Agreement

Agreement by and between the Atlanta Electrical Contractors Association, Atlanta Chapter NECA, Inc. and Local Union No. 613, IBEW.

It shall apply to all firms who sign a Letter of Assent to be bound by the terms of this Agreement.

As used hereinafter in this Agreement, the terms “Association” and “Chapter” shall mean the Atlanta Electrical Contractors Association, Atlanta Chapter NECA, Inc. and the term “Union” shall mean Local Union 613, IBEW.

The term “Employer” shall mean an individual firm who has been recognized by an assent to this Agreement.

Basic Principles

The Employer and the Union have a common and sympathetic interest in the Electrical Industry. Therefore, a working system and harmonious relations are necessary to improve the relationship between the Employer, the Union, and the Public. Progress in industry demands a mutuality of confidence between the Employer and the Union. All will benefit by continuous peace and by adjusting any differences by rational, common sense methods. Now, therefore, in consideration of the mutual promises and agreements herein contained, the parties hereto agree as follows:

Article I

Effective Date—Changes—Grievances—Disputes

Section 1.01. This Agreement shall take effect September 1, 2007, and shall remain in effect until August 31, 2010 unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from September 1 through August 31 of each year, unless changed or terminated in the way later provided herein.

Section 1.02. (a) Either party or an Employer withdrawing representation from the Chapter or not represented by the Chapter, desiring to change or terminate this Agreement must provide written notification at least 90 days prior to the expiration date of the Agreement or any anniversary date occurring thereafter.

(b) Whenever notice is given for changes, the nature of the changes desired must be specified in the notice, or no later than the first negotiating meeting unless mutually agreed otherwise.

(c) The existing provisions of the Agreement, including this Article, shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.

(d) Unresolved issues or disputes arising out of the failure to negotiate a renewal or modification of this agreement that remain on the 20th of the month preceding the next regular meeting of the Council on Industrial Relations for the Electrical Contracting Industry (CIR) may be submitted jointly or unilaterally to the Council for adjudication. Such unresolved issues or disputes shall be submitted no later than the next regular meeting of the Council following the expiration date of this agreement or any subsequent anniversary date. The Council’s decisions shall be final and binding.

(e) When a case has been submitted to the Council, it shall be the responsibility of the negotiating committee to continue to meet weekly in an effort to reach a settlement on the local level prior to the meeting of the Council.

(f) Notice of a desire to terminate this Agreement shall be handled in the same manner as a proposed change.

Section 1.03. This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto, and submitted to the International Office of the IBEW for approval, the same as this Agreement.

Section 1.04. There shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

Section 1.05. There shall be a Labor-Management Committee of three representing the Union and three representing the Employers. It shall meet regularly at such stated times as it may decide. However, it shall also meet within 48 hours when notice is given by either party. It shall select its own Chairman and Secretary. The Local Union shall select the Union representatives and the Chapter shall select the management representatives.

Section 1.06. All grievances or questions in dispute shall be adjusted by the duly authorized representative of each of the parties to this Agreement. In the event that these two are unable to adjust any matter within 48 hours, they shall refer the same to the Labor-Management Committee.

Section 1.07. All matters coming before the Labor-Management Committee shall be decided by a majority vote. Four members of the Committee, two from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be counted as though all were present and voting.

Section 1.08. Should the Labor-Management Committee fail to agree or to adjust any matter, such shall then be referred to the council on Industrial Relations for the Electrical Contracting Industry for adjudication. The Council's decisions shall be final and binding.

Section 1.09. When any matter in dispute has been referred to conciliation or arbitration for adjustment, the provisions and conditions prevailing prior to the time such matters arose shall not be changed or abrogated until agreement has been reached or a ruling has been made.

Article II Employer Rights - Union Rights

Section 2.01. Certain qualifications, knowledge, experience and proof of financial responsibility are required of everyone desiring to be an Employer in the Electrical Industry. Therefore, an Employer who contracts for electrical work is a person, firm or corporation having these qualifications and maintaining a place of business and a suitable financial status to meet payroll requirements.

