The grievance shall be handled on an informal basis and verbal notice of the grievance and of the decision shall be sufficient.

If the grievance is not resolved in the allotted time, the employee will notify the appropriate Union representatives of the grievance.

The Union representative will then notify the appropriate supervisor within five (5) working days after receipt of the grievance to attempt to resolve the issue. If the grievance is not resolved at this step, the Union may appeal the grievance to Step 2.

Step 2. Within fifteen (15) working days, the Union shall provide notice of appeal to the appropriate manager who shall meet with reasonable promptness to resolve the issue. If the grievance is not resolved at this step, the Union may appeal the grievance to Step 3.

Step 3. In the event the grievance is not resolved at step 2 the Union may appeal the grievance in writing within fifteen (15) working days to the Company's Director of Human Resources (or his/her designee). Resolution at this step shall be final and binding.

Any grievance not resolved at steps 1, 2 or 3 may be moved to binding arbitration.

All time limitations set forth in this section may be extended upon mutual written consent of both parties.

b. Arbitration Procedure. If the parties fail to resolve the matter within 30 days, the Union may request in writing that the grievance be referred to an impartial arbitrator whose decision (award) shall be final and binding upon the Company and the Union.

In the event that the parties are unable to agree upon an arbitrator, the Company and the Union shall join in a request to the Federal Mediation and Conciliation Service for a list of five (5) qualified arbitrators who are available to serve in the agreed upon major city. The parties shall then attempt to agree upon an arbitrator, and if they fail to agree, four (4) names from the list of five (5) arbitrators shall be eliminated by the Union and the Company alternately striking one (1) name at a time. The remaining name shall be the arbitrator chosen, and his authority shall be limited to making decision on the instant grievance in question.
in conformity with the terms of this Agreement.

The parties agree that the arbitrator shall have no authority to add to, subtract from or modify any provisions of this Agreement.

The compensation and expenses of the arbitrator and the general administrative expenses of the arbitration shall be borne equally by the Company and the Union. Each party shall be responsible for payment of time consumed by, and the expenses of its representatives and witnesses.

c. The failure or refusal of the Company to meet with Union representatives to adjust a grievance as required by this section or a failure or refusal to accept as binding, an arbitration decision (award) hereunder, will free the Union and employees from the obligation of the no-strike clause as to the Company, and the Union shall also be free to strike and take any other lawful action against the Company.

Section 27.02 Expedited Arbitration

a. In lieu of the procedures specified in section 27.01, paragraph (b), any grievance involving the suspension of any individual employee, except those which involve an issue of arbitrability, contract interpretation, or work stoppage (strike) activity and those which are also the subject of an administrative charge or court action shall be submitted to arbitration under the expedited arbitration procedure hereinafter provided within fifteen (15) calendar days after the filing of a request for arbitration by the Union. In all other grievances involving disciplinary action which are specifically subject to arbitration under Section 27.01, Paragraph (b) of this Agreement, both parties may, within fifteen (15) calendar days after the filing of the request for arbitration by the Union, elect to use the Expedited Arbitration Procedure hereinafter provided.

The election shall be in writing and, when signed by authorized representatives of the parties, shall be irrevocable if no such election is made within the specified time period, the arbitration procedure in section 27.01, paragraph (b) shall be followed.

b. As soon as possible after this Agreement becomes final and binding, a panel of ten (10) umpires shall be selected by the Joint Advisory Committee. Each umpire shall serve until the termination of this Agreement unless his or her services are terminated earlier by written notice from either party to the other. The umpire shall be notified of his or her termination by a joint letter from the parties.

The umpire shall conclude his or her services by settling any grievance previously heard. A successor umpire shall be selected by the Joint Advisory Committee. Umpires shall be assigned cases in rotating order designated by the parties. If an umpire is not available for a hearing within ten (10) working days after receiving an assignment, the case will be passed to the next umpire. If no one can hear the case within ten (10) working days, the case will be assigned to the umpire who can hear the case on the earliest date.

c. The procedure for expedited arbitration shall be as follows:

1. The parties shall notify the umpire in writing on the day of agreement or date of arbitration demand in a suspension case to settle a grievance by expedited arbitration. The umpire shall notify the parties in writing of the hearing date.

