

INSIDE CONSTRUCTION AGREEMENT

Agreement by and between the Southern Nevada Chapter of the National Electrical Contractors Association, Inc., and Local Union 357, IBEW. It shall apply to all firms who sign a Letter of Assent to be bound by the terms of this Agreement. As used hereinafter in this Agreement, the term "Chapter" shall mean Southern Nevada Chapter of the National Electrical Contractors Association, Inc., and term "Union" shall mean Local Union 357, IBEW. The term "Employer" shall mean an individual firm who has been recognized by an assent to this Agreement.

BASIC PRINCIPLES

The Employer and the Union have a common and sympathetic interest in the Electrical Industry; therefore, a working system and harmonious relations are necessary to improve the relationship between the Employer, the Union and the public. Progress in the industry demands a mutuality of confidence between the Employer and the Union. All will benefit by continuous peace and by adjusting any differences by rational, common sense methods. All statements and words in this agreement, referring to gender in any way, include all genders. Now, therefore, in consideration of the mutual promises and agreements herein contained, the parties hereto agree as follows:

ARTICLE 1

Effective Date – Changes – Grievances – Disputes

Section 1.01

This Agreement shall take effect June 1, 2009, and shall remain in effect until May 31, 2012, unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from June 1 through May 31 of each year, unless changed or terminated in the way later provided herein.

Section 1.02

- (a) Either party or an Employer withdrawing representation from the Chapter or not represented by the Chapter desiring to change or terminate this Agreement must provide written notification at least 90 days prior to the expiration date of the Agreement or any anniversary date occurring thereafter.

- (b) Whenever notice is given for changes, the nature of the changes desired must be specified in the notice, or no later than the first negotiating meeting unless mutually agreed otherwise.

- (c) The existing provisions of the Agreement, including this Article, shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.
- (d) Unresolved issues or disputes arising out of the failure to negotiate a renewal or modification of this Agreement that remain on the 20th of the month preceding the next regular meeting of the Council on Industrial Relations for the Electrical Contracting Industry (CIR) may be submitted jointly or unilaterally to the Council for adjudication. Such unresolved issues or disputes shall be submitted no later than the next regular meeting of the Council following the expiration date of this Agreement or any subsequent anniversary date. The Council's decisions shall be final and binding.
- (e) When a case has been submitted to the Council, it shall be the responsibility of the negotiating committee to continue to meet weekly in an effort to reach a settlement on the local level prior to the meeting of the Council.
- (f) Notice of a desire to terminate this Agreement shall be handled in the same manner as a proposed change.

Section 1.03

This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be reduced to writing, signed by the parties hereto, and submitted to the International Office of the IBEW for approval, the same as this Agreement.

Section 1.04

There shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

Section 1.05

There shall be a Labor-Management Committee of three representing the Union and three representing the Employers. It shall meet regularly at such stated times as it may decide. However, it shall also meet within forty-eight hours when notice is given by either party. It shall select its own Chairman and Secretary. The Local Union shall select the Union representatives and the Chapter shall select the management representatives.

Section 1.06

All grievances or questions in dispute shall be adjusted by the duly authorized representatives of each of the parties to this Agreement. In the event that these two are unable to adjust any matter within forty-eight hours, they shall refer the same to the Labor-Management Committee.

Section 1.07

All matters coming before the Labor-Management Committee shall be decided by a majority vote. Four members of the Committee, two from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be counted as though all were present and voting.

Section 1.08

Should the Labor-Management Committee fail to agree or to adjust any matter, such shall then be referred to the Council on Industrial Relations for the Electrical Contracting Industry for adjudication. The Council's decisions shall be final and binding.

Section 1.09

When any matter in dispute has been referred to conciliation or arbitration for adjustment, the provisions and conditions prevailing prior to the time such matters arose shall not be changed or abrogated until agreement has been reached or a ruling has been made.

