AGREEMENT BETWEEN
BOARD OF EDUCATION OF THE CITY OF

FLINT

AND

UNITED TEACHERS OF FLINT, INC.

THIS AGREEMENT entered into this 18th day of September, 2002 by and between the **BOARD OF EDUCATION OF THE SCHOOL DISTRICT OF THE CITY OF FLINT**, hereinafter called the "Board," and the **UNITED TEACHERS OF FLINT, INC., A MICHIGAN NON-PROFIT CORPORATION**, hereinafter called the "UTF,"

WITNESSETH:

WHEREAS, the Board and the UTF recognize and declare that providing a quality education for the students of the School District of the City of Flint is their mutual aim, and

WHEREAS, the parties have a mutual obligation, pursuant to Act 379 of the Michigan Public Acts of 1965, as amended from time to time, to bargain in good faith with respect to hours, wages, terms, and conditions of employment of Board Personnel being fully described in Article 1 hereof, and

WHEREAS, the parties, following extended and deliberate negotiations, have reached certain understandings which they desire to memorialize,

IN CONSIDERATION of the following mutual covenants, it is hereby agreed as follows:

ARTICLE 1

Recognition

- A. The Board hereby recognizes the UTF as the exclusive bargaining representative for regular employees of the Board, EXCLUDING those employees listed in Appendix A to this Agreement. Adult education teachers were accreted to the UTF bargaining unit on December 17, 1985, pursuant to authority vested in the Michigan Employment Relations Commission, Case No. R85 F-166. Head Start teachers were accreted to the UTF bargaining unit on June 4, 1986, pursuant to the authority vested in the Michigan Employment Relations Commission, Case No. R86 C-125. Guest teachers were accreted to the UTF bargaining unit on June 14, 1988, pursuant to the authority vested in the Michigan Employment Relations Commission, Case No. R86 L-372. (See Article 28)

- B. Definitions

1. The term "teacher," when used hereinafter in this Agreement, shall refer to all employees represented by the UTF in the bargaining unit as above defined, unless otherwise indicated.
2. The terms "Board" and "UTF" shall include authorized officers, representatives, and agents. Despite reference herein to "Board" and "UTF" as such, each reserves the right to act hereunder by committee, individual member, or designated representative.
3. References to male teachers shall include female teachers.

ARTICLE 2

Teacher, UTF Rights

- A. The teachers and the UTF, as the exclusive bargaining representative of the teachers, shall have and enjoy all of the rights and privileges granted to them by Act 379 of the Michigan Public Acts of 1965, as amended from time to time, and by other applicable Michigan statutes now or hereafter enacted, except as expressly limited by terms of the Agreement.
- B. The UTF and its representatives shall have the right to use Board of Education buildings at hours when the buildings are open and not previously scheduled for other use, and the use shall be without charge if used for business meetings. Use for other than business meetings shall be in accordance with rental rules applicable to restricted membership organizations. No teacher shall be prevented from wearing insignia, pins, or other identification of membership in the UTF, either on or off school premises as long as the insignia or identification does not disrupt the climate of the instructional process. Members specifically authorized by the UTF shall be given access to the teachers' mailboxes for distribution of informational materials, and the UTF and its members shall be permitted use of a bulletin board in each building designated for teachers' information, which shall be located to the extent possible in areas not frequented by students, provided that all such information and material is identified with the organization's or the author's name, and further provided that one copy is always given to each building administrator. Twenty-five copies of each district-wide UTF newsletter or flyer will be sent to the Office of Human Resources/Labor Relations.
- C.
 1. In each school year during the term of this contract, sixty (60) days shall be provided to the UTF elected officers or committee chairpersons for the purposes of attending local, state, or national meetings. Said days shall not be used in adversary legal proceedings against the Board, such as arbitration, court suits, or similar proceedings. There shall be no deduction from salaries, provided that the UTF shall pay for the cost of any necessary guest teachers. The UTF may purchase an unlimited number of additional days for the aforesaid purposes, provided the UTF pays for the cost of teacher salaries. No release time shall be granted unless the UTF notifies the Office of Human Resources/Labor Relations in writing three (3) days in advance of the proposed absence.

2. The Board agrees that one teacher designated by the United Teachers of Flint will, upon request, be granted a leave of absence for not less than one (1) semester without pay and fringe benefits for the purpose of serving in an official office of the United Teachers of Flint. Upon return from such leave, the teacher will be considered as if he/she were actively employed by the Board during the leave for the purpose of placement on the salary schedule.
- D. The Board agrees to furnish to the UTF in response to requests from time to time all available information concerning the financial resources of this district, adopted budgets, and such other information as it may reasonably require, together with such information as may be necessary for the UTF to process any grievance. Nothing contained in the above shall be construed to require that the Board provide any information not already available to it or to provide such information in any form other than that in which it would normally be provided to the Board.
- Whenever the Board has reached a tentative conclusion to request additional millage from the community, it will give notice to the UTF of that fact prior to the reaching of a final decision with respect thereto and will give the UTF the opportunity to meet with either the Financial Committee of the Board or such other representatives as the Board may select to discuss the Board's contemplated request for any millage increase and its expected allocation thereof.
- E. Duly authorized representatives of the UTF shall be permitted to transact official UTF business on school property provided that this shall not interfere with or disrupt normal school operations. Authorized representatives of the UTF other than assigned building staff shall check in at the office upon entry into the building.

ARTICLE 3

Board Rights

The Board hereby retains and reserves unto itself, without limitation, except as expressly limited by the terms of this Agreement, all the powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Michigan and of the United States. Illustrative of these rights, but not intended to convey additional rights not previously enjoyed by the Board under the predecessor agreement, or before adult education teacher amendments to the 1985-88 Master Teacher Contract in the instance of the operation of the adult education program, or before Head Start teacher amendments to the 1985-88 Master Teacher Contract in the instance of the operation of the Head Start program, are the following:

- A. To exercise the executive management and administrative control of the school system and its properties and facilities, and the professional activities of its employees;

- B. To hire all employees and, subject to the provisions of this contract and of the law, to determine their qualifications; and the condition of their continued employment, or their dismissal or demotion; and to promote and transfer all such employees;
- C. To establish grade levels, and courses of instruction, including special programs, and to provide for athletic, recreational, and social events for students;
- D. To decide upon the means and methods of instruction, the selection of textbooks and other teaching materials, and the use of teaching aids;
- E. To carry on an evaluation of program and to evaluate the effectiveness of individual teacher performance;
- F. To initiate and carry out the means of obtaining financial support for the school district.

ARTICLE 4

Membership, Fees and Payroll Deductions

- A. All teachers, except teachers born before November 1, 1914, shall, as a condition of continued employment by the Board:
 - 1. Maintain membership in the UTF, or
 - 2. Pay a representation fee equivalent to the amount of dues uniformly required of members of the UTF (which dues shall include the dues of the MEA and NEA), less any amounts not permitted by law.

The UTF will certify at least annually, or in the instance of adult education teachers, as often as required by the Business Office but not more often than monthly, to the Board the amount of said dues and the amount of the representation fees to be deducted by the Board, and that said representation fees include only those amounts permitted by law.

- B. Any teacher now employed by the Board who is not a member of the UTF and any teacher hereafter employed by the Board (except those teachers who were born before November 1, 1914) within thirty (30) days from the date of execution of this Agreement, or within thirty (30) days from the date of employment, or within thirty (30) days after the indemnity hereinafter mentioned is received and approved by the Board, whichever date is later in point of time, shall make application for membership in the UTF (which shall include membership in the MEA and NEA) or pay a representation fee equivalent to the amount of dues uniformly required of members of the UTF (which dues shall include the dues of the MEA

and the NEA), less any amounts not permitted by law, if membership is not desired. The Board also agrees to deduct MFT/AFT dues when requested by the member.

- C. Any teacher may sign and deliver to the UTF an assignment authorizing the deduction of said dues or representation fee, as the case may be. All such assignments shall remain in effect from year to year unless employment by the Board is discontinued or until revoked in writing between August 1 and September 14 of any subsequent year. (See Appendix V, Leaves of Absence, No. 7.)
- D. Upon presentation of the assignment by the UTF to the business office of the Board, deduction shall be made for dues, representation fees, or voluntary contributions in twenty (20) equal installments beginning in September and continuing through June except that,
1. Deductions for teachers employed after the opening of school shall be computed according to the following formula: Total fee divided by twenty (20) multiplied by twice the number of months remaining in the school year after date of employment.
 2. The sums computed under Paragraph 1 of this Subparagraph D shall be deducted in equal installments beginning the first full month following employment.
 3. Any dues or fees erroneously deducted by the Board and transmitted to the UTF or the Michigan Education Association shall be refunded to the Board or the teacher upon demand.
 4. If a teacher, after all other authorized or mandatory deductions or garnishments, shall not have sufficient funds due to him to provide for the payment of said dues or representation fees, no sums shall be deducted, and the UTF shall assume the duty of direct collection from the teacher. The UTF shall assume the same responsibility in all cases where no deductions have been made because a teacher's earnings are insufficient during any pay period to pay such dues or representation fees.
- E. In the event that a teacher fails to pay the membership dues or representation fees, the Board shall, as of the end of the semester in which said failure occurs, deduct the specified representation fees from the bargaining unit member's salary and remit the same to the UTF. The parties expressly recognize that the failure of any teacher to comply with the provisions of this Article shall, upon notice from the UTF, constitute reasonable and just cause for payroll deduction of representation fees.
1. The procedure in all cases of payroll deduction of representation fees for violation of this Article shall be as follows:
 - a. The UTF shall notify the teacher of non-compliance by certified mail, return receipt requested. Said notice shall detail the non-compliance and shall provide ten (10) days for compliance, and shall further advise the recipient
- that a request for payroll deduction of representation fees will be filed with the Board in the event compliance is not effected.

- b. If the teacher fails to comply, the UTF shall file charges in writing, with the Board, and shall request payroll deduction of representation fees. Payroll deduction of representation fees shall be in one lump sum. A copy of the notice of non-compliance and proof of service thereof shall be attached to said notice.
- F. The Board of Education shall furnish the UTF with the name and address of any newly hired teacher whose position is included in the bargaining unit within two (2) weeks, and within four (4) weeks in the instance of adult education teachers, from the date of employment. The UTF, upon request, shall from time to time promptly deliver to the Board an alphabetical list of all members of the UTF in good standing. The Office of Human Resources/Labor Relations shall provide each newly hired teacher a copy of the Master Teacher Contract.
- G. The UTF shall furnish the Board a directive as to the proper allocation of the dues and representation fees. With respect to all sums deducted by the Board, whether for membership dues or representation fees, the Board agrees, within fifteen (15) days after the end of the month in which deductions are made, to remit said deductions to the UTF, accompanied by the alphabetical list of teachers for whom such deductions have been made.
- H. This Article shall not become operative until the UTF and the Michigan Education Association execute and deliver to the Board an agreement under which the UTF and the Michigan Education Association jointly and severally agree to save the Board harmless from and indemnify the Board against any and all claims, demands, losses, costs and expenses of whatsoever kind and nature (including reasonable attorneys' fees) arising out of or incurred directly or indirectly because of the application, implementation, and enforcement of Paragraph D(3) and Paragraph E of this Article, and the defense of actions taken against the Board before any court or administrative agency.
- I. Should payroll deduction of representation fees as provided in Section E be found contrary to law by an administrative tribunal or court of competent jurisdiction, Section E from the 1977-79 Flint Master Teacher Contract shall be deemed in effect and the parties shall meet to discuss its implementation.

ARTICLE 5

Academic Freedom

- A. The parties seek to educate young people in the democratic tradition, to foster recognition of individual freedom and social responsibility, to inspire meaningful awareness of the respect for the Constitution and the Bill of Rights, and to instill appreciation of the values of individual personality. It is recognized that these democratic values can best be transmitted

in an open atmosphere, which is free from artificial restraints upon free inquiry and learning, and in which academic freedom for teacher and student is encouraged. Teachers recognize, however, that academic freedom must be balanced against their first duty which is to teach accepted and adopted curriculum and courses of study. Therefore, teachers will exercise responsibly their academic freedom within the scope of the courses of study to which they are assigned, giving due consideration to the maturity levels of their students.

- B. Outside of the classroom the teacher shall be secure in his/her freedom in professional, political, and other relationships. Thus, the teacher has the right to form, join, lead, and take a role in legal organizations so long as his/her activities shall not impair his/her effectiveness as a teacher or disrupt the educational process.

ARTICLE 6

Human Relations

- A. The Board and UTF are mutually committed to the human rights and dignities of all individuals employed by the Board, and agree that provisions of this Agreement shall be applied in a manner that does not violate the civil rights of employees under state and federal law, and without regard to membership in or association with the activities of any employee organization. Nothing herein shall be construed as preventing the Board from establishing a mandatory retirement age. No teacher shall be required to hold membership in any organization or to contribute directly or indirectly to any political party or any other organization or any agent or individual as a condition of employment or continuation of employment. A teacher shall not be prejudiced in his/her employment because he/she has joined or failed to join any lodge, religious group, employees' association, union, or other lawful organization; provided that nothing in this paragraph shall be construed to alter or modify the provisions of Article 4.
- B. The Board shall make all reasonable efforts to recruit and employ individuals from underrepresented groups. The Board shall regularly communicate with institutions training individuals from underrepresented groups for the teaching profession. The parties recognize that teachers employed by the Board are an integral part of the Board's recruiting trips when practicable. Teachers participating in recruiting shall be selected by the Executive Director of Human Resources/Labor Relations. Recommendations of potential candidates for teaching positions with the Board by the UTF, MEA, NEA, MFT, AFT, Community Leaders, and Community Organizations are desired and will be given consideration by the Board.

ARTICLE 7

Human Relations Inservice Day and Council

A. K-12 Human Relations Inservice Day and Council

1. There shall be one (1) inservice day per year specifically designated for Human Relations Inservice. This day shall be held in the month of March.

Attendance at all Inservice days shall be mandatory. The Professional Development Chairpersons shall select, from among themselves, a Human Relations Day council of two (2) persons from K-3, 4-6, 7-8 and 9-12. They, along with two (2) representatives from the UTF and two (2) representatives from the Office of Human Resources/Labor Relations, or their designees, of the Flint Community Schools shall design a format for Human Relations Day.

Full participation of those chosen to serve on the Human Relations Day Council is expected. Failure to attend a majority of the Council's planning sessions will disqualify the Professional Development Chairperson from serving in that capacity during the following school year.

The Human Relations Day Inservice Council will begin meeting in October of each school year to plan the spring Human Relations Inservice Day. The Council will be co-chaired by a representative of the Office of Human Resources and a UTF Representative as appointed by the UTF President.

- B. In developing a format for Human Relations Inservice, consideration shall be given to the sharing of cultural, racial, religious, sexual, and socio-economic differences. Teachers shall be made aware of the elements, which separate one man from his fellow man and learn how to overcome those barriers. They will be helped in their efforts to develop understandings and skills essential to relations between persons of diverse races, religions, national origins, sexes, and socio-economic status.

The Human Relations Day council will, within the parameters set forth above, determine and the theme of the District's Human Relations Day activities and shall provide a list of suggested activities to the buildings no later than December 31st of each school year. Buildings, using their Shared Decision-Making process, will determine the building Human Relations Day activities and will forward a report to the HR Day Council for the purpose of data collection and review. The goal of the Board and the UTF is to have the theme in place so that buildings can include Human Relations Day activities in their school improvement plan.

To this end Human Relations Inservice days shall be devoted to:

1. Positive staff expectations of students;
2. Staff expectations of themselves and of other staff members;

3. Staff behaviors and attitudes toward each other, parents and students; a better understanding and acceptance of others' roles and points of view. One of the goals of Human Relations Inservice Education is to aid educators in their efforts to teach children the understanding, attitudes, and skills essential to good relations among people of diverse cultural, racial, religious, and socio-economic backgrounds;
 4. Improving self-concept, self-image;
 5. Exposing and providing methods to eliminate stereotypical ideas;
 6. Values clarification;
 7. Increasing understanding of cultural differences;
 8. Increasing intra-staff cohesiveness; and
 9. Increasing understanding of the exceptional child.
- C. Adult education teachers teaching half time (see Appendix AA) or more shall be provided a six hour block of time on the March Human Relations Day for professional development activities.

- B. In any negotiations described in this Agreement, neither party shall have any control over the selection of the bargaining representatives of the other party, and each party may select its representatives from within or without the school district. - C. At the first official meeting of the respective bargaining teams the parties shall mutually establish negotiation ground rules which shall specifically describe the agreed upon process for the negotiation of a successor agreement to the Master Teacher Contract.
- D. Once a tentative agreement is reached, both bargaining teams agree to present and strongly recommend to their respective governing bodies acceptance of the tentative Agreement.
- E. This Agreement incorporates the entire understanding of the parties on all issues which were or could have been subject to negotiation. The above provision applies only to K-12 teachers. The following paragraph applies only to adult education teachers.