Section 2.02. The Union understands the Employer is responsible to perform the work required by the owner. The Employer shall, therefore, have no restrictions except those specifically provided for in the collective bargaining agreement, in planning, directing and controlling the operation of all his work, in deciding the number and kind of employees to properly perform the work, in hiring and laying off employees, in transferring employees from job to job within the Local Union's geographical jurisdiction, in determining the need and number as well as the person who will act as Foreman, in requiring all employees to observe the Employer's and/or owner's rules and regulations not inconsistent with this Agreement, in requiring all employees to observe all safety regulations and in discharging employees for proper cause.

Section 2.03. For all employees covered by this Agreement, the Employer shall carry Workers' Compensation Insurance, with a company authorized to do business in this state; Social Security; and such other protective insurance as may be required by the laws of the state in which the work is performed. He shall also make contributions to the State Unemployment Compensation Commission regardless of the number of employees.

Section 2.04. Sufficient numbers of Journeymen, and apprentices will be made available for a project in order that working of overtime will be unnecessary except under extraordinary circumstances. Shift work may be utilized in order to expedite the job and meet completion schedules.

Section 2.05. To insure a sufficient number of skilled craftsmen to meet the needs of the industry, the parties will continue to expand and improve their presently recognized apprenticeship and journeymen training program.

Section 2.06. No member of Local Union 613 while he remains a member of such Local Union and subject to employment by Employers operating under this Agreement, shall himself become a contractor for the performance of any electrical work.

Section 2.07. (a) The Employer recognizes the Union as the sole and exclusive representative of all its employees performing work within the jurisdiction of the Union for the purpose of collective bargaining in respect to rates of pay, wages, hours of employment and other conditions of employment.

(b) The Employer understands that the Local Union's jurisdiction - both trade and territorial - is not a subject for negotiations but rather is determined solely within the IBEW by the International President and, therefore, agrees to recognize and be bound by such determinations.

Section 2.08. An employer signatory to a collective bargaining agreement or to a letter of assent to an agreement with another IBEW Local Union, who signs an assent to this Agreement, may bring up to four bargaining unit employees employed in that Local Union's jurisdiction in to this Local's jurisdiction and up to two bargaining unit employees per job from that Local's jurisdiction to this Local's jurisdiction for specialty or service and maintenance work. All charges of violations of this section shall be considered as a dispute and shall be processed in accordance with the provisions of this agreement for the handling of grievances with the exception that any decision of a local labor-management committee that may be contrary to the intent of the parties to the National Agreement on Employee Portability, upon recommendation of either or both the appropriate IBEW International Vice President or NECA Regional Executive Director, is subject to review, modification, or rescission by the council on Industrial Relations.

Section 2.09. The Union agrees that if, during the life of this Agreement, it grants to any other employer in the Electrical Contracting Industry, on work covered by this Agreement, any better terms or conditions than those set forth in this Agreement, such better terms or conditions shall be made available to the Employer under this Agreement and the Union shall immediately notify the Employer of any such concession.

Section 2.10. No more than one individual connected with an employing concern as owner, manager, partner, officer or member of a board of directors, or as a spouse of an owner, manager, partner, officer, or member of a board of directors, shall perform any manual electrical work. However, nothing in this rule shall be construed as preventing any individual from making a temporary repair or adjustment where an emergency exists involving a hazard to life or property. An Employer employing said individual shall have the option of either signing a non-bargaining participation agreement with the IBEW Local 613 Benefit Funds and making the required payments on behalf of said individual) or contributing to said funds, on behalf of said individual, an amount equal to the greater of the following:

a. 173 multiplied by the product of the contribution rate in effect for each of the IBEW Local 613 Benefit Funds multiplied by the Journeyman Wireman Rate then in effect.

b. The total of all compensation paid to the individual during the month multiplied by the contribution rate in effect for each of the IBEW Local 613 Benefit Funds.

Section 2.11. The Union reserves the right to discipline its members for violation of its laws, rules and agreements. Any dispute regarding the manner in which a foreman, general foreman or area foreman executes his supervisory or job management responsibilities shall be handled as a grievance against the Employer.

Section 2.12. The Employer shall render all assistance to the steward in his power and the steward shall not be removed from the shop or job without consultation with the Business Manager. The steward shall perform the work of a journeyman wireman. However, he will be given sufficient time to perform his stewards responsibilities.

Section 2.13. The representative of the Union shall be allowed access to any shop or job, at any reasonable time, where workmen are employed under the terms of this agreement.

Section 2.14. (a) This Agreement does not deny the right of the Union or its representatives to render assistance to other AFL/ CIO organizations by removal of its members from jobs when necessary and when the Union or its representatives decide to do so, but no removal shall take place until notice is first given the Employer involved.

