PREAMBLE

The purpose of this Agreement is to determine the hours, wages, fringes, and other conditions of employment, and to adopt measures for the settlement of differences and to maintain a cooperative relationship so that the contractors may have sufficient capable workers and the workers may have as much continuous employment as possible, without interruption by strikes, lockouts, or other labor-management troubles.

NOW, THEREFORE, the undersigned Association and the Union, in consideration of the mutual promises and covenants herein contained agree as follows:

PROTECTION OF RIGHTS

There shall be no discrimination against any employee by reason of race, creed, color, sex, or national origin, age, disabilities, reasonable accommodation to disabilities under the Americans with Disabilities Act, union or concerted activities or membership or non-membership in the Union. The Employer, the Union, and the Employees shall abide by the Federal Williams-Steiger Occupational Safety and Health Act and other applicable safety regulations of Connecticut. The Employer may decline to arbitrate grievances dealing with the above matters unless the parties and the employee(s) enter into an agreement which provides: (1) that the Employer shall not discriminate; (2) the

Formatted: Justified

statutory issues are covered by this Agreement and will be arbitrated; and (3) that employee(s) are waiving their right to go to an administrative agency or court and, further, this agreement results in the arbitration hearing being final and binding.

ARTICLE I
TERRITORIAL JURISDICTION

This Agreement shall apply to and be effective within all areas of the State of Connecticut.

ARTICLE II
UNION RECOGNITION,
UNION SECURITY, AND
EMPLOYMENT

SECTION 1. The Employer hereby recognizes and acknowledges that the Union is the exclusive representative of all employees in the classifications and categories of work covered by this Agreement for the purpose of collective bargaining as provided by the Labor-Management Relations Act of 1947, as amended.

SECTION 2. All present employees who are members of the Union on the effective date of this Agreement shall remain members in good standing by the payment of their regular monthly dues as a condition of continued employment. All present employees who are not members of the Union and all employees who are hired hereafter for work in the classifications specified herein shall become and remain members in good standing by the payment of the required initiation fee and regular monthly dues on the 8th day following the execution of this Agreement or the date of employment, whichever is later, and shall thereafter maintain such good dues standing for the term of this Agreement.

SECTION 3. Upon receipt of written notice from the Local Union, the Employer shall discharge any employee who fails to become or is not a member of the Union on the prescribed day, provided membership was

available under the same terms and conditions as generally applicable to other members. Further, all employees who fail to maintain their Union membership in good dues standing shall be summarily discharged by the Employer. The Union agrees to indemnify, defend, and hold the Employer harmless from any claim arising from any such discharge.

SECTION 4. "Membership in good standing" as referred to herein means solely the tender or payment of normal dues and the standard initiation fee.

SECTION 5. Should the present Federal law be amended during the term of this Agreement to allow compulsory membership in the Union on the date of employment, or on any period less than eight (8) days from the commencement of employment, this clause is hereby automatically changed to include such amendments as of the effective date of the law.

SECTION 6. The Local Union shall be recognized as the principal source of laborers and shall be given the first opportunity to refer qualified applicants for employment. The Employer shall be the sole judge as to whether or not the men furnished are qualified. The Employer reserves the right to transfer or rehire laborers, provided that for those laborers rehired, the Employer shall first notify the Local Union of the rehiring.

SECTION 7. Subcontracting - The Employer agrees that the wages, including health and welfare, pension, training, and legal services fund contributions, hours and working conditions provided for by this Agreement shall encompass the entire work covered by this Agreement, thereby applying equally to any subcontract let by the Employer on work

covered by this Agreement at the site of any job.

The Employer further agrees to refrain from doing business with any subcontractor for work to be done at the site of a construction project covered by this Agreement, except where such a subcontractor subscribes and agrees in writing to be bound by this Agreement, and complies with all of the terms and conditions of this Agreement.

This Section 7 shall not apply to vendors furnishing material solely, or to any person furnishing trucking or transportation.

This Section 7 shall not apply to subcontractors who are bound by or parties to a collective bargaining agreement with either the Laborers' International Union of North America or any of its affiliates having jurisdiction in the State of Connecticut nor shall this Section 7 apply when the work covered herein is awarded directly to subcontractors pursuant to a pre-filed bid.

SECTION 8. When a contractor has been selected low bidder on a construction project, he/she shall call the District Council to schedule a pre-job conference with the affiliated local union having jurisdiction over the project and discuss the following:

- a) Location of job site;
- b) Approximate starting date and duration;
- c) Type of job;
- d) Approximate manpower requirements;
- e) Subcontractors.