Adult education teachers who are eligible for placement on the BA or MA schedules and who have the proper paperwork on file in the Office of Human Resources/Labor Relations shall receive credit for such degree placement irrespective of the year in which the degree was conferred. D. Training increments shall be paid those teachers receiving a minimum of 50 percent of the training increment credit beyond the B.A. and the M.A. degrees in an area of teaching certification. As to persons hired after the date of September 15, 1973, four (4) semester hours of the 50 percent referred to in (D)(1) below shall be devoted to courses dealing with minority history or culture, except that:

1. Additional graduate credit up to 50 percent of the 50 percent minimum noted above may be in the area of Human Relations, including the four (4) semester hours mentioned above.
2. Graduate credit leading to a planned degree program as attested by written documentation by the teacher's university will satisfy the requirement for the training increment.

E. New teachers employed in Flint commencing with the 1975-76 school year shall satisfactorily complete prior to the end of their second year of employment one (1) two-semester-hour course in general reading and one (1) two-semester-hour course in diagnostic reading. Teachers with a reading degree or a reading endorsement, or who have completed said courses or the same course at an undergraduate level previous to their employment in Flint, shall be considered as having fulfilled the requirements of this section. F. New teachers employed by the Board commencing with the 1982-83 school year shall satisfactorily complete, prior to the end of the second year (August 31) of employment, eight (8) semester hours, four (4) of which may be inservice credit hours, in the following areas:

Inservice credit courses will be developed by the Department of Instructional Services in conjunction with the Department of Professional Development. Such courses may be offered, provided sufficient teachers enroll on a tuition basis, to meet program costs. The Board will consult with the UTF in the development of the inservice credit courses.

Up to four (4) inservice credit hours shall count for advancement on the BA + 15, MA + 15, and MA + 30 salary tracks. Teachers with the required number of semester hours at the undergraduate and/or graduate level in each of the above areas (math and minority history or culture) previous to their employment in Flint shall be considered as having fulfilled the requirements of this section.

Failure to meet the aforementioned requirements may be considered a proper subject to be included in the teacher's annual evaluation.

The above requirements shall supersede the human relations and reading course requirements of Sections D, and E above for new teachers commencing employment with the Board for the 1989-90 school year.

The requirements above shall apply to K-12 teachers and to adult education teachers teaching half time or more and hired after ratification of the amendments to the Master Teacher Contract covering adult education teachers.

- I. The District and the Union agree that meaningful professional growth is a vital component of supporting employees as they strive to increase the academic achievement of each student. Accordingly, a Joint Professional Growth Committee, composed of eight (8) representatives (four District representatives appointed by the Superintendent and four Union representatives appointed by the President of the United Teachers of Flint), will be responsible for the planning and implementation of the Fall Professional Development Conference to be held at the beginning of each school year. During October of each year, except 2000, the Committee will conduct a survey of bargaining unit members and determine the topics to be covered during the Fall Professional Development Conference. Each year the sessions will be related to the district goals and systemic reform.

ARTICLE 12

K-12 Teaching Days and Hours

Non-Contact Days	10	10	10

The calendar for each year for adult education teachers appears in the Appendices.

The contract year for Head Start teachers shall be the same as for K-12 teachers, unless a reduction in program funding requires that a reduced number of teacher duty days be scheduled. Should a reduction in program funding occur during the school year, any

reduction in teacher duty days shall become effective at the beginning of the following school year.

- B. Nothing herein contained shall be construed to prohibit the Board from offering an extended contract to any individual K-12 teacher; such additional time to be paid at the per diem rate of the teacher's annual salary for that year; provided, that no individual teacher shall be required to accept an extended contract; provided, further, that the foregoing shall not prohibit the continuation and renewal of existing contracts for an extended school year; provided, further, that the Board shall have the right after negotiation with the UTF to require extended contracts for a special group of teachers at the rate set forth above.

- C. All K-12 teachers shall work a uniform workday of 6 hours and 57 minutes per day. The 15-minute mid-morning and mid-afternoon recess time, which is elementary teacher-supervised, will be regarded as contact time.

It is the expectation of both the Board and UTF that teachers will facilitate the orderly entrance and exit of students to and from the school building, prior to and following the instructional day. Adequate time for teacher record keeping will be reflected in building schedules.

- D. The starting and dismissal times may be changed for an entire school so long as such change does not increase the number of hours during which the teachers are required to be present. The time schedules may be changed for any segment of any school to accommodate pilot programs approved by the Board so long as such changes do not increase the number of hours during which the teachers are required to be present.
- E. All K-12 teachers in the middle and senior high schools shall have a duty-free lunch period equal in length to the student lunch period at the same time. Teachers in the elementary schools shall not have lunch supervision except where the lunch period is considered part of the instructional program.

- H. Adult education teachers shall be provided, prior to the beginning date of classes in the fall, and for teachers new to the program in the winter term, a three-hour orientation session. Employee attendance at the orientation session shall be considered mandatory. Employees excused from the orientation session for good cause shall not be paid for the session. The rate of pay for attendance at orientation sessions is set forth in Appendix B-3. Orientation pay shall have no application to such matters as seniority accrual; full, half time, or less than

half-time employment status; and the determination of appropriate pay. There will be two (2) professional development half-semester for Mott Adult High School. Mott Adult High School teachers shall have the option of attending the morning or evening orientation session as scheduled.

- I. The length of school day for Head Start teachers shall be the same as that for elementary teachers.

The daily schedule for Head Start teachers may need to be adjusted to bring it into alignment with that of elementary teachers. If this is needed, the UTF and Board shall attempt to work out such an adjustment consistent with program requirements and instructional needs.

- J. Head Start teachers shall have a teaching schedule, which provides four (4) days of student contact per week, except during weeks when home visits are scheduled. The fifth day per week shall be utilized for such activities as professional development, snack shopping, incidental home visits, lesson planning, and completion and submission of weekly and/or monthly reports.

- K. Head Start teachers shall have a sixty (60) minute duty-free lunch period, except when required to guest teach.

Sections A, B, G, J and K of Article 12 apply to Head Start teachers.

Sections C, D, E, H, and I of Article 12 do not apply to Head Start teachers.

ARTICLE 13

K-12 Teaching Loads

- A. All 7th and 8th grade teachers: The weekly teaching load will be twenty-five (25) teaching periods, excluding the advisor-advisee period, of no more than fifty-five (55) minutes, five (5) unassigned preparation periods, and a homeroom period of no more than fifteen (15) minutes which may be a separate period or an extension of a class period.

Individual school buildings may desire to participate in a pilot program eliminating the homeroom and redistributing the time to each instructional period of the day. No teacher will have more than three (3) separate preparations except where more are necessary to complete the schedule for that teacher or to fully implement the curriculum of the school or at the teacher's request.

Assignment to homeroom periods shall be equitably rotated on a semester basis among teachers except that department chairpersons shall not be required to take a homeroom period unless there is insufficient staff to cover all homeroom assignments in the building, in which case department chairpersons will be assigned on an equitable basis. In lieu of a homeroom assignment, a teacher may be assigned to supervision of the corridors or other appropriate responsibility during the homeroom period.

Middle school team teacher(s) shall utilize (as determined by the teams) that portion of their five (5) weekly unassigned preparation periods necessary to accomplish those team responsibilities set forth in Appendix Y. That portion of the five (5) weekly unassigned preparation periods not used for team planning responsibilities shall be used for customary planning activities.

Middle school team teachers shall be provided, on a pilot basis for the duration of this Agreement, two days per academic year, to be taken in not less than full day increments, during which they shall be released from teaching students. Team teachers shall engage in those middle school teaming responsibilities set forth in Appendix Y during such time.

The two-day allotment referred to above shall be scheduled by the building principal, after consultation with the team teachers, and as coordinated and approved by the Superintendent or designee.

In addition, middle school team teachers may apply for planning time beyond the two days per academic year for special instructional projects. Such additional planning time must be recommended by the principal and approved by the Superintendent or designee.

Advisor-Advisee (A-A) Implementation: Each building shall choose between Plans A and B as set forth below. The decision shall be made before school is out in June and must be an agreement between the building principal and the majority of the teaching staff. If no agreement is reached between the teachers and the principal, the principal shall determine which plan to implement.

Plan A:

1. Team teachers and special education teachers shall deliver A-A services. Special education teachers shall be attached to teams.
2. The A-A period length shall be recommended by the team to the principal for approval, but shall be a minimum of 30 minutes per week.

Building principal shall select a teacher in each of the four teaming subject areas (math, science, English, and social studies) to serve as a liaison between the respective middle school and the designated subject area coordinator. The teacher

liaison will provide a primary communication link between the team subject area teachers, the building principal, and the designated subject area coordinator. Subject area liaison teachers will be paid per meeting (see Appendix C) for meetings required by the subject area coordinator, provided such meetings occur after normal duty hours.

3. Decisions relative to the day of the week and time of the day for A-A shall be determined by each team with the approval of the building principal.

Plan B:

1. All team teachers, exploratory teachers, and special education teachers shall deliver A-A services.
2. One day each week the building schedule shall be restructured so that A-A can be provided as an extension of the homeroom. The A-A period length shall be no less than 28 minutes per week. The remaining periods of the day shall be proportionately shortened with the exception of the lunch hour block (4th period).

There shall be established during the term of the contract a Middle School A-A Committee composed of four (4) representatives each from the Board and the UTF. This Committee will be empowered to provide continual support for advisors, work on issues relative to advisor-advisee ratios, and scheduling.

This Joint A-A Committee will facilitate:

1. Updating and preparation of A-A resource materials and activities.
2. Six (6) hours of inservice training per year for the middle school staffs will be provided. Three (3) of the six (6) hours will be released time for inservicing staff within the buildings. The other three (3) hours will be used for district-wide inservice.
3. The initiation and preparation of a formal curriculum "pilot" as an option for the school year.

Each middle school team shall have a team leader. The pay and responsibilities of team leaders are set forth in Appendix C and Appendix Y. Department chairpersons may continue to exist in the middle schools in non-teaming subject areas where two or more teachers are assigned.

Any middle school teacher assigned to teach math will have earned, or shall be required to earn, eight (8) semester hours of mathematics or mathematics education within three (3) years of their math assignment, except that not less than two (2) semester hours of credit

must be taken in the first year of the math assignment, and two (2) semester hours of credit must be taken in the second year of the math assignment. Such assignments shall be made for instructional reasons only and shall not be made within a disciplinary context.

- B. The weekly teaching load in the senior high school will be twenty-five (25) teaching periods of no more than fifty-five (55) minutes, five (5) duty-free preparation periods and a daily homeroom assignment of fifteen (15) minutes. As the non-instructional and administrative duties are met, the homeroom period will be discontinued and the time previously allocated to the homeroom will be distributed to each instructional period of the day. It is further recognized that there will be an occasional need for the homeroom period and that such needs shall be determined by the building principal, or his/her designee. No teacher will have more than three (3) separate preparations except where more are necessary to complete the schedule for that teacher or to fully implement the curriculum of the school or at the teacher's request.

Assignment to homeroom periods shall be equitably rotated on a semester basis among teachers, except that Department Chairpersons shall not be required to take a homeroom period unless there is insufficient staff to cover all homeroom assignments in the building, in which case Department Chairpersons will be assigned on an equitable basis. In lieu of a homeroom assignment, a teacher may be assigned to supervision of the corridors or other appropriate responsibility during the homeroom period.

- C. The weekly teaching load in the elementary schools will be thirty (30) hours of student instruction. In addition, each elementary teacher will have five (5) unassigned preparation periods totaling 225 minutes per week.
- D. In cases where special teachers of art, music, and science are utilized, the regularly assigned teacher shall not be required to remain in his/her classroom when a special teacher is in charge. Classroom teachers will be required to remain in the classroom when students are receiving instruction from special teachers for programs beginning subsequent to the fall of 1981.
- E. Teacher participation in extracurricular activities for which no additional compensation is paid shall be strictly voluntary. At the same time, the teachers recognize that their responsibilities to their students and their profession require the performance of duties that involve the expenditure of time beyond that of the normal working day. Each teacher will accept not more than two (2) assignments per semester to participate in extra professional evening meetings (e.g., PTA affairs, parent visitations). The principal shall assign such duties on as equal a basis as possible, provided that:
1. Principals shall post an evening activities sheet at the beginning of each semester. Teachers will sign up for two (2).
 2. Teachers shall be relieved of any such assignment for good cause.
- F. Regular monthly faculty meetings shall be scheduled at the beginning of the year, provided that any such meetings shall be canceled if unnecessary. Faculty meetings shall be as brief

as possible. When held in the afternoon, such meetings shall be commenced immediately after dismissal time and shall be scheduled for no longer than one (1) hour but may be extended to one (1) hour and twenty (20) minutes from scheduled starting time when necessary. Senior high school faculty shall be scheduled for no longer than one (1) hour but may be extended to one (1) hour and twenty (20) minutes from scheduled starting time when necessary. Staff meetings, other than the scheduled one per month needed to be held shall go to the shared decision making body to approve and to formulate the agenda and meeting date and/or time. This of course does not preclude the right of the Principal to call emergency meetings.

- G. Travel time of homebound teachers and co-op teachers shall be considered as part of such teachers' teaching time, except that in the instance of co-op teachers, such time shall be included as part of the teachers' coordination time.

Teachers other than those stipulated above who are assigned to more than one building may consult with their respective building principals in an attempt to adjust their schedule in accord with the stipulations of Paragraph A.

- H. Case loads for K-12 counselors shall be limited to a 1 to 350 ratio. For the purpose of computing such ratios, administrative personnel, nurse counselors, police counselors, special education, and experimental programmers shall not be included as counselors. K-12 counselors shall not be permitted to act as department chairpersons.
- I. No teachers shall be assigned, except for good cause, and in that event for no longer than one year, outside the scope of their teaching certificate or their major or minor field of study. Exceptions may be made with the teacher's consent.
- J. K-12 teachers who will be affected by a change in grade assignments in the elementary school grades and by changes in subject assignments in the secondary school grades will be notified and consulted by their principals or the Office of Human Resources/Labor Relations prior to December 1st, and prior to June 1st, provided that notice may come after such dates when circumstances arising thereafter necessitate further changes in assignments. Every effort will be made to avoid reassigning probationary teachers to different grade levels or subjects unless the teacher requests such change.
- K. Adult education teachers shall have paid instructional planning time for each class (69 hours) each semester as follows:

1. Teachers with one to four classes shall have one hour per week.
2. Teachers with five to six classes shall have two and one-half hours per week.
3. Teachers with seven plus classes shall have five hours per week.

The time(s) and location(s) for instructional planning shall be determined by the Mott Adult High School director, or designee(s). Consideration will be given to teachers for whom a particular planning time or location causes a hardship.

Instructional planning responsibilities shall include preparation of unit plans, daily lesson plans, maintaining of student records, meetings with students, and other instructional activities.

Instructional planning time shall be paid at the teacher's hourly rate. Instructional planning time shall have no application to such matters as seniority accrual, employment status (full-time, half-time, or less than half-time), and the determination of appropriate pay placement.

- L. Head Start teachers shall have planning time each week equivalent to that of elementary teachers.

Article 13 does not apply to Head Start teachers, except for Sections E, F, G, J, and L.

ARTICLE 14

K-12 Teaching Conditions

- A. The parties agree that it is their mutual goal that class size be lowered whenever feasible, having due regard for the availability of staff and facilities. Maximum class sizes shall be as follows:

- 1. Kindergarten: Twenty-five (25) pupils per teacher.

It is understood that the Board shall staff its kindergarten classrooms on the basis of twenty-five (25) pupils per teacher up to and including the fourth Friday in September. Subsequent to the fourth Friday in September, a new classroom shall be established, provided the aforesaid class size limitation is exceeded by one (1) for any ten (10) week period.

Board shall not establish kindergarten splits.

- 2. Grade 1: Twenty-eight (28) pupils per teacher.

It is understood that the Board reserves the right to establish first/second split classes without teacher consent, but in no event shall the maximum class size established above be exceeded.

When it would be necessary to create split classrooms in order to comply with the first grade provision above, teachers who might have to teach such classrooms may be asked whether they are willing to do so and may agree or not agree to accept two above the respective maximums in lieu of taking a split class, but only in cases where

enrollment after the fourth Friday of school would necessitate regrouping of classes into a split class to comply with the first grade provision above.

In any instance where it becomes necessary to create split classrooms in order to comply with the above first grade maximum, the class size maximum shall be 28.

3. Grades 2-6:

Grades 2-3: Thirty (30) pupils per teacher.

