Section 4.1: Disciplinary Action

- a. No Employee will be disciplined without just cause. In the event any degree of disciplinary action (excluding verbal warnings) is taken against an Employee, such action shall be clearly stated on a Disciplinary Action Notice. When such a notice is concerned with defective work, the Employee will be shown the work if it is still available in the plant.
- b. The Employee may sign the notice to acknowledge receipt and may write any remarks concerning the notice in the space provided.
- c. If the Employee denies the details of infraction and wishes to have a hearing, he must follow the Grievance Procedure.
- d. A steward (if one is available) shall be present when the notice is delivered and shall sign it to record his presence. The department head or supervisor initiating the disciplinary action shall also be present if at all possible.
- e. A copy of the notice shall be delivered personally to the Employee on Company property.
- f. If the Employee is absent from the plant, he will be notified by letter to his last known address and a copy will be sent to the Business Representative of the Union.
- g. In other than discharge cases, copies of Disciplinary Action Notices will be forwarded to the Business Representative at least once weekly and shall be accompanied by a letter of transmittal identifying the notices by the numbers appearing thereon. In discharge cases, the copy of the notice will be sent to the Business Representative within 72 hours.
- h. When a Disciplinary Action Notice is withdrawn, all Company copies shall be given to the Employee involved for destruction in the presence of a steward within 10 working days. The Business Representative of the Union shall be notified.

- i. In the event the disciplinary action to be taken against an Employee involves possible discharge, before final action is taken, the Employee shall first be suspended until such time as a meeting can be held between the Company and the appropriate Union representative who shall be the Union Unit Chairperson or his alternate and/or the Business Representative. If the Company decision does not then result in either discharge or some other form of disciplinary action, the Employee will be returned to work, made whole for any actual loss in earnings, and the Disciplinary Action Notice that suspended the employee for that discharge hearing will be removed from his record. The parties will strive to hold Discharge Hearings within 7 working days.
- j. Whenever disciplinary action is being taken against an Employee where the action involved the Employee's previous record, Disciplinary Action Notices dated 5 years or more previous to the action will not be considered. It is understood there is one exception to this rule: Any Disciplinary Action Notice which is concerned with any "wildcat strike" activity will at any time be considered as part of the Employee's record.
- k. A Disciplinary Action Notice concerning workmanship (other than those involving suspensions or final warnings) shall be considered void if the Employee has no further written disciplinary action during 1 year of active employment thereafter. Any oral warnings assessed for disciplinary purposes shall be removed if the Employee has no further disciplinary action within (3) months from the date of issuance.
- l. No Employee with 2 years or more of service shall be disciplined for wrong information on the educational portion of his employment application blank.
- m. If the discipline of an Employee for a safety infraction includes a suspension, any time lost by the Employee as a result of an injury will be deducted from the suspension.

Section 4.2: Definition of Grievance

A grievance is any dispute or difference of opinion between the Company and an Employee regarding the application and interpretation of this Agreement or

any valid and current agreement under Section 3.15 of Article 3.

Section 4.3: Grievance Procedure

A grievance shall be handled as follows:

a. First Step

- (1) The Employee(s) involved and/or the department steward shall orally present the grievance to the immediate supervisor within 5 working days of the Employee or steward after the occurrence of the basis for the grievance.
- (2) The steward shall be present during the adjustment of the grievance, unless unavailable due to absence from the scene at the plant in which event another steward shall be present.
- (3) The supervisor shall make his decision known within 5 working days thereafter.
- (4) Such steward representation shall be confined to the Union Unit as per Article 3.6 of this Agreement, unless such an appropriate unit steward is not present, and if not, the provisions of Article 3.4-b of this Agreement shall apply.

b. Second Step

- (1) If the steward is not satisfied with the First Step decision, a written statement of the grievance shall be prepared on a form provided by the Company, signed and delivered to the supervisor within 5 working days thereafter. Supplies of such forms are to be furnished to stewards.
- (2) The grievance must specify the provision of the Agreement which it alleges has been violated. However, the provision may be amended for the final time at the Third Step meeting.
- (3) The supervisor shall indicate the date received and give a receipt.
- (4) Within 3 working days thereafter, a meeting shall be scheduled to resolve the grievance at a time mutually agreed to by the Chairperson of the Unit Union Committee or his Alternate and the appropriate department head or his designee and shall be attended by the following:
 - (a) the Unit Union Committee,
 - (b) the steward, and

- (c) the appropriate department head or his designee.
- (5) The appropriate department head or his designee shall arrange for the presence of the steward. He shall also arrange for the presence of the Employee(s) involved if so requested by the Chairperson of the Unit Union Committee or his Alternate.
- (6) The immediate supervisor may be present if deemed necessary by the Union or Company.
- (7) The department will answer the grievance in writing within 3 working days after such meeting unless additional time is agreed upon by the appropriate department head or his designee and the Unit Union Committee Chairperson or his Alternate.
- (8) If the grievance is not referred to the Third Step, it shall be settled in accordance with the Second Step answer.

c. Third Step

- (1) Failing satisfactory adjustment, the grievance shall be referred to the Third Step by the Unit Union Committee Chairperson or his Alternate within 5 working days after receipt of the Second Step answer.
- (2) Within 15 working days thereafter, a meeting shall be held at which the parties will endeavor to settle the grievance. This 15 working day period is exclusive of the normal vacation period shutdown, the weeks immediately before and after the shutdown, the Christmas-New Year holiday period, the weeks immediately before and after that period, and other periods which may be mutually agreed upon by the parties.
- (3) As nearly as possible, grievances will be scheduled for hearing in the order in which they are received by the Labor Relations Department, as shown by the numbers assigned to the grievances. It is recognized that exceptions to exact numerical order may be necessary and will be allowed within the following parameters:
 - (a) Delay caused by the unavailability of an essential person due to vacation, hospitalization, jury duty, military reserve training, doctor's appointment, or other compelling reason mutu-

ally acceptable to the parties. Such delay may not exceed 30 days beyond the 15 working day period set forth above, at which time the grievance will be scheduled and heard at the next grievance meeting.

- (b) A grievance questioning a discharge is to be scheduled as soon as practicable regardless of the grievance number assigned to it.
- (c) On any given meeting date, the sequence of scheduling is of no consequence.
- (4) Once scheduled, a grievance is not to be delayed or rescheduled due to the absence of any person except for a compelling reason acceptable to both parties. Lacking such reason, the parties will proceed with the meeting as scheduled. If the parties agree to delay the grievance, it will either be scheduled and heard at the next grievance meeting or be forfeited (without precedent) by the party initiating the delay.
- (5) Those in attendance shall be limited to the Plant Union Committee, Labor Relations Representative(s), the immediate supervisor involved (if appropriate), and not more than two other persons for each party. Others may attend if mutually agreed.
- (6) The Company shall deliver an answer to the Union within 5 working days after such meeting. Additional time may be agreed on if requested and granted in writing.
- (7) The grievance shall be settled in favor of the Union if no answer is made within that time. Such settlement shall not constitute a precedent with respect to future cases.
- (8) In the absence of a written request for arbitration within 12 working days after receipt by the Union of the Third Step answer, the grievance shall be settled in accordance with the Company's answer and may not be submitted to arbitration, unless a written request for extension of time is requested and granted.