A telephone call may substitute for a pre-job conference by mutual agreement.

SECTION 9. JOINT VENTURE: If and when the employer performs any job site construction work of the type covered by this agreement with another corporation, company, partnership, or any other entity in a joint venture, wherein the employer has either directly or indirectly a significant degree of ownership, management or control, the terms and condition of this agreement shall be

applicable to all such work and to the joint venture as a signatory employer.

ARTICLE III
HOLIDAYS

SECTION 1. The following days shall be recognized as non-paid holidays under this Agreement:

- New Year's Day
- Labor Day
- Good Friday
- Thanksgiving Day
- Memorial Day
- Christmas Day
- Independence Day

If any of the above-listed holidays shall fall on a Sunday, they shall be recognized on the following Monday.

Formatted: Not Highlight

SECTION 2. In the event an employee works on a holiday set forth in Section 1 above, he shall be paid at the rate of two (2) times his regular straight time hourly rate for each hour worked on that day. The provisions of Article XIII shall apply to employees scheduled to work on a holiday set forth in Section 1.

ARTICLE IV
BUSINESS MANAGER,
FIELD REPRESENTATIVES,
STEWARDS, FOREMEN

SECTION 1. The Business Manager or Field Representatives of the Local Union shall be allowed to visit the job during working hours.

SECTION 2. A steward shall be appointed by the representative of the Local Union who has territorial jurisdiction in the area where the job is located. The Steward shall be allowed a reasonable amount of time to carry out the provisions of this Agreement and report any violations of same to the Local Union. The Steward shall remain on the job until completion of all the work covered by the

Formatted: Not Highlight

terms of this Agreement and shall work all overtime possible. The Employer shall give the Local Union at least forty-eight (48) hours notice of its intention to lay off the steward in all cases. It is the intent of the parties that this Section 2 will not result in the displacement of a Laborer who performed that task (assigned for overtime) during that regular work day. The employer may discharge stewards without prior notice for just cause.

SECTION 3. Laborer Foremen - Laborer foremen in charge of Laborers must be members of the Union and shall be covered by all terms of this Agreement and shall receive not less than \$2.00 per hour in excess of the basic Laborer wage rate.

The individual Employer shall have the right to determine in his sole and unlimited discretion the need for or number of foremen.

This Section 3 applies solely to those foremen who perform work performed by those employees covered by this Agreement in the classification as enumerated herein. It is also understood that supervisors as defined in the National Labor Relations Act, as amended, are not covered by this Agreement.

ARTICLE V
PROCEDURE FOR
ADJUSTMENT OF DISPUTES

SECTION 1 (a). There shall be, during the term of this Agreement and as to any work covered hereby, no strikes (except for non-payment of wages and fringe benefit contributions by the Employer as provided herein), no work stoppages, no slowdowns, and no lockouts for any reason including interpretation of terms and conditions of this Agreement.

SECTION 1 (b). If, after forty-eight (48) hours written notice to the Employer and the Association, an Employer shall fail to pay any wages due employees under the terms of this Agreement, and there is no dispute concerning

the wages due, then, any other provisions notwithstanding, the Union shall have the right to have the employees of that Employer cease work. Payment by a check that is not honored by the bank upon which it is drawn, shall be prima facie evidence of nonpayment of wages. A dispute regarding classifications and rate of wages to be paid therefore, or actual hours due, shall not be considered nonpayment of wages and shall be subject to the arbitration procedure as stated herein.

Formatted: Not Highlight

SECTION 2. It is the good faith intention of the parties hereto that by the execution of this Agreement, industrial peace shall be brought about and that the Union and the Employer shall cooperate to the end that work may be done efficiently and without interruption.

Formatted: Not Highlight

SECTION 3. If any difference of opinion or dispute shall arise between the parties as to the interpretation or application of this Agreement, a complaint will be made by the aggrieved party within two (2) working days of the time the complaining party knew or reasonably should have known of the occurrence giving rise to the grievance. In each case, the first attempt at settlement shall be made between the Business Manager of the Local Union and the Employer or his representative.