Grades 4-6: Thirty-four (34) pupils, subject to the following:

- a. Where it would be necessary to create split classrooms in order to comply with the above provisions, without the expenditure of additional funds, teachers who might have to teach such classrooms will be asked whether they are willing to do so. In the event that no teacher is willing, then the above maximum class size will be exceeded by no more than two (2), and split classes to meet this requirement may be created without teacher consent. This maximum of thirty-two (32) in grades 2-3 and thirty-six (36) in grades 4-6 may be exceeded only in those cases where enrollment after the second Friday in September would necessitate regrouping of classes, in which case the teachers involved will be consulted with respect to whether regrouping is appropriate or the maximum should be exceeded.
- b. The above maximums may also be exceeded when agreement is reached between the principal and the teachers in the grade affected that to level off the number of students in classes in that grade to comply with the above would adversely affect student groupings and the educational process, but in no event may any class size be higher than thirty-two (32) in grades 2-3 and thirty-six (36) in grades 4-6 as a result of such agreement.
- c. When split classrooms are created, the teacher who will be assigned to such a classroom will be consulted with respect to the selection of students for that class. Such selection will be made with the goal of insuring as much homogeneity in terms of educational development as possible and only students within three reading levels will be included.
- d. All learning disabled students who are in an inclusion Least Restrictive Environment and any other Special Education student who's IEP mainstreams them 50% or more of their in-school time shall be counted as general education students for the purpose of staffing general education teachers of a building.

4. The maximum K-12 total teaching load per individual teacher in the middle and senior high schools, for other than teachers of performing music groups and typing, shall be 170 pupils per 5 periods of actual classroom teaching (or a pro rata number of pupils for a lesser teaching day). No such teacher shall be required without his/her

consent to teach more than thirty-five (35) pupils in any one class unless, in the opinion of the principal, a class of greater size cannot be avoided, and in no event shall he/she be required to teach a class of greater than thirty-seven (37) pupils without his/her consent.

Notwithstanding the foregoing, class size maximums for physical education classes shall be forty-eight (48) with a maximum load of two hundred twenty-five (225) pupils per five (5) periods of actual classroom teaching (or a pro rata number of pupils for a lesser teaching day). The pro rata formula does not apply to teachers with one or two physical education classes. No teacher shall be required without his or her consent to teach more than forty-eight (48) pupils in any one class unless, in the opinion of the principal, a class of greater size cannot be avoided, and in no event shall he/she be required to teach a class of greater than fifty (50) pupils without his/her consent.

Notwithstanding the foregoing, class size maximums for the classes of Practical Writing, Reading-Writing Stories, Successful Writing, Techniques of Writing, Journalism, and Advanced Composition; and all basic math classes, and classes without Geometry shall be thirty (30) pupils with a daily maximum load of one hundred fifty (150) pupils per five (5) periods of actual classroom teaching (or a pro rata number of pupils for a lesser teaching day). No teacher shall be required without his/her consent to teach more than thirty (30) pupils in any one class unless, in the opinion of the principal, a class of greater size cannot be avoided, and in no event shall he/she be required to teach a class of greater than thirty-two (32) pupils without his/her consent.

5. Mainstreamed Students (See Section L below, and Appendix T.)

The issue of placement, counting, and the delivery of instructional services to mainstreamed students is an educational issue that will be addressed by the Educational Needs Committee, with special focus at the elementary level. Individualized Educational Planning Committee (IEPC) recommendations are to be followed from the first day of school with the understanding that exceptions may need to be made in the case of students transferring from other districts, intra-city transfers, or enrollment variations. Accordingly, the committee will make recommendations regarding the blending or bridging of instructional responsibilities among and between the principal, special education teacher, general classroom teacher, and special education support staff so as to most appropriately provide instructional service to the mainstreamed student. Such recommendations will include a review and amplification of those responsibilities detailed in Appendix T and the three pilots proposed by the parties during bargaining of this contract.

Committee recommendations will be submitted to the Superintendent of Community Education for his/her consideration on or before May 15 of each year. The superintendent shall forward the committee recommendations together with his/her analysis and recommendations to the Board of Education for its review and consideration on or before June 30 of each year. Approved recommendations shall be implemented beginning the fall of each year.

The above charge (but not those in Appendix T) to the Educational Needs Committee will be considered completed upon the submission of specific recommendations to the Superintendent of Community Education on or before May 15 of each year, unless extended by mutual agreement.

In addition, the Board agrees to continue to work to improve the placement of special education students placed in general education classrooms and will not await the recommendations of the Educational Needs Committee to address this issue.

There shall also be established a Class Size Monitoring and Resolution Committee composed of an equal number of representatives of the UTF and the Board. The committee shall monitor all district classes where special education students are placed in general education classrooms (mainstreamed).

As part of its monitoring function, the committee shall issue a report after the fourth Friday count and at the end of the year detailing those grades/classes throughout the district where students are mainstreamed. Such information shall be shared with the Educational Needs Committee.

The Class Size Monitoring and Resolution Committee may also make written recommendations for resolving individual class load problems arising from the mainstreaming of students into general education classrooms. As part of its resolution function, the committee shall review class size problems arising from the mainstreaming of students into general education classrooms, which are not resolved at the building level. The affected teacher(s) must, however, have first attempted to resolve the problem(s) at the building level with the principal. The committee's method for dealing with individual problems will include gathering facts, generally reviewing the situation, and making recommendations to the superintendent or designee. The committee shall not have authority to expend district funds, but may recommend such expenditures.

Recommendations or relief provided by either the Joint Educational Needs Committee or the Class Size Monitoring and Resolution Committee shall not be deemed as precedent setting with respect to the language of the Master Contract or the operating procedures or practices of the Board of Education or the UTF.

Under no circumstances shall a student be required to leave his/her designated home school, nor will general education classrooms be required to be reorganized subsequent to the fourth Friday student count as a result of any interpretation of these provisions and/or any committee recommendation.

These provisions shall expire on the expiration date of the 2002-2005 Master Teacher Contract and shall, as of said date, cease to be binding on the Board.

6. Notwithstanding the foregoing, but exempting Provisions A (1) and A (2) above, the maximum class size may be exceeded in summer school and emergency situations, such as, but not limited to, highway dislocation, urban renewal, lack of funds, destruction or serious damage to facilities, and inability to obtain teachers. However,

in such cases the UTF shall be involved before the final decision is made by the Board. In all cases not enumerated above, the determination of whether an emergency exists shall be subject to the grievance procedure.

- B. Wherever feasible, the Board shall make available in each school at least one room, appropriately furnished and vented, which shall be reserved for use as a faculty lounge.
- C. Outside telephones shall be available for teacher use for professional and emergency calls. Long distance calls shall be made only in emergencies and with the prior approval of the principal.
- D. In K-12 schools where cafeteria service is not available for teacher use, the teachers, with the prior consent of the principal, may arrange for the installation of a vending machine for beverages. The installation, operation, control, and maintenance of the machines shall be the responsibility of the teachers in that building and all proceeds there from shall be used in such manner as the teachers in that building shall determine.
- E. Wherever feasible, adequate parking facilities shall be made available to teachers for their exclusive use.
- F. K-12 Textbooks, Supplies, Materials, and Technology
 - 1. Teachers shall be informed when annual supply requisitions (not special requisitions) are available, money allotted and time scheduled to order. A final copy of the requisitions shall be made available to teachers. Each Elementary teacher, including self-contained special education teachers, shall receive a minimum of \$15 per pupil to purchase teaching supplies. Each Middle and High School teacher shall receive \$375 each based on an average of 25 students per teacher ($25 \times \$15 = \375.00). Teaching supplies for Title 1 teachers shall be supplied through the Title 1 budget.
 - 2. The Board declares its intention to provide adequate supplies, textbooks and materials. No curriculum change shall be implemented in a given program until sufficient textbooks to initiate the program are available or are expected to be available by the fourth (4th) Friday of each semester. The Board will use its best efforts to coordinate curriculum changes with the ordering of supplies and materials.
 - 3. The allocation of monies and the ordering of supplies within each K-12 building shall be determined by a collaborative decision-making process each fall. Each school is responsible for developing its own procedure. The procedure shall include reviewing the previous distribution pattern and reviewing the procedure for returning defective supplies.
 - 4. It is recommended that the Flint Board of Education issue a public statement detailing the increasing cost of basic textbooks and related supplies and the responsibility of the parents for payment of lost or damaged books. This statement should be sent home.

The Flint Board of Education has an established policy addressing this issue on file in each principal's office. It shall be the responsibility of each school to develop procedures for the collection of payment for lost or damaged books. It is highly recommended that each school collectively develop a system for a more frequent inventory of books assigned to each classroom. The teaching staff shall be held responsible but will not be required to make financial restitution for books assigned to their classroom.

5. Adequate desks/tables and chairs shall be provided.

All desks/tables and chairs shall be kept in good repair.

6. Technology

When and where instructional technology is available, training in the use of equipment, software and instructional methodology will be provided by the school district to each teacher. After such training is provided, teachers are expected to use the methodology, software and equipment appropriately.

- G. K-12 Special Education teachers shall have access to all teaching materials, which are regularly available to building staff.

1. The Board agrees to attempt to abide by all mandatory rules of the State Department of Education relating to the operation of special education programs.
2. The Board shall attempt to provide each building one copy of the guidelines of the State Department of Education as they relate to special education.
3. There shall be no reduction in the ratio of aides and attendants to teachers in special education programs without prior consultation with the UTF.

- H. In buildings that offer inclusion Least Restrictive Environment (LRE) education options, a written plan for the delivery of special education services for its students will be developed. The following will be included in those plans:

1. A school-based committee is established to facilitate the IEPC's of special education students. The committee shall be a composite of regular education staff, special education staff and the principal or designee;
2. Provide time during the school day for regular staff and special education staff for collaboration;
3. Provide on-going professional development that will be facilitated by the district, Special Education Department, or the Professional Development Committee at the building site;
4. The plan should not have a negative effect on class size; and

5. Annual assessment of the plan should be included as part of the school improvement report.

- I. It is mutually understood between the Board and the UTF that parent-teacher involvement can have an important impact on the social and educational development of students. Encouragement of such parental involvement is recognized to be a part of the professional obligation of the teacher.

K-12 teachers shall not be required to adopt any particular method of encouraging teacher-parental involvement. Home visitations are sometimes necessary, but the parties agree there will be no fixed quota or minimum number of home visits established. Any problem arising with regard to teacher-parental involvement pertaining to a particular student shall be dealt with on a case-by-case basis. Each teacher, in consultation with the principal, shall identify those students whose homes shall be visited by the teacher.

Each school will include a section covering the implementation of the school improvement plan. The implementation section should be completed by September 30th of each school year. Each teacher is encouraged to contact the parent or guardian of each student by phone, letter or conference at school.

As part of the district's commitment to expanding the use of volunteers in the schools, the district will provide a joint teacher/volunteer inservice on utilizing volunteers in the classroom.

The Flint Board of Education and the United Teachers of Flint, Inc. are committed to improving the academic achievement of each student. To that end there is a mutual commitment to providing the necessary training and tools to enable teachers to meet this commitment.

- J. Platoons in the elementary buildings shall be limited to no more than six (6) sections.
- K. Half-time teachers and K-12 teachers with teaching responsibilities in two or more buildings shall not be required to attend more than half of the meetings and/or activities in their building(s), with the exception of those in Article 13, Sections E, E(1), and E(2). The activities the teacher attends will be determined by the principal(s) after consultation with the teacher.
- L. The parties agree that it is their mutual goal that the placement of K-12 special education students in regular classrooms (mainstreaming) be spread as evenly as possible among as broad a range of classes as possible, consistent with the students' instructional needs, and not be clustered in just a few classes in any building. As a goal, the Board will attempt to place no more than eight (8) students in any one classroom.

The issue of placement of K-12 special education students in regular classrooms will be reviewed by the Joint Educational Needs Committee set forth in Appendix T. Special attention will be paid to studying what restricts special education student access to certain classes and what can be done to change this where possible.

- M. The building principal shall attempt to rotate the cancellation of half-day kindergarten sessions so that morning and afternoon sessions are canceled on an approximately equal basis during the school year, unless the staff has been consulted and alternative arrangements made.
- N. Should classroom interruptions be determined by building staffs to be excessive, the shared decision-making body at the building will determine the necessary changes needed to correct the problem.
- O. To the extent feasible, teachers shall be provided an adequate and secure storage place for their materials, which can be locked.
- P. Adult education teachers shall have individual mailboxes located in the major MAHS centers in which they teach. Adult education teachers who do not teach in a major center shall designate the major center where their mailbox is to be located.
- Q. Adult education teachers shall have access to the high school libraries two to three times a semester at Flint Southwestern Academy, Northwestern Edison, and Northern in the evenings so their students can use reference and research materials. Reference and research material will not be removed from the library. On these evenings the libraries will be supervised by the MAHS Librarian as arranged for by the MAHS Director.
- R. Teachers and other professionals should dress, speak, and behave in a manner that provides a positive model for students.

Sections A, J, L, M, O, P, and Q of Article 14 do not apply to Head Start teachers.

Sections B, C, D, E, F, G, H, I, K, N and R of Article 14 apply to Head Start teachers.

ARTICLE 15

Promotions

- A. Whenever any vacancy shall occur in any professional position in the District for which certification or a degree is required, other than on the K-12 salary schedule or administrative positions beyond the entry level (entry level is defined as a position for which previous administrative experience is not required), the Board shall publicize the vacancy by posting the vacancy on a conspicuous bulletin board in the Office of Human Resources/Labor Relations and by publication in other publications of general circulation among all teachers, a copy of which shall be in the Office of Human Resources/Labor Relations and the UTF Office. No vacancy shall be filled, except on a temporary basis, until such vacancy shall have been posted for at least five (5) working days.
- B. Any teacher may apply for such vacancy. In filling such vacancy consideration will be given to persons already employed in the Flint school system. The Board agrees to give due weight to the professional background and attainments of all applicants, the length of time

each has been in the school system and other relevant factors. A copy of the procedure for interviewing and otherwise judging the merits of applicants for such positions shall be given to all teachers. The decision of the Board as to the filling of such vacancies shall, however, be final.

ARTICLE 16

Vacancies, Transfers, and Reduction in Staff

- A. Although the Board and the UTF recognize that frequent transfers of teachers from one school to another is disruptive of the educational process, they also recognize that some transfers will be necessary.
- B. Transfers and changes of assignment shall be on a voluntary basis whenever possible. By the fifteenth (15th) of each month, the Office of Human Resources/Labor Relations will provide a list of vacancies to the Union and the Head Association Representative in each building. The Head Association Representative will be responsible for posting this list in the building.

IN BUILDING CHANGES OF ASSIGNMENT

- 1. The Board and the UTF recognize that arbitrary and capricious changes of teaching assignments in a building are disruptive of the educational process; they also recognize that there are educationally sound reasons for periodic changes of teaching assignments within a building.
- 2. When a change of teaching assignment within a building is necessary to meet the educational needs of the students within the building, the building Principal shall first seek volunteers for the assignment change. In the event that no teacher volunteers for the change of assignment within the building, the Principal shall select a teacher or teachers for the change of assignment.
- 3. A teacher selected for a change of assignment in a building shall meet with the building Principal prior to the change of assignment to discuss the educational basis upon which the change is founded and shall receive a copy of those reasons in writing at that time. In the event the teacher believes that the change of assignment is being done for reasons other than the educational needs of the students in the building, they may, within five (5) business days seek a review of the change of assignment by (The appropriate Assistant Chief Academic Officer).
- 4. The review by (*appropriate Assistant Chief Academic Officer*) must be completed with five (5) business days following the filing of the request for review. After such review, the teacher may grieve the change of assignment if they still believe that the change of assignment was arbitrary and capricious.
- 5. The parties agree that there are times when a change of assignment within a building (e.g. when classes are being leveled or eliminated within a building)

that must occur quickly. On Principal may effect the change immediately, but must meet within three (3) days to initiate to review.

those occasions, the of assignment with the teacher the teacher's right

6. Teachers who have had their in building teaching assignment changed will receive assistance from the District to move books, equipment, and other appropriate material between rooms. Such assistance shall include but not be limited to custodial assistance in moving large and heavy objects, time to set up new classroom, and such other assistance as is appropriate and necessary.
7. In an effort to facilitate an atmosphere of mutual professional respect between teachers and building Principals, the Board and the UTF agree to conduct a series of joint trainings. Principals and teacher Building Representatives shall be trained on the following topics:
 - a. Communication skills;
 - b. the procedures to be followed in the change of assignments within a building and involuntary transfers between buildings;
 - c. such other training as deemed necessary and appropriate, e.g., the grievance procedure and the evaluation procedure.
8. Teachers who are required to move from room to room within the same building shall be provided with boxes, custodial assistance and one day of Guest Teacher coverage of their teaching assignment to implement the move.

- C. When involuntary assignments or transfers are made, teachers will be given fifteen (15) days notice of said transfers, and the reasons therefore in writing, except that in those cases in which a transfer must be made in less than fifteen (15) days, the aforementioned written notice will be given as time will allow. All involuntary transfers will be given an opportunity to state in writing the reasons for their objection to the transfer. A teacher designated for involuntary transfer may by June 30, submit a preference memo indicating:

1. A desire for early placement;
2. A preference to remain at his/her current placement; and
3. A desire for late placement.

The parties agree that the filing of a voluntary transfer request form is not a guarantee that the teacher will receive a transfer. As a matter of professional respect, voluntary transfer forms should have the Teacher's Principal's signature, except as otherwise authorized by the Office of Human Resources and Labor Relations. The Principal's signature only means that the request for voluntary transfer has been seen by the Principal, not that the voluntary transfer request has been approved or denied.