Section 4.4: Grievance by Business Representative

- a. The Business Representative of the Union may file a grievance within a reasonable period from the time after such violation is believed to have occurred.

- b. In no event may his privilege be invoked more than 1 month after the Business Representative had knowledge of the incident giving rise to the grievance. The filing of a grievance and data furnished to the Business Representative shall constitute knowledge.
- c. Such grievance shall be initially referred to the Third Step.

Section 4.5: Grievance Concerning Discharge

- a. A grievance concerning the discharge of an Employee (or a suspension arising out of a discharge hearing) may be filed by a Unit Union Chairperson or his Alternate and shall be initially referred to the Third Step.
- b. Where the matter has already been thoroughly considered in a meeting prior to the discharge action, the Third Step meeting may be waived by mutual agreement of the parties and the Company's Third Step answer shall be delivered to the Union within 5 working days after the date of such mutual agreement.

Section 4.6: Rights Guaranteed by L.M.R.A.

Nothing contained in this procedure shall be construed to deprive an Employee of any right guaranteed by Section 9(a) of the Labor Management Relations Act, as amended. Once an Employee has placed a grievance in the hands of the Union for processing, he is bound by any settlement or disposition arrived at pursuant to this grievance procedure.

Section 4.7: Submission to Arbitration

- a. If the Union desires to arbitrate a grievance, a written request shall be delivered within 12 working days after receipt of the Third Step answer, unless a written request for an extension of time is requested and granted.
- b. Within 10 working days after receipt of such request, the Company shall make a written acknowledgment which shall include a proposed submission of the issue raised by the grievance.
- c. Within 1 week after receipt of such submission, the Union shall:
 - (1) accept the proposed submission, or
 - (2) prepare a separate submission and furnish a copy to the Company.

Upon receipt of the Union's notification with regard to options (1) and (2) above, the Company (except in a discharge case) will prepare a joint request that the Federal Mediation and Conciliation Service submit a panel of 7 arbitrators.

- d. Grievances referred to arbitration (other than those concerning discharge) will be scheduled for hearing numerically according to grievance number.
- e. More than 1 grievance may be placed before the arbitrator if the parties so agree.

Section 4.8: Selection of Arbitrator

- a. Each party shall have the right to reject 1 entire panel, provided the party rejecting notifies the other party within 5 days after the panel is received. In such cases, parties shall request a new panel as soon as possible.
- b. Absent such notice by either party, then within 1 week after receipt of the panel of arbitrators, the parties shall meet and select the arbitrator by alternately striking names until one arbitrator remains.
 - (1) the parties shall, by concurrent written ballot, each strike 2 names from the panel.
 - (2) If this leaves 3 names on the panel, the parties shall, by concurrent written ballot, each strike 1 additional name from the panel.
 - (3) When only 2 names remain, the parties shall, by concurrent written ballot, each strike 1 additional name from the panel.
 - (4) If 1 name remains, that person shall be the arbitrator.
 - (5) If the last ballot provided in (3) above eliminates both remaining names, the parties shall choose between these 2 by lot.

Section 4.9: Hearing and Award

- a. The arbitrator shall hold a hearing promptly after accepting his appointment.
- b. His award shall be in writing.
- c. The fee and expenses of the arbitrator shall be shared equally by the Company and the Union.
- d. In the event the parties jointly request the services of a court reporter for the preparation of a transcript of the hearing, the fee and expenses of the

reporter shall be shared equally by the Company and the Union. In the absence of a joint request the party ordering the court reporter is responsible for all fees and expenses of the reporter unless the other party wishes a copy of the transcript. In such case, that other party will be responsible for the cost of the additional copy only.

Section 4.10: Authority of the Arbitrator

- a. The arbitrator shall not have the authority to pass upon the Company's methods, practices, procedures or its established non-discriminatory safety rules, or plant rules and regulations.
- b. If arbitration is requested for a grievance denying a breach or disregard of such procedures, rules or regulations, the arbitrator shall determine the question of fact of such occurrence.
- c. The arbitrator shall have the right to rule on the degree of any disciplinary action taken by the Company except in cases of proven theft or violation of Article 20. This Section shall apply and shall not be contradicted by any other Section of this Article.
- d. The foregoing provisions of this Section shall not be used for the purpose of evading any other provision of this Agreement.
- e. The arbitrator shall not go beyond what is necessary for the interpretation and application of this Agreement or any Supplementary Agreements under Section 3.15. The arbitrator may consider past practices of the parties where such is necessary in order to interpret the Agreement.
- f. Issues not directly involved in a grievance shall not be decided by the arbitrator.
- g. The schedule of wage rates is not subject to arbitration.

Section 4.11: Finality of Award

- a. An arbitration award shall be final and binding as to all issues involved in the grievance.
- b. An award shall prohibit any further grievance by the same grievant based on the same case.

ARTICLE 5 - CONDITIONS OF EMPLOYMENT

Section 5.1: Employee Duties

It is agreed that each Employee in accepting or continuing in the employment of the Company agrees to devote his entire time and his best energies during working hours to the business of the Company; to well and faithfully perform the duties delegated to him by the Company, its superintendents or foremen; to abide by the rules of the Company (which will be posted in conspicuous places in the plants and copies of which will be furnished the Union); to lend the utmost cooperation to the Company, its superintendents and foremen, to the end that his efficiency and productiveness may be increased, waste of material avoided, and the manufacturing cost of any work or article upon which he may be engaged decreased; and in all reasonable ways to advance the welfare and protect the interests of the Company.

Section 5.2: Tool Replacement

The Company shall replace or repair such necessary hand tools furnished by an Employee (including precision tools and tool boxes used in the machinist trade) which may become lost or broken or worn out by normal use in the plant. They will be replaced with tools of comparable quality. This Section shall not apply to any tools broken or worn out by reason of unnecessary abuse.

Section 5.3: Clothes Change

- a. An Employee entitled to change to work clothes shall be given 6 minutes at the beginning of his work shift to change clothes and be at work, and he shall be given 6 minutes at the end of his work shift to change clothes and be at his place of clocking out, or in lieu of the 6 minutes at the beginning of the shift, the times may be combined to become 12 minutes at the end of the shift. In those departments or areas where the time is either separated or combined as of the date of this Agreement, it shall not be changed during the life of this Agreement unless mutually agreed to by the parties.
- b. The Company will furnish all work clothing required by the Company such as coveralls, lab coats, gloves, etc., and shall not change those being

furnished at the signing of this Agreement without mutual consent. Any additions or deletions shall be determined by the Company and the Union and shall be reduced to writing. Any dispute or disagreement on the matter shall be subject to the grievance procedure.

