This Agreement, entered into by and between ROCKY MOUNTAIN CHAPTER, National Electrical Contractors Association, Inc., and LOCAL UNION NO. 68, of the International Brotherhood of Electrical Workers.

It shall apply to all firms who sign a Letter of Assent to be bound by the terms of this Agreement.

As used hereinafter in this Agreement, the term "Chapter" shall mean the Rocky Mountain Chapter, National Electrical Contractors Association, Inc., and the term "Union" shall mean Local Union No. 68, International Brotherhood of Electrical Workers.

The term "Employer" shall mean an individual firm who has been recognized by an assent to this Agreement.

BASIC PRINCIPALS

The Employer and the Union have a common and sympathetic interest in the Electrical Industry. Therefore, a working system, and harmonious relations are necessary to improve the relationship between the Employer, the Union, and the Public.

Progress in the industry demands a mutuality of confidence between the Employer and the Union. All will benefit by continuous peace and by adjusting any differences by rational, common sense methods.

Now, therefore, in consideration of the mutual promises and agreements herein contained, the parties hereto agree as follows:

ARTICLE I
EFFECTIVE DATE - CHANGES
TERM OF AGREEMENT

EFFECTIVE DATE:

Section 1.01 This Agreement shall take effect June 1, 2008 and shall remain in effect until May 31, 2011, unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from June 1 through May 31 of each year, unless changed or terminated in the way later provided herein.

CHANGES:

Section 1.02 (a). Either party or an Employer withdrawing representation from the Chapter or not represented by the Chapter, desiring to change or terminate this Agreement must provide written notification at least 90 days prior to the expiration date of the Agreement or any anniversary date occurring thereafter.

(b). Whenever notice is given for changes, the nature of the changes desired must be specified in the notice, or no later than the first negotiating meeting unless mutually agreed otherwise.

(c). The existing provisions of the Agreement, including this Article, shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.

(d). Unresolved issues or disputes arising out of the failure to negotiate a renewal or modification of this agreement that remain on the 20th of the month preceding the next regular meeting of the Council on Industrial Relations for the Electrical Contracting Industry (CIR) may be submitted jointly or unilaterally to the Council for adjudication. Such unresolved issues or disputes shall be submitted no later than the next regular meeting of the Council following the expiration date of this agreement or any subsequent anniversary date. The Council's decisions shall be final and binding.

(e). When a case has been submitted to the Council, it shall be the responsibility of the negotiating committee to continue to meet weekly in an effort to reach a settlement on the local level prior to the meeting of the Council.

(f). Notice of a desire to terminate this Agreement shall be handled in the same manner as a proposed change.

Section 1.03. This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto, and submitted to the International Office of the IBEW for approval, the same as this Agreement.

Section 1.04. There shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

GRIEVANCES/DISPUTES:

Section 1.05. There shall be a Labor-Management Committee of three representing the Union and three representing the Employer. It shall meet regularly at such stated times as it may decide. However, it shall also meet within 48 hours when notice is given by either party. It shall select its own Chairman and Secretary. The Local Union shall select the Union representatives and the Chapter shall select the management representatives.

Section 1.06. All grievances or questions in dispute shall be adjusted by the duly authorized representative of each of the parties to this Agreement. In the event that these two are unable to adjust any matter within 48 hours, they shall refer the same to the Labor-Management Committee.

Section 1.07. All matters coming before the Labor-Management Committee shall be decided by majority vote. Four members of the Committee, two from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be counted as though all were present and voting. In the absence of a deadlock, the Labor-Management Committee's decision shall be final and binding.

Section 1.08. Should the Labor-Management Committee fail to agree or to adjust any matter, such shall then be referred to the Council on Industrial Relations for the Electrical Contracting Industry for adjudication. The Council's decisions shall be final and binding.

Section 1.09. When any matter in dispute has been referred to conciliation or arbitration for adjustment, the provisions and conditions prevailing prior to the time such matters arose shall not be changed or abrogated until agreement has been reached or a ruling has been made.