- D. Teachers shall be given an opportunity to apply, without giving reasons, for transfers to be effective the next school year if their application is made by April 30; provided, that if the application is made after April 30, the teacher shall state the reasons for the transfer request or if the request is for transfer to a particular school, the teacher shall be obligated to state the specific reasons for the choice of the school. A list of vacancies within the bargaining unit shall be posted on a conspicuous bulletin board in the Office of Human Resources/Labor Relations and a copy shall be mailed to the UTF by the 15th day of each month. If a teacher requests a transfer under this Paragraph and is refused, he/she shall be notified in writing of the reasons therefore if he/she so requests. No teacher shall be discriminated against because of a request to transfer.
- E. When a reduction in the number of teachers in a school is required during the academic year as determined in Appendix D-1 and D-2, the administration shall notify all teachers in the affected school(s) in elementary, and affected department(s) in secondary of the reduction and shall provide an opportunity for the reduction to be made through volunteers. If a teacher volunteers and is so designated for an involuntary transfer through application of the criteria provided in Provision F for reduction, said teacher(s) shall be considered as involuntary transfer(s) for purposes of Provision G.

After the academic year is completed, a teacher designated for involuntary transfer and subsequently assigned, may allow and/or recruit another teacher from his or her former building to volunteer to take his/her place, provided there is no violation of Sections F and G, herein and upon concurrence of the "receiving" and "sending" building principals and the Office of Human Resources/Labor Relations. Upon agreement being reached by the aforementioned parties, the teacher replacing the previously assigned involuntarily transferred teacher will be considered to be involuntarily transferred under Provision G-1, for purposes of said placement.

- F. Should involuntary transfers be found to be necessary, the selection of such teachers to be involuntarily transferred shall be determined on the basis of the following criteria:
1. District overall instructional needs;
 2. Teacher certification and qualification;

3. Extracurricular needs;
 4. Uninterrupted system-wide seniority (service in the Flint School District); and/or
 5. Other necessary and reasonable considerations, determined by the Board after consultation with the UTF.
- G. Teachers employed by the Board (except temporary and guest teachers) will be given consideration as follows in filling any vacant position in the bargaining unit.
1. Whenever any position in the K-12 program shall become vacant, the Board shall give first consideration to involuntarily transferred teachers in the filling of that vacancy. If the Board determines that the needs of the district will not be met by filling the position in this manner, the Board shall then consider requests from teachers who are not on layoffs or leave for transfer unless the vacancy is the result of previous transfer.
 2. Vacancies not filled in the aforementioned manner shall be filled from among those teachers who are on leave, have not been laid off, and whose leaves have expired.
 3. Should vacancies not be filled in Provisions 1 and 2 above, said vacancies shall be filled from among those teachers who have been laid off including teachers on leave who have been laid off in accordance with the provision of Article 16, Sections 1 and 2.
- The Board's decision with regard to which teacher shall fill such vacant position, shall be final, provided that the criteria set forth in Paragraph F shall not be applied arbitrarily nor capriciously, and provided further that the Board's right to make a final determination with regard to this paragraph does not diminish the Board's responsibilities with regard to the remaining paragraphs of this Article.
4. Teachers in the adult education program, together with new hires, will, upon application, be given consideration for K-12 teaching vacancies. Adult education teachers may request, and upon request, will be granted an interview to the extent that to do so does not interfere with the operational requirements of the K-12 program. The interviewing procedure contained herein will be without effect fifteen (15) working days prior to the beginning of classes in the K-12 program. An interview, once provided to an adult education teacher, will fulfill the terms of this provision. The Board's decision with regard to which applicant shall fill a K-12 teaching vacancy shall be final, provided the decision shall not be arbitrary or capricious.
- H. The Board shall prepare and present to the UTF a seniority list for each school year. Any teacher or the UTF may challenge the accuracy of the seniority list or the update, provided if the seniority date is not challenged within sixty (60) days after its issuance it will be

considered as correct for that respective year or until such time as a revised seniority list is issued.

The seniority list shall include the following:

1. Full name of teacher;
2. Years of uninterrupted service in the Flint School District;
3. Tenure status as of the printing of the seniority list;
4. Certification; and
5. Major(s) and Minor(s).

I. Reduction in Staff

If the Board shall determine to reduce staff, the following procedures shall be controlling:

1. Layoff

- a. The Board shall determine the subject areas in secondary schools and the number of positions in elementary schools in which reductions will be made and the number of positions affected and will notify the UTF of such determinations.
- b. Non-tenure teachers shall be laid off first followed by tenure teachers.
- c. The order of layoff of non-tenure teachers shall be determined by the Board. In secondary schools, the order of layoff of tenure teachers in each affected subject area shall be based upon the length of uninterrupted service in the Flint School District, i.e., the longest uninterrupted service in the District shall be the last in his/her subject area to be laid off.

In elementary schools, the order of layoff of tenure teachers shall be based upon the length of uninterrupted service in the Flint School District regardless of the grade level to which the teacher may be assigned at the time of layoff.

Where length of service is the same, the tenure teacher in the secondary schools with the highest qualifications in his/her subject area will be retained. Where length of service is the same, the tenure teacher in elementary schools with the highest qualifications will be retained regardless of the grade level to which he/she is assigned. Where length of service and qualifications are the same, the teacher in the secondary schools with the best performance record in his/her subject area and the tenure teacher in the elementary schools with the best performance record regardless of the grade level to which he/she is assigned will be retained.

If layoffs are to occur, a seniority list in accordance with this paragraph shall be prepared by the Board and a copy thereof be given to the UTF.

2. Recall

- a. The Board shall determine the subject areas in secondary schools and the number of positions in elementary schools in which recall will be made and the number of teachers to be recalled.
- b. Recall of laid-off teachers shall be from the primary subject area from which the teacher was laid off, or to an area for which the teacher is certified and qualified.
 - 1) Primary shall be defined as the majority subject area to which the teacher was assigned immediately prior to the layoff. For example, if a teacher was assigned to three math classes and two science classes, the primary teaching area for recall purposes would be math.
 - 2) Qualified shall be defined as described below.

Possessing a declared major in the predominate subject area of assignment or graduate work equal to a major in the predominate subject area of assignment, and the meeting of all North Central Accreditation standards at the high school level.

However, if a teacher has eight (8) or more years of successful teaching in Flint, the teacher shall be considered qualified to be recalled in his/her minor area of certification. If a teacher is recalled in his/her minor under this provision, the teacher may be required to pursue additional academic credit as specified below.

Successful teaching shall be defined as having achieved an annual performance rating of "good" or "superior" during his/her last five years of teaching.

- 3) Declared shall be defined as appearing on the teacher's teaching certificate or on a written approval (endorsement) from the Department of Education, on file in the Office of Human Resources/Labor Relations prior to June 1st. If the work is in progress and will be completed by the beginning of school in the fall immediately subsequent to the layoff, the teacher shall make evidence of this known to the Office of Human Resources/Labor Relations as soon as possible but no later than June 1st.

Should a teacher be recalled to an area above, the teacher may be required to as including District courses as piloted recall through formal course work not in which he/she is not qualified as defined pursue additional academic study (defined under Article 11, Section F) in the area of to exceed ten (10) semester hours.

The teacher shall have two years to basis of not having to complete more year, not more than six (6) hours by the than eight (8) hours by the end of the not more than ten (10) hours by the end of the second year. Teachers shall not be required to take the courses prior to the beginning of school of the year of recall. The decision to require additional courses shall only be made after consultation with the teacher.

Should a teacher be required to pursue additional academic training, the Board, in consultation with the teacher, shall determine the necessary course work including a timetable for completion of such training. Failure to complete the required course work within the timetable established, or not having obtained an extension for legitimate reasons approved by the Board, shall result in the teacher being immediately subject to layoff. The teacher shall not be recalled until he/she has completed the required academic work or until a position is available for which the teacher is qualified as set forth above. Recall shall be according to the normal recall procedures.

The Board shall not be arbitrary or capricious in the exercising of its rights under these provisions.

- c. Tenure teachers shall be recalled first in inverse order of layoff. Non-tenure teachers shall then be recalled. The order of recall of non-tenure teachers shall be determined by the Board.
- d. No new teachers shall be hired in a laid-off teacher's subject area in the secondary schools until all certified and fully approved laid-off teachers from that subject area have been recalled or have declined or failed to accept recall. No new teacher shall be hired to replace a laid-off elementary teacher until all certified and fully approved laid-off elementary teachers have been recalled and declined or failed to accept recall. Further, no new teachers will be hired in a subject area in the secondary schools or in the elementary schools before teachers who are laid off, regardless of their assignment at the time of layoff, who may be qualified and who possess the necessary certification or approval have been offered the position and declined or failed to accept the position.

Except as otherwise provided in Paragraph 2, the right of recall shall expire at the close of the school year next succeeding the school year in which the teacher's layoff becomes effective.

- e. For purposes of this subparagraph, service shall not be deemed to be interrupted by any leave granted and approved pursuant to Article 18 of this Agreement.
- f. Within fifteen (15) days of the recall is postmarked on or the mailing of such letter, if the teacher shall notify the Office of Human Resources/Labor Relations in writing whether he/she will accept re-employment.

Failure to respond to the letter of recall within the time required automatically terminates the teacher's right of recall. Each teacher shall notify the Office of Human Resources/Labor Relations in writing of an address to which a letter of recall may be sent. Such letter shall be mailed to the teacher at said address by certified mail, return receipt requested. If no such address shall be recorded, the letter shall be mailed to the teacher at the last address recorded in the Office of Human Resources/Labor Relations.

- 3. The Board's decision as to qualifications and performance record for the purposes of Paragraph I shall be final.
- 4. In the event of a layoff, a leave of absence for a period of one full school year will automatically be granted without pay to any and all teaching staff affected by the reduction upon request to the Office of Human Resources/Labor Relations.

These leaves of absence shall not prohibit the teachers from seeking and accepting gainful employment elsewhere, and shall not be terminated for that reason except on written request of the teacher.

Teachers on layoff shall be eligible for a renewal of their Reduction in Force (RIF) leave for a period of one additional year, and said renewal will be granted, provided the Office of Human Resources/Labor Relations shall determine that District instructional programs will not be impaired and the granting of the extension shall result in the recall of a teacher on layoff.

A teacher who is not affected by the layoff may elect to take and will be granted a leave of absence without pay for a period of one full year, provided the Office of Human Resources/Labor Relations shall determine that said leave shall result in the recall of a teacher on layoff.

Teachers unaffected by the layoff shall be eligible for a renewal of their RIF leave for a period of one additional year, and said renewal will be granted, provided the Office of Human Resources/Labor Relations shall determine that district instructional programs will not be impaired and the granting of the extension shall result in the recall of a teacher on layoff.

Teachers unaffected by the layoff and remainder of the year, upon approval a renewal of their RIF leave for a renewal will be granted, provided the Relations shall determine that District and the granting of the extension shall who have been granted a RIF leave for the of the superintendent, shall be eligible for period of one additional year, and said Office of Human Resources/Labor instructional programs will not be impaired result in the recall of a teacher on layoff.

Applications for RIF leave or a renewal thereof must be received by the Office of Human Resources/Labor Relations on or before June 1 of the school year the leave or renewal thereof is to be effective. Applications received subsequent to said date may or may not be approved on the basis of failure to meet the June 1 deadline. During said leave of absence, such teacher's seniority will remain unbroken, and his/her accumulated personal business and emergency leave days, per Article 18, shall not be canceled but shall remain credited to him/her pending his/her return to a teaching assignment in the District.

5. Any teacher who would have qualified for retirement during the reduction year shall be permitted to teach that year so as to acquire needed service.
6. A teacher who is laid off pursuant to the terms of the Master Contract and who is paid unemployment compensation benefits (associated with his/her regular teaching assignment) during the summer immediately following the layoff and who is subsequently recalled to a teaching position the following year shall be subject to the following provisions.
 - a. If the teacher is recalled by August 1, the teacher will be paid according to an annual salary rate such that one half of the teacher's unemployment compensation plus that annual rate will be equal to the rate of salary the teacher would have earned for the school year had the teacher not been laid off.
 - b. If the teacher is recalled by August 15, the teacher will be paid according to an annual salary rate such that one quarter of the teacher's unemployment compensation plus that annual rate will be equal to the rate of salary the teacher would have earned for the school year had the teacher not been laid off.
 - c. This provision will have no application to a teacher recalled after August 15.
 - d. Should the above calculations be determined to be illegal by any State court or administrative agency, the parties shall reopen provision six (6) and modify the language so as to conform with the Michigan Supreme Court decision in Oak Park Public Schools.

The postmark on the letter of recall shall be the basis for determining the date of recall.

J. Adult Education Program

1. Assignments and Vacancies

- a. MAHS teachers shall be assigned to classes in their area(s) of certification. Prior to the end of each semester, the Board shall survey the adult education teaching staff for assignment preferences using an Assignment Preference Form (Appendix AB-1). Staff preferences, as detailed on the Assignment Preference Form, will be considered in making class assignments, including night, Saturday, and Sunday classes. Teacher assignments received at the end of a semester for the following semester shall be considered tentative until the completion of the third week of the respective semester. MAHS Master Class Schedules will be distributed as soon as available before each semester. As changes are made revisions will be distributed.

Teaching assignments will be made based on certification, qualification, seniority, and the instructional needs and operational requirements of the program.

- b. The Board will attempt to maintain a teacher's current assignment(s) (subject, time, and location) to the extent such an attempt does not conflict with district instructional needs and the operational requirements of the adult education program. Full-time teachers will have priority over part-time teachers in classroom assignments up to seven (7) based on the aforementioned criteria. The Board shall attempt to offer teachers no fewer classes second semester than they taught first semester. Every attempt will be made to assign teachers to the same building for morning and afternoon classes.
- c. Teachers, at the time of completion of the Assignment Preference Form, may indicate their desire for additional teaching assignments. Teachers currently teaching in the adult education program, together with K-12 teachers, will be given consideration for additional teaching assignments prior to new hires. The Board's decision shall be final, provided that the decision shall not be arbitrary or capricious.
- d. When an adult education teacher position is created, applicants teaching in the adult education program shall be given first consideration. Assignments will be made on the basis of the criteria described in Paragraph J(1)(a) of this Article. Positions in new programs will be posted.

K-12 applicants not currently teaching in the adult education program shall be considered before new hires for adult education teacher positions. New

hires are those not currently teaching in the adult education program or the K-12 program.

2. Transfers

- a. Teachers whose assignments are changed subsequent to the third Friday of the semester shall be considered to be transfers. Transfers shall be on a voluntary basis whenever possible.
- b. Teachers subject to involuntary transfers shall have an opportunity to meet with the director of the Mott Adult High School, or designee, to discuss the transfer.
- c. Transfers, whether voluntary or involuntary, may become necessary to meet load conditions, district instructional needs, facilitate racial balance, and to meet the operational requirements of the adult education program. Teachers subject to involuntary transfers will be given five (5) calendar days notice of such transfer whenever possible.

3. Reduction and Layoff

- a. Class cancellation shall be made prior to the beginning of each semester. If a teacher loses a class, every attempt will be made to assign a new class. Class schedules will be adjusted so that teachers with the highest seniority retain their prior semester level of classes up to seven (7).

The Board may cancel and/or consolidate classes after the semester begins for the following: lack of funds; termination or reduction in funding; low attendance; or other factors having an impact on the Mott Adult High School program necessitating a reduction.

- b. Teaching hours reduced as a result of the above shall be removed from the teaching schedule of the teacher to whom the hours were initially assigned. Full or half-time teachers who have lost a class may be assigned as a permanent guest teacher for the amount of time equal to the number of hours lost, applying only to those classes that have started the semester, and for the duration of that semester only. Teachers who have had their hours reduced on or after the second-class meeting will be given preference in the assignment of reinstated teaching hours during subsequent semester(s) until such time as the teacher has achieved his/her previous teaching load. All such reinstated hours will be assigned upon consideration of teacher certification, qualifications, seniority, and district instructional needs and the operational requirements of the adult education program. This preference for reinstatement of hours shall last for a period of three semesters from the date of reduction. The Board's decision in the assigning of any and all hours shall not be arbitrary or capricious.

- c. In the event of a layoff within the adult education program, the Board shall determine the subject areas or programs to be affected and notify the UTF of such determinations.

Layoff occurs when a teacher's class assignments are reduced to zero.

- d. To the extent possible, having made provision for program needs requiring special qualifications, probationary teachers will be laid-off before nonprobationary teachers. The order of layoff of probationary teachers shall be determined by the Board.
- e. The order of layoff of nonprobationary teachers in each affected subject area or program shall be determined by the Board upon consideration of seniority, teacher certification and qualifications, district instructional needs, teacher performance, and the operational needs of the adult education program. When such factors are considered to be equal, the length of uninterrupted service within the adult education program shall be the determining factor, i.e., the teacher with the longest uninterrupted service in the adult education program shall be the last in the affected subject area or program to be laid off.

