salary-based and non-salary based, except retirement, for which he or she would have been eligible if not on leave. Such benefits shall be provided upon payment by the individual of the full costs thereof. If a person on Child-Rearing Leave is fulfilling partial responsibilities, benefits shall be provided as if the person were not on leave. The continuation of salary-based benefits is upon payment by the individual of his or her portion of the costs. Payment arrangements must be made with the Benefits Division. However, retirement contributions will be based on the actual salary paid to the Bargaining Unit member.
- 19.2.4** A tenure-track faculty member who is in the probationary period and who has substantial responsibility for the care of a newly born infant or a newly adopted child under the age of five may request an extension of the seven-year probationary period of up to one year for each event of birth or adoption provided that all time off the tenure clock totals no more than two years during the probationary period. The request must be approved by the Academic Unit Head, Dean and Provost.

This provision does not require that a formal leave of absence be taken.

An untenured Faculty Member who has substantial child care responsibilities that begin after the start of the Winter

Quarter in the penultimate year of service toward the tenure clock limit, will not be granted an extension of the probationary period.

Time off the clock granted under the provision of childcare responsibilities in combination with any other approved time off the clock, cannot exceed two years.

Other than the change in years of service required, the academic and other standards required for granting of tenure shall not differ from those applicable to faculty members not seeking an extension.

19.3 Vacation Leave for Faculty on Four Quarter Appointments.

19.3.1 Faculty Members on Four Quarter appointments shall be granted paid vacation leave annually from July 1 to June 30 according to the following formula: one and five-sixths (1 and 5/6) days of earned vacation for each month worked during the vacation year. Vacation time may be accrued from year-to-year for a maximum of three (3) years. A maximum of sixty-six (66) days may be so accrued. Vacation may be taken after completion of six (6) months of University service.

19.3.2 After one year of service, Faculty Members on Four Quarter appointments leaving the employ of the University shall be entitled to compensation at their current rate of pay for all accrued vacation leave up to sixty-six (66) days.

19.3.3 Librarians on ten (10) month appointments and part-time Librarians who are members of the Bargaining Unit shall receive proportionate vacation leave.

19.4 Military Leave. The University agrees to comply with the Federal and State Veterans Employment Acts with respect to military leave.

ARTICLE 20

SPECIAL OR EMERGENCY LEAVES

20.1 The University may grant special or emergency leaves for purposes, time periods, and under circumstances other than those

described in other provisions of this Agreement, including for the birth or adoption of a child. Leaves may be requested by a Faculty Member and granted if supported by the unit head, Dean or Library Administrator, and Provost. The terms and conditions of such leaves shall be mutually approved by the Faculty Member and the Administration. Requests for such leaves will not be unreasonably denied.

ARTICLE 21

RIGHTS AND DUTIES OF THE AAUP AS AGENT

- 21.1** The University and the AAUP recognize that each has responsibility for the administration of this Agreement.
- 21.2** The University agrees that all members in the Bargaining Unit shall have the right to organize freely, to join and to support the AAUP for the purpose of engaging in collective bargaining. There shall be no discrimination by the Board or Administration because of AAUP membership, nor shall any attempt be made to discourage membership in the AAUP.
- 21.3** Committees evaluating performance shall consider and credit service to the AAUP in the same manner as they consider and credit service to all other University committees and/or professional associations.
- 21.4** The AAUP shall have free and reasonable use of campus mail services, bulletin boards, meeting rooms, classrooms, and auditoriums, subject to the same regulations established for other organizations recognized by the University.
- 21.5** The AAUP shall have the right to deposit moneys with the University from time to time as the AAUP finds appropriate for the purpose of providing for purchase from the University Central Stores. The AAUP shall have the right to make purchases from the University Central Stores provided that the AAUP's account at the time of purchase has a positive net balance. The University agrees to provide the AAUP with a monthly statement of the status of this account.
- 21.6** The AAUP shall be afforded the privilege of contracting for University services as may be contracted for by other campus

groups or organizations, at the same cost regularly assessed other campus groups.

- 21.7** On or before September 30 of each year of this Agreement, the AAUP shall advise the University of the dates of regularly scheduled meetings of the AAUP for the academic year. Such dates shall be submitted by the University to members of the Administration with the instructions that no Bargaining Unit member shall be required to attend any meeting which conflicts with such regularly scheduled AAUP meetings.
- 21.8** The AAUP shall be furnished with a copy of the minutes of each meeting of the Board of Trustees, and other public documents issued by the Board. Agenda of public meetings shall be made available to the AAUP at the same time they are made available to Faculty representatives to the Board.
- 21.9** During the term of this Agreement, the University shall make available for inspection to the AAUP, within a reasonable time after receiving a written request therefrom, such requested information which is available, relevant, and necessary for the administration of this Agreement, provided, nevertheless, that information need not be made available as to any matter as to which no final commitment or decision has been made by the University or as to anything involved in the University's decision-making processes, provided further that the foregoing is not intended to exclude the providing of raw data.
- 21.10** The University will continue to provide the AAUP with access, as mutually agreed, to the employee data base pertaining to current status (initial appointments, terminations, salaries, leave status, email addresses and change of membership) of all members of the Bargaining Unit. These data shall be provided on or before August 15th, December 15th, February 15th, and April 15th of each year.
- 21.11** The University will pay all costs of printing and binding copies of this Agreement. The number of copies will be determined jointly, and distribution will be shared by the University and the AAUP.
- 21.12** The University will continue to provide the AAUP with access, as mutually agreed, to student enrollment data as prepared by the University Registrar.

21.13 During the term of this Agreement, the AAUP may use without charge from the University, long-term office space, network access, telephone, copying and printing facilities having a total value of no more than seventy-five thousand dollars (\$75,000), as determined by the University's standard charging practices, reduced by one-half of the printing and binding costs incurred under Section 21.11 above. AAUP office space will be accessible to all members of the Bargaining Unit including disabled Faculty Members, will be on West Campus, and may be relocated by the University only after notice and discussion with the AAUP. The University will not deduct, from the seventy-five thousand dollars (\$75,000) specified above, more than eight thousand two hundred dollars (\$8,200) per year for the use of the AAUP office space. The Office of Labor Relations will assist the AAUP with keys and access to technology, when necessary.

ARTICLE 22

UNION DUES CHECK-OFF AND FAIR SHARE FEES

22.1 Fair Share. The Union shall fairly represent all employees covered under this Agreement. Therefore, as a condition of employment, employees who are covered under this Agreement shall, within sixty (60) days of employment or within sixty (60) days of the effective date of this Agreement (whichever is later), either execute a union membership and payroll dues deduction form or shall have a fair share fee deducted from their payroll checks. Thereafter, not later than the first day of the month following fifteen (15) days notice of a fair share fee payer's execution of a union membership card, the University shall put into effect the appropriate dues rate and deduction.

Within sixty (60) days of the effective date of this Agreement, the Union shall notify the University of the fair share fee to be in effect until the calendar year 2007 audit has been completed. Thereafter, on or before December 31 of each year the Union shall submit to the University an Affidavit of an officer of the Union which specifies the amount constituting the fair share fee for the next twelve (12) months, which amount shall not exceed the dues uniformly required of members of the Union. The Affidavit shall describe the rationale and method by which the fair share fee was calculated, and shall include a copy of an independent audit obtained by the Union providing the basis for the calculation of the fee. The Affidavit shall

certify to the University that a notice concerning the calculation of fair share payments has been distributed to non-members and shall include a copy of such notification. Following receipt by the University of the Union's affidavit, if the University agrees with the Union's fair share fee calculations and procedures, the University shall adjust the amount of the established fair share fee in accordance with the information provided in the Union's Affidavit, effective with the next paycheck due to members of the Bargaining unit, no sooner than ten (10) days following receipt of the Union's Affidavit. If the University disagrees with the Union's fair share fee calculations or procedures, it shall request additional information and/or modification of the calculations and/or procedures. When the University is satisfied that the calculations and/or procedures are proper it shall adjust the amount of the established fair share fee in accordance with the Union's Affidavit, effective with the next paycheck due to members of the bargaining unit no sooner than ten (10) days following receipt of the Union's Affidavit. If the University and the Union cannot agree on the calculations and/or procedures, the matter will be submitted to binding arbitration in accordance with the arbitration provisions of this contract. Upon receipt of the arbitrator's decision, any adjustments will be made effective with the next paycheck due to members of the bargaining unit.

An employee who exercises his or her rights under the Ohio Revised Code 4117.09(c) shall, after a determination has been made in his or her favor by the SERB, meet with the Union to jointly select a lawful charitable fund to which the University shall, as a condition of employment, remit an amount equal to the fair share fee on a monthly basis.

22.2 Dues Deduction. In equal monthly installments, the University shall deduct the dues established by the Union from the payroll check of each union member who has authorized such a deduction and the established fair share fee from each non-member. These deductions shall be transmitted to the Union no later than the tenth (10th) day of the following month, together with an alphabetized list of all employees and the amount deducted from each. A dues deduction authorization is irrevocable for a period of one (1) year from September 1 preceding the date of its delivery to the University by the Union, or until the employee moves into a classification not represented by the Union or employment is terminated (whichever occurs sooner). This authorization shall be

automatically renewed each September 1 thereafter and shall be irrevocable for said periods of one (1) year unless written notice revoking such authorization is given to the University by the Union within the first twenty (20) days of August.