(b) When such a removal takes place, the Union or its representatives shall direct the workman on such job to carefully put away all tools, materials, equipment, or any other property of the Employer in a safe manner. The Union will be financially responsible for any loss to the Employer from neglect in carrying out this provision, but only when a safe place is provided by the Employer, for use by the workmen.

Section 2.15. There shall be no limitations on the productivity of workmen or on safe use of proper tools of the trade and construction equipment.

Section 2.16.(a) Journeymen shall provide themselves with not less than the following tools:

Center Punch
Hacksaw Frame
Hammer
Knife
Level – Small
Pencil
2 Channel Lock Pliers, #420
Pliers - Cutting
Screwdrivers - small, medium, large and Phillips head (each not to exceed 8 inches)
Six Ft. Rule
Square
Wiggins Type Voltage Meter

The Employer shall furnish all other necessary tools and equipment. Workmen will be held responsible for the tools or equipment issued to them providing the Employer furnishes the necessary lockers, tool boxes, or other safe places for storage.

(b) The Employer shall provide necessary safe places for storage of employee tools on jobs where it is required for the employee by the employer to leave his tools and the employer shall be responsible for replacing all stolen tools of the employee on those jobs, not to exceed the required journeyman tool list.

Section 2.17. On all jobs requiring five or more Journeymen, at least every fifth Journeyman, if available, shall be 50 years of age or older.

Section 2.18. Continuing Education. Labor Management recognizes the need to continually train and educate journeymen to meet the requirements of the ever changing industry. It shall be the responsibility of the JATC to provide and journeyman to attend necessary classes to attain the skills necessary to meet the customer needs.

Section 2.19. An Employer shall have the exclusive right to name and place all engineers and superintendents on any job or project. All other field supervision shall be designated by the Employer from employees working under the terms of this Agreement.

Section 2.20. Every effort shall be made by the parties to insure the highest level of productivity and the expeditious performance of the work with the pledge of “eight hours work for eight hours pay”. Workmen shall be on the job at the designated starting time and will not

leave until the designated quitting time. There shall be no organized breaks. Loafing, excessive tardiness and unexcused absenteeism will not be tolerated.

Section 2.21. The Local Union is a part of the International Brotherhood of Electrical Workers and any violation or annulment by an individual Employer of the approved Agreement of this or any other Local Union of the IBEW, other than violations of paragraph 2 of this section, will be sufficient cause for the cancellation of his Agreement by the Local Union, after a finding has been made by the International President of the Union that such a violation or annulment has occurred.

The subletting, assigning or transfer by an individual Employer of any work in connection with electrical work to any person, firm or corporation not recognizing the IBEW or one of its Local Unions as the collective bargaining representative of his employees on any electrical work in the jurisdiction of this or any other Local Union to be performed at the site of the construction, alteration, painting or repair of a building, structure or other work, will be deemed a material breach of this Agreement.

All charges or violations of paragraph 2 of this section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement covering the procedure for the handling of grievances and the final and binding resolution of disputes.

Section 2.22. No grievance or question in dispute shall be considered by the Labor-Management Committee unless the event giving rise to such grievance or question in dispute shall have been set forth in writing and filed with the duly authorized representative of each of the parties to this Agreement within twenty-one (21) calendar days of the occurrence of same.

Article III Hours - Wages - Working Conditions

Section 3.01. (a) Forty (40) hours work, Monday through Friday, shall constitute the workweek. A thirty (30) minute meal break shall be allowed. Saturday may be used as a makeup day, and if utilized, a minimum of eight (8) hours must be scheduled.

(b) Hours worked in excess of ten (10) hours per day or forty (40) straight time hours per workweek or on Sunday, shall be paid at one and one-half (1 ½) times the straight time hourly rate. Overtime or Holiday hours paid at time and one-half or double time shall not count toward the 40 hours.

(c) All hours worked in excess of sixty (60) hours per workweek or on Holidays (including Easter) shall be paid at (2) times the straight time hourly rate.

(d) During weeks that contain New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day or Christmas Day, hours worked in excess of ten (10) hours per day or thirty two (32) hours per workweek, shall be paid at one and one-half (1 ½) times the straight time hourly rate. This provision shall not apply if the Employer schedules four (4) ten (10) hour workdays that workweek. Overtime or Holiday hours paid at time and one-half or double time shall not count toward the 32 hours.