Section 5.4: Bath Time

- a. An Employee entitled to take a shower bath upon completion of his work shall be given 18 minutes to take a shower, change clothes and be at his place of clocking out. In making determinations as to which Employees are entitled to a shower bath at the end of the shift, the Company shall consider the magnitude of dirt, oil, and chemicals or other substances upon the Employee which make it impossible to change into his regular clothing without taking a shower bath.
- b. If the Company requires any such Employee to remain on the job until he is relieved at the end of his shift, the 18 minutes will be allowed after the end of the shift.
- c. The Company shall furnish soap and towels to any Employee entitled to take a shower bath.
- d. When Company time is granted, an Employee must take a shower bath. Refusal to take the shower bath will result in disciplinary action.

Section 5.6: Light Duty

- a. Upon determination by the Medical Department that an Employee, through illness or injury, is unable to perform the duties of any job classification within his occupational group and/or department, the Employee may be given any other available work, for which he is approved by the Medical Department, in any other occupational group, which he is capable of performing.

- b. Such Employee would then be considered as on a leave of absence from the occupational group until such time as the Medical Department determines he is able to resume work in the occupational group.
- c. If the Medical Department determines that it is not advisable for an Employee to work because of a serious illness or injury, the case will be brought to the attention of the Labor Relations Department and the Business Representative of the Union. If it is determined that additional medical information is necessary, which is not available through the Employee's personal physician or the Company Medical Department, the Company will arrange to have the Employee referred to an appropriate physician or specialist for examination only, at no expense to the Employee. In such referral, the Company will allow the Employee to select from a list of medical doctors mutually agreed to by the Union and the Company. After the Company Medical Department has received the outside professional opinion, the Company will confer with the Union to review the matter and will make the outside doctor's report of finding available to the Union. The Company Medical Department will cooperate with the outside doctor in order to arrive at a fair decision.
- d. If the Company denies the Employee any job opportunity, he shall be immediately restored to Weekly Sickness and Accident, Worker's Compensation or Income Protection Plan for which he may be eligible and for which he has not exhausted his benefits.

Section 5.7: Cleaning of Equipment

Temporary assignments shall not count for actual experience on the job.

The following modifications shall also apply:

- (2) At time of curtailment (or subsequent recall), an Employee shall be deemed fully qualified for certain job classifications, equal or lower paying within the same occupational group, and shall be awarded the top wage step regardless of actual experience in these classifications.

a. Probationary Period

- (1) There shall be a probationary period of 90 days from the date of initial employment in the bargaining unit or reemployment after breaking seniority.

- (2) There shall be no obligation on the part of the Company to reinstate an Employee terminated during the probationary period. In the event an Employee is reinstated within 30 days following a layoff for lack of work, the time worked before layoff shall be counted as part of the probationary period.

b. Plant Seniority

- (1) An Employee shall, upon completion of the probationary period, be entitled to plant seniority from the first day of the probationary period.
- (2) The plant seniority date of each Employee in the bargaining unit as of the effective date of this Agreement shall be that date shown on the Company records, such date having been established in accordance with the terms of the previous agreements between the Company and the Union.

c. Occupational Group Seniority

- (1) The occupational group seniority date of each Employee in the bargaining unit as of the effective date of this Agreement shall be that date shown on the Company records, such date having been established in accordance with the terms of the previous agreements between the Company and the Union.
- (2) An Employee who enters an occupational group shall acquire occupational group seniority on the effective date of his transfer or on the date of the expiration of a job posting, whichever is earlier.
- (3) All Employees bidding into an occupational group in response to the same job posting shall have occupational group seniority as of the effective date of the earliest entry into the group resulting from that posting.
- (4) An Employee who bids into an occupational group in response to an earlier job posting than another Employee or other Employees shall have an earlier occupational group seniority date than such other Employee(s).
- (5) If, while the job posting procedures are being followed, the Company hires new Employees into the plant, on this job that is posted, the successful bidders shall be given an earlier occupational seniority date than such new Employees.

- (6) The occupational groups as shown on Company records as of the effective date of this Agreement shall be continued for the period of this Agreement except as modified by joint agreement of the Company and the Union.
- (7) Whenever two or more Employees have the same occupational group seniority date, the plant seniority dates shall be used to determine which Employee is senior.
- (8) Whenever 2 or more Employees have the same plant seniority date, the actual time and date when the Employees were hired as shown by the Company's employment records will be used to determine which Employee is senior.

d. Seniority Lists

- (1) The Company shall furnish seniority lists to the Business Representative of the Union showing plant and occupational group seniority of each Employee at least every 3 months and/or upon the request of the Business Representative, but not more often than once a month.
- (2) A separate list shall be furnished for each occupational group showing Employees in the order of their occupational group seniority. If 2 or more Employees have the same occupational group seniority date, these Employees shall in turn be listed in the order of their plant seniority. If any such Employees also have the same plant seniority date, they shall in turn be listed in the order of their hiring date and time as noted on employment records. If any such Employees also have the same hiring date and the hiring time has not been recorded, then the last 4 digits of their Social Security numbers will be considered and the Employee with the higher number will be considered senior.
- (3) The lists shall carry codes which indicate the active or inactive status of Employees appearing thereon. The Union will be provided with a key to the codes and will be advised of any revisions which may occur.
- (4) These lists shall be revised and posted in all departments concerned every 3 months or sooner.
- (5) Any errors in a seniority list, called to the attention of the Company by the Union, shall be

corrected and a new corrected list shall be posted and furnished to the office of the Business Representative within 30 days.

Section 6.3: Loss Of Seniority

a. Plant Seniority

An Employee's plant seniority shall be broken for any of the following reasons:

- (1) resignation,
- (2) discharge for cause,
- (3) failure to report off for (3) consecutive working days (which is considered a quit) unless a reason is given which is satisfactory to the Company,
- (4) failure to return to work after a layoff within 5 working days after being notified to return to work, unless a reason is given which is satisfactory to the Company and the Union. (Each Employee must keep the Company informed of his correct mailing address.) Notification shall consist of either a completed telephone call or a certified or registered letter sent to the Employee's last known address as shown on the records in the Company's Employment Office. A copy of said letter shall be forwarded to the office of the Business Representative,
- (5) layoff for 2 years; or
- (6) retirement.

- (2) An Employee transferred to a position at East Alton not within another bargaining unit shall, upon release from such position, be credited with plant and group seniority accumulated up to a maximum cumulative period of one year outside the bargaining unit except as identified in subsection (5) below.
- (3) Such Employee, upon release from such position, shall have the right to return to his occupational group and assume his former job or any lower-paying job according to his seniority. If he does not have sufficient group seniority to enter his occupational group, he may exercise his plant seniority in the same manner as at time of curtailment.
- (4) Until December 12, 2011, an Employee having accumulated one year's seniority outside the bargaining unit, shall not accumulate further seniority while outside the unit. However, if he returns to the bargaining unit for one continuous year, he shall, upon any subsequent transfer out of the bargaining unit, again be credited with seniority as provided in (1), (2), and (3) above. For example, if an Employee is transferred outside the unit for three years and then returns, he will be credited with having accumulated seniority for one year, but not for the other two years. If, after four months, he again is transferred outside the unit for two years and returns, he will be credited with

the four months he worked in the unit but not for the two years outside the unit. If, after 18 months, he again is transferred outside the unit for four years and returns, he will be credited with the 18 months he worked in the unit plus one year while outside the unit, but not for the other three years.