2. The parties may submit to the umpire prior to the hearing a written stipulation of all facts not in dispute.

3. The hearing shall be informal, without formal rules of evidence and without a transcript. However, the umpire shall satisfy himself or herself that the evidence submitted is of a type on which he or she can rely, that the hearing is in all respects a fair one, and that all facts necessary to a fair settlement and reasonably obtainable are brought before the
umpire.

4. Within five (5) working days after the hearing, each party may submit a brief written summary of the issues raised at the hearing and arguments supporting its position. The umpire shall give his or her settlement within five (5) working days after receiving the briefs. He or she shall provide the parties a brief written statement of the reasons supporting his or her settlement.

5. The umpire's settlement shall apply only to the instant grievance, which shall be settled thereby. It shall not constitute a precedent for other cases or grievances and may not be cited or used as a precedent in other arbitration matters between the parties.

6. The time limits in section (c) (1) and (4) may be extended by agreement of the parties or at the umpires request; in either case only in emergency situations, such extensions shall not circumvent the purpose of this expedited procedure.

7. In any grievance arbitrated under the provisions of this section, the Company shall under no circumstances be liable for back pay for more than six (6) months (plus any time that the processing of the grievance or arbitration was delayed at the specific request of the Company) after the date of the disciplinary action. Delays requested by the Union in which the Company concurs shall not be included in such additional time.

8. The umpire shall have no authority to add to, subtract from or modify any provisions of this Agreement.

9. The decision of the umpire will settle the grievance and the Company and the Union agree to abide by such decision. The compensation and expenses of the umpire and the general expenses of the arbitration shall be borne by the Company and the Union in equal parts. Each party shall bear the expense of its representatives and witnesses.

10. The time limit for requesting arbitration under this section shall be the same as set forth in Section 27.01, paragraph (b).
ARTICLE XXVIII

JOINT ADVISORY COMMITTEE/
PAYMENT FOR UNION/MANAGEMENT ACTIVITIES

Section 28.01  Joint Advisory Committee

A Joint Advisory Committee will be created consisting of three Union representatives from the CWA, and three Management Representatives from the Company.

The District 4 International Representative will appoint the CWA representatives and the vice president of operations or his/her designee will appoint the Company representatives.

It shall be the function of the Joint Advisory Committee to study and make recommendations to the parties hereto with respect to such matters as may be presented to the Joint Advisory Committee relating to this Agreement or to any of the company’s plans or practices affecting the educational, health, welfare and social status of the employees. In addition, as may be required, matters regarding technological change in the business of the Company, will be reviewed by the Joint Advisory Committee as provided.

Meetings of the Joint Advisory Committee on such matters may be called on a monthly basis.

Section 28.02  Payment for Joint Union/Management Activities

Union representatives who are involved in joint Union-Management business will be compensated for their reasonable time and expenses while participating in such activities by the Company. This includes Company wages and any associated travel time.

In addition, such Union representatives will be reimbursed for reasonable travel and board and lodging expenses which are directly related to their participation in these activities.
ARTICLE XXIX
UNION PAID TIME

Section 29.01  Union Stewards

a. Consistent with paragraph (d) below, the Company will recognize stewards in accordance with Union rules and regulations as the Union representatives of the employees in the respective groups for which they are chosen. The Union will notify the Company as to the identity of the Stewards.

b. The Company understands that the choice of and displacing of stewards is a function of the Union. The Union will notify the Company of any changes in stewards’ status.

c. The Company shall not discriminate against a steward or discipline a steward on account of actions taken by him in the performance of his Union duties.

d. The steward shall be a regular full-time working employee of the Company and a member of the Bargaining unit.

e. The Company agrees to grant Stewards or properly designated representatives of the Union, the necessary time off without pay to transact business of the Union, provided work schedules permit. The Union agrees that it will give the Company reasonable advance notice of such absences.

Section 29.02  Union Paid Time/Grievances

The Company agrees to permit representatives of the Union to meet and confer with management representatives in grievance meetings without loss of pay during regularly scheduled working hours. Additionally, there shall be no loss in pay for reasonable time spent traveling to and from grievance meetings.