4. Reinstatement and Recall

- a. The Board shall determine the subject areas and programs to which teachers will be recalled and the number of teachers to be recalled.
- b. Teachers shall be reinstated based upon certification, qualification, seniority, teacher performance, and instructional and operation needs of the adult education program.

The Board will attempt to reinstate full-time teachers up to seven (7) classes, prior to reinstating part-time teachers, based on the aforementioned criteria.

The Board will attempt to reinstate half-time teachers, up to their previous level of classes, prior to reinstating part-time teachers, based on the aforementioned criteria.

- 1) Primary shall be defined as the majority subject area to which the teacher was assigned immediately prior to the layoff. For example, if a teacher was assigned to three math classes and two science classes, the primary teaching area for recall purposes would be math.
- 2) Qualification is a special skill, which fits a person to a specific assignment. Consideration for determining qualification include certification as defined herein, demonstrated successful teaching experience in a subject area or at a particular level, and/or desire/willingness to work in special programs. When necessary, coordinators will interview instructors to determine/assess qualifications.

- c. Nonprobationary teachers shall be recalled before probationary teachers, provided the nonprobationary teacher is certified and qualified to meet all the requirements of the subject area or program.
- d. No new teacher shall be hired in a laid-off teacher's subject area or program until all certified and qualified teachers from that subject area or program have been recalled or have declined or failed to accept recall.
- e. The Board shall give written notice of recall by sending a registered or certified letter or telegram to the laid-off teacher at his/her last known address as it appears on Board records. It shall be the responsibility of each teacher to notify the Board of any change in address. Teachers failing to return to work upon recall within fifteen (15) calendar days after notice of recall has been sent will have their right to recall terminated.
- f. Teachers who are not recalled to employment within three (3) semesters from the date of layoff shall lose their right to recall and their employment shall be terminated.

5. Seniority List

The Board shall prepare and present to the UTF an adult education teacher seniority list in the spring of each year. Seniority will be granted based on projected completion of second semester assignments for each school year. Any teacher or the UTF may challenge the accuracy of the seniority list or the update, provided if the seniority date is not challenged within sixty (60) days after its issuance, it will be considered as correct for that respective year. Assignments will be made according to this annual seniority list.

The seniority list shall include the following:

- 1. Full name of teacher;
- 2. Number of seniority units in the adult education program (see Appendix S-2(1), (2) and (3));
- 3. Status as permanent or probationary employee as of the printing of the seniority list;
- 4. Certification; and
- 5. Major(s) and Minor(s).

K. Head Start Program

1. Sections A through D of Article 16 apply to the Head Start program.
2. Transfers, whether voluntary or involuntary, may become necessary to meet district instructional needs, affirmative action goals, and to meet the operational requirements of the Head Start program.
3. Head Start teachers who are properly certified and qualified will be considered, prior to new hires, for K-12 vacancies.
4. Layoff
 - a. In the event of a layoff within the Head Start program, the Board will determine the scope of the layoff and so notify the UTF.
 - b. To the extent possible, having made provision for program needs requiring special qualifications and state and/or federal agency regulations, probationary teachers will be laid off before nonprobationary teachers. The order of layoff of probationary teachers shall be determined by the Board.
 - c. The order of layoff of nonprobationary teachers shall be determined by the Board upon consideration of seniority, program educational requirements and qualifications, teacher performance, and the operational needs of the Head Start program. When such factors are considered to be equal, the length of uninterrupted service within the Head Start program shall be the determining factor; i.e., the teacher with the longest uninterrupted service in the Head Start program shall be the last to be laid off.
5. Recall
 - a. The Board shall determine the scope of the recall and the number of teachers to be recalled.
 - b. Non-probationary teachers shall be recalled before probationary teachers, provided the nonprobationary teacher is properly credentialed and qualified to meet all the requirements of the program.
 - c. No new teacher shall be hired into the program until all certified and qualified teachers from the program have been recalled or have declined or failed to accept recall.
 - d. The Board shall give written notice of recall by sending a registered or certified letter or telegram to the laid-off teacher at his/her last known address as it appears on Board records. It shall be the responsibility of each teacher to notify the Board of any change in address. Teachers failing to

return to work upon recall within fifteen (15) calendar days after notice of recall has been sent will have their right to recall terminated.

- e. Teachers who are not recalled to employment within four (4) semesters from the date of layoff shall lose their right to recall and their employment shall be terminated.
- f. Head Start teachers who are properly certified and qualified will be considered for K-12 vacancies prior to new hires.

6. Seniority List

The Board shall prepare and present to the UTF a Head Start teacher seniority list for each school year. Any teacher or the UTF may challenge the accuracy of the seniority list or the update, provided if the seniority date is not challenged within sixty (60) days after its issuance, it will be considered as correct for that respective year or until such time as a revised seniority list is issued.

The seniority list shall include the following:

- 1. Full name of teacher;
- 2. Social security number;
- 3. Status as permanent or probationary employee as of the printing of the seniority list; and
- 4. Education.

Sections A through I of Article 16 apply only to K-12 teachers, except G(4) applies to the adult education program. Section J applies only to adult education teachers.

Sections A through D of Article 16 apply to Head Start teachers. Sections E through J do not apply to Head Start teachers.

ARTICLE 17

Sick and Emergency Leave

- A. K-12 sick and emergency leave shall be credited annually to each teacher on the first day of his/her employment year as follows:
 - 1. Ten (10) days for teachers on 39, 40, or 41 week contracts;
 - 2. Eleven (11) days for teachers on 42 through 47 week contracts; and
 - 3. Twelve (12) days for teachers on contracts of 48 weeks or more.
- B. In the event that the service of any teacher is interrupted by reason of discharge, termination, suspension, or leave and said teacher has utilized more sick leave days or time than have

been accumulated on a pro-rata basis, then the value of the excess paid-for leave days shall be deducted from the last paycheck due to the teacher at the time of interruption.

- C. Total unused portion of the annual sick and emergency leave allowance shall be permitted to accumulate indefinitely:

1. No teacher shall forfeit accumulated leave days during approved leaves of absence;
2. No teacher shall accumulate sick and emergency leave during any leave of absence granted under this Article or Article 18. Sick leave accumulated prior to a leave of absence shall be credited upon return;
3. All accumulated leaves shall automatically terminate on the date that a teacher's resignation, accepted by the Board, becomes effective.

- D. Annual and accumulated leave days/time shall be used either for personal illness or emergencies, as defined below; provided that a teacher shall not be eligible to use such days while on a leave of absence under Article 18, except that for purposes of this Article, pregnancy-related disability shall be considered in accord with Appendix E. All teachers other than first year K-12 teachers and probationary adult education teachers shall be credited with and use their annual accumulated sick and emergency leave allowances as of the first day of their employment year even though they have not been able to report for duty on that day, provided that:

1. The K-12 teacher notifies the Office of Human Resources/Labor Relations and the adult education teacher notifies the office of the director, Mott Adult High School that he/she will be unable to report because of personal illness or death or serious illness in his/her immediate family; and
2. Immediately upon reporting for work the teacher complies with all of the requirements of this Article.

- E. Upon a teacher's return to work after an illness or disability of more than five (5) days duration, or for a teacher to receive a paycheck after an illness or disability of more than five (5) days duration, a medical statement shall be submitted from a doctor certifying that the teacher is capable of returning to work, or continues to be ill or disabled.

After an illness or disability of fifteen (15) days or more, or in any instance where the Board has reason to believe that sick days are being misused, the Board may require the teacher to present a Doctor's Verification of Illness or Disability Form (Appendix P). It is understood that prior to the Board requiring a teacher to present a Doctor's Verification of Illness or Disability Form for the reason of allegedly abusing sick days, the teacher will have been counseled in regard to sick day usage by the appropriate building administrator.

In an instance where a teacher is absent more than ten (10) consecutive days, or in any instance where, in the judgment of the Board, a teacher's health is such that he/she should not report to work, the Board reserves the right to have the teacher examined by a physician selected by the Board. The cost of such examination shall be borne by the Board.

All medical information will be treated with the utmost confidentiality and shall not be read nor reviewed by personnel other than administrators without the teacher's permission.

F. Emergencies for which leave may be used are as follows.

1. Absence due to the death of a member of the immediate family shall be granted upon written recommendation of the immediate supervisor for a period not to exceed five (5) working days. Immediate family shall mean: husband, wife, father, mother, brother, sister, son, daughter, grandparent, grandchild, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, uncle, aunt, nephew, niece, and first cousin.
2. Absence due to quarantine or serious illness of any person listed in Paragraph F(1) above shall be granted upon written recommendation of the immediate supervisor for a period not to exceed five (5) working days.
3. When serious illness of a member of the family is immediately followed by death, the leave provided in Paragraph F(2) may be extended upon written recommendation of the immediate supervisor; provided that the total thereof shall not exceed eight (8) working days.
4. Paid emergency leave days in excess of the limitations herein contained may be granted by the Sick and Emergency Leave Committee, when circumstances deem it necessary.
5. Death leave for persons other than listed in F(1) above if the employee indicates the person's relationship is equivalent to that of a household relative. Examples of such persons would be: a roommate with whom the employee has had close association for a long time, a distant relative who has been closer to the employee than the relationship implies, a fiancée, etc.
6. In addition to the above, the Sick and Emergency Leave Committee may grant emergency leaves not to exceed two (2) days for reasons not enumerated herein. The Sick and Emergency Leave Committee shall require reasonable evidence of the existence of such emergency.

If the leave is granted, it will be deducted from accumulated Sick and Emergency Leave.

- G. An emergency leave form shall be completed by the teacher and submitted to the teacher's supervisor immediately upon return to work after an emergency absence. The completed form shall contain all pertinent information relating to the absence.
- H. Unpaid Sick and Emergency Leave may exceed the total annual and accumulated leave days in unusual "hardship" cases when specifically approved by the Sick and Emergency Leave Committee for K-12 teachers, and the Director, Mott Adult High School, or designee, for adult education teachers.
- I. Any teacher who is absent because of injury or disease--other than an assault covered in Article 21, Paragraph B of this Agreement--shall be permitted to deduct from annual and accumulated sick and emergency leave the difference between the allowance under the Michigan Worker's Compensation Law and his/her regular salary.
- J. K-12 teachers under contract for less than full-time but half-time or more will be allowed one-half (1/2) the normal sick and emergency allowances provided above.
- K. The Sick and Emergency Leave Committee shall consist of three teachers appointed by the UTF and three persons appointed by the Board. The Executive Director of Human Resources/Labor Relations shall be an ex-officio member of the Committee entitled to vote only in the event of a tie. In an instance of a tie vote, the vote to break the tie on the particular matter at issue will be by secret ballot. A quorum for a meeting of the Sick and Emergency Leave Committee shall be six people. Either the Board or the UTF may send representative(s) by proxy, including the Executive Director of Human Resources/Labor Relations.
- L. The Board shall provide every teacher within 45 days after the beginning of school in the fall an accounting of their sick days accumulated. Such accounting shall not be binding upon the teacher or the Board.
- M. Each member of the K-12 UTF bargaining unit may donate not more than two (2) accumulated sick and emergency leave days to a Sick Bank in each school year.

The Sick Bank shall be administered by the Sick and Emergency Leave Committee.

The Committee may authorize the use of Sick Bank days by any actively employed Sick Bank member who:

- 1. Suffers a serious illness or accident, or who needs such days for bereavement; and
- 2. Has used all of his/her accumulated sick and emergency leave days; and
- 3. Has joined the Sick Bank and contributed days upon the most recent request by the Sick Bank Committee.

Teachers who suffer a serious illness or accident covered by the Worker's Compensation Law and who meet those requirements set forth above may be allowed to draw days from the

Sick Bank on a pro-rata basis for a period not of illness or disability. In no event shall the provision exceed his/her gross earnings for any Worker's Compensation Claim, the member Bank Committee, receive full pay from the Claim is settled favorably to the teacher, the days from the Worker's Compensation fund.

No teacher shall be granted more days from the Sick Bank than shall be necessary to carry the teacher until he/she qualifies for long-term disability insurance.

It is expressly understood that the Sick Bank shall not be utilized for other than serious illness, and that subsequent exclusions are illustrative in nature and not intended to be an exhaustive listing. Serious illness shall not include such illnesses as: common flu, common cold, temporary nervous disorders for the first fourteen calendar days, and voluntary surgery, unless deemed to be life endangering.

Pregnancy-related illnesses and/or disabilities shall be treated the same as any other illnesses and/or disabilities under Section M.

The decision of the Sick and Emergency Leave Committee with respect to the qualifications of a teacher for a grant from the Sick Bank and the number of days granted shall be final. If a problem or disagreement develops relating to contract interpretation, the UTF and/or Board representatives may request a member of their respective bargaining team to be present. A motion of reconsideration would then be permissible and the vote on reconsideration would be by secret ballot.

N. Teachers may have their position held once during any school year for the same illness or disability. Whether a subsequent illness or disability is the same is determined by the teacher's physician. A teacher required to leave his/her position as a result of illness or disability will, during the term of said illness or disability, have his/her position held and shall have the right to return to that position in accord with the procedure set out below:

1. For the period of the teacher's accumulated sick days for teachers with zero (0) through five (5) years seniority.
2. For the period of the teacher's accumulated sick days or forty-five (45) calendar days, whichever is greater, for teachers with six (6) through ten (10) years seniority.
3. For the period of the teacher's accumulated sick days or sixty (60) calendar days, whichever is greater, for teachers with eleven (11) through fifteen (15) years seniority.
4. For the period of the teacher's accumulated sick days or seventy-five (75) calendar days, whichever is greater, for teachers with sixteen (16) through twenty (20) years seniority.

5. For the period of the teacher's accumulated sick days or ninety (90) calendar days, whichever is greater, for teachers with twenty-one (21) or more years seniority.

The first 30 accumulated sick days shall count as one (1) and one-half (1/2) in categories three through five.

Seniority for purposes of this provision shall be defined as uninterrupted (non-terminated) years of employment (service) with Flint Community Schools. (See Appendix S-1(1) and (7).)

Relative to absence due to illness or disability, it is understood that premium payments for fringe benefits and accrual of sick days continue only during the period that the teacher is covered by accumulated sick days and/or the Sick Bank, whichever is longer, and that the aforesaid provisions of this section are controlling only for purposes of retaining a teacher's position. (See Appendix V, Leaves of Absence, (2), (3), (4) and (5).)

- O. Adult education teachers teaching half-time (as defined in Appendix AA) or more, who are required to leave their position as a result of illness or disability will, during the term of said illness or disability, have their position held and shall have the right to return to that position, if the position exists, in accord with the procedure hereinafter stated:

Position shall be defined for purposes of this provision as the teaching schedule the teacher vacated, except that should the position remain vacant beyond the remainder of a semester, it shall mean the teaching schedule the teacher vacated to the degree it still exists. If the schedule the teacher vacated changes, it shall mean the part remaining plus hours equal to the changes in the schedule.

For each seven (7) credits of accumulated seniority in the adult education program, the teacher shall have his/her position held for one school week, but in no case for longer than one semester (or days equivalent to one semester if the teacher's return rights span more than one semester). For example, after accumulating twenty-eight (28) seniority credits, the teacher shall have his/her position held for one month (20 school week days, Monday-Friday).

One semester shall equal seven (7) seniority credits or major fraction thereof of the last seven (7) credits. For example, one year shall equal 14 seniority credits, or major fraction thereof of the last seven (7) seniority credits, or 11 seniority credits. Two years shall equal 28 seniority credits, or major fraction thereof of the last seven (7) seniority credits, or 25 seniority credits, etc.

One week shall equal five (5) school weekdays. One month shall equal four (4) school weeks (20-week days).

Total Credits/Units	Equivalent Years Seniority	Weeks Position to be Held During Sick Leave
0-7	0-.5	0
8-13	.5	1
14-20	1	2
21-27	1.5	3
28-35	2	4
35-41	2.5	5
42-48	3	6

(Cross reference--see Appendix S-1(6) for K-12.)

- P. A teacher shall not be prohibited from returning to work because the teacher is in a cast, on crutches, or using other similar support mechanisms, provided the teacher's physician will certify to the teacher's ability to return to work, and provided further that the teacher can perform the essential duties of his/her assignment.
- Q. 1. Each full-time adult education teacher may donate not more than twenty-one (21) accumulated sick time hours to a sick bank in each school year. The adult education teacher sick bank shall be administered by the adult education Sick and Emergency Leave Committee. New full-time adult education teachers may enroll in the adult education teacher sick bank during the regular enrollment period in October/November of each school year.

The adult education Sick and Emergency Leave Committee shall consist of three (3) adult education teachers appointed by UTF and three (3) persons appointed by the Board. The Executive Director of Human Resources/Labor Relations shall be an ex-officio member of the committee entitled to vote only in the event of a tie. In an instance of a tie vote, the vote to break the tie on a particular matter at issue will be by secret ballot. A quorum for a meeting of the adult education Sick and Emergency Committee shall be six people. Either the UTF or the Board may send representative(s) by proxy.