- 22.3** The University shall not be held liable to the AAUP by reasons of the requirements of this Article for the remittance of payment of any sum other than that constituting actual authorized dues, fees, or other deductions made from University wages. The AAUP shall indemnify and hold the University harmless from any liability which might arise because of the improper deduction of dues, fees, or other deductions made in accordance with this Article.
- 22.4** In cases where dues, fees, or other deduction is made which a Bargaining Unit member may claim duplicates payment already made to the AAUP or where the Bargaining Unit member claims dues, fees, or other deduction is not in conformity with the provisions of the By-Laws of the AAUP, the matter shall be resolved between the claimant and the AAUP, and a refund, if appropriate, shall be made by the AAUP.

ARTICLE 23 **RELEASED TIME**

- 23.1** The University shall grant up to forty-two (42) quarter hours, or fourteen (14) quarter courses for Faculty Members, or equivalent duties for Librarians in each academic year covered by this Agreement for use by: the President of the UC Chapter, AAUP; the Chairperson of an AAUP standing committee, provided, however, that no more than one such chairperson shall have released time in any given quarter; the Chairperson of the Associates Council; members of contract mandated committees; and, in those academic quarters during which negotiations are scheduled, any member of the AAUP Negotiating Team. Released time must be requested with at least twenty-one (21) days notice by communication from the President of the AAUP to the University Contract Administrator.
- 23.2** The Dean or appropriate administrator will be informed of the request by the University. The specific details of the release from teaching or library duties will be worked out between the individual requesting released time and the Dean or appropriate

administrator. However, no one Bargaining Unit member should be released from more than one (1) course per quarter or equivalent duties for Librarians for the reasons listed in this Article. Approval of the Dean or appropriate administrator must be obtained as to the particular teaching or library duties from which the Faculty Member is to be released.

ARTICLE 24

FACULTY DEVELOPMENT OPPORTUNITIES

- 24.1** The University and the AAUP recognize that Faculty development is a shared responsibility of Bargaining Unit members and academic administrators. To that end, the University and AAUP pledge to work together to create and support a range of professional development opportunities appropriate to the various colleges, libraries, populations, and academic missions of this institution. The purpose of a development program is to improve the quality of the teaching, research, and service in individual units and in the University as a whole, by assisting Bargaining Unit members in reaching their full potential as researchers, teachers, and/or as librarians.
- 24.1.1** A Faculty development program must address needs of Bargaining Unit members at varied stages of their careers. For example, the following purposes may be identified with three distinct needs:
- 24.1.1.1** relief strategies to facilitate the work of active researchers and engaged, effective teachers and librarians;
 - 24.1.1.2** recharging strategies designed for the researcher/scholar, teacher or librarian in need of stimulation; and
 - 24.1.1.3** redirecting strategies to offer individuals a new start.
- 24.1.2** Included among development opportunities should be programs on curricular and technological innovation, the RPT processes, leave and grant applications, administrative issues for academic unit heads, and retirement planning.

- 24.2 Annotated Publication of Faculty Development Resources.** To insure that the Faculty of the University may avail themselves of professional development resources, it will be the obligation of the University Faculty Senate, working through its college and library senators and with the academic Vice Presidents and Deans to disseminate an inclusive list of development opportunities available. This will include the types of programs planned, those who may participate, special funding, special focus of awards which are available, etc.
- 24.3 Faculty Development Programming.** Each college and library system will develop a process for planning and implementing annual Faculty development programs. The process will include joint Faculty and administrator involvement. Plans may include workshops, conferences, seminars, or individual counseling to assist Faculty in meeting their professional development goals. Each college and library system will provide information for the resource list compiled by the Faculty Senate.
- 24.4 Cross-College Opportunities.** Among the options that should be available for Faculty development, the AAUP and the University endorse the concept of cross-college opportunities and exchanges, involving this University and others. This sharing of academic resources affords new professional experience to individuals and brings new energy and insight into the academic units involved.
- 24.5 Special Duty Assignment.** When it is mutually advantageous to an individual and an academic unit, college, or library system, a Bargaining Unit member may be released from regular duties and assigned special duties in connection with specific research, scholarly, or unit/college/library projects. Bargaining Unit members, academic unit heads, or Deans may initiate a request for Special Duty Assignment; however, in any case, all parties must agree that the proposed Assignment is mutually advantageous.
- 24.6 Professional Travel.** The AAUP and the University encourage Faculty participation in activities sponsored by professional organizations. This includes presenting papers at meetings, serving as officers, and attending and participating in general meetings, seminars, and workshops. Bargaining Unit members receive reimbursement for travel expenses in accordance with procedures and criteria established by the governance structure of the

appropriate academic unit or library system. Each academic unit or library system will establish in a democratic manner, the criteria and procedures for the allocation of travel funds. These criteria and procedures will be submitted to the Dean or appropriate Library Administrator for approval and subsequently published and distributed to each member of the academic unit or library system. These approved procedures may include a committee elected from the unit to make recommendations to the unit head. Bargaining Unit members are also encouraged to apply for assistance from other sources beyond the unit's travel budget. They should consult the annotated Faculty development resource list published by the University Faculty Senate. University Rules for Reimbursement of Travel Expenses will apply in all cases.

- 24.7 Professional Development Funds.** The University shall provide \$560,000 for each of the three years of this contract to fund professional development. Any professional development funds undistributed at the end of each contract year will be added to the amount available for the next year. Any monies awarded through individual grants by the faculty development council, but which remain unspent past the deadline established by the council, shall be returned to the control of the faculty development council.

Application guidelines and the disbursement of these funds shall be determined democratically by a Professional Development Committee consisting of three (3) individuals appointed by the Administration, three (3) individuals elected by the Faculty Senate, and the Vice Provost for Faculty Development as ex officio chair. The Committee may also seek advice from others with particular knowledge or expertise, or it may consult with groups such as the University Research Council for advice about decisions.

ARTICLE 25 **ACADEMIC LEAVE**

- 25.1 Academic Leave.** The following provisions shall govern academic leave for Faculty Members except sections 25.1.3.3 through and 25.1.3.5, which apply exclusively to Librarians.

25.1.1 Academic leave is one of the primary means through which professional development can be encouraged and cultivated for Faculty Members. Academic leave may be granted by

the Board on recommendation of the President, for purposes of promoting individual Faculty development that promises to serve the academic interests of the University. Academic interests here mean promotion of excellence in the production and/or dissemination of knowledge. The granting of academic leaves shall not be determined solely by financial considerations.

25.1.2 Filing of Leave Request. Except in emergency or unusual cases, Faculty Members applying for academic leave shall file requests at the academic unit level, or with the Library Administrator, by October 31 of the year preceding the academic year in which the proposed leave will occur. The specific leave option must be indicated in the October 31 request and may be changed after that time only at risk of disapproval.

25.1.3 Guidelines for Academic Leave Applications. Applications for academic leave shall include a plan for use of the time, and rationale that is consistent with the academic interests of the University as defined in Subsection 25.1.1.

25.1.3.1 Applications for academic leave for Faculty Members shall be discussed and evaluated by academic-unit-level Faculty Members (and also, for the College of Medicine only, adjunct, affiliated and volunteer Faculty) according to the following guidelines. Each academic unit shall democratically determine how its review will be conducted. Academic unit level discussion shall address means of implementation of the leave as regards the applicant's teaching responsibilities and supervision of students. Evaluative criteria shall include the quality of the proposal and its potential contribution to the applicant's professional development and academic performance. The applicant's choice of leave option shall in no way prejudice or adversely affect the evaluation of the application.

25.1.3.2 Academic unit head recommendations of the applications will be submitted to the Dean or appropriate administrator, who will forward all of

them, with his or her recommendation, to the Provost. A Faculty Member shall have the right to withdraw a request for academic leave at any time.

25.1.3.3 Applications for academic leave for Librarians shall be discussed and evaluated by the Librarians RPT Committee prior to the Library Administrator's recommendation and according to the following guidelines.

25.1.3.4 The Librarians RPT Committee shall review and evaluate in a timely manner all applications for academic leave. Evaluative criteria employed shall include the quality of the proposal, and its potential contribution to the applicant's professional development and job performance. The applicant's choice of leave option shall not prejudice or adversely affect the evaluation of the application.

25.1.3.5 The Librarians RPT Committee shall submit a recommendation on all leave applications to the appropriate Library Administrator. The Library Administrator shall forward to the Dean or Provost, as appropriate, all requests for academic leave with his or her recommendation. A Librarian shall have the right to withdraw a request for academic leave at any time.

25.1.4 Academic Leave Options. After seven years of full-time service, Faculty Members may take academic leave according to the following options:

25.1.4.1 A leave of three (3) consecutive quarters (or 2 semesters as appropriate to the academic unit) at two-thirds academic base salary; or, for those Faculty Members whose service shall consist of seven (7) twelve-month contracts, a leave of four (4) consecutive quarters at two-thirds academic base salary.

25.1.4.2 A leave of two (2) consecutive quarters (or 1 semester as appropriate to the academic unit) at full academic base salary. Faculty Members on 12-month contracts may take eight (8) months of academic leave at full salary.

25.1.4.3 A leave of six months (as appropriate to the academic unit) at full academic base salary, divided into:

- 2 leaves of 3 months each
- 3 leaves of 2 months each
- 4 leaves of 1.5 months each
- 6 leaves of 1 month each

or any combination of above to total six months. Faculty Members on 12-month contracts may take any combination of one (1) month leaves, consecutive or otherwise, to total eight (8) months.