(e) Unless working pursuant to Sections 3.17 or 3.23, work between the hours of 6:00 p.m. and 6:00 a.m., Monday through Friday, not exceeding ten (10) hours worked that day, shall be paid at the straight time rate plus a ten percent (10%) premium for each hour worked.

(f) When so elected by the Employer, Saturday may be scheduled as a regular workday. A thirty (30) minute meal break shall be allowed. An employee scheduled to work on such Saturday, shall be paid at the straight time rate plus a ten percent (10%) premium, provided the employee has worked all hours made available to him during the workweek. An employee who has not worked all such available hours, shall be paid straight time between the hours of 6:00 a.m. and 6:00 p.m., and straight time plus ten percent (10%) between the hours of 6:00 p.m. and 6:00 a.m.

(g) When an employee is required to work continuously around the clock, and into his/her normal shift, the prevailing overtime rate shall apply until there is at least a four (4) hour lapse.

(h) When requesting applicants for employment, the Employer shall notify the Union as to whether the prospective employee may be asked to work the first Saturday following his starting date. An Employer who fails to so notify the Union, will be required to pay said employee the straight time wage rate established in the Agreement plus a ten percent (10%) premium for each hour worked for any work performed on said first Saturday, provided that employee has worked all hours made available to him during the workweek. This subsection shall not apply if working pursuant to Section 3.01 (f).

(i) The following section shall only apply to jobs in process on August 31, 2007 or bid prior to said date. Any such jobs can be completed under the conditions of this section provided that the Employer documents such jobs with the Labor Management Committee not later than September 17, 2007. The failure to so document such job will result in the Employer forfeiting his right to "grandfather" such jobs. When so elected by the Employer, a workweek consisting of three (3) consecutive twelve (12) hour days, Monday through Sunday, with one-half hour allowed for a lunch period, may be instituted. Employees who work all thirty six (36) scheduled hours shall be paid for forty (40) hours at the straight time rate, and shall be credited with forty (40) hours for purposes of the forty (40) hour requirement of Section 3.01 (b). Employees who work less than all thirty six (36) scheduled hours shall be paid at the straight time rate for the hours actually worked, and shall be credited only with such hours for purposes of the forty (40) hour requirement of Section 3.01 (b).

(j) There shall be no pyramiding of overtime rates and double the straight time rate shall be the maximum compensation for any hour worked.

(k) During weeks that an apprentice is marked as having attended a day school class, hours worked on Saturday shall be paid at one and one-half (1 ½) times the straight time hourly rate. However, any scheduled hours missed by the apprentice during the workweek, for any reason, (other than the day he attended day school) will first be made up on that Saturday at straight time. Hours paid at time and one-half shall not count toward the forty (40) hours referenced in Section 3.01 (b) or the thirty two (32) hours referenced in Section 3.01 (d). No wages or benefits will be paid or owed to the apprentice for the hours spent in school.

Section 3.02. (a) The pay week shall end on Sunday of each week. Wages shall be paid weekly, in currency or by check, at the office of the Employer, at the regular quitting time on the last regular work day of each workweek. However, on jobs large enough to require a foreman, wages shall be paid weekly, in currency or by check, at the site of work, at quitting time on the last regular working day of each workweek. When paid by check, payment shall be made no later than quitting time on Thursday of each workweek.

(b) Employers who do not maintain a permanent office within the jurisdiction of Local 613 shall provide no cost payroll check cashing services to their employees.

(c) If chosen by the Employer, an acceptable method of paying wages shall be by means of electronic transfer directly to the employee's bank account. If requested by the employee, or when the employee does not have a bank account, wages shall be deposited in an account established by the Employer, at a financial institution of the Employer's choosing. Said account will permit funds to be withdrawn by means of an ATM card. No recurring service charges or maintenance fees shall be assessed against the employee in connection with the account established by the Employer. No fees shall be assessed against the employee for accessing funds at an ATM owned and operated by the financial institution at which the Employer has established the account. If an electronic transfer option is chosen, such transfer shall be made so that funds are available no later than noon on Thursday of each workweek. The employer shall be prohibited from debiting the account of the employee.