The committee may authorize the use of sick bank hours by any actively employed sick bank member who:

- a. Suffers a serious illness or accident; and

- b. Has used all of his/her accumulated sick time hours; and
- c. Has joined the adult education teacher sick bank and has contributed hours upon the most recent request by the adult education Sick and Emergency Leave Committee. An adult education teacher must be working full time (teaching eight or more classes) in order to contribute hours to the sick bank and to be eligible for a sick bank grant.

There will be a seven (7) calendar day waiting period required for the onset of the member's illness/disability before any hours will be paid from the adult education teacher sick bank. A sick bank grant will conclude at the end of the member's illness/disability or eight calendar weeks from the onset of the member's illness/disability or at the conclusion of a period of scheduled full-time work, whichever occurs first.

- d. An adult education teacher who suffers an illness or injury covered by the Worker's Compensation law will not be eligible to draw sick time hours from the adult education teacher sick bank.

No adult education teacher shall be granted more than 196 hours from the adult education teacher sick bank in any one school year.

It is expressly understood that the sick bank shall not be utilized for other than serious illness, and that subsequent exclusions are illustrative in nature and not intended to be an exhaustive listing. Serious illness shall not include such illnesses as: common flu, common cold, bronchitis, temporary nervous disorders for the first fourteen calendar days, and voluntary surgery, unless deemed life endangering.

A pregnancy related illness or disability shall be treated the same as any other illness or disability.

- 2. To apply for a grant from the adult education teacher sick bank, a member must submit two forms to the Office of Human Resources/Labor Relations:
 - a. A "Request to the Adult Education Sick and Emergency Leave Committee for use of sick bank days;" and
 - b. A "Doctor's Verification of Illness or Disability Form" (See Appendix P). This form is to be completely filled out by the member's doctor. Incomplete medical information will result in the denial of the request.

On receipt in the Office of Human Resources/Labor Relations of both of these forms, the request will be placed on the agenda of the next meeting of the Adult Education Sick and Emergency Leave Committee.

- R. Each adult education teacher teaching full time shall be allowed sick time of five hours per class per year (2.5 hours per semester).

Each adult education teacher teaching half time but less than full time shall be allowed sick time of three hours per class per year (1.5 hours per semester). Each adult education teacher teaching two (2) classes but less than half time shall be allowed sick time of three and one-half (3.5) hours per year.

No other adult education teacher shall be allowed sick time.

Sick and emergency leave time shall be paid at the teacher's hourly rate as set forth in Appendices B-1 through B-2.

An adult education teacher whose class schedule is reduced or increased during a semester or between semesters will have his/her sick time accrual rate reduced or increased in accordance with the sick time accrual schedule detailed above.

Sick time shall be taken in increments of not less than the length of the instructional period from which the adult education teacher is absent, or the remainder of the teacher's sick time allowance, whichever is less.

For illness, MAHS teachers shall have classes held for the greater of three (3) classes (weeks), or the period of accumulated sick days/hours.

Sections A through M, P, and Q do not apply to Head Start teachers.

Section N applies to Head Start teachers, except reference to Appendix V does not apply to Head Start teachers.

ARTICLE 18

Leaves of Absence

- A. Any K-12, Mott Adult Education, or Head Start teacher who otherwise qualifies for Family Medical Leave under the Family Medical Leave Act may exercise any and all rights set forth in the Act. Teachers may elect, on conclusion of a FMLA leave for childbirth or adoption, to exercise their rights to a parental leave pursuant to this Article. Teachers who take a parental leave following such FMLA leave are required by law to repay fringe benefit premiums to the district paid on their behalf during the FMLA leave.

- B. Extended Illness

Any K-12 or Head Start teacher whose personal illness or disability extends beyond the period compensated for, or for which a position is held, under the terms of Article 17, shall

be granted a continuous extended illness leave of absence without pay. The teacher shall choose one of the following options:

1. The remainder of a school year (plus one or two subsequent school years as needed).
2. An entire school year (plus one subsequent school year as needed).

Unrequested leaves of absence for physical or mental illness and/or disability for K-12 teachers shall be governed by the Michigan Tenure of Teachers Act. (See Appendix V, Leaves of Absence.)

Adult education teachers teaching half time or more whose personal illness or disability extends beyond fifteen (15) working days shall be granted an extended illness leave for one full year or the remainder of a school year.

An additional full year leave of absence may be requested by the teacher. The Board, at its discretion, may grant the request.

C. Paid Personal Business Leave

1. Two days of paid personal business leave per school year shall be granted annually to all full-time employees in a regularly assigned position. Half-time employees will be granted two (2) half-days of paid personal business leave. Adult education teachers shall be granted annually seven (7) hours of personal business time for all full-time MAHS teachers and three and one-half (3.5) hours for all half-time but less than full-time MAHS teachers. Guest teachers or part-time employees will not be eligible for any paid personal business leave days. The annual unused paid personal business leave shall accumulate as Sick and Emergency Leave.
2. It is agreed that paid personal business leave days are provided for legitimate business, professional, and family obligations a teacher regularly encounters which cannot be met outside the regular school day. Typical of these obligations, although not all-inclusive are: court appearances, scheduled medical examinations, religious holidays, college graduation exercises, honors convocations honoring the teacher or members of his/her immediate family, and real estate transactions. This provision for paid personal business leave is not to be used for the pursuit of sporting or recreational interests, hobbies, avocations, other gainful employment, shopping, or such activities as yard maintenance.
3. Application for paid personal business leave shall, except in emergencies, be made to the immediate supervisor at least two (2) days prior to the date of such leave on a form provided by the Board which is attached hereto as Appendix F. Requests made outside the terms of Appendix F but within the spirit of this Article may be granted. Teachers taking personal business leave days except as stipulated above shall be

subject to discipline. MAHS personal business time must be scheduled in blocks of time equal to one (1) class.

4. Paid personal business days may not be taken on the first day of school, on the first working day preceding or following a non-teaching day (except Saturday or Sunday), on the March Human Relations Inservice Day, on the opening day of a small game or fishing season, on the first two (2) working days of a deer hunting season, on the working day preceding or following the opening of small game or fishing season, on the working day preceding the opening of deer hunting season or on days when final examinations are scheduled, except that paid personal business leave may be taken on such restricted days if a teacher has personal business such as: court appearance, a scheduled medical examination, religious holiday, college graduation exercises, honors convocation honoring the teacher, real estate transaction, and other legitimate business on such restricted days, provided that the teacher shall, prior thereto, furnish proof of such business to his immediate supervisor.

D. Religious Observance Leave

Except as otherwise required by law, teachers may use up to three (3) days per year from personal business and/or sick leave account days for major religious observances.

E. Jury Duty and Court Service

1. When a teacher is called for jury service, he/she shall give his/her immediate supervisor proper notice and the Board of Education will reimburse the teacher for the difference between his/her regular pay and the amount he/she received for court services. It is the responsibility of the teacher to collect for his/her court services.
2. When a teacher is subpoenaed to serve as a witness in a court action involving the Board of Education or arising out of his/her employment, he/she shall be given a leave of absence with pay for the time required for such court appearance. Any witness fees resulting from court service shall be paid to the Board.

F. Parental Leave

1. A teacher shall be granted a parental leave without pay at any time for the purpose of childbirth. The teacher shall present a certifying statement from the teacher's physician to the Office of Human Resources/Labor Relations, whenever possible, sixty (60) days prior to such a leave.
2. A teacher shall be granted a parental leave without pay at any time for the purpose of adopting a child. The teacher shall notify the Office of Human Resources/Labor Relations at the time of application for adoption and, further, if an interval of sixty (60) days elapses following the most recent notice to the Office of Human

Resources/Labor Relations of the pending adoption, the teacher shall submit a renotification notice.

3. The teacher shall choose one of the following options for his/her leave:
 - a. The remainder of a school year (plus one or two subsequent school years as he/she desires).
 - b. An entire school year (plus one subsequent school year as he/she desires).
4. Adult education teachers teaching half time (as set forth in Appendix AA) or more, shall, subject to the procedures detailed above, be granted a parental leave for one full year or the remainder of a school year.

An additional full year leave of absence may be requested by the teacher. The Board, at its discretion, may grant the request.

G. Military Leave

1. Leave for extended military service will be granted in accordance with the requirements of state law.
2. Whenever a teacher who is a member of the National Guard, Naval Reserve, Army Reserve, Marine Reserve, or Air Force Reserve is called to active service during his/her contractual year, he/she shall be paid the difference between his/her regular salary and the allowance of the State of Michigan or other governmental authority for such active service, if such difference be less than he/she would receive for a comparable time worked for the Board of Education, provided that the total period of such service does not exceed two (2) calendar weeks in any single calendar year. Before such payment shall be made, the teacher shall file in the Office of Human Resources/Labor Relations a letter from his/her commanding officer stating the period of active duty and the allowance by the State of Michigan or other governmental authority for such service.

H. Detached Service Leave

The Board shall grant, provided the teaching program of the department or school and the interests of the Flint school system are not seriously impaired by the teacher's absence, a detached service leave for work with an official governmental agency including the Peace Corps, or for serving in an elected political office or as an aide to an elected political official. A teacher who is on tenure and who is granted detached service leave shall not forfeit his/her tenure status.

Any time spent on such detached service leave shall not be considered as additional experience on the salary schedule.

The teacher shall choose one of the following options for his/her leave:

1. The remainder of a school year (plus one or two subsequent school years as he/she desires).
2. An entire school year (plus one subsequent school year as he/she desires).

Adult education teachers teaching half time (as set forth in Appendix AA) or more, shall, subject to the procedures detailed above, be granted a detached service leave for one full year or the remainder of a school year.

An additional full year leave of absence may be requested by the teacher. The Board, at its discretion, may grant the request.

I. Sabbatical Leave

1. Sabbatical leaves for study and research will be granted by the Board to teachers who have completed seven (7) years of service in the Flint Community Schools. Such sabbatical leaves shall be in recognition of significant service in the Flint Community Schools and for the purpose of encouraging scholarly achievement, which contributes to the professional effectiveness of the members of the staff and the value of their subsequent service to the Flint Community Schools. The Board, in making a determination as to whether to approve or disapprove a sabbatical application, shall consider the criteria set forth in Appendix K.
2. Each year, one percent (1%) of the teachers in K-12 who are otherwise eligible will be granted sabbatical leave. In calculating the maximum number of persons who would be eligible, fractions will be rounded off to the nearest whole number and half-year sabbatical leaves will be considered leave for one-half person.
3. Sabbatical leave may not be granted to one individual more often than once every seven (7) years. It will be granted only when the proposed purpose of the leave warrants it and when the teaching program of the department and the interests of the Flint school system will not be seriously impaired by the teacher's absence.
4. A sabbatical leave may be granted for one semester, one full school year, or for the last semester of one school year and the first semester of the following year. Each teacher on sabbatical leave shall receive one-half the pay he/she would otherwise receive during the period of this sabbatical leave plus the medical-hospitalization insurance and life insurance, dental insurance, and long-term disability coverage as provided in this Agreement, except that long-term disability coverage will become effective at the end of the stipulated leave period, upon a doctor's written certification of continued disability. A teacher on sabbatical leave shall not render service for compensation in another educational institution, provided, however, that this shall

not preclude the acceptance of a fellowship or other assistance in research. Applicants for a Study Sabbatical who are granted such sabbatical must carry a full load of academic courses as determined by their university, college, or training institution.

5. Application for sabbatical leave shall be made in writing and received by the division head not later than March 1 preceding the school year within which the leave is desired. The application must be accompanied by a statement of a well-considered plan for spending the leave in a manner calculated to contribute to the professional effectiveness of the applicant and the best interests of the Flint school system.
6. Each teacher who is granted sabbatical leave will be expected to return to his/her duties in the Flint school system for at least one (1) year and upon returning, shall present a full report regarding the use of his/her sabbatical leave to the division head.
7. Any time spent on sabbatical leave shall be considered as additional experience on the salary schedule.
8. A teacher who has had his/her sabbatical leave approved pursuant to the procedures of Appendix K shall, except by mutual agreement between the Board and the teacher, be returned to the teaching assignment from which the leave was granted, provided the sabbatical program is directly related to the teacher's former teaching assignment and provided further that the teaching assignment continues to exist upon the teacher's return. All other teachers granted sabbatical leave shall be returned from leave in accord with the language of Article 16, Section G.

J. Study Leave

A teacher may submit a plan for a year of fully scheduled academic study which substantially contributes to his/her competence in his/her teaching assignment. Such plan will be reviewed by the division head and if approved the leave shall be granted. One year experience credit will be granted upon presentation of evidence of successful completion of the plan as previously approved by the division head.

Only one such leave will be granted to a teacher unless he/she is requested to take additional study leave by the Board.

No more than ten study leaves for which experience increments are granted will be approved in any one academic year. (No more than one of the designated study leaves will be approved in any one academic year for teachers assigned to the Head Start program.) Denial of study leave may be grieved on the grounds that such denial is unreasonable, provided that no denial shall be unreasonable if ten study leaves have been granted in that academic year. The Board shall publish a policy which clearly delineates the proper form and procedure to be followed by teachers seeking study leaves.

Adult education teachers teaching half time (as set forth in Appendix AA) or more, shall, subject to the procedures detailed above, be granted a study leave for one full year.

An additional full year leave of absence may be requested by the teacher. The Board, at its discretion, may grant the request.

K. Professional Leaves

Full pay may be granted to teachers to attend professional meetings or other special assignments with the approval of their immediate supervisor, and under established procedures.

L. Return of Administrators, and Employees Assigned to Positions for Which a Teaching Certificate is Required, to a Teaching Position

1. Administrators (administrators, community school directors, or others in a position requiring a teaching certificate as determined by the job description and/or State law or Department of Education regulation) shall be returned to the teacher bargaining unit and assigned in the administrator's major or minor area according to his/her seniority.
2. No administrator shall be returned to the teacher bargaining unit and be retained in the teacher bargaining unit if a teacher with more seniority is laid off in or is eligible for recall to the same predominant subject area to which the administrator is considered for return and placement. If this should happen, the administrator shall also be laid off and be recalled under the recall language of Article 16(I)(2).
3. Predominate, for purposes of the above provision, shall be defined as the majority subject area of the assignment. For example, if the assignment has three math classes and two science classes, the predominate teaching area for assignment purposes would be math.

M. Student Teaching Leave

Head Start teachers shall be eligible for an unpaid leave of absence to pursue, under university supervision, a student teaching program so as to acquire teaching certification. Requests for approval shall be submitted to the Office of Human Resources/Labor Relations prior to June 1st for leaves to be granted during the term of the subsequent school year. Leaves may be granted for less than one year upon approval of the Board.

Leaves of absence for acquiring teaching certification, upon timely application, shall be approved by the Board, provided the instructional offerings of the Head Start program are not seriously impaired by the teacher's absence.

N. Miscellaneous (See Appendix V, Leaves of Absence.)

1. Leaves of absence under this Article, with the exception of paid personal business leave, extended illness and parental leaves, shall be granted only after the completion of probationary service.
2. Teachers on leave of absence for other than military service, detached service, or sabbatical leave shall not receive years-of-service credit toward salary increments for the period of the leave, but administrators as defined in K-1 above on administrative assignment or in positions for which a teaching certificate is required shall receive years-of-service credit toward salary and service increment for the period of the administrative assignment.
3. A teacher returning from leave of absence or an administrator returning to the teacher bargaining unit shall be offered the first vacancy for which he/she is qualified and certified pursuant to the language of Article 16, Section G, except as provided otherwise in Article 17, Section N, and Article 18, Section I(8) above, for teachers.

Except as provided in Article 17, Section N for teachers, return to the teacher bargaining unit shall be at the beginning of a school year, pursuant to the language of Article 16, Section G, provided that a teacher or administrator may request and may be granted return to the teacher bargaining unit at any time pursuant to Article 16, Section G, provided a vacancy exists for which the teacher or administrator is certified and qualified.

4. A teacher on leave for at least a semester shall be required to notify the Office of Human Resources/Labor Relations, in writing, not less than ninety (90) days prior to the expiration of leave, whether he/she will return to employment. A teacher not conforming to this notice requirement may have his/her employment terminated.
5. If a teacher is not offered employment upon termination of his/her leave, he/she shall be laid off and be subject to recall in accord with the provisions of Article 16, Section I(2).
6. Additional full years leave of absence above those specified in Sections A through K may be requested. The Board, at its discretion, may grant the request.
7. MAHS teachers shall be granted a leave of up to six (6) weeks for childbirth and be entitled to return to their previous positions.

4. An adult education teacher on leave for at least a semester shall be required to notify the Office of Human Resources/Labor Relations, in writing, not less than ninety (90) days prior to the expiration of leave, whether he/she will return to employment. A teacher not conforming to this notice requirement may have his/her employment terminated.
5. If an adult education teacher is not offered employment upon termination of his/her leave, he/she shall be laid off and be subject to recall in accord with the provisions of Article 16, Section J(4).