25.1.4.4 Total leave time must be completed before eligibility for future leaves shall begin to accrue.

25.2 Guidelines for Academic Leaves

25.2.1 Upon completion of the academic leave, the Faculty Member shall submit to the academic unit head or appropriate administrator and Dean, a written summary detailing attainments in relation to the proposal and assessing the leave in terms of professional development. Individuals are expected to share with colleagues (e.g., through seminars, exhibitions, performances, report to academic unit Faculty, etc.) their accomplishments during the academic leave.

25.2.2 A person granted leave shall not, except by permission of the Board on recommendation of the President, accept additional remuneration during the period beyond that paid him or her by the University and any prizes or awards that may be given to him or her.

- 25.2.3** A person on leave shall receive any salary increase, promotion, or indefinite tenure which would have been received had the person remained in residence.
- 25.2.4** Except where an earlier retirement is approved by the Administration, all leaves shall be granted on the condition that recipients are obligated to return to the University for at least one academic year immediately following the period of leave.
- 25.2.5** A person on academic leave shall receive all benefits to which he or she would have been entitled if not on leave. All benefits which are based on salary, except retirement, shall be calculated on the academic base salary which the person would receive if he or she were not on leave. Contributions for retirement shall be based on the percentage of academic base salary paid by the University during the leave. If full academic base salary is not paid, the Faculty Member may at his or her option raise all salary-based benefits, except retirement, to their full level upon payment by the individual of the costs thereof. Retirement contributions may be raised to their full level, subject to restrictions of the appropriate retirement plan. Payment arrangements must be made with the Benefits Division.

ARTICLE 26

PROFESSIONAL LEAVE

- 26.1 Professional Leave.** Professional Leave without pay may at times be beneficial to both the individual and the University.
- 26.2 Guidelines for Professional Leave**
- 26.2.1 Filing of Leave Request.** Faculty Members may at any time request a Professional Leave of absence without pay from one quarter to one full academic year to participate in work in the field of education, research, or other professional activities related to University responsibilities. Under appropriate circumstances leaves or extensions thereof may continue through a second year. Leave requests shall be submitted in writing to the academic unit head at least ninety (90) days in advance of the date the

proposed leave shall begin. The request shall state the reasons for the leave, the period of absence, and the date of return. Upon recommendation of the academic unit head and subject to the concurrence of the Dean or administrator, a leave of absence without pay may be granted by the Provost. The Dean or administrator shall notify the Faculty Member of the Provost's decision within fourteen (14) days after the Provost's receipt of the request. Extensions of Professional Leave shall be handled in a similar manner.

- 26.2.2** The request for Professional Leave submitted to the academic unit head shall indicate the reasons, if any, why the quarters of Professional Leave should be counted toward those quarters needed to qualify for Academic Leave. Notification from the Dean or administrator that the leave has been granted shall also advise whether the quarters of professional leave may be counted toward qualifying for Academic Leave.
- 26.2.3** A person on Professional Leave shall receive any salary increase which he or she would have received had he or she not been on leave. A person on Professional Leave shall be eligible to receive any promotion or award of indefinite tenure for which he or she would have been eligible had he or she not been on leave. However, the individual who receives such leave shall have the option of signing a waiver which would provide that the period of leave would not be considered in counting the years toward tenure. Such waiver by the individual will act automatically to extend the term of the current appointment for a period of time equal to the period of leave, provided that to effect this optional waiver such leave shall not be for a period of less than one year. A person on Professional Leave shall have the right to use University facilities and to apply for academic unit funds or funds from other University sources under the same conditions as if the person were not on leave.
- 26.2.4** A Faculty Member on Professional Leave shall receive all benefits, except retirement, to which he or she would have been entitled as if the person were not on Professional Leave, unless these are provided through the circumstances of the leave. All benefits which are based on

salary, except retirement, shall be calculated on the academic base salary which the person would receive if he or she were not on Professional Leave. The continuation of salary-based benefits is upon payment by the individual of their portion of the costs. Payment arrangements must be made with the Benefits Division.

ARTICLE 27

GOVERNANCE OF THE UNIVERSITY

- 27.1** The variety and complexity of tasks performed by institutions of higher education produce an interdependence among constituent elements of the University. Adequate communication is therefore essential, and there must be full opportunity for appropriate joint planning and effort. Joint effort and shared responsibility for governance will take a variety of forms, as situations require. Initiative may emerge at one time or another from all institutional components, and differences in the weight of each voice will vary according to the matter at hand and the defined responsibilities of each constituent element. Shared responsibility for governance is based upon mutual trust and respect for diverse interests and perspectives and is an iterative and consultative process. To be effective, shared governance clearly defines roles, scope of authority, and responsibility for decision-making among faculty governance bodies and university administrators. Effective shared governance also requires joint responsibility for timely implementation.
- 27.2** The Rules of the Board recognize the Faculties of the colleges and other units, vesting in them, subject to the approval of the Board, the power to make their own regulations governing the admission and exclusion of students (including, but not limited to, articulation and scholarship agreements with other institutions), the courses of instruction to be offered, grading policy, recommendations for degrees, honors and prizes, other fundamental areas of curriculum, and such other matters as may be within their jurisdiction. They shall also be entitled to share significantly in the responsibilities for program development, program review, department review, and department and college reorganization. The principles of joint effort and shared responsibility are illustrated, but not limited by, the provisions below:

- 27.2.1** The University Faculty shall have the right to consider matters affecting the University and shall be given sufficient time to make available to the Administration, to the Board, and the AAUP, its aid, advice, and counsel in such matters.
- 27.2.2** Each college Faculty shall have the right to advise, aid, and counsel the Dean of the college on matters affecting the college and the University, and shall be given sufficient time to do so. Each college Faculty may elect a Faculty committee to exercise the powers of the college Faculty in the interim between its meetings.
- 27.2.3** Each unit shall have the right to advise, aid, and counsel the unit head on matters affecting the unit, college, and University and shall be given sufficient time, in such matters, to do so. The unit may, at its option, have an elected committee to exercise the powers of the unit in the interim between its meetings.
- 27.2.4** If a question arises as to whether a matter is a unit, college, or University concern, the question shall be resolved by the President after seeking the advice of the Faculty Senate.
- 27.2.5** The Faculty shall have a voice through Faculty representatives elected for that purpose at the unit, college, and University level in the formulation of long-range plans and in decisions relating to their implementation. Similarly, Faculty representatives elected for that purpose shall have a voice at the unit, college, and University level where decisions relating to the use and creation of existing or prospective physical resources are being made.
- 27.2.6** The parties to this Agreement recognize the Faculty Senate and Student Senate, and the by-laws which govern their relationship with the University.
- 27.2.7** With respect to Faculty priorities in those areas not specifically dealt with through the collective bargaining process, both parties to this Agreement recognize the Faculty Senate as the primary governance body representing the Faculty which shall have the right to advise the President and the Vice Presidents. Appropriate released time will be arranged for the chair of the Faculty Senate.

27.2.8 Well in advance, but at least ninety (90) days before the final budget recommendation of the President to the Board, procedures shall be established by the Administration in consultation with the Faculty Senate, for reviewing the existing budget and for reviewing requests of the individual Vice Presidents for changes in their budgets. Upon written request the Faculty Senate shall have access to financial information which is relevant and necessary and can reasonably be made available, including monthly budget summaries.

27.2.9 Librarians shall have the right to advise, aid, and counsel the appropriate library administrator, supervisor, or head on matters affecting the unit, department, library and library systems, and University and shall be given sufficient time, in such matters, to do so. This right shall include a voice through elected representatives in the formulation of long-range plans and in decisions relating to the use and creation of existing or prospective physical resources. The Librarians in each library system may, at their option, have an elected committee to exercise the powers of the Librarians in the interim between their meetings.

27.2.10 It is the intention of both parties to support the role of existing governance bodies in the affairs of the University.

27.3 Shared governance mechanisms at the college, library system, and university levels will be established, reflecting the principles outlined in 27.1 and 27.2.

ARTICLE 28

RETRENCHMENT UNDER CONDITIONS OF FINANCIAL EXIGENCY

28.1 Should the Administration anticipate a financial exigency (an imminent financial crisis which threatens the institution as a whole) which may result in retrenchment of Faculty (which, as used in this Article, is defined as termination of tenured Faculty or termination of untenured Faculty during the period of their appointment), the data upon which this anticipation is based, including the amount of savings which it deems is necessary to effect, shall be presented to the AAUP. It shall also provide such additional data which may be

available and which the AAUP may request within the ten (10) days following that presentation. The Administration and the AAUP shall then agree to submit either a joint recommendation or separate recommendations to the Board as to whether a condition of financial exigency exists. Both the Administration and the AAUP agree not to submit a recommendation to the Board, and the Board shall not accept recommendations from either party, until thirty (30) days after the Administration has presented to the AAUP the data referred to in the first sentence of this Article upon which its anticipation of financial exigency is based, but not sooner than fifteen (15) days after the giving of any additional data the AAUP may have requested as provided above. Discussions by the Board leading to Board action on the question of financial exigency must take place in a public meeting. Retrenchment of Faculty may not take place until the formal declaration of financial exigency has been made by the Board, which must include a statement of the amount of money needed to relieve the exigency.