- (5) Effective December 12, 2011, an Employee who accepts and is transferred to a job at East Alton outside the bargaining unit, i.e. temporary foreman, office clerk, etc., will not accrue occupational group seniority starting with the first full month after being transferred to the job. Additionally, after being on the job for 12 months, a transferred employee will begin to lose occupational group seniority for all time they remain in the position after the 12-month period.

Section 6.4: Disqualification

- a. An Employee who is disqualified by the Company or who is allowed self-disqualification shall be entitled to the same rights as an Employee curtailed from that classification, except recall rights to that classification. - b. An Employee disqualified from a job classification shall not be considered for the same classification until after six (6) months have elapsed.

Section 6.5: Military Service

- a. Except for the additional benefit provided by Subsection "b" of this Section, the reinstatement rights of an Employee who seeks to return to work from military service will be determined in accordance with applicable laws and will not be subject to the grievance procedure.
- b. An Employee who is otherwise entitled to reinstatement from military service in accordance with applicable laws shall not be denied reinstatement for the reason that he would have lost seniority because of layoff had he not entered military service. Such Employee shall resume his place on the plant and occupational group seniority lists.
- c. If such Employee does not have sufficient seniority at time of application for reinstatement to claim a

job in the plant and/or in his occupational group, he shall be shown on the seniority list(s) as laid off on the date of his application for reinstatement.

- d. Vacation eligibility for Employees reinstated following military service is in Article 10, Section 10.11.

Section 6.6: Establishment of New Departments

- (3) reinstatements to an occupational group from layoff status from that group,

- (4) scheduling vacations as provided in the Vacation Article,
- (5) temporary assignments as provided in the Temporary Openings Section of this Article,
- (6) shift or group assignments when vacancies occur in the same job classification.

b. Posting and Filling Vacancies

(1) Posting Period

All permanent job vacancies other than labor grade classifications and those classifications for which automatic progressions have been agreed shall be posted for bid for a period of 3 working days in the departments involved and on the job posting board at all active Employee plant gates. The 3 working days will begin at 8:00 a.m. the working day following the day on which the notice is posted and end at 4:00 p.m. the third working day following the day on which the notice is posted. In an occupational group which includes Employees in classifications lower paid than the 400 series labor grade level, a vacancy in a 400 series labor grade classification will be posted for bid by such Employees within the same occupational group. If the qualifications stated on a job posting are modified during the posting period, or if an employee has been informed he was the successful bidder on a specific posting, but the bid is cancelled prior to the successful bidder being moved to the new bid job, the appropriate Unit Chairperson will be notified as to the business reason for the above stated occurrences.

Before a new Mechanical Unit Employee is hired, a bid will be posted for the existing vacancy, and after the posting is resolved, the new probationary Employee will be assigned to the department where the resulting opening exists.

(2) Information on Posting

A job posting shall include the following information:

- (a) Department name and number
- (b) Occupational group number
- (c) Date of posting

 - (k) Job posting number
- (3) Successful Job Bidding Frequency

An Employee may successfully bid up to three (3) times in any twelve (12) month period for the purpose of bidding from one classification to another, or one Department to another. The following do not count towards the maximum:

- (a) Any bid for schedule preference within the same classification and department.
 - (b) A bid utilized for the purpose of recall to a classification.

- (a) Any bid from within the Mechanical Group for a permanent opening or vacancy created will be considered only for the shift or schedule specified by the bidder in the remarks section of the bid form and will not be considered for any other shift or schedule.
 - (b) When an Employee is the successful bidder on 2 or more vacancies that are posted or expire in the same work week, he may choose which one of the vacancies he prefers and which bids are to be withdrawn and shall indicate the order of his preference for the bids withdrawn.

- (c) If an Employee accepts one bid and cancels the others and the job vacancy is withdrawn by the Company, the Employee shall receive the selection of his choice of the remaining vacancies for which he bid in order of his preference.
 - (d) If an Employee is informed that he is a successful bidder early in the work week and accepts that job, then later in the same work week is informed he is a successful bidder on another job, he shall be allowed to accept the second job if he so desires.

- (6) Prompt Transfer of Bidders
- Beginning January 1, 2012, the Company shall have a maximum of 30 days after a posting expires to fill the vacancy. The Employee will begin receiving his new Occupational Group Seniority immediately upon resolution of the bid. If the transfer cannot be made within five (5) working days after the posting expires or the date the Company desires to fill the vacancy, whichever is later, the Employee shall begin receiving his new classification rate if higher. If after five (5) additional working days he still has not been transferred, he shall begin receiving any clothes change, bath time or shift premiums to which he would be entitled had he been transferred. The Company and the Union agree to discuss any instance where the thirty (30) day release needs to be extended or becomes problematic on a case-by-case basis.
- (7) If Bidder is Unavailable
- If the successful bidder for a vacancy is unavailable for immediate transfer to the vacancy due to absence because of being on
- a. Vacation, or
 - b. Approved Medical Leave of Absence,
- such Employee will be transferred to it upon return to work unless there has been a reduc-

tion in force and the Employee cannot receive the job because of lack of seniority.

Openings under "a" and "b" above will be filled by temporary opening provisions. In the event, under "b" above, the successful bidder is unable to return to work or is unable to fill the job duties upon his return to work, the job will be posted as a permanent vacancy.

If the successful bidder for a vacancy is unavailable for immediate transfer for any other reason, his bid will be disregarded and other bidders for the same opening will be considered.

A bid from an Employee on leave will be disregarded.

(8) Bidding During Vacation

An Employee, prior to going on vacation, may place bids for any vacancies which may occur and be posted during his vacation period and for which he desires to bid. Such bids must state the order of preference. In the event such an Employee is the successful bidder on a given vacancy, the vacancy shall be filled by temporary assignment, in accordance with the Temporary Openings Section of this Agreement, until the Employee returns from vacation.

(9) Bidding On Own Vacancy

Once an Employee has been deemed to be the successful bidder for a particular job vacancy, he may not then bid back to his own vacancy.

A temporary opening of up to 45 calendar days (or one caused by vacation) may be filled by temporary assignment of an Employee from within the same occupational group.

(2) All Temporary Openings on a different shift or schedule in the Mechanical Unit, General Machinist or above, will be filled by initially canvassing for volunteers, and if not successful, the junior qualified employee will be assigned.

(3) Higher Paid Temporary Openings

If such opening is in a higher paid job classification, group seniority shall be applied among Employees who are:

- (a) working on the same shift, and
- (b) in the same department or smaller work group where appropriate, and
- (c) insofar as they are available, qualified by past experience on the task involved, and
- (d) in the Mechanical Groups, in the next lower job classification, and
- (e) in Group 44, General Machinist Seniority (rather than group seniority) shall be applied for classifications set forth in Subsection 6.7.o(1).

d. Temporary Shutdown

- (1) In the application of this provision, the word "emergency" refers to situations involving factors such as an Act of God, major damage to the plant, shortage of material beyond the Company's control, machine breakdown and temporary emergency suspension of production on government contracts, as directed by the government contracting agency.