ARTICLE 2 Employer Rights-Union Rights

Section 2.01

The Union understands the Employer is responsible to perform the work required by the owner. The Employer shall, therefore, have no restrictions except those specifically provided for in the collective bargaining agreement, in planning, directing and controlling the operation of all his work, in deciding the number and kind of employees to properly perform the work, in hiring and laying off employees, in transferring employees from job to job within the Local Union's geographical jurisdiction, in determining the need and number as well as the person who will act as foreman, in requiring all employees to observe the employer's and/or owner's rules and regulations not inconsistent with this agreement, in requiring all employees to observe all safety regulations, and in discharging employees for proper cause.

Section 2.02

The Employer recognizes the Union as the sole collective bargaining agency between itself and employees covered under the scope of this Agreement.

Section 2.03

Members of the IBEW, except those meeting the requirements of an “Employer” as defined herein, shall not contract for any electrical work. Person or persons taking out licenses as contractors shall not be allowed to work back and forth as contractor or journeyman as the occasion arises.

Section 2.04

The Union agrees that if, during the life of this Agreement, it grants to any other employer in the Electrical Contracting Industry on work covered by this Agreement, any better terms or conditions than those set forth in this Agreement, such better terms or conditions shall be made available to the Employer under this Agreement and the Union shall immediately notify the Employer of any such concession.

Section 2.05

Certain qualifications, knowledge, experience, and financial responsibility are required of everyone desiring to be an employer in the electrical industry. Therefore, an employer who contracts for electrical work is a person, firm, or corporation having these qualifications, a suitable financial status to meet payroll requirements and, where required, must be in possession of a valid Nevada State License as an electrical contractor, and employ at least one (1) journeyman regularly.

Section 2.06

For all employees covered by this Agreement, the Employer shall carry Workman’s Compensation Insurance with a company authorized to do business in this state, and shall furnish satisfactory proof of such to the Union; he shall also make contributions to the Nevada Unemployment Compensation Commission.

Section 2.07

The Union reserves the right to discipline its members for violations of its laws, rules and agreements.

Section 2.08

It shall not be a violation of this Agreement and it shall not be cause for discharge

or any other disciplinary action by the Employer against any employee for an employee to refuse to cross a lawfully established primary picket line whether at the premises of another Employer or the employee's own Employer.

Section 2.09

Any employee exercising such right shall carefully put away all tools, materials, equipment or any other property of the Employer in a safe manner. Each employee will be responsible for any loss to the Employer for neglect in carrying out this provision but only when a safe place is provided for by the Employer.

Section 2.10

The Employer shall not work with the tools (except in emergency cases to protect life and property) or be personally employed except in a supervisory or managing capacity, except that employers continuously employing three (3) or less journeymen may do small jobs necessary for the efficient operation of the business.

Section 2.11

The Employer shall not loan or cause to be loaned the workmen in his employ to any other employer without first securing permission of the Union and then only when applicants possessing the required skills are not available under the referral procedure.

Section 2.12

The Union shall have the right to appoint a steward at any shop or job where workmen are employed under the terms of this Agreement. At any time on any one project the Employer and the Union through written mutual consent may choose to have additional stewards appointed. If a second steward has not been previously agreed by written mutual consent, the Union shall have the right to appoint an additional steward without written mutual consent after 125 workmen, as described above, are so employed. Such stewards shall be allowed sufficient time during the regular working hours, without loss of pay to see that the terms and conditions of this Agreement are enforced. Under no circumstances shall the Employer dismiss or otherwise discriminate against an employee for making a complaint or giving evidence with respect to an alleged violation of any provision of this Agreement. An additional working steward shall be appointed for each one hundred and twenty-five (125) workmen thereafter.

Steward Qualifications

- (a) The Union will appoint only individuals who meet minimal or greater qualifications and certifications as required to serve as a steward. Qualifications shall include: Demonstrated understanding of the Inside Construction Agreement, effective communication and conflict resolution

skills.