28.2 Following a declaration of financial exigency, a joint Financial Exigency Committee shall be formed and shall consist of seven members appointed by the Administration and seven members appointed by the AAUP. All appointments shall be made within ten (10) days after the formal declaration of financial exigency. If such appointments have not been made within such a ten (10) day period, the members of the Committee who have been named within the ten (10) days shall constitute the Committee and proceed as set forth hereinafter. The purpose of the Financial Exigency Committee shall be to develop recommendations to provide sufficient savings for relieving the exigency. The Committee shall have sixty (60) days within which to develop recommendations unless such time is extended by the Board.

28.3 In developing recommendations for relieving the exigency, the Committee shall use the following criteria and principles:

28.3.1 The Committee shall first investigate ways to relieve the exigency by means of exhausting the possibilities of immediately initiating mechanisms for raising additional funds or of reallocating current general funds; provided, however, that designated funds generated by a particular college shall not be considered as available for transfer outside the college.

28.3.2 Before retrenchment of Faculty, budgets shall be cut or activities eliminated or reduced that (a) are not self-supporting (that is gifts, grants, contracts, or income from endowments designated for or other funds produced by that activity are less than the expense of that activity excluding tuition remission), or (b) are not in direct support of academic programs, or (c) are not essential for continued operation of the academic program of the University.

28.3.3 When retrenchment in academic programs becomes necessary, due consideration shall be given to providing for students enrolled in those programs to complete the requirements of the program.

28.3.4 Before the final recommendations are made with respect to the termination of Faculty, the Committee shall first notify the Faculty Members in each academic unit to be affected and shall consider alternate solutions which that academic unit may propose for effecting an equivalent reduction in its budget.

28.3.5 As to order of retrenchment, in the event that retrenchment of Faculty is necessary:

28.3.5.1 Normal attrition is the preferred approach to the extent that it will assist in relieving the financial exigency. The teaching of overloads in a particular discipline shall be eliminated, unless this would result in a serious distortion of the academic program in that discipline. Part-time Faculty Members shall be released before any full-time, non-tenured Faculty Member is released, unless this would result in a serious distortion of the academic program in which the part-time or fulltime, non-tenured Faculty Members are engaged. Part-time and full-time, non-tenured Faculty Members shall be released before any full-time, tenured Faculty Member is released, unless this would result in a serious distortion of the academic program in which the part-time, full-time, non-tenured, and full-time, tenured Faculty Members are engaged. The Committee shall also follow the principle that if

there is a choice between retaining a full-time Faculty Member or part-time Faculty Member, preference shall be given to the full-time Faculty Member, unless the part-time Faculty Member's contribution is necessary to the educational program of the academic unit and cannot be provided by a full-time Faculty Member.

- 28.3.5.2** If the recommendation does not involve the discontinuation of a program, academic unit, or college, but would result in the termination of tenured Faculty Members and the retention of non-tenured Faculty Members, such recommendation shall contain those arguments which demonstrate that the specific order of retrenchment is necessary to avoid a serious distortion of the academic program where the non-tenured members are retained and that no serious distortions are created in the program from which the tenured Faculty Members are released.
- 28.3.5.3** If a recommendation involves the discontinuation of a program, academic unit, or college, the Committee shall investigate at least those issues listed in Subsection 29.5 of Article 29, Termination Because of Discontinuation of a Program, Academic Unit, College, or Library, of the program, academic unit, college, or library it is proposed to terminate, and if the recommendation is to terminate, such recommendation shall set forth the reasons for the recommendation. Such reasons shall include statements regarding each of the issues listed in Subsection 29.5 of Article 29.
- 28.3.5.4** Anything in this Article to the contrary notwithstanding:
- a) Non-tenured Faculty Members in a particular discipline shall be laid off before tenured Faculty Members in that discipline.

- b) The Committee shall consider an order of retrenchment different from that listed above to take affirmative action goals into account.
- c) The termination of a non-tenured or part-time Faculty Member shall not be required if his or her salary is wholly paid by restricted funds.

- 28.4** The Committee shall present its recommendations to the Board in writing. Should a recommendation or recommendations represent the majority view of the Committee, the majority view shall be submitted to the Board. Any recommendation or recommendations sponsored by at least five (5) members of the Committee may also go to the Board. If there are no such minority recommendations, then the majority recommendation shall include at least one alternative method of relieving the exigency.
- 28.5** The Committee may also investigate existing unrestricted funds and existing unrestricted fund balances and may make alternate recommendations for relieving the exigency or phasing out (as contrasted to abrupt discontinuation) of existing activities by use of such funds or fund balances; provided, however, that such alternate recommendations shall not require the transfer of designated funds generated by a particular college to any other college. Such recommendations shall represent an additional alternative to the complete and alternate plan for relieving the exigency as specified in Subsection 28.4.
- 28.6** The Board shall only consider such recommendations as it receives from the Committee and which have the sponsorship of at least five (5) members of the Committee. The Board may deliberate and accept or reject any or all of the recommendations of either the majority or minority of the Committee, but only at a public meeting at which Faculty Members and students may present their views. Faculty Members and students who wish to make a presentation to the Board on any recommendation of the Financial Exigency Committee prior to a Board decision on the recommendation shall be afforded the opportunity to do so. In its deliberations and in making its final decisions concerning such recommendations, the Board shall apply the criteria and principles specified in Subsection 28.3. A recommendation as to Faculty retrenchment not supported by at least a majority of the Committee shall be made effective only if supported by a majority of the entire membership of the Board.

- 28.7** The Committee shall make a good faith effort to arrive at its recommendations within the sixty (60) day period, or any extension thereof which may be granted by the Board. Should the Committee not make recommendations as required by Subsections 28.2 and 28.4 and within the time period specified in Subsection 28.2, or the next to the last sentence of this Subsection 28.7, or any extensions of this time period granted by the Board to the Committee, or if the recommendations are not sufficient to relieve the exigency, or if no Committee is appointed as per Sub-section 28.2, the Board shall have the right to act on its own initiative as to Faculty retrenchment but, nevertheless, shall apply the criteria and principles specified in Subsection 28.3 and shall, in any case, conduct its deliberations and arrive at its decisions at a public meeting with interested parties having the right to present their views. Should the Board not be able to relieve the exigency because of its rejection of the recommendations it receives from the Committee which have the sponsorship of at least five (5) members of the Committee, the Board shall return the matter to the Committee which shall then have thirty (30) days to return with further recommendations. Provided that the Committee acts within the time period specified and provided the Committee provides an alternative plan to that presented previously that will relieve the remaining exigency, this procedure shall continue until the Board acts finally to relieve the exigency.
- 28.8** A terminated Faculty Member shall have the right of review by the UFGC as to whether the criteria and principles of Subsection 28.3 have been properly applied in his or her case. The Grievance Committee shall present its findings to the Board for review.
- 28.9** If the appointment is terminated, the Faculty Member shall receive salary or notice in accordance with the following schedule: At least three months, if the final decision is reached by March 1 (or three months prior to the expiration) of the first year of probationary service; at least six months, if the decision is reached by December 15 of the second year (or after nine months but prior to eighteen months) of probationary service; at least one year, if the decision is reached after eighteen months of probationary service or if the Faculty Member has tenure but has not been a Faculty Member at the University for ten (10) or more years; at least the balance of the current academic year plus one additional year (but not less than eighteen (18) months) if the member has been a Faculty Member

at the University for ten (10) or more years; provided, nevertheless, and regardless of the foregoing, that no salary or notice is required beyond the term to which the Faculty Member has most recently been appointed.

28.10 Before retrenchment of Faculty because of financial exigency, the University shall endeavor to place the affected Faculty Member in another suitable position within the University. The University may not fill a position in a discipline in which a tenured Faculty Member who has been terminated is qualified to teach for a period of five (5) years from the date of termination of service, unless the position is first offered to that Faculty Member and he or she is given at least thirty (30) days to decide whether to accept or decline the position. A Faculty Member thus recalled shall be recalled with full tenure. The University may not fill a position in the discipline in which a non-tenured Faculty Member who has been terminated is qualified to teach for a period of two (2) years from the date of termination of service unless the position is first offered to that Faculty Member and he or she is given at least thirty (30) days to decide whether to accept or decline the position. A Faculty Member thus recalled shall be recalled with the number of years of prior service at the University counting as part of his or her probationary period.

28.11 In the event of a conflict between the provisions of this Article and the provisions of any other Article of this Agreement, the provisions of this Article shall prevail; but nothing contained herein shall be construed as authorizing the amendment of this Agreement except by mutual consent of the parties.

28.12 A vacancy in the Financial Exigency Committee shall be promptly filled by the party which made the original appointment.

28.13 Except as otherwise provided herein, the foregoing provisions of this Article 28 shall be applicable to an anticipated financial exigency which may result in the retrenchment of Librarians (which, as used in this Article is defined as termination of Librarians on tenure or of librarians during the period of their appointment).

28.13.1 Subsections 28.3.5.1, 28.3.5.2 and 28.3.5.4 of this Article shall not apply to Librarians. In the event that retrenchment of the Librarians is necessary the order of retrenchment shall be as follows: Normal attrition is the preferred approach, to the extent that it will assist in

relieving the exigency. Non-professional members of the library staff shall not be assigned professional tasks and shall not be hired, transferred, or reassigned to fill a professional vacancy created by financial exigency. Volunteer workers shall not be assigned professional tasks and shall not fill a professional vacancy created by Financial Exigency. Part-time Librarians shall be released before full-time Librarians. Librarians shall be released in inverse order of their length of service. Exceptions to this order of retrenchment may be made only if the retention of an individual is necessary to assure the proper functioning of a library.