SECTION 4. Disputes which cannot be adjusted between the Employer and the Local Union within forty-eight (48) hours after they are made under Section 3, shall be referred to a Board of Adjustment. Such reference shall be on the agreed upon form and shall contain a brief statement of the dispute. Said notice shall be sent to the Association or the Union, as appropriate, by facsimile and first class U.S. mail or by certified mail postmarked within fifteen (15) working days after failure to adjust the dispute between the Employer and the Local Union as provided by this section. Copies of said notice shall be sent simultaneously by facsimile and first class U.S. mail or by certified mail to the adverse party. The Board of Adjustment shall be composed of two arbitrators selected by the

Connecticut Construction Industries Association, Inc., and two arbitrators selected by the Connecticut Laborers' District Council.

This Board of Adjustment shall hear all said disputes within ten (10) working days after receipt of the notice provided for in this Section and shall issue its decision in writing within ten (10) working days after the close of the hearing. The Board of Adjustment shall be sworn and shall administer oaths or such oaths shall be waived in accordance with the provisions of Connecticut law. The parties may agree to extend any of the time limits by mutual written agreement.

SECTION 5. If, within forty-eight (48) hours no adjustment or settlement is resolved by the procedures of Section 4 above, the matter shall immediately be referred in writing to an Arbitration Board consisting of two (2) members appointed by the Association and two (2) members appointed by the Council, which appointments shall be made within forty-eight (48) hours after referral. A neutral Chairman will be selected by these appointees. In the event that the four (4) arbitrators so appointed fail to agree within forty-eight (48) hours on the selection of a neutral Chairman, the parties shall select a Chairman from the following list:

- Richard Boulanger
- Joseph Celentano
- Tim Bornstein
- Michael Walsh
- Mark Irvings

SECTION 6. In the event the four (4) arbitrators so appointed are unable to select the Chairman by mutual agreement, the Chairman shall be chosen by each party alternately eliminating one name from the above list, and the last name remaining on the list shall be the selected Chairmen. The first party to eliminate a name in the first case shall be the Council, and the next elimination that of the Association and alternately thereafter. In the following case the first elimination shall be that of the Association, and in succeeding cases the first elimination shall

continue to alternate between the Council and the Association.

SECTION 7. The Arbitration Board shall be sworn and shall administer oaths or such oaths shall be waived in accordance with the provisions of Connecticut law. The Arbitration Board shall not have the power to amend, add to, or alter the provisions of the Agreement, but within thirty (30) days after the close of the hearing the Board shall render a decision based on the evidence submitted by the parties, which decision shall be consistent with the terms and provisions of this Agreement. The majority or unanimous decision of the Arbitration Board shall be binding upon both parties.

SECTION 8. Each of the parties shall bear the expense of its appointed Arbitrators, and the parties shall jointly and equally bear the expense, if any, of the Chairman.

SECTION 9. Nothing contained herein shall require a Local Union to process any Local Union or employee grievance which in its opinion would be without merit, and no employee shall have the right to arbitrate his grievance should the Union deem it without merit. Approval by the Council is required prior to referring for arbitration a grievance which was filed by any Local Union or any employee to the Board of Adjustment and to the Arbitration Board.

SECTION 10. The Association shall have full right to determine whether or not it shall represent or continue to represent employers with respect to grievances filed hereunder.

ARTICLE VI
CONTRACTS WITH OTHER
EMPLOYERS

The Union agrees that it will not enter into any Agreement with any employer, not a party hereto, engaged in the Heavy and Highway Construction Industries within the State of Connecticut, insofar as such Agreement may

effect such Industries upon more favorable terms to such employer than are embodied in this contract. In the event such Agreement is entered into, this contract at the election of the Association shall be amended so as to afford to the parties hereto the same terms as have been included in the Agreement with such other employer, except for contractors signatory to a CLDC Specialty Agreement.

ARTICLE VII
SEVERAL LIABILITY

SECTION 1. The obligation of each Employer shall be several and not joint.

SECTION 2. The Council shall not be held responsible for any unauthorized act committed by any affiliated local union or members thereof, unless the said Council has ordered or ratified the same or condoned such act after office notice thereof. The Council agrees that upon the receipt of notice from the Association or any Employer of any unauthorized act, it will exercise all of its power and authority to correct same.

SECTION 3. The obligation of each Local Union, affiliated with the Council, shall be several and not joint.

ARTICLE VIII
PRIOR CONTRACTS

This contract shall supersede all contracts entered into prior to membership in the Association with reference to the Heavy and Highway Construction Industries as defined in Article IX between any Employer who is a party hereto, and any Local union affiliated with the Council, and all obligations of either such party under any contract entered into prior to the date thereof shall cease.

The Employer agrees to assign all such work to only employees covered by this Agreement.