Section 1.10. Grievances must be filed within ten (10) days of alleged violation.

ARTICLE II EMPLOYER RIGHTS- UNION RIGHTS

Section 2.01. Certain qualifications, knowledge, experience and proof of financial responsibility are required of everyone desiring to be an Employer in the Electrical Industry. Therefore, an Employer who contracts for electrical work is a person, firm, or corporation having these qualifications and maintaining a place of business, a suitable financial status to meet payroll requirements and employing not less than one Journeyman Wireman.

MANAGEMENT RIGHTS:

Section 2.02. The Union understands the Employer is responsible to perform the work required by the owner. The Employer shall, therefore,

have no restrictions except those specifically provided for in the Collective Bargaining Agreement, in planning, directing, and controlling the operation of all his work, in deciding the number and kind of employees to properly perform the work, in hiring and laying off employees, in transferring employees from job to job within the Local Union's geographical jurisdiction, in determining the need and number as well as the person who will act as Foreman, in requiring all employees to observe the Employer's and/or owner's rules and regulations not inconsistent with this Agreement, in requiring all employees to observe all safety regulations, and in discharging employees for proper cause.

FOREMAN CALL OUT BY NAME:

Section 2.03. The Employer shall have the right to call by name one (1) Group I applicant properly registered on the out-of-work list, per job, for supervision. He shall be paid the applicable rate of pay, plus any applicable percentages. Such individual shall have his employment terminated by the Employer upon completion of said job.

WORKERS COMPENSATION INSURANCE:

Section 2.04. For all employees covered by this Agreement, the Employer shall carry Worker's Compensation Insurance with a company authorized to do business in this State, Social Security and such other protective insurance as may be required by the laws of the State in which the work is performed. He shall also make contributions to State Unemployment Compensation Commission regardless of the number of employees except in the case of an owner/operator.

SURETY BOND:

Section 2.05. Each contractor signatory or bound to this Agreement shall provide a bond conditioned upon payment of all fringe contributions, all wages and all working dues, which bond shall be backed by a corporate surety licensed to engage in the insurance business in Colorado, as more fully set forth herein.

There shall be no bonding obligation on any contractor, except that at any time a contractor is delinquent in fringe contributions for any two months during the term of this Agreement, or any successor agreement, or is delinquent or otherwise defaults on any payroll payments, it shall provide a payment bond in an amount not less than three times the average monthly amount of fringe contributions payable by said contractor over the last 12 months, and four (4) times the gross weekly payroll computed over the last six months, and the working dues amount corresponding to the payroll amount. The calculation of this amount shall be performed by the appropriate trust fund.

The bond shall be in the form attached hereto and shall be filed with the local union (see Exhibit A).

The local union may, in its discretion, in lieu of the payment bond, accept an irrevocable letter of credit from a commercial bank lawfully doing business in Colorado, or it may accept a promissory note from the contractor and from such responsible officials of the corporation, as it deems appropriate to secure payment.

At any time the obligation to file the bond attaches, the local union may, in addition to the bond requirement, withdraw all employees from the contractor's jobs and refuse to supply replacements. In such an event, the agreement shall continue to apply.

The obligation to maintain the bond will terminate when the contractor has had twelve (12) consecutive months of no paycheck defaults and no delinquencies in trust payments.

UNION RECOGNITION:

Section 2.07. (a) The Employer recognizes the Union as the sole and exclusive representative of all its employees performing work under the Collective Bargaining Agreement within the jurisdiction of the Union for the purpose of collective bargaining in respect to rates of pay, wages, hours of employment and other conditions of employment.

(b) The Employer understands that the Local Union's jurisdiction both trade and territorial is not a subject for negotiations but rather is determined solely within the IBEW by the International President and, therefore, agrees to recognize and be bound by such determinations.