- (2) In the event it is necessary to temporarily shut-down or materially curtail an operation because of emergency conditions, the seniority rights applicable to layoffs of affected Employees, as provided in curtailment provisions of this Section, may be suspended for a period not to exceed 5 working days.
 - (3) For Production Workers, the term "operation" as used in (2) above, means a unit as defined in the Production Workers Overtime Selection Procedure or Working Rules.
 - (4) In the event the Company finds it necessary to shut down a department briefly for reasons other than those set forth in (1) above, such shutdown (limited to 5 workdays by a department in any calendar year) shall not be considered a layoff for purposes of applying curtailment provisions of this Section.
 - (5) Should the Company find it necessary to invoke a temporary shutdown as provided above, the Company will contact the appropriate Unit Union Committee Chairperson and advise him as to the situation. If, for any reason, the Unit Union Committee Chairperson desires to discuss the situation with the Plant Union Committee, a meeting shall be held without delay.
- e. Curtailment (All Units)
- (1) When curtailments occur, reassignments within an occupational group will be made in accordance with Subsections f (Production Workers), and k (Mechanical).

An Employee being laid off from his occupational group while at the 400 series labor grade level or above who desires reassignment shall

Fifth, to displace a probationary Employee in a job classification below the 400 series labor grade level; and

Sixth, to displace the junior Employee in a job classification identified by job code 701 or 702.

Upon written request, an Employee may decline such vacancies as listed in the Fourth, Fifth, and Sixth Steps without loss of seniority.

- (5) When on the same date, several such Employees are simultaneously scheduled for curtailment from an occupational group, plant seniority will be observed by assigning the senior of these Employees to the higher paid classifications being filled as outlined in (4) above.

(6) Layoff from Classifications Below 400 Series

- (a) An Employee being laid off from his occupational group while in a job classification below the 400 series level, who desires reassignment, shall be reassigned by the Company in the following order:

First, to fill a vacancy in any classification below the 400 series level;

Second, to displace a probationary Employee in any classification below the 400 series level;

Third, to displace the junior Employee in any job classification identified by the job code 701 or 702.

(7) No Lost Time

An Employee who is transferred to another occupational group as a result of curtailment will not be required to lose time except as may be necessary to comply with any applicable law.

(8) Optional Job Classifications

- (a) Janitor and classifications below the 400 series level are optional for Employees at the 400 series level or above, and may be declined without loss of seniority rights at time of curtailment or upon recall.
- (b) For curtailments within Group 44, Janitor is not an optional classification.
- (c) An Employee who declines an optional classification at time of curtailment shall not be recalled to that classification.

(9) Training Replacement (Production Workers Only)

An Employee being displaced by an Employee from another department may be retained for the training of his replacement; however, any deviation from exact seniority shall be limited to one working day.

(10) Voluntary Layoff From 400 Series

An Employee being curtailed from a 400 series labor grade classification has the right at the time of curtailment to decline a 400 series labor grade classification in another occupational group. In that event,

- (a) he will be laid off with reinstatement rights only to classifications at the 400 series level or above in his occupational group;
- (b) he will remain on layoff status until such time as he is the junior Employee on layoff from a 400 series labor grade classification, at which time he must either accept reinstatement to any 400 series labor grade classification (except Janitor) or be removed from all seniority lists.

(11) Voluntary Layoff From Above 400 Series

- (a) An Employee being curtailed from a classification above 400 series labor grade may refuse reassignment, in which event he shall be laid off from the plant with reinstatement rights

(b) Changing Voluntary Layoff

However, if he has not been recalled within 6 months, he may elect to change his status from voluntary to involuntary layoff in which event he will be assigned to the first available 400 series labor grade vacancy to which his seniority entitles him, arising after receipt of notification.

(c) Requesting Change To Involuntary

An Employee wishing to change his status from voluntary to involuntary layoff must do so by notifying the Company and the Union, in writing, no earlier than 6 months following his voluntary layoff. Only 1 such request will be recognized during any 1 continuous period of layoff.

(12) Voluntary Layoff From Below 400 Series

- (a) An Employee being laid off from a job classification below the 400 series level (other than one identified by the job code 701 or 702) has the right to refuse to accept reassignment, in which event such Employee shall be laid off from the plant with reinstatement rights only to the job classification from which the voluntary layoff was taken (or above) in his occupational group.
- (b) However, if he has not been recalled within 6 months, he may elect to change his status from voluntary to involuntary layoff in which event he will be assigned to the first available vacancy in a classification identified by job code 701 or 702, to which his seniority entitles him, arising after receipt of notification.
- (c) An Employee wishing to change his status from voluntary to involuntary layoff must do so by notifying the Company and the Union, in writing, no earlier than 6 months following his voluntary layoff. Only one such request

will be recognized during any one continuous period of layoff.

- (d) An Employee being curtailed from a job classification identified by job code 701 or 702, has the right at the time of curtailment to decline reassignment to another occupational group. In that event,
 - (1) he will be laid off with reinstatement rights only to classifications in his occupational group;
 - (2) he will remain on layoff status until such time as he is the junior Employee on layoff from a classification identified by job code 701 or 702, at which time he must either accept reinstatement to any such classification or be removed from all seniority lists.

(13) Bidding From Voluntary Layoff

An Employee on voluntary layoff may bid for posted jobs.

Curtailment from an occupational group and subsequent reassignment shall be in accordance with Subsection 6.7.e - Curtailment (All Units).

g. Recall Rights (Production Workers)

(1) Job Recall Rights

- (a) An Employee is entitled to recall rights provided he retains occupational group seniority, to any job classification for which he is qualified and which carries a top rate equal

to or lower than the highest job classification from which he has been laid off during the preceding 2 years. For the term of the 2011-2016 agreement only, employees who have not received the agreed-upon severance package, shall retain recall rights as described above until December 4, 2016. Additionally, an Employee who has held the classification for a minimum of 30 days will be entitled to recall after all eligible qualified Employees who have progressed to a higher step in the wage bracket have been offered recall.

- (b) An Employee who is laid off from the occupational group shall be recalled to any job classification from which he was laid off and to which he has recall rights.
- (c) An Employee who was not offered recall rights to any job classification from which he had not been laid off may claim such recall rights upon discovery. In such cases, the Company will be liable for a maximum of 3 days of back pay.

(2) Forfeiture of Job Recall Rights

An Employee shall forfeit his recall rights to any job classification if he fails to exercise such rights at the first opportunity. An Employee who is on vacation or on approved leave-of-absence at the time a junior Employee accepts recall to a job classification shall be entitled to exercise his recall rights immediately upon return to work.

(3) Recall Before Posting Vacancy

An Employee entitled to recall rights to a job classification will be recalled to that job classification in occupational group seniority order before a permanent vacancy is considered to exist.

(4) Openings At or Above 400 Series Level

Second, by posting for bid from among those Employees in classifications below the 400 series level in the same occupational group with sufficient plant seniority to hold 400 series labor grade classifications;

Third, by recalling on the basis of plant seniority an Employee laid off with recall rights to a 400 series labor grade job classification.