- 28.13.2** Subsection 28.10 of this Article shall not apply to Librarians. The University may not fill the position of a Librarian on tenure who has been terminated for reasons of financial exigency for a period of five (5) years from the date of termination of service unless the position is first offered to that Librarian and he or she is given at least thirty (30) days to decide whether to accept or decline it.

ARTICLE 29
TERMINATION BECAUSE OF DISCONTINUATION
OF A PROGRAM, ACADEMIC UNIT, COLLEGE, OR LIBRARY

- 29.1** Should the Administration make the judgment that the long-range educational mission of the University as a whole necessitates the discontinuation of a program, academic unit, or college, and that such discontinuation necessitates the termination of Faculty Members with tenure or who hold appointments extending beyond the time of the proposed termination, the Administration's reasons for this judgment shall be put in writing and shall be presented to those Faculty Members in the program, academic unit, or college which the Administration proposes to discontinue, to the Faculty Senate, and to the AAUP at least sixty (60) days before the Administration makes a recommendation for discontinuation to the Board. Should any of these groups wish to have representation, make arguments, or present materials to the Board prior to or at the time of this recommendation, they shall have the right to do so. More specifically:

29.2 The arguments which the Administration shall use in its recommendations, and the reasons which the Board shall consider, shall be based entirely on the consideration that the long-range educational mission of the University as a whole will be enhanced by the discontinuation. These reasons shall not include cyclical or temporary variations in enrollment, nor shall they be primarily based on possible financial advantages which might accrue should the discontinuation occur.

29.3 After receiving the Administration's recommendations and reasons and the response, if any, from the AAUP, Faculty Senate, and/or the Faculty Members in the program, academic unit, or college which it is proposed to discontinue, the Board may either decide to drop the matter, or it may decide that probable cause for discontinuation exists. In the latter case, the Faculty Senate shall be informed and within fourteen (14) days the Senate shall select a committee with full authority to consider the Administration's recommendation. This Committee shall consist of five (5) Faculty Members, at least two of whom shall be members of the Faculty Senate. In addition, the AAUP shall have the right to appoint one non-voting member to the Committee. In addition, the Faculty Members in the program, academic unit, or college proposed for discontinuation shall have right to select one non-voting member to the Committee who shall be outside of such program, academic unit, or college.

29.4 Before final recommendations are made with respect to the discontinuation of a program, academic unit, or college, the Committee shall consult with the Faculty Members in the program, academic unit, or college proposed for elimination.

29.5 The Committee shall investigate at least each of the following issues:

29.5.1 the historical role and contributions of the program, academic unit, or college in the University's educational, scholarly, and service mission, and those long-range circumstances which may have changed to alter that role and those contributions;

29.5.2 the dependence of other programs in the University on the program, academic unit, or college proposed for discontinuation;

- 29.5.3** duplication elsewhere in the University of courses, research, or services offered through the program, academic unit, or college, and possible organizational arrangements which might serve as alternatives to discontinuation;
 - 29.5.4** arrangements which can be made to allow students enrolled in the program to satisfy degree or certificate requirements;
 - 29.5.5** stature of Faculty in the program, academic unit, or college, and stature of alumni who have been graduated from the program, academic unit, or college, and possible consequences to the academic stature of the University through discontinuation;
 - 29.5.6** the profile of ages, periods of service, and tenure status of members of the Faculty within the academic unit and an estimate of their possible usefulness elsewhere within the University; and
 - 29.5.7** possible arrangements for planned phasing out of the program, academic unit, or college as an alternative to abrupt discontinuation.
- 29.6** The Committee shall have sixty (60) days to complete this investigation and to make a final recommendation to the Faculty Senate. In this final recommendation the Committee shall address itself to the original reasons given by the Administration, and shall also include statements regarding each of the above issues, and any others the Committee shall find relevant. The Board may grant the Committee additional time if it finds it desirable.
- 29.7** The Faculty Senate shall have twenty-one (21) days within which to consider the recommendation and to vote its acceptance or rejection of the recommendation. The Committee's report and its recommendation shall be written and shall be transmitted to the Board with an indication of the Faculty Senate's vote on acceptance or rejection of the report. Should the Board, upon receipt of this report, wish to proceed with a consideration for discontinuation, it shall both discuss the issues involved and arrive at its decision at a public meeting at which all interested parties shall be afforded the opportunity to express their points of view. A recommendation of discontinuation not supported by the

Committee or the Faculty Senate shall be made effective only if supported by a majority of the entire membership of the Board.

- 29.8** Should the Administration recommend the discontinuation of a program, academic unit, or college, but should this discontinuation not be effected as required in Subsection 29.7, the Administration shall not again commence the procedure set forth in this Article recommending discontinuation of the same program, academic unit, or college, for a period of at least two years from the date of the Board's rejection of the recommendation to discontinue.
- 29.9** Should discontinuation of a program, academic unit, or college be effected, but over a period of time to allow students entered in the program to complete their requirements, normal attrition should be used to terminate Faculty Members in the first phases insofar as possible. Part-time Faculty in a program, academic unit, or college which has been discontinued shall be released before full-time non-tenured Faculty unless this would result in a serious distortion of the academic program. Non-tenured Faculty Members in a program, academic unit, or college which has been discontinued shall be released before tenured Faculty Members in that program, academic unit, or college are released.
- 29.10** If an appointment is terminated, the Faculty Member shall receive salary or notice in accordance with the following schedule: At least three months, if the final decision is reached by March 1 (or three months prior to the expiration) of the first year of probationary service; at least six months, if the decision is reached by December 15 of the second year (or after nine months but prior to eighteen months) of probationary service; at least one year, if the decision is reached after eighteen months of probationary service; provided, nevertheless, that no salary or notice is required beyond the term to which the Faculty Member has most recently been appointed. A tenured Faculty Member with less than ten (10) years of full-time service will be permitted to complete the current year and, in addition, be given salary or notice for one (1) additional year. A tenured Faculty Member with ten (10) or more years of full-time service at the University will be permitted to complete the current year, and, in addition, be given salary or notice for two (2) additional years.
- 29.11** Before terminating a tenured Faculty Member or a non-tenured Faculty Member prior to the end of a period of appointment

because of discontinuation of a program, academic unit, or college, the University shall endeavor to place the affected Faculty Member in another suitable position in the University. If placement in another position would be facilitated for a tenured Faculty Member by a reasonable period of training available at the University (not to exceed the required notification period referred to in Subsection 29.10 above) such training will be offered. Such training shall take place within the notification period referred to in Subsection 29.10 above, or at the University's option, after such period, in which event financial support will be proffered.

- 29.12** If an appointment is terminated before the end of the period of an appointment, or if a tenured Faculty Member is terminated because of the discontinuation of a program, academic unit, or college, the University may not fill a position in a discipline in which a released Faculty Member is qualified to teach for a period of two years from the date of termination of service if the Faculty Member is untenured, or for a period of five years from the date of termination of service if the Faculty Member is tenured, unless the released Faculty Member has been offered reappointment and has been given at least thirty (30) days within which to accept or decline the reappointment. A tenured Faculty Member thus recalled shall be recalled with full tenure rights.
- 29.13** A Faculty Member may appeal a proposed relocation or termination resulting from the discontinuation of a program, academic unit, or college, pursuant to this Article and shall have the right to a full hearing by the UFGC, subject to ultimate review by the Board.
- 29.14** Should the Administration make the judgment, based on the recommendation of the Library Administrator, that the long-range service mission of the library systems necessitates the discontinuation of a library and that such discontinuation necessitates the termination of a Librarian(s) with tenure or of a Librarian(s) before the expiration of the term of appointment, the Administration's reasons for this judgment shall be put in writing and presented to the Librarian(s) affected, the Faculty Senate, and to the AAUP at least sixty (60) days before the Administration makes a recommendation for discontinuation to the Board. Should these groups wish to have representation, make arguments, or present materials to the Board prior to or at the time of this recommendation, they may do so.

- 29.15** The arguments which the Administration may use in its recommendations, and the reasons which the Board shall consider, shall be based entirely on the consideration that the long-range mission of the library systems and the educational mission of the University will be enhanced by the discontinuation. The reasons shall not be primarily based on possible financial advantages which might accrue should the discontinuation occur.
- 29.16** After receiving the Administration's recommendations and reasons and the response, if any, from the AAUP, the Faculty Senate, and/or the Librarian(s) in the library which it is proposed to discontinue, the Board may decide either to drop the matter, or it may decide that probable cause for discontinuation exists. In the latter case, a committee shall be elected by Librarians who are members of the Bargaining Unit with full authority to consider the Administration's recommendation. The AAUP shall have the right to appoint one non-voting member to the Committee and the Librarian(s) in the library proposed for discontinuation may select one non-voting member to the Committee.
- 29.17** Before final recommendations are made with respect to the discontinuation of a library, the Committee shall consult with the Faculty Members in the academic unit or college affected by the discontinuation of the library.
- 29.18** The Committee shall investigate at least each of following issues:
- 29.18.1** the historical role and contributions of the library in the library system's mission, the circumstances which may have altered that role, and the uniqueness of the collection;
 - 29.18.2** the dependence of academic units and/or other libraries on the services of the library proposed for discontinuation;
 - 29.18.3** the profile of ages, length of service, and terms of appointment of the Librarian(s) affected and an estimate of their possible usefulness elsewhere within the University;

29.18.4 stature of the library and possible consequences to the academic stature of the University through discontinuation; and

29.18.5 possible arrangements for planned phasing out of the library as an alternative to abrupt discontinuation.