Except as provided in section 29.01, (Union stewards), an authorized Union representative may take time off for Union activity during his or her scheduled working hours if excused in advance by non-bargaining unit Company management with at least 10 working days prior advance notice. Not more than six (6) employees shall be on leave of absence under the provisions of this Article at any one time. An unpaid leave of absence granted under this Article shall automatically terminate if at any time the employee on leave engages in any gainful occupation other than as a representative of the Union, or if the employee ceases to function as an authorized Union representative.

A Union representative upon return from an excused absence or leave of absence shall be reinstated in the same job or in a job generally similar to that in which the employee was engaged last prior to the absence, subject however, to the provisions of this Agreement relating to layoffs. The employee shall be placed on the payroll at the rate then in effect for this assignment and for the period of service which was credited for wage purposes at the start of the leave of absence. However, a drug test may be required. No physical or other examination shall be required as a requisite of reinstatement. Where the Company finds that an obvious physical or mental condition exists, it reserves the right to have such person examined to determine job placement or fitness for work.
ARTICLE XXX
NO STRIKE/NO LOCKOUT

Section 30.01

a. It is hereby agreed by the Union and the Company that the Union will not resort to strikes (which include stoppages or slowdowns of work) during the life of this Agreement. Accordingly, neither the Union nor the employees will instigate, promote, sponsor, engage in, honor support or condone any strike, sympathy strike, slow-down, sit-in, picketing, concerted work stoppage or any intentional interruption of work during the life of this Agreement.

b. This Article is not intended to prohibit employees from honoring a primary picket line established at their work location and authorized by another Union representing the Company employees, provided that the establishment or maintenance of said picket line is not a violation of any law, or of any contract to which said other Union is a party.
ARTICLE XXXI
WRAP-UP CLAUSE

The parties expressly declare and agree that they have bargained between them on all phases of hours, wages, rates of pay and other conditions of employment and that this agreement is the entire contract between the parties and represents their full and complete agreement without reservations or unexpressed understanding. During the term of this agreement no grievance will be considered valid for any cause not mentioned and set out in the Agreement, and that in the event of arbitration, no matter not considered in this agreement will become the subject of arbitration.
ARTICLE XXXII

COMMITTEE ON POLITICAL EDUCATION (C.O.P.E.)

A. The Company and the Union shall provide for a program and procedure (subject to payroll system capability) whereby eligible employees of the Company may make voluntary contributions through payroll deduction to the Committee on Political Education ("COPE"), a separately segregated political action committee sponsored by the Union.

B. Eligibility to participate in contributions to COPE through the payroll deduction program is restricted to those employees of the Company who are certified by the Union as eligible to participate under the Federal Election Campaign Act of 1971 and any applicable state laws.

Participation by any such employees shall be on a voluntary basis and employees shall be so informed by the person soliciting their participation on behalf of the Union. The Union shall be responsible for notifying the Company promptly when any such employee is no longer eligible to participate.

C. Representatives of the Union may solicit participation of employees who are Union members on Company premises, but such solicitation shall not occur during working hours nor in work areas. Any such solicitation shall be limited to small groups of employees and of short duration so as not to disrupt the workplace.

D. Employees wishing to participate must complete a payroll deduction authorization card available from a representative of the Union. The Company will provide the Union with a detailed layout of the authorization card suitable for reproduction. When completed by the employee, the authorization card will be forwarded by the Union to the payroll office appropriate for that employee. The Union will be responsible for satisfying its own requirements for records retention.

E. Employee deductions shall be in the minimum amount of fifty cents ($0.50), or ten cent ($0.10) increments thereof, per month. Deductions from employees pay shall be made each pay period.

F. The Company shall remit to the Treasurer of COPE, within the third calendar week following the initial deductions, and monthly thereafter the full amount of authorized deductions, and monthly thereafter the full amount of authorized deductions for the preceding month. In addition, the Company shall transmit to the Treasurer of COPE monthly a list of contributors through payroll deduction showing the contributor’s name and amount contributed.

G. Any employee’s payroll deduction shall cease upon the occurrence of any of the following:

1. Termination of a participating employee’s employment with the Company.
2. Retirement of a participating employee.
3. Transfer of a participating employee out of the bargaining unit.
4. Receipt in the payroll office of written notice to cancel contributions to COPE signed by the employee.
5. Leave of absence of a participating employee.