- (b) A vacancy in a job classification above 400 series labor grade which remains unfilled after all group and job recall rights and bidding privileges have been exercised will be offered, in plant seniority order, to Employees on involuntary layoff from the plant with recall rights to a 400 series labor grade job classification. (Since acceptance of a vacancy in the Adjuster Trainee or Tester C classification would result in loss of other occupational group and job recall rights, an Employee may decline such a vacancy without loss of seniority.)

(5) Openings in Classifications Below 400 Series

Employees curtailed from job classifications below the 400 series level shall be recalled to openings in those classifications in the following manner:

- (a) An opening in a job classification below the 400 series level (other than those classifications identified by job codes 701 or 702) shall be filled by recalling, on the basis of group seniority, an Employee who has retained recall rights to the classification.

First, by recalling an Employee to that classification on the basis of group seniority from among those Employees with sufficient plant seniority to hold a classification identified by job code 701 or 702;

Recall shall be handled as provided above except that the Company may deviate from exact seniority order for a maximum of 2 working days or, when necessary to post to replace a recalled Employee, a maximum of 5 working days, and then he must be transferred.

- (a) when an opening occurs on that schedule, or
- (b) when he is affected by a curtailment.
- (2) Paragraph (1) shall not apply to an Employee who is transferring to a new department. For the purpose of this provision, each of the following shall be considered as a single "department": Department 4420 Metallic, Zone 1, will be considered a separate department from Metallic, Zone 4 for the purposes of schedule realignment.

Empty Shell (Zones 1 & 4);

Occupational Group 45;

Ballistics (Zones 1 & 4).

- (3) When a schedule realignment occurs, the affected Employee may exercise his occupational group seniority for schedule preference within his classification, within his specific department. Department 4420 Metallic, Zone 1, will be considered a separate department from Metallic, Zone 4 for the purpose of schedule realignment.
- (4) The Company shall have a reasonable time to accomplish necessary rescheduling.
- (5) Such rescheduling need not be made at a time which would require overtime payment.

The primary types of schedules for this unit shall be 4-group, 3-shift rotating, 2-shift rotating and straight days, except for operations requiring special applications. In the event of special applications, the Company will notify the Union of the reason in writing.

(3) Adjustor Training

- (d) Where schedules are to be changed for a particular group of Adjustors or Group Leaders (for example, a schedule change affecting only the Adjustors on the draw presses), if more than 1 type of schedule is available, then the senior Adjustors and/or Group Leaders in that group shall be given their preference.
- (e) For the purposes of this Section only, the Group Leaders referred to above are Group Leaders who are working in association with Adjustors in the Production Unit.

- (5) Employees affected by a curtailment shall be permitted to exercise schedule preference when entering a new job classification.
- (6) The primary types of schedules for this unit shall be straight shift, 2-shift rotating, 3-shift rotating, or group work. Selection is limited to type of schedule rather than a specific shift or group. As an example, a group worker may not select a particular group within his selected schedule.

n. Department Preference (Mechanical)

When a job posting occurs due to an increase in manning or schedule realignment, Mechanical Unit Employees may bid on such posting, regardless of what shift the job posting may specify.

- (8) March 3, 1986, based upon the average of the Index for the three months of November and December 1985 and January 1986.
- (9) June 2, 1986, based upon the average of the Index for the three months of February, March and April 1986.
- (10) September 1, 1986, based upon the average of the Index for the three months of May, June and July 1986.
- (11) The Cost-of-Living Allowance shall be subject to the minimums and maximums provided in d and e below.

- d. The maximum Cost-of-Living Allowance payable during the term of this Agreement shall be:
 - (1) From December 1, 1984 to December 1, 1985, 21¢ per hour.
 - (2) From December 1, 1985 to December 1, 1986, 21¢ per hour in addition to the amount of the allowance (float) payable effective September 2, 1985.
- e. The minimum Cost-of-Living Allowance payable shall be:
 - (1) 8¢ per hour from December 1, 1984 to June 3, 1985.

- f. The Cost-of-Living Allowance shall become payable, as an "add-on" to base rates, at each adjustment date for all hours worked thereafter, for reporting pay allowances thereafter, and for computing overtime, vacation, holiday, call-in, funeral leave and jury leave pay thereafter.
- g. Adjustments in the Cost-of-Living Allowance shall be equivalent to 1¢ per hour for each 0.4 of a point change in the Index, as defined herein, based upon a standard chart method which the parties shall establish after determining the average for each base period under Subsection c(1) above.

When the adjustments under the chart method exceed the minimum(s), as provided herein, the amount as determined by the chart method shall be paid. If the adjustments under the chart method are less than the minimum(s) provided, the minimum(s) shall be paid. If any adjustments under the chart method exceed the maximum(s) provided, the maximum shall be paid. In no event shall a Cost-of-Living Allowance be less than that paid during the previous adjustment period or the minimum, whichever is greater.
- h. Examples of typical adjustments using the chart method:

(1) (Assume 306.1 is the first base period average)
306.4 or less = 0¢ per hour, subject to the minimum
306.5-306.8 = 1¢ per hour, subject to the minimum
306.9-307.2 = 2¢ per hour, subject to the minimum

307.7-308.0 = 4¢ per hour, subject to the minimum

etc.

(2) December 1, 1984 Allowance

If the average for August, September and October 1984 is 308.5, the allowance generated by the chart method for December 1, 1984 would be 6¢ per hour. However, 8¢ per hour would be paid as the minimum provided in e(1).

(4) June 3, 1985 Allowance

If the average for February, March and April 1985 is 314.4, 20¢ per hour would be payable, said sum being greater than the minimum provided in e(2).

(5) The minimums provided in e(3) and e(4) would be applied in similar fashion.

- i. In the event the Bureau of Labor Statistics does not issue the appropriate Index on or before the beginning of one of the adjustment periods shown in Subsection c, any allowance shall be made retroactive to the beginning of the appropriate adjustment period after said Index is issued by the Bureau of Labor Statistics.
- j. The parties to this Agreement agree that the continuance of the Cost-of-Living Allowance is dependent upon the availability of a monthly B.L.S. Consumer Price Index. Lacking such availability, the mini-

mums contained in these provisions shall be payable at the times and in the amounts specified.

Section 8.3: Payday

- a. Each Employee will be paid by 3:00 p.m. on the Friday following the end of each 2 week pay period. A group worker who is not scheduled to work on Thursday or Friday of that week may make request in advance that his pay check be mailed to his home. In such a case, his check will be mailed upon preparation by the Payroll Department.
- b. The pay period shall start with the day shift on Monday morning and conclude 2 weeks later at the end of the afternoon shift on Sunday.
- c. Employees shall receive their pay checks in sealed envelopes.
- d. To remedy the corrections of paycheck errors as expeditiously as possible, the departments will distribute paychecks on Thursday for review purposes. Any paycheck shortage correction of more than eight (8) straight-time hours properly submitted by 10:00 a.m. on Friday to the Payroll Department will be remedied by Payroll and available to the affected Employee by 3:00 p.m. on Friday. Shortage corrections of eight (8) straight-time hours or less properly submitted by 4:00 p.m. the following Monday will be available to the affected employee after 3:00 p.m. the following Wednesday or will be sent to the affected employee's department if not picked up by that time.