Section 3.03. (a) If the employee is not paid in full as required by Section 3.02, 3.20, 3.25 or 3.26, waiting time of a maximum of eight (8) hours per day, at the applicable straight time rate,

shall be paid for the first three (3) work days of non-payment. After the first three (3) days of non-payment, waiting time of a maximum of eight (8) hours per work day, at one and one-half (1 ½) times the applicable straight time rate shall be paid until payment is made.

(b) Notwithstanding Section 3.03 (a), an Employer shall be permitted to withhold the final payment owed to an employee until such time as the employee returns all property (including but not limited to security badges, keys and tools) issued to such employee. Written notification regarding said withholding must be made at the time that the final payment would otherwise be required. If the property is not returned within seven (7) days of the employee’s termination, the Employer shall be permitted to deduct from the final payment the value of the unreturned property along with any fees, fines, penalties or similar costs incurred by or assessed against the Employer as a result of said unreturned property. The Employer will be permitted to make use of this Section 3.03 (b) only if the employee signs a written acknowledgement setting forth the provisions of this Section and listing the property issued to the employee and the value of the property or the fees, fines, penalties or similar costs that will be assessed for the failure to return said property. Employees shall be provided with a written acknowledgement upon the return of all signed for property.

Section 3.04. Holidays. The following holidays or days celebrated as such will be paid double time: New Year’s Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Easter. Holidays which occur on Saturday shall be observed the previous Friday; holidays which occur on Sunday shall be observed the following Monday, except Easter shall be observed on Easter Sunday.

Column B is the minimum hourly wage rate for employees who have completed OSHA 10 but have not completed an additional 10 hours of approved continuing education, other than OSHA 10. Article V Apprenticeship and Training

Section 5.01. An equal number of members (either 3 or 4) shall be appointed, in writing, by the local chapter of the National Electrical Contractors Association (NECA) and the local union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards

and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.).

Section 5.02. All JATC member appointments, reappointment and acceptance of appointments shall be in writing. Each member shall be appointed for a 3 year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Section 5.03. Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve, as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article One of this agreement, except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Section 5.04. There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 5.05. The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training Director's Job Description provided by the NJATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

Section 5.06. To help ensure diversity of training, provide reasonable continuous employment opportunities and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 5.07. All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 5.08. The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices

necessary to meet the job site ratio as per Section 5.12.

Section 5.09. Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 5.10. To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage-and-hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage-and-hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured, such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

Section 5.11. The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this agreement.

Section 5.12 Each job site shall be allowed a ratio of two (2) apprentice(s) for every three (3) Journeyman Wiremen(man).

Number of Journeymen	Maximum Number of Apprentices/Unindentured
1 to 3	2
4 to 6	4
etc.	etc.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The employer's shop (service center) is considered to be a separate, single job site. All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 5.13. An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in sight of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman. An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 5.14. Upon satisfactory completion of apprenticeship, the JATC shall issue all

graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this agreement.

Section 5.15. The parties to this Agreement shall be bound by the Local Joint Apprenticeship and Training Trust Fund Agreement which shall conform to Section 3.02 of the Labor-Management Relations Act of 1947 as amended, ERISA and other applicable regulations.

The Trustees authorized under this Trust Agreement are hereby empowered to determine the reasonable value of any facilities, materials or services furnished by either party. All funds shall be handled and disbursed in accordance with the Trust Agreement.

Section 5.16. All Employers subject to the terms of this Agreement shall contribute the amount of funds specified by the parties signatory to the local apprenticeship and training trust agreement. The current rate contribution is 1 percent of the gross monthly labor payroll. This sum shall be due the Trust Fund by the same date as is their payment to the NEBF under the terms of the Restated Employees Benefit Agreement and Trust.

If, as a result of violations of this section, it is necessary for the union and/or the trustees of the joint trust funds to institute court action to enforce an award rendered in accordance with subsection 6.04 (b) or to defend an action which seeks to vacate such award, the employer shall pay any accountants' and attorneys' fees incurred by the union and/or fund trustees, plus cost of the litigation, which have resulted from the bringing of such court action.

Substance Abuse

Section 15.01. The dangers and costs that alcohol and other chemical abuses can create in the electrical contracting industry in terms of safety and productivity are significant. The parties to this Agreement resolve to combat chemical abuse in any form and agree that, to be effective, programs to eliminate substance abuse and impairment should contain a strong rehabilitation component.