H. Except as otherwise provided herein, deductions shall continue for employees while receiving disability benefits, or while temporarily promoted to management.

I. Deductions shall not be made if the employee has insufficient earnings to contribute to COPE.

J. This Article is subjected to applicable laws and regulations and shall not be placed in effect where prohibited by any such law or regulation.
K. The Parties agree that the Company assumes no responsibility other than the collection of contributions pursuant to employee authorization of payroll deductions and forwarding of such amounts collected to COPE. The Union agrees to indemnify the Company and hold it harmless from all claims, damages, costs and expenses of any kind which may arise in connection with the program covered.

L. As provided for in the regulations of the Federal Elections commission, the costs for the administration of the payroll deduction system for COPE are the responsibility of the Union and will be handled as mutually agreed by the Company and the Union.

M. Any change in the aforementioned program shall be bargained for by both the Company and the Union.

Employment, Training Period and Probationary Period

A. The number of Facility Mechanic Trainees who may be employed shall be determined by agreement between the Union and the Company. The Company shall give advanced written notice to the Union of its intent to engage Facility Mechanic Trainees.

B. The Company will obtain the Union’s consent to each individual hired as a new Facility Mechanic Trainee and the Union agrees that its consent will not be unreasonably held. In the event of a lay-off or cut-back in the number of employees in the bargaining unit, Facility Mechanic Trainee(s) will be released first, after release of temporary employees.

C. The Engineer progression program is designed to train employees so that they qualify to become Engineers. Ordinarily, three (3) years training is required for qualification, but, in particular cases where the earlier full qualification of a facility engineer in progression is agreed to by the Union and the Company, a shorter training period may be deemed sufficient. Upon written request, the Company shall provide the Union with written verification of the progress and completion of such schooling.

D. Each Facility Mechanic Trainee shall be a probationary employee for the first three (3) months of his employment as a Facility Mechanic Trainee. During the probationary period, he may be discharged, laid off, or otherwise terminated without resort to the grievance procedure applicable to Facility Mechanic Trainees upon completion of the three (3) month probationary period. The Company will review the status of all probationary employees with the Union before taking any action.
EXHIBIT B

Effective January 1, 2008, the benefit plan will include a Flexible Spending Account (FSA). There are two types of Flexible Spending Accounts: Employee Health Care and Child/Elder Care. Contributions to these accounts will be determined by the employee and paid by the employee.

Effective January 1, 2009 the benefit plan premiums for medical and dental will increase $10.00 per month for employee only coverage, $15.00 per month for employee plus one dependent coverage and $20 per month for employee plus more than one dependent (family) coverage. There will be an increase of the same amount thereafter on January 1 each year of this contract.

EXHIBIT C

EMPLOYEE INVOLVEMENT PROGRAM

Recognizing the desirability to improve the work life of employees and enhance the effectiveness of the organization, the Company and the Union pledge their commitment to support the goal of employee involvement in the operations of the business. They agree that organizational and technological innovations are necessary and desirable, that every individual has the ability to contribute to the objectives of the organization and that work should satisfy personal needs for self respect and fulfillment as well as the service and financial objectives of the Company. The Company and the Union also agree that activities initiated and sponsored jointly by them are beneficial to all employees. Accordingly, they agree to establish and support an employee involvement program.

The Program’s goal will be to make jobs individually satisfying and to maximize organizational performance and quality service to our customers. It will endorse and encourage greater participation in the decisions which set the conditions of the environment.

The Company and the Union will establish workplace committees who will meet as needed to work on various workplace issues.

To show mutual cooperation and support of the employee involvement programs the Company and the Union agree that:

All employees can contribute to the objectives of the organization. All employees are trusted, responsible adults and valued assets, capable of serving the Company and customers effectively when given clear standards and goals, as well as appropriate training, tools and resources to do the job.

Organizational and technological innovations which help meet customer demands are necessary and desirable.

Customer satisfaction requires putting the needs of customers first when considering changes, making decisions, and identifying and solving business problems.

Exceeding customer expectations and winning their loyalty requires a work philosophy which emphasizes four phases of behavior: planning what you do, doing it, checking what you did; and acting to prevent errors or to improve the process.

The Company and the Union agree to establish a joint Employee Involvement Oversight Committee to provide direction and assistance to employees and to act as a resource for employee teams.