NON-RESIDENT EMPLOYEES: (Portability)

Section 2.09. An employer signatory to a collective bargaining agreement or to a letter of assent to an agreement with another IBEW Local Union, who signs an assent to this Agreement, may bring up to four bargaining unit employees employed in that Local Union's jurisdiction into this Local's jurisdiction and up to two bargaining unit employees per job from that Local's jurisdiction to this Local's jurisdiction for specialty or service and maintenance work. All charges of violations of this section shall be considered as a dispute and shall be processed in accordance with the provisions of this agreement for the handling of grievances with the exception that any decision of a local labor-management committee that may be contrary to the intent of the parties to the National Agreement on Employee Portability, upon recommendation of either or both the appropriate IBEW International Vice President or NECA Regional Executive Director, is subject to review, modification or rescission by the Council on Industrial Relations.

The Appeals Committee shall have the power to make a final and binding decision on any such complaint which shall be complied with by the Local Union. The Appeals Committee is authorized to issue procedural rules for the conduct of its business, but it is not authorized to add to, subtract from, or modify any of the provisions of this Agreement and its decisions shall be in accord with this Agreement.

Section 4.18. A representative of the Employer or of the Association, as the case may be, designated to the Union in writing, shall be permitted to inspect the Referral Procedure records at any time during normal business hours.

Section 4.19. A copy of the Referral Procedure set forth in this Agreement shall be posted on the Bulletin Board in the offices of the Local Union and in the offices of the Employers who are parties to this Agreement.

Section 4.20. Apprentices shall be hired and transferred in accordance with the apprenticeship provisions of the Agreement between the parties.

ARTICLE V STANDARD INSIDE APPRENTICESHIP LANGUAGE

Section 5.01. There shall be a Local Joint Apprenticeship and Training Committee (JATC) consisting of a total of either 6 or 8 members who shall also serve as trustees to the local apprenticeship and training trust. An equal number of members (either 3 or 4) shall be appointed, in writing, by

the local chapter of the National Electrical Contractors Association (NECA) and the local union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.).

Section 5.02. All JATC member appointments, reappointment and acceptance of appointments shall be in writing. Each member shall be appointed for a 3-year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Section 5.03. Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for

resolution as outlined in Article One of this agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Section 5.04. There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 5.05. The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training Director's Job Description provided by the NJATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

Section 5.06. To help ensure diversity of training, provide reasonable continuous employment opportunities and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job-training assignments and for transferring apprentices from one employer to another. The employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job-training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 5.07. All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures. An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered

standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 5.08. The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture a total number of apprentices necessary to meet the job site ratio as per Section 5.12.

Section 5.09. Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 5.10. To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage-and-hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer-agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage-and-hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked, as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

Section 5.11. The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this agreement.

Section 5.12. Each job site shall be allowed a ratio of two (2) apprentices for every three (3) Journeyman Wiremen.

<u>Number of Journeymen</u>	<u>Maximum Number of Apprentices/Unindentured</u>
1 to 3	2
4 to 6	4
Etc.	Etc.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The employers shop (service center) is considered to be a separate, single job site.

All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 5.13. An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in-sight-of a Journeyman Wireman. Journeymen are not

required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman.

An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

Section 5.14. Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this agreement.

Section 5.15. The parties to this Agreement shall be bound by the Local Joint Apprenticeship and Training Trust Fund Agreement which shall conform to Section 302 of the Labor-Management Relations Act of 1947 as amended, ERISA, and other applicable regulations.

The Trustees authorized under this Trust Agreement are hereby empowered to determine the reasonable value of any facilities, materials or services furnished by either party. All funds shall be handled and disbursed in accordance with the Trust Agreement.

Section 5.16. All Employers subject to the terms of this Agreement shall contribute the amount of funds specified by the parties signatory to the local apprenticeship and training trust agreement. The current rate of contribution is: \$.38 cents per hour for each hour worked.

This sum shall be due the Trust Fund by the same date as is their payment to the NEBF under the terms of the Restated Employees Benefit Agreement and Trust.