Section 8.4: No Pyramiding

- a. There shall be no pyramiding of overtime pay, holiday pay or other premium pay.
- b. Whenever an Employee receives a premium rate, any shift differential to which he is entitled shall also be at the premium rate.

Section 8.5: Wage Steps

In those job classifications for which a series of wage steps have been established, an Employee will be required to spend the specified periods of time at each step, except that

- a. he shall be given more rapid advancement based on actual prior experience and time in the classification.
- b. he may be given more rapid advancement based on actual prior experience on closely related classifications.

- c. in those departments or occupational groups where it has been a normal practice, he may be awarded a higher step, based on his having attained such a step in another classification with the same or higher wage bracket, or
- d. an Employee who progresses to the top step of a classification designated by Job Codes 704 through 799 (commonly called A's) or any higher paying job shall be entitled to the top step of any other classification designated by Job Codes 704 through 799 which the Employee may subsequently hold.
- e. Records shall be kept of all time an Employee spends in any job classification.

**Section 8.6: New Jobs and
New Occupational Groups**

- a. Once the Company has determined a new classification or a new occupational group is required, it shall notify the Union Business Representative and the Chairperson of the appropriate Unit Committee, in writing and in advance, of the new job classification or the new occupational group, together with the proposed rate for the new job and, in the case of new occupational groups, the proposed method of filling the classifications in the new group. Concurrently, the Company may elect to establish the new classification or fill the new occupational group.
- b. Upon receipt, the Union shall have, within 30 days thereafter, an option of either accepting or rejecting the rate for the new classification or the method of filling classifications in a new occupational group or requesting a meeting for the purpose of discussing the proposal or making counter-proposals.
- c. If a meeting is requested, the parties shall meet as soon as possible to discuss the proposal. If no agreement is reached, the Company may elect to institute the new classification or fill the new occupational group if not instituted under a above.
- d. The establishment by the Company under either a or c above shall not constitute an estoppel to the Union to pursue additional negotiations and/or inequity requests unless the Union fails to exercise options in b above within the 30 day limitation.

Section 8.7: Shift Premiums

- a. An Employee working on the day shift shall receive no shift premium unless such is required by law.
- b. An Employee working on the afternoon shift shall receive a shift premium of 40¢ an hour.
- c. An Employee working on the midnight shift shall receive a shift premium of 45¢ an hour.
- d. An Employee shall receive his regular shift premium, if any, for clothes change and bath time, even though such time is normally part of another shift.

Section 8.8: Sunday Work

- a. Time and one-half shall be paid for work on Sunday as such.
- b. Sunday is the 24-hour period beginning with the day shift Sunday morning.

Section 8.9: Seventh Day in Work Week

- a. Double time shall be paid for all work performed on an Employee's 7th consecutive day worked in the same work week. An Employee called in or scheduled in prior to his assigned day shift starting time on Monday morning shall receive double time for such early hours if he had worked on the prior Saturday.
- b. When overtime is to be worked on both Saturday and Sunday, an Employee selected under any applicable Overtime Working Rules must agree to work both days in order to be selected.

If all Employees decline to work both days, Employees will be selected in the applicable overtime selection procedure order to work either Saturday or Sunday.

Paragraph 1 of Subsection b shall not apply to an Employee involved in the weekend overtime when the inability of the Employee to work on Saturday is restricted under the Illinois Six Day Work Week Law because such Employee had worked 6 days in the Illinois work week.

In such an event, the Employee will be eligible for the Sunday overtime.

Such an Employee shall not be eligible for Sunday overtime if there are sufficient Employees in the classification, on the shift who agree to work both days. It is the intent of this paragraph to allow an Employee ineligible for Saturday overtime under

the Illinois law to work Sunday before going outside the classification or shift.

An Employee scheduled to work overtime on Saturday and who works Saturday shall work overtime on Sunday should it become necessary to schedule Sunday overtime in the classification worked on Saturday.

It is the intent of this Subsection that an Employee working the sixth day of the work week on overtime shall not be prevented from working the seventh day in the work week if overtime is required in the same job classification and same shift as he worked on the sixth day in order to avoid the payment of double time.

- c. An assignment of an Employee in accordance with the above provision will be made only when the Company deems it necessary to do such work and when the assignment will not be in violation of any law.
- d. In this Section, a period of work which is connected with another shift ("early call-in" or "hold-over"), but which overlaps another work day, shall not be counted as a separate day worked, unless such "early call-in" or "hold-over" is for a full shift or longer.
- e. However, Subsection (d) shall not apply to a "hold-over" beyond the end of an Employee's normal midnight shift on Saturday or to an "early call-in" prior to an Employee's normal day shift on Monday morning. Any such period (excluding normal clothes change time, etc.) shall be considered as a separate day worked.
- f. An Employee must work at least 4 hours on his regularly scheduled shift to have that work day counted as a "day worked" for purposes of eligibility for seventh day double time.
- g. If an Employee is called in to work on his regular day off for a period not connected with another shift, such period shall be considered a separate day worked regardless of the length of time worked.

Section 8.10: Call-In Pay

An Employee called in to the plant to work during a period of time unconnected with his regular shift shall receive, regardless of the actual time worked, not less than the equivalent of straight time pay for 4 hours.

Section 8.11: Reporting Pay

- a. An Employee reporting for work at his regular starting time and place, lacking notice from the Company to the contrary, and who, through no fault of his own, is not permitted to work in his regular job classification shall be given, without affecting any other regular Employee, a full day's work at his regular rate of pay.
- b. However, such Employee shall receive not less than 4 hours' pay, regardless of the actual time worked, unless the Employee does not work because of:
 - (1) The granting of his request to go home rather than perform temporary work for which he is physically qualified,
 - (2) a plant breakdown beyond the control of the Company, or
 - (3) any other cause entirely beyond the control of the Company.

Section 8.12: Hours Outside Regular Schedule

- a. An Employee working outside his regularly scheduled shift on his regularly scheduled work day (i.e. daily overtime) shall receive time and one-half. An Employee working on his regularly scheduled day off shall receive time and one-half only after he has actually worked all of his regularly scheduled hours, or 40 straight-time hours, in that work week. (For the purpose of this section only hours "worked" includes paid vacation, paid jury duty, paid funeral leave, paid holidays, Company-paid union leave [union leave not paid for by the Company is not included as "hours worked" unless pre-approved by Labor Relations] and hours where the employee is not allowed to work due to the Company's decision).
- b. Regular schedule, as used in this Section, means 5 consecutive days, starting with the first shift of the work week, for Employees on straight shifts and rotating 2 or 3 shift schedules and 5 consecutive days of the work period for established group work schedules. Regularly scheduled hours means the 8 hours of an Employee's regular, assigned shift as designated in Sections 7.1 or 7.3 of this Agreement.