P. Return from Leave Procedures--Head Start Teachers

1. Leaves of absence, with the exception of paid personal business leave, extended illness, and parental leaves, shall be granted only after completion of a two-full-year probationary period.
2. Head Start teachers on leave of absence for other than military service or detached service shall not receive years-of-service credit on the salary schedule for the period of the leave.
3. A Head Start teacher returning from leave shall be offered the first vacancy for which he/she is qualified and approved by program requirements, pursuant to Article 16, Section G, except as provided otherwise in Article 17(N). Return shall be at the beginning of the school year, unless agreed otherwise by the teacher and the Board.
4. A Head Start teacher on leave for at least a semester shall be required to notify the Office of Human Resources/Labor Relations, in writing, not less than ninety (90) days prior to the expiration of leave, whether he/she will return to employment. A teacher not conforming to this notice requirement may have his/her employment terminated.

- Q. Any teacher on any leave of absence may volunteer to guest teach and shall be paid, provided teachers on medical leave may not guest teach (except that the district may make an exception as a part of a rehabilitation and/or phased reentry program)

Sections I and N of Article 18 do not apply to adult education teachers.

Sections I, N, and O of Article 18 do not apply to Head Start teachers.

ARTICLE 19

Retirement Benefits

- A. A retirement benefit payment of two hundred fifty dollars (\$250.00) per year of service in the Flint school system will be paid upon retirement thereafter to:
1. Any teacher who retires at the end of the school year in which he/she attains age 60.
 2. Any teacher who has twenty (20) years of service in the Flint school system, and who retires at the end of the school year in which he/she attains age 55 or at the end of any school year thereafter, unless the Board approves retirement at a time other than the end of the school year, or any teacher who has twenty (20) years of service in the Flint school system and who qualifies for retirement under the State Retirement Plan, and who retires at the end of the year, unless the Board approves retirement at a time other than the end of the school year.
 3. Any teacher who retires after reaching age 55 who has fifteen (15) years of service in the Flint school system if retirement is the result of ill health sufficient to qualify such teacher for disability retirement under the Michigan Retirement System for Public School Employees Act.
- B. Any teacher who retires under the terms and conditions of Paragraphs A(1) and A(2) shall receive forty-five dollars (\$45.00) additional terminal pay for each unused earned sick day up to one hundred forty-five (145) days at the time of said retirement. Beginning with the 146th day, \$10.00 per day will be paid.
- C. For the purposes of Paragraphs A(1) through A(2), the school year is defined as beginning on September 1st of any given year and ending August 31st of the following year.

A year of service (not seniority) with the Flint Community Schools shall be defined as student contact days plus five (5) for each year. (See Table I in Article 12) Days from various years shall be added together to constitute years of service and fractions thereof. Half-time employees need two (2) days of work for one (1) day of service credit.

For a resulting year that does not have required days as defined above, the retirement benefit (\$250.00 set forth above) shall be prorated per day. For example, in the 2000-2001 school year a teacher with an equated 22 years and 80 days of service would receive \$5,607.20 (22 yrs. x \$250.00 = \$5,500.00, + \$250.00 ÷ by 187 = \$1.34 per day x 80 days or \$107.00; \$5,500.00 + \$107.00 = \$5,607.20). (See Appendix V, Leaves of Absence, No. 5.)

- D. If a teacher employed by the Board dies after the fulfillment of conditions in A(1) and A(2) above, but prior to payment of those benefits in the provisions A and B above, the said benefits shall be paid to the survivors or to the estate of that qualifying teacher.

Article 19 does not apply to adult education teachers.

ARTICLE 20

Insurance Protection

- A. Beginning September 1, 1992, all insurances enumerated in this Article (Health, GTL, LTD, Dental and Vision, except any HMO plan), shall be provided through a MESSA-PAK. The Board and the UTF agree that the MESSA-PAK plan shall terminate August 31, 2005 and shall not be extended without explicit written agreement.
- B. The Board shall provide, without cost to the teacher, group life insurance protection which shall pay to the teacher's designated beneficiary the sum of \$35,000 upon death for the 2002-2005 contract years, and in the event of accidental death, a sum not less than two times the death benefit. The Board shall guarantee waiver of premium for teachers on LTD and shall guarantee that the life insurance coverage shall remain in effect for the duration of the contract.
- C. The Board shall provide for each regularly assigned full time teacher the entire premium, plus \$5.00 co-pay prescription coverage, for the term of the contract for the teacher's MESSA Super Care to any other employee organization insurance program equivalent thereto approved by the Board for both the teacher and his/her family; provided that the cost of life insurance included in the MEA Super Care I Program shall be paid by the insured teacher.

The Board shall offer a Health Maintenance Organization (HMO) program during the term of the contract. The particular HMO program or programs for the duration of this contract will be mutually agreed upon by the Board and UTF in a separate Memorandum of Understanding. The Health Maintenance Organization(s) mutually selected shall be an option that a teacher may elect instead of MESSA Pak rate as long as the premium rate does not exceed the rate of MESSA Pak.

The Board shall provide for each regularly assigned full-time teacher eligible for and enrolled in Medicare Part A (hospitalization) and Part B (medical) the entire premium the teacher pays for his/her Medicare coverage, upon presentation of verification of premium payment to the Office of Human Resources/Labor Relations. In no event shall the

reimbursement for such premium exceed the premium amount paid by the Board for teachers not eligible for Medicare coverage.

It is understood that the Board, by payment of the premium payments required to provide the coverage set forth herein, shall be relieved from all liability with respect to the benefits provided by the carriers.

- D. The Board will pay the premium for regularly assigned full-time teachers for long-term disability insurance coverage for the school years 2002-2005. Long-term disability payment shall be payable after a waiting period of forty-five (45) working days, equal to sixty-six and two-thirds percent (66 2/3%) of his/her gross contractual salary until age sixty-five (65). The Board shall guarantee that the LTD insurance coverage shall remain in effect for the 2002-2005 contract years. (See Appendices M and N.)
- E. The Board shall provide for each regularly assigned full-time teacher the entire premium for each employee's dental care insurance plan for the 2002-2005 contract years. Such plan shall provide a benefit level of eighty percent (80%) of Class I, Class II, and Class III benefits as hereinafter defined:

1. Class I Benefits

Includes the basic dental services, i.e., examinations, radiographs, patient consultations, preventive treatment (primarily prophylaxis and topical fluoride treatment), fillings, crowns, jackets, oral surgery (primarily extractions), endodontic, and periodontic services.

2. Class II Benefits

Includes prosthodontic services--bridges, partial, and complete dentures.

3. Class III Benefits

All teachers shall be eligible for dental coverage from the Flint District subject to the conditions set forth above, irrespective of whether they or their spouses have dental coverage paid by any employer. Teachers with spouses employed by the Board that are covered by Board dental insurance, or teachers with spouses employed elsewhere that are covered by dental insurance, shall be eligible for coordination of benefits through a 50% dental coverage plan so as to receive 100% coverage. In no case shall a teacher receive less than an 80% Class I, II, or III benefit as a result of this provision.

The Board, by payment of the premiums required to provide the coverage set forth above, shall be relieved from all liability with respect to the benefits provided by the aforementioned insurance coverage.

- F. Each teacher under contract to work less than full time but one-half time or more, is entitled to receive fringe benefits equal to one-half the amounts set forth in Paragraphs A, B, and C above. Teachers working less than half-time and guest teachers are not entitled to benefits under this Article. Further, teachers who are initially placed or who request and are for that reason placed in half-time positions shall not be entitled to receive the fringe benefits set forth in Provisions D and G of this Article. Teachers involuntarily assigned to half-time positions by the Board shall be entitled to the full fringe benefits set forth in Provisions D and G of this Article.
- G. The Board shall provide the entire medical premium for full insurance (as provided in Section C) for all teachers on LTD for the duration of their extended illness leave (as provided in Article 18, Section A; and Appendix V, Leaves of Absence).
- H. The Board shall provide all regularly assigned full-time teachers (subject to the limitations of the carrier), the entire premium for vision insurance in accordance with the specifications of VSP-2.

All teachers shall be eligible for vision coverage from the Flint District, subject to the conditions set forth above, irrespective of whether they or their spouses have vision coverage paid by any other employer. Teachers with spouses employed by the Board that are covered by Board vision insurance, or teachers with spouses employed elsewhere that are covered by vision insurance, shall be eligible for coordination of benefits through a 50% vision coverage plan so as to receive 100% coverage. In no case shall a teacher receive less coverage than that provided by the Board's full vision insurance plan as a result of this provision.

It is further understood that the Board, by payment of the premium required to provide the coverage set forth above, shall be relieved from all liability with respect to the benefits provided by the aforementioned insurance coverage.

- I. Adult education teachers shall not be eligible for any of the fringe benefits detailed in Article 20, except health care coverage as follows:

The Board shall provide to adult education teachers teaching full-time or more, either 100% of the premium for individual subscriber, or eighty (80%) percent of the premium for coverage beyond individual subscriber, up to full family, for Super Care I, or to any other health care program comparable thereto and approved by the Board, upon completion of all Board required paperwork and the meeting of all insurance company requirements. Health care program shall be defined as the health care coverage detailed herein.

Care rider, or to any other health care program comparable thereto and approved by the Board, upon completion of all Board-required paperwork and the meeting of all insurance

company requirements. Health care program shall be defined as the health care coverage detailed herein.

Adult education teachers teaching half-time (as defined in Appendix AA) but less than full-time shall be eligible for eighty (80%) percent of the premium subsidy for the single subscriber medical insurance described above.

Adult education teachers teaching half-time (as defined in Appendix AA) or more may opt to have their respective monthly premium subsidy applied to the Health Maintenance Organization (HMO) program(s) offered by the Board.

Beginning with the 1993-94 school year, provided the MAHS base contingency funds are adequate, the Board shall provide to adult education teachers teaching full-time or more 100% of the premium for Super Care I up to and including full family.

To the extent permitted by law, the premiums for Medicare Part B premiums shall be paid on behalf of the eligible teacher in an amount not to exceed the respective premium subsidy provided above for teachers teaching half-time or more.

Board-paid health care benefits shall not be provided to adult education teachers teaching less than half-time. Adult education teachers not eligible for the Board-paid premium subsidy may elect group health care coverage through payroll deduction.

Adult education teachers who lose their eligibility for health care coverage during or between semesters as a result of a reduction in teaching hours shall have the health care premium subsidy paid until the first of the next month, and may continue coverage by payment of premiums through the Board of Education.

Adult education teachers who become eligible for health care coverage during or between semesters will have the appropriate premium subsidy paid by the Board effective with the first of the month subsequent to eligibility being attained, or when insurance company requirements are met, whichever is later.

Adult education teachers electing Board-subsidized health care coverage are required to submit annually an affidavit certifying that they are not covered under any other employer-sponsored or group health care program before the health care subsidy will be implemented by the Board. This provision shall have no application to an individual health care policy which may be purchased by an adult education teacher.

Health care coverage shall begin only upon completion of the appropriate health care application and affidavit. The Board shall inform all newly hired teachers that it is their obligation to complete the appropriate health care application form and affidavit before health care coverage will be provided. In addition, the Board shall place in the first paycheck of each semester, or as soon thereafter as possible, a notice indicating that it is the obligation

of adult education teachers to complete the affidavit and appropriate health care application to obtain health care coverage.

The health care premium subsidy shall be paid by the Board as long as eligible adult education teachers are actively employed and/or are on paid sick time. If a teacher exhausts sick time, the Board shall pay the premium subsidy until the first of the next month.

The sole authority for the selection of the insurance carrier shall be with the Board. The Board may change or drop an insurance carrier(s), provided the plan specifications of the new carrier are comparable to the plan specifications placed on file with the Board of Education as of the effective date of this health care coverage, and the carrier selected will provide immediate coverage to eligible adult education teachers.

Plan specifications are defined as the specific elements of the health coverage provided (e.g., outpatient psychiatric, prescription rider), and do not refer to the administration and/or service components of a health program; however, any carrier selected shall provide adequate service and claims processing.

The Board, prior to changing or dropping any of the health carriers provided herein, may do so only after providing the UTF forty-five (45) calendar days notice, together with the reasons for considering such a change, and subsequent to a meeting with Union officials to discuss the reasons provided.

The Board's decision with respect to the selection of carrier shall be final, provided the procedures and requirements set forth in the paragraphs above are followed, and the Board's determination as to the comparability of plan specifications is not arbitrary or capricious.

The Board, by payment of the premium subsidy required to provide the coverage set forth above, shall be relieved from all liability with respect to the benefits provided by the aforementioned health care coverage. The Board shall also be relieved from all liability where an eligible adult education teacher pays any or all the premium for health care coverage through payroll deduction.

- J. The cost of sponsored dependent coverage for all future sponsored dependent will be borne by the sponsoring employee and not by Flint Board of Education. Those sponsored dependents already covered will continue to be paid for by the Flint Board of Education.

ARTICLE 21

Protection of Teachers

- A. The Board hereby assures teachers that it will put its full support behind the student discipline procedures and policies recommended and adopted by the Board in matters of discipline, including enforcement of the Code of Student Conduct. The administration and the teachers recognize a mutual responsibility for the enforcement of such policies. It is also agreed that such policies will be enforced fairly and consistently without favoritism due to race, creed, or color.

- B. Any case of alleged assault on a teacher, which had its inception in a school-centered problem, shall be promptly reported to the Board. The Board shall render all reasonable assistance to the teacher (excluding legal counsel) in connection with the handling of the incident by law enforcement, judicial, and medical authorities, including filing appropriate legal reports as required by law. Any case of criminal assault upon a teacher while the teacher is acting in the line of duty shall be promptly reported to the proper police authorities by the administration.
- C. In the case of an assault against a teacher which had its inception in a school-centered problem, and where the teacher is determined by the Board or its designee, and/or a court of competent jurisdiction not to be at fault, the Board shall pay the difference between the teacher's regular daily salary minus any and all salary offsets provided by, or contributed to by the Board, or compensation received as a result of new gainful employment, and/or income resultant from an increased time commitment to previously held employment, other than that with the Board, for the period of disability, not to exceed two (2) years.
- D. In the aforementioned C of this Article, the Board reserves the right to have the employee examined by a physician selected by the Board. The cost of such examination shall be borne by the Board.
- E. Any complaints by a parent of a student directed toward a teacher which become a matter of record shall be promptly called to the teacher's attention. The teacher shall have the right to attach a written response to the complaint.
- F. Credit references or official teacher evaluations shall not be released from a teacher's personnel file and forwarded to an outside institution without written consent from the teacher.
- G. On days when students are excused from being in attendance in the entire school district as a result of the Superintendent of Community Education declaring a snow or other emergency, teachers will be excused from school without penalty. The provisions for making up postponed days are covered in Appendix D-5 for K-12 teachers. In the case of an individual building closing, teachers will be notified where to report. Mott Adult High School will follow the State of Michigan guidelines on Snow or other emergencies. Adult education classes must make up all required hours under State requirements, so classes will be rescheduled for make-up for the teacher and the class without additional compensation for the teacher.
- H. Teachers shall not be required to work under unsafe or hazardous conditions or to perform tasks that endanger their health or safety.

ARTICLE 22

Teacher Evaluation

- A. The evaluation of the work of all teachers is a responsibility of the administration. In order that each teacher may be aware of his/her strengths and weaknesses, a written teacher evaluation will periodically be given to each K-12 teacher and each adult education teacher teaching five classes or more (see Appendix AA). The written evaluation will include a statement of strengths and deficiencies, a statement of the improvements desired, a statement of how to attain the desired improvements, a statement providing a reasonable period of time in which to attain the desired improvements, and what consequences may occur if the desired improvements are not achieved. The evaluation form is set forth in Appendix H-1 for K-12 teachers and in H-3 for adult education teachers teaching five classes or more. There shall be no obligation to evaluate adult education teachers teaching less than five classes.
- B. K-12 teachers rated unsatisfactory at the end of a school year, but who have not been recommended for termination, shall be retained at their current experience step. In the case of teachers at the maximum step, they shall be retained at their current salary. The decision to restore the teacher to his/her appropriate position on the schedule or to terminate the teacher's services will be made prior to the end of the school year following the year of the unsatisfactory evaluation.

The Office of Human Resources/Labor Relations shall provide the UTF with a preliminary status report on K-12 teachers recommended for retention at their previous salary step by March 1st of the year in which the evaluations are completed recommending said salary freeze. The preliminary status report shall be as complete as possible and shall be updated as any additions or deletions shall become known by the Office of Human Resources/Labor Relations. Said status report will further provide information on those teachers who were subject to a salary freeze in the previous year. The UTF will be provided with a finalized status report on those teachers whose salaries are to be frozen for the subsequent school year upon final action being taken by the Board, but no later than June 30. The status reports shall include name, evaluation rating, and recommendation regarding employment status for the subsequent school year.

- C. Each teacher shall have the right, upon request, to review the contents of his/her own personnel file. A representative of the UTF may, at the teacher's request, accompany the teacher in such review. The review will be made in the presence of the administrator responsible for the safekeeping of such file. Privileged information such as confidential credentials and related personal references normally sought at the time of employment are specifically exempted from such review. The administrator shall remove such credentials and confidential reports from the file prior to the review of the file by the teacher.
- D. All monitoring or observation of the work performance of a teacher shall be conducted openly and with full knowledge of the teacher.