- (b) The steward will notify his immediate supervisor of the duties that would cause him to be away from his assigned work before he performs said duties provided the said supervisor is immediately available and on the job. No steward will interfere with the work of any other employer.
- (c) A steward will not be laid off or fired (except for a gross misconduct such as intoxication or drinking of intoxicating beverages, fighting or stealing, on the job) until the matter has first been discussed with the Union. If no agreement is reached within twenty-four (24) hours, the matter will then be referred to the Business Manager and the Chapter Manager, and in the event they cannot agree within an additional twenty-four (24) hours, either party may then request a hearing before the Labor Management Committee. It is understood that the steward will be comparable to other workmen on the job and will not have preference over regular foremen in the reduction of force.
- (d) The steward's appointment will become effective upon notification in writing to the individual employer and the chapter office.
- (e) No steward will be authorized to cause a stoppage of work on any job and in the event he is unable to adjust any matter, the Business Manager of the Local Union will be notified immediately.

Section 2.13

The representatives of the Union shall be allowed access to any shop or job where workmen are employed under the terms of this Agreement provided there be no interference with any work being performed. When practical, the Business Manager or representative will notify the Employer's supervision on the site prior to meeting with the employees. The Employer shall be notified in advance of any jurisdictional meeting at the job site.

Section 2.14

No complaint dispute or grievance shall be considered unless written notice is delivered by the aggrieved party to the Union and Chapter within fifteen (15) regular working days from the date on which the alleged complaint, dispute or grievance first occurred except in cases involving fringe benefit payments.

Section 2.15

No employee, or members of the Union or their agents shall give or accept, directly or indirectly, any rebate of wages. Any Employer found violating this provision

shall be subject to having his agreement terminated upon written notice thereof being given by the Union.

Section 2.16

The policy of this Local Union and its members is to promote the use of materials and equipment manufactured, processed or repaired under economically sound wage, hours and working conditions, by their fellow members of the International Brotherhood of Electrical Workers.

Section 2.17

The Local Union is part of the International Brotherhood of Electrical Workers and any violations or annulment by an individual employer of the approved agreement of this or any other Local Union of the IBEW, other than violations of Section 2.18 of this Article, will be sufficient cause for the cancellation of this Agreement by the Local Union after a finding has been made by the International President of the Union that such a violation or annulment has occurred.

Section 2.18

The subletting, assigning, or transfer by an individual employer of any work in connection with electrical work to any person, firm or corporation not recognizing the IBEW or one of its Local Unions as the collective bargaining representative of his employees on any electrical work in the jurisdiction of this or any other Local Union to be performed at the site of the construction, alteration, painting, or repair of a building, structure or other work, will be deemed a material breach of this Agreement.

Section 2.19

All charges of violations of Section 2.18 of this Article shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement covering the procedure for the handling of grievances and the final and binding resolution of disputes.

Section 2.20 – Substance Abuse Policy

The dangers and costs that alcohol and other chemical abuses can create in the contracting industry in terms of safety and productivity are significant. The parties to this Agreement resolve to combat chemical abuse in any form and agree that, to be effective, programs to eliminate substance abuse and impairment should contain a strong rehabilitation component. The local parties recognize that the implementation of a drug

and alcohol policy and program must be subject to all applicable federal, state, and local laws and regulations. Such policies and programs must also be administered in accordance with accepted scientific principles, and must incorporate safeguards to ensure fairness in application and protection of legitimate interest of privacy and confidentiality. To provide a drug-free workforce for the Electrical Construction Industry, each IBEW local union and NECA Chapter shall implement an area-wide Substance Abuse Testing Policy. The policy shall include minimum standards as required by the IBEW and NECA. Should any of the required minimum standards fail to comply with federal, state, and/or local laws and regulations, they shall be modified by the local union and chapter to meet the requirements of those laws and regulations.