SECTION 2. Heavy and Highway construction where referred to in this Agreement is defined as the construction,

Formatted: Not Highlight

repair, erection and demolition of highways of all types, heavy and utility construction of all roads, streets, alleys, driveways, sidewalks, guard rails, fences, parkways, parking areas, airports, conduits, highway and railroad bridges, railroad and street railway construction projects, sewers, grade separations, service mains, open cut work, foundations exclusive of buildings, snow removal, abutments, viaducts, shafts, tunnels, subways, track elevations, elevated highways, reclamation projects, drainage or flood control projects, aqueducts, water supply projects, water power developments, transmission lines, duct lines, pipe lines, dams, locks, dikes, levees, revetments, channels, channel cutoffs, intakes, dredging projects, jetties, breakwaters, docks, marine projects, all work performed with floating equipment, plants used by the construction industry, such as asphalt plants, aggregate processing plants, concrete plants, quarries, temporary garages, field shops or shacks on or near a job site used in conjunction with a construction project.

SECTION 3. That if and when the Employer shall perform work covered by this Agreement under its own name, or under a subsidiary or under the name of another, as a corporation or company, or enterprise, or any combination including a joint venture, this Agreement shall be applicable to all such work performed under the name of the Employer or the name of any other corporation, company, partnership, enterprise, combination or joint venture.

SECTION 4. That in no event shall the Employer be required to pay higher rates of wages, or be subject to more unfavorable working rules than those established by the Union for any other employer engaged in similar work.

SECTION 5. If any provision of this Agreement is in conflict with the laws or regulations of the United States, or of the State of Connecticut, such provision shall be superseded by such law or regulation, but all

other provisions of this Agreement shall continue in full force and effect.

SECTION 6. Building Construction Rates:

(a) When an Employer engages in work within the building foundation line of any building he shall pay the wages and fringe contributions and also abide by the hours and working conditions specified in the Local Building Agreement that has been negotiated through bona fide collective bargaining by the Council on behalf of all Local Unions having jurisdiction over the area in Connecticut where the work is being performed.

(b) When an Employer engages in work from the building foundation line to the building property line of any building such as site clearance, excavation, sidewalks, landscaping, roadways, driveways, parking areas, athletic fields, fences and guard rails, curbing, installation of all underground utilities regardless of type, he shall pay the wages (fringe contributions payable to the funds specified herein) as specified in the Council Building Agreement that has been negotiated through bona fide collective bargaining by the Council on behalf of all the Local Unions having jurisdiction over the area in Connecticut where the work is being performed, but said Employer shall abide by all of the other terms and conditions as set forth in this Agreement such as time and one-half on overtime work and scheduling of work operations.

(c) When an Employer engages in work outside the building property line of any building and/or any work more particularly described in Section 1 and Section 2 of Article IX hereof and Article XI hereof, the rates, fringes, hours and conditions of this Agreement shall apply.

SECTION 7. Any Employer who joins and authorizes the Association to represent it in dealings with the Council and/or Local Union(s) shall immediately be covered by this Agreement. Any previous Heavy and

Highway Agreement referring to the Heavy and Highway Industry as defined in Article IX, Sections 1, 2, 6(b) and 6(c), and Article I herein, which may have been in effect between said Employer and the Union, even though unexpired, shall immediately become null and void.

SECTION 8. Jurisdictional Dispute Procedure: In the event a dispute involving jurisdiction arises, the disputing unions shall request the other union or unions involved to send representatives to the job site to meet with representatives of the Union and the employer to settle the dispute. If unanimous agreement including the consent of the employer, is not reached at the meeting, the Unions shall request their International Unions to assign a representative who shall make arrangements to meet representatives of the other International Union or Unions involved and representatives of the Employer on the job site to seek settlement of the dispute. If the above procedure, or any other mutually agreed upon procedure, fails to resolve the problem, then the Employer, at the request of the Union, agrees to participate in a tripartite arbitration with all the disputing parties. Failure of any party to participate in said arbitration shall not prevent the arbitration from proceeding. The impartial umpire to hear the dispute shall be selected in rotation from Larry Foy, Mike Walsh and Larry Katz. Decisions rendered or resolutions agreed to by any of the above procedures shall be final, binding and conclusive on the Employer and the union parties. There shall be no strikes, picketing, work stoppages, slowdowns or lockout over any jurisdictional dispute. Any alleged violation of this agreement involving disputes concerning jurisdiction shall not be subject to the normal grievance and arbitration process contained in Article V and shall be resolved solely through the processes contained herein. The arbitrator shall determine jurisdiction based on industry practices, area practice, operational efficiency and economy. In addition, the scope of the arbitration shall be limited solely to the determination of jurisdiction and any such

decision or determination shall not result in any rework, or double manning (i.e. requiring more employees than necessary to perform the work). Nothing herein, however, shall prohibit the award, by the Arbitrator, of monetary damages.