Section 8.13: Selection for Overtime Work

- a. It is recognized that overtime work is important and, on occasion, necessary and that an Employee is subject to disciplinary action for failure to work assigned overtime, unless excused by his foreman. Normally 48 hour advance notice will be given for

- scheduled weekend work; however circumstances may require shorter notice.
- b. Once the Company has determined that Employees are to do certain work at a certain time and that there will be an insufficient number of Employees otherwise available to perform the work, Employees will be selected for overtime work in accordance with working rules established by the Company and the Union.
 - c. An Employee will not be allowed or required to work more than 16 consecutive hours, or to work double shifts on 2 consecutive days, unless he is the only available qualified Employee. For the purpose of this Section, 6 hours or more shall constitute a double unless provided otherwise in any agreed Overtime Working Rules.
 - d. An Employee who is on vacation shall have no preference for overtime on his normal days off, except for startup activities following a shutdown.
 - e. The Company will make reasonable effort not to force Employees to work overtime. However, due to Company operations, forcing of overtime may be required but, when overtime is forced, proper Employees will be forced. As a basic guideline, when possible, all forced overtime will be the responsibility of the outgoing shift unless the applicable Departmental Overtime Agreement specifies otherwise. In the event the Company might force the wrong Employee to work an overtime assignment, that Employee will be paid at 2 times his basic rate of pay for the overtime worked. Unless otherwise specified by a Departmental Overtime Agreement regarding the procedure utilized in the event of a "forced" overtime assignment, the basic guideline of "forcing the original vacancy" when available should be exercised. For known in advance Departmental openings due to vacations, leaves of absence, jury duty, funeral leave, and disciplinary suspension, the basic concept of "ask for 8 hours, ask for 12 hours, and then force for 8 hours" should be utilized as a basic guideline. However Department Overtime Agreements ultimately will govern how such openings are to be covered in each of the respective Departments throughout the plant.
 - f. There shall be no forced overtime unless covering an absent worker. There must be an employee

scheduled and absent to force another employee (does not apply to scheduling of weekend overtime days). Company definition of absent employee:

- (1) Daily report-off.
 - (2) Vacation week(s) block, one day or emergency day of vacation.
 - (3) Employee on FMLA.
 - (4) Employee on Medical Leave.
 - (5) Employee on any disciplinary suspension or suspension pending termination lasting more than 10 days.
 - (6) Employee who quits or is terminated for the balance of the scheduled work week in which they quit or were terminated.
 - (7) Jury Duty.
 - (8) Funeral Leave.
- g. In the event of an “Act of God” or operational failure beyond the Company’s control, forced overtime may be implemented. Upon such an event, notification shall be given to the union as soon as practicable.
- h. Forced overtime will not be used to cover vacancies which are not a result of an absent employee as follows:
- (1) A vacancy created as a result of transferring a bargaining unit employee to a non-bargaining unit job such as temp. foreman, temp. office clerk, etc.
 - (2) A vacancy resulting from a ramp-up in production schedule.
 - (3) An ongoing vacancy resulting from a termination beginning with the next manning schedule after the quit.
 - (4) Forced overtime for schedule make-up or building of excess inventory.
- i. An Employee who works an overtime assignment in a lower paid job classification shall receive overtime payment based on his regular rate of pay.
- j. In the event an Employee is forced to work overtime under Section 8.13-e above, and such overtime is daily overtime on a hold over basis and the Employee can prove to the satisfaction of the Company that he does not have transportation home, the Company shall exercise one of the following options:
- (1) Allow the Employee to work a full 8 hour double.

- (2) Provide transportation home for the Employee.
- k. An Employee who volunteers for and starts work on a full 8-hour double and whose overtime is cut short by management decision will be treated as one who is forced under paragraph g for purposes of transportation.
 - l. Where more than one Employee in a classification (in the same overtime unit on the shift) is forced to work overtime, and it develops that some can leave earlier than others, the senior Employees in the classification will, if they ask, be given the opportunity to leave first, provided (1) those who remain are qualified to do the work and (2) no transportation home will be provided.
 - m. Forced overtime will not be used for the purpose of covering on-shift employees attending mandated safety training.

Section 8.14: Pay for Overtime Work

Time and one-half will be paid for all hours worked in the work week for:

- a. All hours over 8 hours in a 24-hour work period (except those resulting from Employees trading shifts at their request).
- b. On an Employee's regular scheduled day off in the work week.
- c. Over 40 hours in a work week.
- d. Hours outside the regular schedule as provided in Section 8.12.

Section 8.15: Time Off Due to Overtime

- a. An Employee shall not be required to take time off from his regular schedule because of working overtime except to conform with legal requirements under appropriate laws.
- b. If, to conform with State or Federal law, an Employee is allowed to take a day off from his regular schedule, he shall be allowed to select the day off provided, however, that if more than one Employee is involved, such selection shall be made by group seniority.
- c. Provision b shall not take precedence over Section 8.9.

Section 8.16: Overtime Equity Allowance

An Employee working more than 4 hours (exclusive of clothes change or wash-up time) shall be entitled to

an overtime equity allowance of \$8.00 to be placed on the employee's check as earnings.

Section 8.17: Holiday as Time Worked

A day for which an Employee receives holiday pay shall be counted as a day worked for the purpose of computing overtime only if he would have been scheduled to work on that day except for the observance of the holiday. Monday taken as a holiday that falls during vacation shall be counted as a day worked for the purpose of computing Sunday overtime.

Section 8.18: Selection for Holiday Work

- a. Employees will be selected for work on any shift on a holiday in accordance with occupational group seniority (General Machinists date where applicable) from among qualified Employees who:
 - (1) are in the job classification needed,
 - (2) are in the department (with preference given to those within the appropriate overtime unit, if any), and
 - (3) normally would have been scheduled to work that shift but for the holiday.
- b. This procedure will not apply to selection of standby workers for the Christmas-New Year holiday shutdown period.
- c. If departmental overtime working rules provide a procedure for selecting employees specifically for holiday work, that procedure, rather than (a) above, will be observed. Otherwise, the overtime working rules shall not apply unless and until all qualified Employees who normally would have been scheduled to work that shift are first given an opportunity to work.

Section 8.19: Transfer to Higher-Paid Job

- a. An Employee temporarily transferred to a job having a higher wage bracket shall receive the lowest step in such bracket which is higher than his regular rate for the actual time worked on the job or for 4 hours, whichever is greater.
- b. Such Employee will be credited for all time worked in the job classification for progression within the wage bracket.

Section 8.20: Transfer to Lower-Paid Job

- a. An Employee temporarily transferred for the convenience of the Company to a job carrying a lower rate of pay shall receive his regular rate of pay.
- b. An Employee temporarily transferred for his own convenience to a job carrying a lower rate of pay shall receive that rate of pay for the actual time worked on such job.

Section 8.21: Sunday - Monday Double Shift

An Employee who is scheduled for the day shift on Monday and who is called or scheduled in for the full mid-night shift on Sunday, shall receive time and one-half for his regular day shift on Monday.