Section 2.21(a) – Labor Management Cooperation Committee

The parties agree to participate in a Labor Management Cooperation Fund, under authority of Section 6 (b) of the Labor Management Cooperation Act of 1978, 29 U.S.C. § 175(a) and Section 302(c)(9) of the Labor-Management Relations Act, 29 U.S.C. § 186(c)(9). Such amount shall be added to and become a part of the contributions due and payable, and the whole amount due shall bear interest at the rate of ten percent (10%) per annum until paid. The Employer shall also be liable for all costs of collecting the payment together with attorney's fees.

The Fund shall function in accordance with, and as provided in, its Agreement and Declaration of Trust, and any amendments thereto and any other of its governing documents. Each Employer hereby accepts, agrees to be bound by, and shall be entitled to participate in the NLMCC, as provided in said Agreement and Declaration of Trust.

Each employer shall contribute one cent (1¢) per hour worked under this Agreement up to a maximum of 150,000 hours per year. Payment shall be forwarded monthly, in a form and manner prescribed by the Trustees, no later than fifteen (15) calendar days following the last day of the month in which the labor was performed. Southern Nevada Chapter NECA, or its designee, shall be the collection agent for this Fund.

If an Employer fails to make the required contributions to the Fund, the Trustees, shall have the right to take whatever steps are necessary to secure compliance. In the event the Employer is in default, the Employer shall be liable for a sum equal to 15% of the delinquent payment, but not less than the sum of twenty dollars (\$20), for each month payment of contributions is delinquent to the Fund, such amount being liquidated damages, and not a penalty, reflecting the reasonable damages incurred by the Fund due to the delinquency of the payments. Such amount shall be added to and become a part of the contributions due and payable, and the whole amount due shall bear interest at the rate of ten percent (10%) per annum until paid. The Employer shall also be liable for all costs of collecting the payment together with attorney's fees.

Following a demand by the Local Union for recognition as the NLRA Section 9(a) majority collective bargaining representative, the Employer recognizes the Local Union as the Section 9(a) majority collective bargaining representative for all employees performing bargaining unit work, based on a showing by the Local Union or an offer by the Local Union to show evidence that a majority of the employees authorize the Local Union to represent them in collective bargaining.

ARTICLE 3 Referral Procedure

Section 3.01

In the interest of maintaining an efficient system of production in the industry, providing for an orderly procedure of referral applicants for employment, preserving that legitimate interest of the employees in their employment status within the area and of eliminating discrimination in employment because of membership or non-membership in the Union, the parties hereto agree to the following system of referral of applicants for employment.

Section 3.02

The Union shall be the sole and exclusive source of referral of applicants for employment.

Section 3.03

The Employer shall have the right to reject any applicant for employment.

Section 3.04

The Union shall select and refer applicants for employment without discrimination against such applicants by reason of membership or non-membership in the Union and such selection and referral shall not be affected in any way by rules, regulations, bylaws, constitutional provisions or any other aspect or obligation of union membership policies or requirements. All such selection and referral shall be in accord with the following procedure.

Section 3.05

The Union shall maintain a register of applicants for employment established on the basis of the Groups listed below. Each applicant for employment shall be registered in the highest priority Group for which he qualifies.

GROUP I

All applicants for employment who have four or more years' experience in the trade, are residents of the geographical area constituting the normal construction labor market, have passed a journeyman-wireman's examination given by a duly constituted Inside Construction Local Union of the IBEW or have been certified as a journeyman wireman by any Inside Joint Apprenticeship and Training Committee, and, who have been employed in the trade for a period of at least one year in the last four years in the geographical area covered by the collective bargaining agreement.

Group I status shall be limited to one local union at a time. An applicant who qualifies for Group I in a local union shall be so registered electronically and remain on Group I in that local union unless and until the applicant designates another local union as his or her Group I local union. If an applicant qualifies for Group I status in a local union other than his or her home local union and designates that local as his or her Group I local union, the business manager of the new Group I status local union shall, by electronic means, notify the business manager of the applicant's former Group I status local union.