29.19 The Committee shall have sixty (60) days to complete this investigation and to make a final recommendation to the Librarians who are members of the Bargaining Unit. In this final recommendation, the Committee shall address itself to the original reasons given by the Administration, and shall also include statements regarding each of the above issues, and any others the Committee shall find relevant. The Board may grant the Committee additional time if it finds it desirable. The Librarians who are members of the Bargaining Unit shall have twenty-one (21) days within which to consider the recommendation and to vote its acceptance or rejection of the recommendation. The Committee's report and its recommendation shall be written and shall be transmitted to the Board with an indication of the vote on acceptance or rejection of the report. Should the Board, upon receipt of this report, wish to proceed with a consideration for discontinuation, it shall both discuss the issues involved and arrive at its decision at a public meeting at which all interested parties shall be afforded the opportunities to express their points of view. A recommendation of discontinuation not supported by the Committee or the Librarians who are members of the Bargaining Unit shall be made effective only if supported by a majority of the entire membership of the Board.

29.20 Should discontinuation of a library be effected, normal attrition should be used to terminate Librarians in the first phases insofar as possible. Librarians with term appointments in a library which has been discontinued shall be released before Librarians in that library who hold tenure.

29.21 If an appointment is terminated, the Librarian shall receive salary or notice in accordance with the following schedule: At least three months, if the final decision is reached by March 1 (or three months prior to the expiration) of the first year of service; at least six months, if the decision is reached by December 15 of the second year (or after nine months but prior to eighteen months) of service; at least one year, if the decision is reached after eighteen months

of service; provided, nevertheless, that no salary or notice is required beyond the term to which the Librarian has most recently been appointed. A Librarian with tenure with less than ten (10) years of full-time service will be permitted to complete the current year and, in addition, be given salary or notice for one (1) additional year. A Librarian with tenure with ten (10) or more years of full-time service at the University will be permitted to complete the current year, and, in addition, be given salary or notice for two (2) additional years.

- 29.22** Before terminating a Librarian holding tenure or a non-tenured Librarian prior to the expiration of the term of appointment because of the discontinuation of a library, the University shall endeavor to place the affected Librarian in another suitable position in the University. If placement in another suitable position would be facilitated for a Librarian holding tenure by a reasonable period of training available at the University (not to exceed the required notification period referred to in Subsection 29.21 above) such training will be offered. Such training shall take place within the notification period referred to in Subsection 29.21 above, or at the University's option, after such period, in which event, financial support will be proffered.
- 29.23** A Librarian may appeal a proposed relocation or termination resulting from the discontinuation of a library pursuant to this Article and shall have the right to a full hearing by the UFGC subject to ultimate review by the Board.
- 29.24** If an appointment is terminated before the end of the period of an appointment, or if a Librarian with tenure is terminated because of the discontinuation of a library, the University may not fill a position in the specialty of a Librarian who has been released for a period of two (2) years from the date of termination of service if the Librarian is on a term appointment or for a period of five (5) years from the date of termination of service if the Librarian has tenure, unless the released Librarian has been offered reappointment and has been given at least thirty (30) days within which to accept or decline the reappointment. A Librarian with tenure thus recalled shall be recalled with full rights of tenure.

- 30.2** The Office of the University Ombuds is designated to monitor and report progress relative to this Article, to provide a forum where complaints in relation to this Article may be lodged and reviewed, and to attempt to resolve such complaints. Upon receiving a complaint from a Faculty Member, the Ombuds will discuss the matter with the responsible administrative officer in an attempt to resolve the problem. No later than April 15 of each year the Ombuds will present a complete report to the President detailing the nature and resolution of each complaint related to this Article. A copy of this report will be sent to the AAUP.

ARTICLE 31 **ACADEMIC UNIT HEADS**

- 31.1** Nomination Process. Academic unit heads serve at the pleasure of the Board and are subject to appointment and reappointment upon the recommendation of the President. Nominations to the President shall be made through the Provost, by the Dean (unless the Dean is the academic unit head) or appropriate administrator, following consultation with an ad hoc committee composed of Faculty and students from the academic unit concerned and related academic units. Faculty from the academic unit and no more than two students from the academic unit shall constitute a majority of the committee, and that majority shall include at least two (2) members of the Faculty democratically chosen by the academic unit concerned. The appointee must be mutually acceptable to the Dean and the ad hoc committee. Academic unit heads shall be appointed according to a term designated by the by-laws of the college but to be not less than three (3) nor more than seven (7) years; they shall undergo administrative performance review in the penultimate year of each term before their reappointment.
- 31.2** General Areas of Responsibility. Academic unit heads, and those serving in an acting capacity, serve by empowerment of the Faculty and designation by the Dean or administrator to represent the Faculty and college administration--each to the other--and to the University community. Responsibility, thus, to both the Dean and Faculty, includes:

- 31.2.1** leadership in the development of the academic unit's particular mission within the academic mission of the college;
- 31.2.2** leadership and advocacy of its academic programs in the pursuit of educational excellence;
- 31.2.3** leadership in promoting the selection and retention of an outstanding and diversified Faculty;
- 31.2.4** leadership in the promotion of Faculty development that includes provision of adequate resources for colleagues' professional growth and annual Faculty performance review meetings with all the Faculty. If size and scope of the academic unit necessitate, the academic unit head, with approval of the Dean or administrator, may delegate this responsibility to another academic administrator within the unit;
- 31.2.5** leadership in academic governance, including especially the collaborative development of appropriate procedures for governance within the academic unit (e.g., policies and procedures regarding RPT, leaves, long-range planning, curriculum development, program review, and distribution and utilization of resources);
- 31.2.6** leadership in promoting a climate where both the spirit and letter of affirmative action prevail;
- 31.2.7** involvement in personal professional development and scholarship, including the development of necessary administrative skills and knowledge (e.g., administrative leadership workshops);

- 31.2.9** implementation of appropriate provisions of the UC/AAUP Agreement, University Rules, and college bylaws (the AAUP and the University will consult in the design and implementation of contract compliance training of academic unit heads).

- 31.3 Administrative Performance Review.** The administrative performance of academic unit heads shall be reviewed periodically as per Subsection 31.1 above. Not later than the end of the penultimate year of an incumbent's term, a review of the academic unit head's performance shall be undertaken which assures appropriate participation by Faculty in the academic unit. The processes and specific criteria for administrative performance review shall be established for each college by an elected Faculty committee in consultation with and subject to the approval of the Dean or appropriate administrator. The process and timetable for administrative performance review of academic unit heads shall be published in order to assure opportunity for every member of the Faculty in the academic unit to contribute.
- 31.4 Removal.** An incumbent academic unit head may be removed because of inadequate administrative performance. A removal decision shall be communicated immediately by the Dean or appropriate administrator to the Faculty of the academic unit involved and the individual prior to formal removal.

The arbitrator shall be selected by alternately striking from that panel and the arbitration shall proceed pursuant to the Voluntary Labor Arbitration Rules of the American Arbitration Association. The arbitrator must agree to render a decision within sixty (60) days after the arbitration hearing or, if there are post-arbitration briefs, within sixty (60) days after their submission.

- 32.5** The fees and expenses for the arbitration between the parties to this Agreement shall be borne equally by the University and the AAUP. If the Faculty Member has brought the appeal under Section 9.3, the fees and expenses of the arbitration shall be paid equally by the Faculty Member and the University.
- 32.6** Any time limit may be extended by mutual agreement in writing between the Parties.
- 32.7** Whether the procedures and time limits of an Article have been followed is a procedural issue.

32.8 The phrase "procedural requirements" as used in this Article means requirements relating to steps or acts to be taken or not taken, the manner, sequence, and time in which steps or acts are to be taken, and where an article mandates the basis for arguments, recommendations, or decisions, the application of such basis; it does not mean the merits of the argument, recommendation, or decision.

32.9 Anything in this Article notwithstanding, the arbitrator shall have no power to review or consider any matter (except for the interpretation of procedural requirements of Articles 6 and 7) relating to appointment, reappointment, promotion, or the granting of tenure of or to member(s) or prospective member(s) of the Bargaining Unit. - (4) The arbitrator shall not render any decision that would result in the violation of this Agreement or a public statute or regulation; and

ARTICLE 34

MAINTENANCE OF PRACTICES

- 34.1** The parties recognize that a collective bargaining agreement is a legally binding contract and that not all relationships between Faculty and Administration are necessarily best resolved by legal contract.
- 34.2** The parties further recognize that practices and policies of general application have developed over a period of years and are set forth in writing in the Rules of the Board. Accordingly, it is agreed that the policies of the University set forth in such Rules and applicable to Bargaining Unit members shall be continued during the life of this Agreement; provided, however, that such policies are not in conflict with the provisions of this Agreement. Except as prohibited by law it is further agreed that to the extent that such policies are in conflict with this Agreement, the Board, by adopting this Agreement, shall be deemed to have amended its regulations to

conform to the provisions of this Agreement. Past practices not codified in the Rules of the Board shall have no binding affect upon the parties.

- 34.3** The Rules of the Board shall not be subject to the grievance procedure set forth in this Agreement; however, issues concerning whether or not such written policies are being followed in particular instances will be subject to the Grievance Procedure set forth in Article 8.
- 34.4** The University shall not take any action during the life of this Agreement applicable to Bargaining Unit members which would reduce any of the following financial benefits which are not required by law or by other provisions of this Agreement:
- 34.4.1** ticket discounts; or
 - 34.4.2** Summer School compensation.
- 34.5** The provisions of this Article shall not apply to any rules of the Board which relate to the regulation of clinical or medical services, provided such rules changes do not affect the wages, hours, terms and conditions of a member's academic work as set forth in Article 11.