The Company and the Union also agree that employee teams will not discuss contractual or safety issues.
LETTER OF AGREEMENT

UNION REPRESENTATION

This will confirm our prior understanding, in which it was agreed with respect to employees in the bargaining units Covered by Exhibit A (WAGES), recognized as being represented by the Union, that the supervisors of newly-hired employees assigned to a represented bargaining unit will provide the appropriate Local Union the opportunity to meet with those employees for the purpose of furnishing them with information about the Union. This agreement will continue in effect for the duration of the current Collective Bargaining Agreement.
LETTER OF AGREEMENT

JURISDICTIONS

Where the Company establishes work groups that overlap more than one Union jurisdiction, the Company and the Unions agree to the following:

a. Unless otherwise mutually agreed to employees will be assigned properties within their own Union and local jurisdiction

b. Lead Engineers will be assigned within their own Union jurisdiction.
LETTER OF UNDERSTANDING

DRIVER’S FLEET POLICY

Employees will follow the policies and procedures outlined in the current Johnson Controls Group Driver’s Fleet Policies and Procedures Manual, subject to the attached letter of understanding. In all cases company vehicles is defined as vehicles furnished either by Johnson Controls or AT&T.

Confirming our earlier discussion on the matter, Johnson Controls will continue to work through the Joint Advisory Committee to implement and administer the above policy. It is not our intent to use this policy as a tool to discipline or terminate employees covered under the bargaining agreement. Any job actions contemplated in this regard will be discussed with the union in advance and attempts made to review other alternatives.

Company vehicles may be equipped with a Global Positioning System (GPS) devices. Although this is a tool primarily for safety, it will be used for surveillance purposes. Upon ratification of this Agreement, no discipline will be taken against any bargaining unit member for any GPS-tracked infractions for a period of six months. After that dial-in period, no GPS data will be used as the sole source of discipline against any bargaining unit member, it will only be used to confirm or deny other corroborating evidence.

If any discipline is ultimately taken, it will be subject to review beginning at Step 3 of the Grievance Procedures.
MEMORANDUM OF AGREEMENT
FOUR DAY TOUR

The Union and Company recognize that in certain work groups it may be beneficial to the employees and in the best interest of the business to establish a four-day schedule as a normal tour. Accordingly, in a work group where local management and the local union agree, the number of hours which presently constitute a normal five day tour will be scheduled in equal amounts over four days.

The work groups selected for such four-day tours will be solely at the discretion of the Company. The local management and the local union will discuss the process by which the number of employees who volunteer will be assigned their shifts and tours. It is further agreed that if the needs of the business require the Company to discontinue the four-day tour, the Company will notify the Union in advance.

Four-day tours will be scheduled in advance as full tours. No daily overtime payments shall be made for any of the scheduled hours worked which constitute the normal four-day tour.

Subject to the above, and before implementing a four-day schedule in any work group, the local management and the local union will establish the parameters and implementation procedures for such four-day tours. Unless otherwise agreed, the following will apply:

1. Weeks in which holidays fall will revert to a normal five-day tour.

2. Employees scheduled for a week of vacation will have their tours revert to the normal five-day tour.

3. Employees pre-scheduled for Excused Work Days, Day-At-A-Time Vacation, Floating Holiday(s), or jury duty will revert their tours to the normal five-day tour. Non-scheduled Floating Holidays, Excused Work Day, Illness Time, or Day-At-A-Time Vacation within a week in which the employee’s tour is four ten hour days will be treated at ten hour days. Employees may take no more than four ten hour unscheduled day (i.e. forty hours) on a day-at-a time basis per calendar year. These unscheduled days include Floating Holidays, Excused Work Days, Vacation Days, or Illness Time.

If an employee is held over at the end of their shift, or is called in for an emergency, and they work twelve (13) or more consecutive hours, they shall receive a $15.00 meal allowance reimbursement.

ARTICLE XII (h) shall not apply to the four-day tour.

This Memorandum of Agreement will remain in effect through the term of 2007 Collective Bargaining Agreement between the Parties.

We have reached the following agreement for Home Garaging:

1. During the term of this Agreement, the Company shall not discontinue home garaging for employees who participate in the on-call program or regularly accept call outs.