GROUP II

All applicants for employment who have four or more years' experience in the trade, and, who have passed a journeyman-wireman's examination given by a duly constituted Inside Construction Local Union of the IBEW or have been certified as a journeyman wireman by an Inside Joint Apprenticeship and training Committee.

GROUP III

All applicants for employment, who have two or more years' experience in the trade, are residents of the geographical area constituting the normal construction labor market, and who have been employed for at least six months in the last three years in the geographical area covered by the collective bargaining agreement.

GROUP IV

All applicants for employment who have worked at the trade for more than one year.

Section 3.06

If the registration list is exhausted and the Union is unable to refer applicants for employment to the Employer within forty-eight hours from the time of receiving the Employer's request, Saturdays, Sundays and holidays excepted, the Employer shall be free to secure applicants without using the referral procedure but such applicants, if hired, shall have the status of "temporary employees."

Section 3.07

The Employer shall notify the Business Manager promptly of the names and social security numbers of such "temporary employees" and shall replace such "temporary employees" as soon as registered applicants for employment are available under the referral procedure.

Section 3.08

"Normal Construction Labor Market" is defined to mean the following geographical area plus the commuting distance adjacent thereto which includes the area from which the normal labor supply is secured: Clark and Lincoln Counties and that portion of Nye County south of the Mt. Diablo Base Line, State of Nevada.

The above geographical area is agreed upon by the parties to include the area defined by the Secretary of Labor to be the appropriate prevailing wage area under the Davis-Bacon Act to which the Agreement applies.

Section 3.09

“Resident” means a person who has maintained his permanent home in the above defined geographical area for a period of not less than one year or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as his permanent home.

Section 3.10

An “Examination” shall include experience rating tests if such examination shall have been given prior to the date of this procedure, but from and after the date of this procedure, shall include only written and/or practical examinations given by a duly constituted Inside Construction Local Union of the I.B.E.W. Reasonable intervals of time for examinations are specified as ninety (90) days. An applicant shall be eligible for examination if he has four years' experience in the trade.

Section 3.11

The Union shall maintain an “out of work list” which shall list the applicants within each group in chronological order of the dates they register their availability for employment.

Section 3.12

An applicant who is hired and who receives, through no fault of his own, work of forty hours or less shall, upon re-registration be restored to his appropriate place within his group.

Section 3.13

- (a) Employers shall advise the Business Manager of the Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in Group I in order of their place on the “out of work list” and then referring applicants in the same manner successively from the “out of work list” in Group II, then Group III and Group IV. Any applicant who is rejected by the Employer shall be returned to his appropriate place within his group and shall be referred to other employment in accordance with the position of his group and his place within his group.
- (b) An applicant who is discharged for cause two times within a 12-month period shall be referred to the neutral member of the Appeals Committee for a determination as to the applicant’s continued eligibility for referral. The neutral member of the Appeals Committee shall, within ten calendar days, review the qualifications of the applicant and the reasons for the discharges.

The neutral member of the Appeals Committee may, in his or her sole discretion:

1. Require the applicant to obtain further training from the JATC before again being eligible for referral;
2. Disqualify the applicant for referral for a period of four weeks, or longer, depending on the seriousness of the conduct and/or repetitive nature of the conduct;
3. Refer the applicant to an employee assistance program, if available, for evaluation and recommended action;
4. Restore the applicant to his/her appropriate place on the referral list.

Section 3.14

The only exceptions which shall be allowed in this order of referral are as follows:

- (a) When the Employer states bona fide requirements for special skills and abilities in his request for applicants, the Business Manager shall refer the first applicant on the register possessing such skills and abilities.
- (b) The age ratio clause in the Agreement calls for the employment of an additional employee or employees on the basis of age. Therefore, the Business Manager shall refer the first applicant on the register satisfying the applicable age requirements provided however, that all names in higher priority groups, if any, shall first be exhausted before such overage reference can be made.