ARTICLE 35 **DECERTIFICATION**

The University's recognition of the AAUP as set forth in Article 1, Recognition and Description of Bargaining Unit, of this Agreement shall continue unless and until the AAUP is decertified by order of SERB through the procedures allowed in Section 4117.07 of the Ohio Revised Code.

ARTICLE 36 **AGREEMENT CONSTRUCTION**

- 36.1** **Titles.** The article or section titles throughout this Agreement are merely editorial identifications of their related text and do not limit or control that text.

- 36.2 References Deemed Appropriate.** All references to "Dean," "Provost," "administrator," "academic unit," "college," "library jurisdiction," "academic unit head," or similar officials or entities within the University shall mean the "appropriate" or "involved" official or entity whenever the sense of the provision so requires.
- 36.3 Library Faculty.** Superfluous language in previous contracts, which referred separately to Library Faculty, is deleted from this contract in recognition of the status of professional Librarians as full members of the University Faculty. Removal of this language is not intended to eliminate any contractual protections of Library Faculty as Members of the Bargaining Unit. Separate references are maintained where necessary to reflect the unique nature of Library Faculty Members' functions.

ARTICLE 37

TOTALITY OF AGREEMENT

The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining; and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the University and the AAUP, for the life of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered in this Agreement, or with respect to any subject or matter not specifically referred to or covered in this Agreement, even though said subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement; provided, however, that nothing herein contained shall be interpreted as precluding the right of the parties, assuming mutual agreement, to negotiate on any such subjects or matters which develop after entering into this Agreement; and provided further, that nothing herein contained shall be construed to limit the matters which are subject to collective bargaining between the parties in the future.

ARTICLE 38
SAVINGS AND SEPARABILITY

In case any provision in this Agreement or part thereof is for any reason held to be illegal or invalid, such illegality or invalidity shall not affect the remainder of this Agreement which shall be construed and applied as if such provision or part thereof, to the extent invalid or illegal, were not contained therein, and each other provision or part thereof shall remain in full force and effect; provided, however, that if requested by either of them, the parties shall, if possible, negotiate a substitute provision for any provision or part thereof held to be illegal or invalid.

ARTICLE 39
DURATION AND AMENDMENT

- 39.1** This Agreement shall be effective as of September 1, 2007 and continue in full force and effect to and including June 30, 2010.
- 39.2** The University and the AAUP agree to begin negotiations for a successor agreement no later than April 1, 2010.
- 39.3** If, pursuant to such negotiations, an agreement on the renewal or modification of this Agreement is not reached prior to the expiration date, this Agreement shall continue in effect unless terminated by either party upon seven (7) days written notice to the other; provided, however, that in any event the recognition of the AAUP shall continue in accordance with Article 35, Decertification.

ARTICLE 40
DISPUTE SETTLEMENT PROCEDURE

- 40.1** The parties do hereby agree to the following procedure for the settlement of disputes concerning the termination or modification of this Agreement or the negotiation of a successor Agreement. This dispute settlement procedure shall be substituted for the procedure or procedures specified in Section 4117.14 of the Ohio Revised Code, as authorized by Section 4117.14(C) (1) (f) of the Code:
- 40.2** Should either party, pursuant to Article 39, give notice to the other that a modification or termination of the Agreement or negotiation of a successor Agreement is desired, that party shall simultaneously

notify the State Employment Relations Board by serving upon the Board a copy of the notice and a copy of the existing collective bargaining Agreement.

- 40.3** During the period commencing at least sixty (60) days prior to the expiration of the current contract between the AAUP and the University, both parties agree to bargain in good faith in order to reach a settlement by the expiration date of the Agreement. In the event a settlement has not been reached by the expiration date of the Agreement, the parties may jointly agree to continue negotiations and/or request mediation. If negotiations continue and settlement has not been reached within seven (7) days after the expiration of the Agreement, either the University or the AAUP may declare that the parties are unable to reach an agreement and can request mediation. The parties shall mutually request the appointment of a Mediator from either the Federal Mediation and Conciliation Service (FMCS) or the State Employment Relations Board (SERB).
- 40.4** The parties shall meet with the Mediator and provide the Mediator with any information requested to facilitate mediation. If the Mediator is unable to effect a settlement within a period not to exceed fifteen (15) days after appointment, and if the Mediator declares that fact-finding is appropriate to the resolution of the differences, either party may, by written notification to the other, request that their differences be submitted to a fact-finding panel.
- 40.5** Within seven (7) days of such written notification of a request for fact-finding, each party shall designate a person to serve as a member of the fact-finding panel. Those two members of the fact-finding panel shall request either FMCS or SERB to select a third member to serve as chairperson, which chairperson shall be appointed within seven (7) days after selection of the initial two members. Unless both parties consent, the chairperson cannot be the same person who served as Mediator.
- 40.6** The fact-finding panel, within seven (7) days of its appointment, must meet with the parties. The panel may hold hearings, make additional investigations and inquiries, and take other steps as it considers appropriate. The panel is empowered to request SERB to issue subpoenas, pursuant to Section 4117.14 (C) (4) (c), Ohio Revised Code. If the dispute is not settled within fifteen (15) days after the panel is appointed, or within a longer period, if agreed to

by the parties, the panel must report its findings to the parties, including its recommendations on the unresolved issues. Fourteen (14) days after submission to the parties, the findings must be made public if no settlement has been reached.

40.7 Notwithstanding the dispute settlement procedures described above:

40.7.1 The AAUP reserves the right to strike, under Section 4117.14 (D)(2) and otherwise, at any time after the expiration of the Agreement, upon giving ten (10) days notice to the Administration and SERB.

40.7.2 The parties may, at any time during the negotiations and by mutual agreement, request either FMCS or SERB appoint a Mediator to assist in the settlement of disputes over negotiation issues.

40.8 All costs above those paid by SERB associated with the appointment of the Mediator and the Chairperson of the fact-finding panel shall be shared equally by the parties.

MEMORANDA OF UNDERSTANDING

M.1 Benefits Study Committee

- M.1.1 The Benefits Study Committee shall be a standing committee with four (4) members appointed by the AAUP Board and four (4) members appointed by the Administration. The Committee may create subcommittees, which will have equal representation from each Party, and may include individuals who are not members of the Committee.
- M.1.2 The Committee shall explore ways to contain benefits costs to the University and to the individual Bargaining Unit member without reducing the level of benefits available to Bargaining Unit members subject to the terms and conditions listed below. To achieve these ends the Committee may direct the University to get cost estimates, determine accurate estimates of benefits costs, review usage, investigate and compare current and alternate vendors, and make recommendations and other requests consistent with its charge. The University shall provide the Committee with all the information available to it regarding the cost, usage, and nature of benefits provided to all University employees.
- M.1.3 Monitoring Quality of Care Date and Payment Expenses: The University shall provide to the AAUP Benefits Study Committee information collected by the Benefits office related to the efficiency and timeliness of payments for health care expenses as requested, but not more than once per quarter.
- M.1.4 In addition to the concerns stated above, the Committee specifically shall study the following during the term of this contract, and recommend changes where appropriate:
- a) the University Wellness Program, and a sick childcare program;
 - b) the effectiveness of the Choice Benefits Plan; and
 - c) the cost effectiveness of the current prescription drug plans. In this regard, the Committee shall apply a market basket approach, similar to the Consumer Price Index (CPI), to the top two hundred (200) prescription drugs used by Faculty Members which shall be used to track the cost of those prescriptions over time and to compare the current plans with the plans of other vendors. If the Committee finds an alternative plan that has a formulary better suited to the needs of Faculty Members, and change to

that alternative plan would reduce costs to both Faculty Members and the University, the Committee may recommend that the University change to the alternative plan.

M.1.5 On December 1, 2007 and on December 1 of each subsequent year during the term of this Agreement, the Benefits Study Committee shall issue a written report to the parties documenting the plan budget and actual costs to the parties for the preceding fiscal year as well as a summary of usage data for Bargaining Unit members.

M.2 Faculty Representation on the Board of Trustees

Faculty representation on the Board, pursuant to Board of Trustees' Rule 3361:10-1-02, shall include the chairperson of the University Faculty Senate and two elected representatives of the University Faculty. They shall have the right to suggest proposals for consideration by the Board and the President, and to attend with voice, all meetings of the Board, except executive sessions, and Board committees including academic affairs and finance.

M.3 Debt Service

In order to assure Faculty participation in establishing funding priorities and long-term policies on University-wide debt management, policies shall be developed through the joint governance council on the amount of general funds and total revenues (with the exception of University Hospital and Hoxworth revenue) applied to service the debt and on the percent of annual debt expense of annual total revenues in this year and following years. Other policies of this nature should be developed by the joint governance council as appropriate.

M.4 Environmental Oversight Committee

The joint Administration/Faculty Environmental Oversight Committee shall consist of four (4) administrators appointed by the President and four (4) Bargaining Unit members appointed by the Faculty Senate. This Committee is charged with oversight of the University's efforts in removing hazardous and unhealthy conditions from the work environment. Meetings of the Committee will be held at least on a quarterly basis. The Committee will establish its meeting times and administrative procedures. The Committee can receive complaints from Faculty and Librarians concerning alleged hazardous conditions. The Committee may request the presence of anyone who may have a concern or

who can be of assistance in considering environmental matters. The Committee shall monitor the University's efforts to remedy the situation leading to the complaint. The Committee shall from time to time report to the Presidents of the University and the AAUP and the Chair of the Faculty Senate on any environmental or health hazard which, in its judgment, represents a major cause for concern and recommend appropriate actions.