ARTICLE X
HOURS OF WORK AND
SHIFT OPERATIONS

Deleted: ¶
¶
Formatted: Justified

SECTION 1. The regular work day shall consist of eight (8) hours of work to start on a one or two shift operation, with a starting time between 6 a.m. and 8 a.m. If the Employer decides the starting time is to be earlier than 6 a.m., he shall continue starting at that time for at least five (5) consecutive days. All hours worked on a regular workday in excess of eight (8) hours shall be paid for at the rate of time and one-half (1 ½) the straight time rate. Saturdays shall be paid at the time and one-half (1 ½) the straight time rate. Sundays and Holidays shall be paid at double time. An unpaid lunch shall fall between one hour before and one hour after the midpoint of the shift.

SECTION 2. (a) In the event that the Employer has a three-shift operation, employees shall receive payment therefore in accordance with the following schedule:

- 1st shift - 8 hours regular rate pay for 8 hours work.
- 2nd shift - 8 hours regular rate pay for 7 1/2 hours work.
- 3rd shift - 8 hours regular rate pay for 7 hours work.

(b) In the event the Employer has a two-shift operation working less than ten (10) hours each, employees shall receive payment therefore in accordance with the following schedule:

- 1st shift - 8 hours regular pay for 8 hours work.
- Overtime at time and one-half thereafter.
- 2nd shift - 8 hours regular rate pay for 7 1/2 hours work.

Overtime at time and one-half thereafter.

(c) In the event the Employer has a two-shift operation with each shift working ten (10) or more hours, employees shall receive payment therefore in accordance with the following schedule:

1st shift - 8 hours regular rate pay for 8 hours work.

Overtime at time and one-half for all work after 8 hours.

2nd shift - 7 1/2 hours regular rate pay for 7 1/2 hours work.

Overtime at time and one-half for all work after 7 1/2 hours.

Employers shall make contributions to the fringe benefit funds as required by Article XV of the Agreement for 8 hours for all shifts, provided the employee works the complete shift.

SECTION 3. Nothing herein shall be construed as a guarantee of the number of hours of work per day or the number of days of work per week. The regular work week shall be forty (40) hours, eight (8) hours each day, Monday through Friday, and time and one-half (1 1/2) shall be paid for all overtime except as hereinafter set forth. The Employer shall have the option of scheduling four (4) ten (10) hour days in a week at the regular rate of pay and the overtime rate of time and one-half shall be paid only for work over ten (10) hours in a day and forty (40) hours in a week, provided the Employer notifies the Local Union that has jurisdiction over the job. Double time shall be paid for all work performed on Sundays and Holidays. Saturday shall be a time and one-half day, except that if work is not performed on one or more days, Monday through Friday, because of inclement weather or other conditions beyond the control of the Employer, work on Saturday shall be at the straight time rate. The provisions of Article X, Section 6, government-owner restrictions and the provisions of the Market Recovery

Agreement, if they apply, shall take precedence over this section of the Agreement. If work is provided for any craft that traditionally works with the laborers then laborers will be employed in appropriate amounts, at the contractor's discretion.

SECTION 4. Employees whose shift falls predominantly within the period 6 p. m. to 6 a. m. shall receive 1/2 hours pay at the applicable overtime rate, irrespective of any other provision of this Agreement.

SECTION 7(a) Government Owner. On projects subject to a government agency's or railroad's prohibition, limitation or restriction of the times and days when work may be performed, the Employer may schedule work in accordance therewith and employees shall be paid at the straight time rate for the first forty hours of work performed in a week or eight hours in a day and time and one-half for hours of work over (40) forty performed in a week or eight 8 hours in a day, regardless of the time of the day or the day of the week on which the work is performed. A make-up day may be worked with mutual consent. Consent shall not be unreasonably withheld. On Building work, prior to the start of the work involving a prohibition, limitation or restriction, the Employer will give notification and relevant documentation to the Union of the prohibition, limitation or restriction.

If the restrictions are not in the bid documents the employer shall be able to work these hours with mutual consent. Consent shall not be unreasonably withheld. There shall be no make-up days. Four ten (10) hour days plus a make-up day may be assigned, with the mutual consent of the Union and the Employer.