Section 3.15

An Appeals Committee is hereby established composed of one member appointed by the Union, one member appointed by the Employer or the Association, as the case may be, and a Public Member appointed by both these members.

Section 3.16

It shall be the function of the Appeals Committee to consider any complaint of any employee or applicant for employment arising out of the administration by the Local Union of Sections 3.01 through 3.14 of the Agreement. The Appeals Committee shall have the power to make a final and binding decision on any such complaint which shall be complied with by the Local Union. The Appeals Committee is authorized to issue procedural rules for the conduct of its business but it

is not authorized to add to, subtract from, or modify any of the provisions of this Agreement and its decision shall be in accord with this Agreement.

Section 3.17

A representative of the Employer or of the association, as the case may be, designated to the Union in writing, shall be permitted to inspect the referral procedure records at any time during normal business hours.

Section 3.18

A copy of the referral procedure set forth in this Agreement shall be posted on the bulletin board in the offices of the Local Union and in the office of the employers who are parties to this Agreement.

Section 3.19

Apprentices shall be hired and transferred in accordance with the apprenticeship provisions of the agreement between the parties.

ARTICLE 4 Regular Work Week

Section 4.01

Eight (8) hours work, Monday through Friday, between the hours of 6:00 a.m. and 4:30 p.m., with thirty (30) minutes for lunch established between the fourth and fifth hour of the work day shall constitute a day's work. All work performed outside of the stated hours will be paid at the overtime rate.

- (a) Starting time adjustments shall be for no less than five (5) continuous working days at the shop or the job specified. Regular starting time established outside of the normal 7:00 a.m. will be made by providing written notification of requested changes to the IBEW Business Manager and the NECA Chapter Manager. In order to promote peaceful harmony on any job or project, the lunch period starting time can be changed by mutual consent.
- (b) Where required by the job conditions, the Employer may request a job site conference with the authorized representative of the Local Union and Southern Nevada Chapter of NECA to resolve the job site conditions. Should the authorized representative be unable to mutually agree to resolve the conditions, they shall be referred to the procedure outlined in Article 1.
- (c) There shall be a ten (10) minute break each regular work day in the first half

of each work day. If an employee is required to work two (2) or more hours overtime after the regular work day (or shift) a ten (10) minute break will be taken at the end of the regular work day (or shift) or at the time established by the Employer. This break shall be taken in the employees' immediate work area.

Section 4.02

Saturdays, Sundays and holidays will not be considered as regular work days.

Section 4.03

When an employee is required to work more than two (2) hours overtime after the regular work day or shift, a supplemental meal period of thirty (30) minutes will be established and at the completion of each six (6) hour period thereafter. If an employee works more than two (2) hours before the start of a regular work day or shift a fifteen (15) minute break will be established, this break is to be taken in the immediate work area. Employees released from work on or before a meal period will not be entitled to the meal provisions. Supplemental meal periods and the aforementioned fifteen (15) minute break are subject to variation so that continuous service may be maintained. On each occasion, the Employer may elect to purchase and furnish the meal to be eaten on the employees' own time or have the employee purchase the meal to be eaten on the Employer's time.

Section 4.04

No employee will be required to take time off from the regular work day or work week for overtime worked or to be worked, excepting to provide for eight (8) hour rest periods as provided for in Section 4.09 of this Article.

Section 4.05

When so elected by the contractor, multiple shifts of eight (8) hours for at least five (5) days duration may be worked. When two (2) or three (3) shifts are worked:

The first shift (day shift) shall consist of eight (8) consecutive hours worked between the hours of 8:00 a.m. and 4:30 p.m. Workmen on the "day shift" shall be paid at the regular hourly rate of pay for all hours worked.

The second shift (swing shift) shall consist of eight (8) consecutive hours worked between the hours of 4:30 p.m. and 1:00 a.m. Workmen on the "swing shift" shall be paid at the regular hourly rate of pay plus 17.3% for all hours worked.