M.5 Professional Development

Whereas, the AAUP and the University are parties to a collective bargaining agreement to expire on August 31, 2007; and

Whereas, under the terms of Article 24.7 of the AAUP/UC Collective Bargaining Agreement, the University has agreed to provide \$560,000 per year for faculty professional development, to be administered by a faculty development committee comprised of three Administrators and three Faculty Members elected by the Faculty Senate, with the Vice Provost for Faculty Development as Ex Officio Chair of the committee;

Therefore the AAUP and the University agree to amend and supplement the current Agreement as follows:

- (1) For purposes of implementing the provisions of Article 24.7 and distributing funds from the allotment, professional development will be defined as follows:
 - (A) Professional development shall mean any activity designed to increase a Faculty Member's knowledge or skills in order to further the University's mission of teaching and research. The proposed development plan shall bear a direct relationship to the teaching and research goals of the Faculty Member(s), the department(s), and the college(s). Professional development can be realized by, but is not limited to, the following activities: travel to professional meetings and conferences to promote faculty development, faculty collaborative efforts, participation in workshops or short courses, travel to consult with Faculty Members or professional colleagues at other institutions, purchase of books or computer software used to increase the Faculty Member's knowledge or skills, or the sponsorship of a conference or workshop for the University of Cincinnati academic community. Professional development awards can also be made, up to a combined annual limit of \$100,000, for curriculum development, curriculum implementation, or research projects that relate in direct and significant ways to the enhancement of classroom teaching. Faculty development funds are not meant for other research projects.

(B) Professional development funds shall not be used to purchase computers or computer upgrades or accessories, equipment or supplies unless the purchase of equipment is directly related to faculty professional development. Articles 30.1.1, 30.1.2, and 30.1.3 of the 2004 – 2007 Collective Bargaining Agreement between the University of Cincinnati and the American Association of University Professors, University of Cincinnati Chapter covers the acquisition of the aforementioned items. Nor shall any academic, administrative, or instructional positions be funded by the Professional Development Fund. Likewise, this fund shall not be used to support students, student activities or faculty assistants, or research projects other than those directly related to the enhancement of classroom teaching.

M.6 Personnel Records/Files

Each academic year the Contract Administrators will distribute to Deans, Directors and Department Heads:

- (1) The Guidelines on the Maintenance of and Access to Faculty Personnel Files as passed by the Faculty Senate, and as they may be amended from time to time by the Faculty Senate; and
- (2) Administrative Memorandum 118, as it may be amended by the University President, and containing the Guidelines for Administrative Review and Appeal of Disputes Concerning Personnel Records.

M.7 AAUP/UC Joint Committee

In order to facilitate communications between the AAUP and the Administration, a joint committee shall be established.

The committee shall consist of six (6) members, three (3) appointed by the AAUP and three (3) appointed by the Administration. The committee shall meet semi-annually at a time and location mutually agreed upon by the University Contract Administrators and the UC AAUP President.

The topics of the meetings shall be issues of mutual interest. The committee may address matters of Agreement implementation and make suggestions for improved Agreement management, however, the committee shall not discuss specific grievances nor shall it be used as a forum for bargaining. The parties

shall exchange agenda items no later than seven (7) days prior to a meeting. Additional meetings may be scheduled by mutual agreement.

M.8 Collective Bargaining Agreement Training

In order to facilitate contract implementation and reduce the potential for grievances, the AAUP and the University agree to jointly sponsor a seminar, during the fall quarter of each year, designed to inform administrators of their rights and responsibilities under the Collective Bargaining Agreement. A second training session may be scheduled for later in the academic year if both parties deem it necessary.

The University Contract Administrators, or their designees, and the AAUP Executive Director, or designee(s), will design, schedule and conduct the seminar. All academic administrators shall be strongly encouraged by the University to attend the seminar.

Beginning September 1, 2008, new academic unit heads, associate deans, and deans will be required to attend the seminar prior to or during the academic year of their initial appointment to that administrative position.

M.9 Regional Campus Salaries Committee

The AAUP and the University agree that average faculty salaries, by rank, of the University's Carnegie Category III regional campuses, Clermont and Raymond Walters Colleges, are disproportionately low in comparison to Ohio's other Carnegie Category III regional campuses. In addition, salaries at Clermont and Raymond Walters Colleges are proportionally low in comparison to UC's main campus as compared to the proportional salaries of other Carnegie Category III regional campuses to their main campuses.

The AAUP and the University therefore agree to establish a Regional Campus Salaries Committee to study the issues of salary structure at Clermont and Raymond Walters Colleges and to make recommendations for remedy. The Committee shall include three (3) individuals appointed by the AAUP and three (3) individuals appointed by the University.

No later than May 1, 2009, the Regional Campus Salaries Committee shall provide a written report to the parties to this Agreement that includes proposed remedies. This report shall serve as the basis for discussing salary inequities at Clermont and Raymond Walters Colleges during the 2010 contract negotiations.

M.10 Transition to New Grievance Procedure

The AAUP and the University have agreed to a new grievance procedure, as embodied in Articles 7, 8 and 9 of this Agreement. In order to provide an orderly transition to this new procedure, the Parties agree to the following:

1. All grievances processed or grievance hearings held on or before December 31, 2007, will be processed and decided under the grievance procedure as established in the 2004-2007 Agreement between the Parties. On January 1, 2008, all grievances in process, but not having yet reached the hearing stage, will be subject to the new grievance procedure.
2. The University President shall select 10 administrators to serve in the administrator pool, and shall notify the AAUP and the Chair of the University Faculty Grievance Committee of those so designated not later than December 1, 2007. The AAUP and the Provosts' Offices shall select the 10 members of the Academic Unit Head pool not later than December 1, 2007, by the method described in Article 8.3.3.

After January 1, 2008, both the faculty pool and the administrator pool are to select respective co-coordinators from among their number as soon as possible, but not later than February 1, 2008.

3. All Faculty Members elected to serve on the University Faculty Grievance Committee will serve as members of the faculty pool of the Grievance Committee through June 30, 2008, except, that any Faculty Member so elected who is excluded from the bargaining unit due to restructuring shall be removed from the University Faculty Grievance Committee as of the date of ratification of this contract by the University of Cincinnati Board of Trustees.

Any Faculty Member who is also an academic unit head who was elected to the UFGC under the previous system will remain in office as a part of the faculty pool until June 30, 2008. After that date, all academic unit heads are excluded from election to the faculty pool. On June 30, 2008, the term of office of all Faculty Members elected under the previous University Faculty Grievance Committee system will terminate.

4. The Faculty Senate will hold elections for membership on the faculty pool under the procedures established in this Agreement in May 2008. Five (5) of the members of the faculty pool will be elected for one (1) year terms, and five (5) will be elected for two (2) year terms. Beginning in May 2009 and for all subsequent elections, faculty pool member terms on the Grievance Committee will be two (2) years.

5. All persons who will be members of the Grievance Committee as of January 1, 2008, are strongly urged to attend a training workshop, offered jointly by the AAUP and the Provosts Offices, during the Fall 2007 quarter, and should do so not later than April 1, 2008. No one may be seated to a Grievance Panel unless s/he has completed a training workshop.

6. If either party proposes modification of this new grievance process during bargaining for the 2010-2013 Agreement, and the Parties are unable to reach Agreement on proposed changes or one of the Parties fails to withdraw its proposals for changes, then the grievance procedure will revert to the system established under the 2004-2007 Agreement.

M.11 Amendment of the Bargaining Unit.

The University of Cincinnati and the AAUP, University of Cincinnati Chapter, hereby enter into this Memorandum of Understanding in conjunction with the renewal of their collective bargaining agreement to be effective September 1, 2007 through June 30, 2010 ("The Agreement").

The Agreement amends the bargaining unit description at Article I, Section 1.1.2, in order to remove from the bargaining unit full-time faculty in the College of Medicine who are classified as "affiliated, visiting, volunteer or geographic full-time." Other changes incorporated in the Agreement arose from the change in the bargaining unit description, including amendments at Article 1.2.2 and to the definitions of "clinical faculty" and "geographic full-time faculty."

The parties recognize that because the collective bargaining unit is "deemed certified" under applicable Ohio law, any changes of the bargaining unit description must be approved by the State Employment Relations Board ("SERB").

AAUP and the University hereby agree that each shall cooperate and use their best efforts to obtain the approval of SERB for the agreed change of the bargaining unit description including, inter alia, filing a joint petition with SERB to amend the bargaining unit pursuant to OAC § 4117-5-01(F) and any other pertinent regulation of SERB or Ohio statutes.

The parties acknowledge that the basis for the amendment of the bargaining unit description is a mutual belief that the positions to be excluded no longer have a community of interest with the remainder of the bargaining unit.

In the event that SERB rejects the joint petition submitted by the parties to amend the bargaining unit, the parties will re-open negotiations to address any necessary changes that might be required by the continued inclusion of such positions within the bargaining unit.

The parties agree that the time limits for the filing of any grievance or potential grievance on behalf of an employee in a position excluded from the bargaining unit as a result of the Agreement shall not begin to run until there is a final decision from SERB with respect to the parties' joint petition for an amendment to the bargaining unit.