The third shift (graveyard shift) shall consist of eight (8) consecutive hours worked between the hours of 12:30 a.m. and 9:00 a.m. Workmen on the “graveyard shift” shall be paid at the regular hourly rate of pay plus 31.4% for all hours worked.

The Employer shall be permitted to adjust the starting hours of the shift by up to two (2) hours in order to meet the needs of the customer.

If the parties to the Agreement mutually agree, the shift week may commence with the third shift (graveyard shift) at 12:30 a.m. Monday to coordinate the work with the customer’s work schedule. However, any such adjustment shall last for at least five (5) consecutive days duration unless mutually changed by the parties to this Agreement.

An unpaid lunch period of thirty (30) minutes shall be allowed on each shift. All overtime work required before the established start time and after completion of eight (8) hours of any shift shall be paid at one and one-half times the “shift” hourly rate.

There shall be no pyramiding of overtime rates and double the straight rate shall be the maximum compensation for any hour worked. There shall be no requirements for a day shift when either the second or third shift is worked.

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies. All apprenticeship standards shall be registered with the NJATC and thereafter submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.)

Section 5.02

All JATC member appointments, re-appointments and acceptance of appointments shall be in writing. Each member shall be appointed for a three (3) year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC Committee meetings and a separate set of minutes for Trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

Section 5.03

Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article One of this Agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

Section 5.04

There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this Agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

Section 5.05

The JATC may select and employ a part-time or full-time Training Director and other support staff, as it deems necessary. In considering the qualifications, duties and responsibilities of the Training Director, the JATC should review the Training Director's job description provided by the NJATC. All employees of the

JATC shall serve at the pleasure and discretion of the JATC.

Section 5.06

To help ensure diversity of training, provide reasonable continuous employment opportunities and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one Employer to another. The Employer shall cooperate in providing apprentices with needed work experiences. The Local Union Referral Office shall be notified, in writing, of all job training assignments. If the Employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be so notified.

Section 5.07

All apprentices shall enter the program through the JATC as provided for in the registered Apprenticeship Standards and Selection Procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in a related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at sometime in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

Section 5.08.

The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices necessary to meet the job site ratio as per Section 5.12.

Section 5.09

Though the JATC cannot guarantee any number of apprentices; if a qualified Employer requests an apprentice, the JATC shall make every effort to honor the request. If the JATC is unable to fill the request within ten (10) working days, and if the JATC has fewer indentured apprentices than permitted by its allowable ratio, they shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

Section 5.10

To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage and hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the Employer – agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage and hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introductions to OSHA, First-Aid and CPR. Participation shall be voluntary.

Section 5.11

The Employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this Agreement.

Section 5.12 Each job site shall be allowed a ratio of 2 apprentice(s) for every 3 Journeyman Wiremen(man) .

Number of Journeymen	Maximum Number of Apprentices/Unindentured
1 to 3	2
4 to 6	4
etc.	etc.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The employer's shop (service center) is considered to be a separate,

single job site. All other physical locations where workers report for work are each considered to be a single, separate job site.

Section 5.13

An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in sight of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the Employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Each payment must be accompanied by reports in a form prescribed by the Trusts. Any payment due which is not received in the office or depository of the Trust by the 15th of the month shall be considered delinquent. Any Employer considered delinquent on the 30th calendar day in the month which the funds were due, may be issued a seventy-two (72) hour notice, by the Business Manager, that bargaining unit employees may be removed from all work and no further referrals will be made until all accounts are settled. The payment shall be made by check or draft and shall constitute a debt due and owing to the NEBF on the last day of each calendar month, which may be recovered by suit initiated by the NEBF or its assignee. The payment and the payroll report shall be mailed to reach the office

of the appropriate local collection agent not later than fifteen (15) calendar days following the end of each calendar month.