- E. The procedures to be followed in the evaluation of teachers shall be as set forth in Appendix I.
- F. An adult education or Head Start teacher's probationary period is two years in length, unless extended for an additional year upon notice to the affected teacher. Once the probationary period has been served, employees will be viewed as permanent, or nonprobationary employees. Teachers who presently have two years of service with the Board will be considered to be nonprobationary employees.
- G. Head Start program officer(s) and/or other appropriate program or agency officials may become involved in the evaluation of Head Start teachers. Evaluative comments or documents will be incorporated into performance reports and may be included in the employee's final evaluation, pursuant to the procedures of this Article and Appendix I.
- H. Driver Education Evaluation
 - 1. Driver education teachers will be evaluated at least once during the summer in order that they may be made aware of their strengths and weaknesses and so that they can make improvements when needed.
 - 2. All teachers will be evaluated using the performance report and evaluation form in Appendices H-1 and H-2. There shall be at least one performance report for each evaluation.
 - 3. Driver education teachers may be terminated and/or barred from teaching summer driver education upon the recommendation of their evaluator. Such recommendation shall be in writing and detail the reasons for the unsatisfactory performance. The reasons provided in the written recommendation shall not be arbitrary or capricious.

ARTICLE 23

K-12 Summer School

Salaries for summer school teachers in K-12 shall be calculated as follows:

- A. Teachers selected for summer school or summer program assignments requiring a teaching certificate shall be paid an hourly rate of twenty-seven dollars and fifty cents (\$27.50).
- B. Summer school teachers shall be entitled to two (2) summer school days of sick leave with no deduction from pay, provided that the Board may request submission of a doctor's certificate as proof of illness. Such sick leave shall not be accumulated from summer to summer or added to a teacher's regular sick leave accumulation.
- C. The teacher shall, in the first instance, make reasonable effort to secure a guest teacher. The Board, however, will provide and maintain in the Office of Human Resources/Labor Relations a list of summer school guest teachers and, at a teacher's request, will secure a

guest teacher. The teacher will cooperate with the Office of Human Resources/Labor Relations in making any arrangements necessary for the guest teacher to assume his/her classroom responsibilities.

- D. Summer school teachers shall not be required to make inquiries with respect to the legitimacy of or reasons for student absences.
- E. Summer school for the purposes of this Agreement shall mean those courses offered during June, July, and August which are the same as those offered during the regular academic year, except at the Skill Center (and for driver education), where all credit classes taught during June, July, and August that require teacher certification shall be covered by Article 23.

All District schools or programs who write grants for summer programs that require staff shall notify the Executive Director of Human Resources and Labor Relations, or her/his designee, of projected staffing needs if the grant application is successful. Such notice must be concurrent with the filing of the grant application. The Office of Human Resources and Labor Relations will distribute to the United Teachers of Flint and to the District's teaching staff a current list of all potential summer positions, other than positions needed for summer/school/summer programs as defined in Paragraph A, as the potential positions become known to the Office of Human Resources and Labor Relations. All District schools or programs who receive grants for summer programs that require staff shall work collaboratively with the Office of Human Resources and Labor Relations to fill those positions.

Summer school applications shall be filed with the Executive Director of Human Resources/Labor Relations not later than March 1st. (Applicants must have valid endorsements and/or teaching certificates on file in the Office of Human Resources/Labor Relations by March 1st. Applications filed after that date, or without the appropriate endorsements and/or teaching certificates, will not be considered.)

Applications for summer school shall state one teaching choice for assignment to:

- 1. Secondary School Department (or driver education programs);
 - 2. Elementary School (lower); and
 - 3. Elementary School (upper).
- F. Applications for summer school will be determined as follows:
 - 1. Only full-time teachers with three (3) years or more of consecutive Flint service are eligible to apply for summer school positions. The teacher must have taught in the area (i.e., English, industrial arts, reading, etc.) for which he/she is applying at least one (1) of the last three (3) years and be certified to teach the class and meet North Central requirements at the high school level. (This provision shall not apply to driver education.)

Driver Education: Any teacher applicant that is certified to teach driver education will have his/her name placed in the summer lottery for summer driver education, provided he/she is a full-time teacher with three or more years of consecutive Flint service and meets North Central requirements at the high school level.

2. The names of the (eligible) applicants for positions to be filled will be entered into a lottery. The lottery will take place no later than March 15th, in the presence of at least one (1) officer of the UTF. Summer school principals will interview all applicants and submit to the Office of Human Resources/Labor Relations a rank order of teachers interviewed. Where the lottery and rank order agree, those teachers shall be appointed to the position in their lottery order, if available. Positions not filled by this manner will be filled by the remaining pool of teachers in their lottery order. The Joint Labor-Management Committee of the UTF/FBE may substitute an alternative selection procedure. Teachers receiving an appointment will not be eligible for a summer school position for the next two (2) years, unless all other eligible teachers refuse or are otherwise disqualified.

As to driver education, there shall be a second lottery for those applicants determined ineligible because they have taught driver education during the past two summers. Applicants from the second lottery shall be selected to teach driver education if there are still vacancies after the applicants from the first lottery have been placed into positions.

Listing of teachers for placement in summer school assignments shall be posted in the Office of Human Resources/Labor Relations by April 1st. A copy of the list shall be mailed to the UTF. No corrections of the list will be made after May 7th. Recognizing the need for each high school to have counseling representation at the summer high school, counselors will be selected as stated in item F(2) above in this Article.

3. If an assignment has been made and the class for which the assignment was made is not offered, the teacher will remain eligible for any vacancies that might occur and remain eligible for any future summer school placement if his/her assignment does not materialize. A teacher who applies for summer school and who is assigned and then withdraws shall lose summer school eligibility, provided that a teacher may withdraw his/her application before May 1st without penalty.

G. All applicants will receive notification by June 1st, if possible, from the Office of Human Resources/Labor Relations:

1. That they have been appointed to a position;
2. That there is a possibility for appointment at a later date; or
3. That they will not be appointed this summer.

- H. Teachers' preparation of summer "take-homes" shall be only on a voluntary basis.
- I. Driver education summer school shall consist of three sessions of three weeks each, unless an alternative program configuration is determined by the Board. Driver education session(s) may be eliminated at any time, subject to F(3) above. If the teacher selected from the lottery determines that he/she does not want to work the full summer program, the following shall apply:
1. The teacher may take off one session if another qualified teacher can be hired.
 2. The teacher must notify the Office of Human Resources/Labor Relations in writing within two (2) weeks of his/her appointment to summer driver education that he/she wishes a session off and which session he/she wants off.
 3. The district shall first go to the original lottery list, if there are still names remaining, and contact the next teacher on the list for the available session. If a replacement cannot be secured from the original lottery list, the district will then go to the second lottery list. If a replacement cannot be found from these lists, the district may then go to other ineligible applicants and/or outside of the bargaining unit.
 4. The teacher selected initially, and not the guest teacher, shall be credited with the two sick days provided in Section B.
 5. The summer session for the teacher selected initially to teach driver education shall count as that teacher's appointment for purposes of F(2) above.
- J. The evaluation procedures for driver education teachers are covered in Article 22, Section H. Article 23 does not apply to adult education teachers or Head Start teachers.

ARTICLE 24

Excellence

A. Teacher Inservice Education Visitations

The parties agree that one excellent way to foster teacher inservice education is through encouraging teacher visitations to classrooms of other teachers. This would involve visiting classrooms in the same building, other Flint buildings, and buildings in other districts.

The purpose of the visit would be to observe a teaching method or topic that may be incorporated into the visiting teacher's instruction to improve his/her teaching.

There are at least three good ways for teachers to visit other classrooms for inservice education. These methods are as follows:

1. Teachers voluntarily using their planning periods to cover classes of colleagues who would then be freed for visits. The coverage would normally be reciprocated by the other teacher.

2. The use of District funds to hire guest teachers. One source of funds could be Section 97 and other professional development funds. Other limited funds are also available.
3. Using District and/or building inservice days to visit other classrooms.

Any of these methods requires advance planning and approval. They should be used only for genuine inservice education and not as a method of avoiding classroom obligations.

B. Building Leadership and Instructional Time

The parties agree that quality building leadership is critical to improving the quality of education in Flint. The building principal is one of the critical persons that must offer quality leadership to the staff, students, and community.

Accordingly, the parties agree to work to free time up for the building principal to fulfill the role of instructional leader.

Quality classroom management (i.e., discipline) is one method to provide excellent education.

The parties also agree that increased time to teach is very important to improving education. Freeing the principal and teachers from unnecessary paperwork is one method to provide time for leadership and instruction. The parties agree to renew the Joint Paperwork Review Committee provided in Appendix X of the 2002-2005 Master Teacher Contract.

C. Teacher Enrichment, Retraining, and Remediation

All staff are encouraged to avail themselves of courses and programs provided for purposes of enrichment, teacher retraining (layoff and recall), and remediation.

ARTICLE 25

Discipline of Teachers

- A. The Board may adopt rules and regulations not in conflict with the terms of this Agreement concerning the discipline of teachers. Disciplinary action shall be defined as oral reprimand, written reprimand, suspension, demotion, discharge, and non-renewal of a contract. The UTF will be notified before such rules and regulations are adopted.
- B. No teacher shall be disciplined, including reprimand, suspension with or without pay, demotion, discharged, nor have a regular teacher contract (Appendices G-1, G-2, G-4, or G-5) not renewed without just cause. The teacher must receive a complete, written copy of the disciplinary action prior to it being placed in his/her file. Just cause shall include, but not be limited to:
 1. Incompetence;

2. Insubordination against the reasonable rules of the Board;
 3. Moral misconduct; and/or
 4. Any violation of the terms of this Agreement.
- C. Whenever a teacher shall be discharged or have his/her contract not renewed pursuant to this Article, the following shall be applicable:
1. As to probationary teachers: Probationary teachers may have the benefit of hearings at all levels of the grievance procedure except Level III, binding arbitration being expressly denied the probationary teacher. The probationary period for adult education and Head Start teachers shall be two full years. A third year of probation may be required by the Board.
 2. As to teachers not on probation: They may have the benefit of all levels of the grievance procedure, including binding arbitration; provided that if a tenure teacher shall demand a hearing under the Michigan Tenure Teachers Act, the grievance shall be deemed dismissed forthwith.
- D. The Board may give such notices as are required or permitted by the Michigan Tenure Teachers Act prior to or during the pendency of any grievance.
- E. Non-renewal of a contract as set forth in Sections A, B, and C above shall not include reduction in staff as set forth in Article 16(I).

ARTICLE 26

Grievance Procedure

A. Definitions

1. A grievance is a claim, by one or more teachers, filed either individually or by the UTF where the subject of the grievance affects the bargaining unit as a whole or a substantial portion thereof, of improper application or interpretation of this Agreement or personnel policy as established from time to time, specifying the part of the Agreement or personnel policy which is claimed to be violated and the specifics of such violation.
2. The term "teacher" includes any individual or group of individuals within the bargaining unit hereinbefore defined, and covered by this agreement.
3. The term "days," when used in this Article, shall mean school teaching days, except that it shall mean weekdays when schools are in summer recess.
4. The immediate supervisor for adult education teachers shall, for purposes of the grievance procedure, be defined as the Director, Mott Adult High School.

5. The immediate supervisor for Head Start teachers shall, for purposes of the grievance procedure, be defined as Staff Specialist, Head Start.
6. Placement or non-placement on a building preferred guest teacher list shall not be grievable.

B. Purpose

The purpose of the following grievance procedure shall be to settle equitably, at the lowest possible administrative level, issues which may arise from time to time with respect to specific claims of improper application or interpretation of the terms of this Agreement or established personnel policy. Both parties agree that these proceedings shall be kept as confidential as may be appropriate at each level of the procedure.

C. Structure

1. Nothing herein contained shall be construed to prevent any individual teacher from presenting a grievance and having the grievance adjusted, without the intervention of the UTF if the adjustment is not inconsistent with the terms of this Agreement and the UTF has been given an opportunity to be present at such adjustment.
2. Any teacher may be represented at the first and second level of this procedure by a representative of the UTF, provided that if the representative at the first level is not a member of the bargaining unit, the principal will receive prior notice that such a representative will be present at any first level meeting.
3. There shall be established by the UTF a Central Grievance Committee (CGC) which shall consist of no more than four (4) persons selected by the UTF. This Committee shall represent the UTF at the second and third levels of this procedure.
4. The Board's Appeal Committee at the second level shall consist of the Superintendent, or designee; and the Executive Director of Human Resources/Labor Relations.
5. Upon the request of either party hereto or of the teacher or teachers involved in a grievance, the latter may be present at any level of the grievance procedure.

D. Procedures

The number of days indicated at each level below should be considered as maximum and every effort should be made to expedite the process. The time limits may be extended by mutual consent in writing by the authorized representatives of each party. If the grievance is filed on or after June 1, the parties will endeavor to effect a solution as soon thereafter as practicable.

1. Level One

- a. A teacher with a grievance may initiate this procedure in one of the following ways:
 - 1) He/she may approach his/her immediate supervisor and discuss the matter in his/her own behalf, or
 - 2) He/she may request that a representative of the UTF accompany him/her in approaching his/her immediate supervisor. In such case, the supervisor shall not initiate any consultation with the grievant prior to any scheduled meeting at which a representative is to be present.
- b. In the event that steps (1) or (2) are unsuccessful, or one of the parties to the grievance does not wish to use these steps, the teacher may file a formal grievance on a form to be supplied by the UTF. The form shall be completed in quadruplicate, one copy for the grievant, one for the UTF, one for the immediate supervisor, and one for the Office of Human Resources/Labor Relations. A formal grievance shall be filed as soon as possible, but in no event longer than thirty (30) days after notice of the facts giving rise to the grievance came to the teacher's attention.
- c. Within five (5) days of the filing of a formal grievance, a meeting shall take place between the immediate supervisor, the grievant, and the UTF representative at the request of either the grievant or the supervisor. The immediate supervisor shall provide an answer to the grievance in writing within five (5) days of any meeting, or in the absence of a meeting, within five (5) days of the filing of the grievance.

2. Level Two

- a. In the event the grievance is not satisfactorily resolved at Level One, the CGC will determine whether it believes the grievance has merit. Within ten (10) days of receipt of the answer at Level One, the UTF will notify the Executive Director of Human Resources/Labor Relations whether it intends to process the grievance any further.
- b. If the UTF gives notice that it intends to appeal the grievance, the parties shall, as soon as possible after receipt of such notice, convene a second level meeting between the CGC and the Board's Appeal Committee. A written decision shall be rendered by the Appeal Committee within ten (10) days thereafter and delivered to the UTF.

3. Level Three

- a. Within ten (10) days of receipt of the answer at Level Two, the UTF may by notice request that the matter be submitted to arbitration.

- b. The parties will select an arbitrator from its agreed panel of six arbitrators. The selection of an arbitrator will be by blind draw. Each member of the panel will be used before a new rotation occurs. The parties will, from time to time, review the panel and may mutually agree to change the panel membership.
- c. It shall be the function of the arbitrator, and he/she shall be empowered, except as limited below, after due investigation, to make a decision in cases of alleged violation of the specific articles and sections of this Agreement.
 - 1) The arbitrator shall have no power to add to, subtract from, disregard, alter, or modify any of the terms of this Agreement.
 - 2) The arbitrator shall render his/her decision in writing and shall set forth his/her findings and conclusions on the issues submitted.
 - 3) The UTF and the Board shall not be permitted to assert in any arbitration proceeding any ground or to reply to any evidence not previously disclosed to the other party.
- d. Both parties agree to be bound by the award of the arbitrator and agree that judgments thereon may be entered in any court of competent jurisdiction.
- e. The fees and expenses of the arbitrator shall be shared equally by the Board and the UTF. All other expenses shall be borne by the party incurring them, and neither party shall be responsible for the expenses of witnesses called by the other.
- f. Matters arising out of the first sentence of Article 14(A) and Article 14(A)(6) (except for Article 14(A)(1) and (A)(2) per K-1 class size which shall be subject to arbitration) and Article 14(B) and (E) of this Agreement shall not be subject to arbitration.

E. It is understood that if any teacher files a charge with a governmental agency such as the Equal Employment Opportunity Commission, Michigan Civil Rights Commission, and/or a similar state or federal agency, said charge shall not be subject to arbitration under this Agreement. It is further understood that the employer reserves the right to set aside the findings and conclusions of any arbitration award where the employee files with the aforementioned governmental agencies on a charge previously determined by arbitration within a twelve (12) month period, except that if related issues were raised in the petition for arbitration, the findings and conclusions of said issues shall continue to be binding.

F. Miscellaneous

- 1. Copies of all written answers at any level of this procedure shall be given to the grievant and to the UTF.

2. Any grievance not appealed within the time limits set forth above shall be considered settled on the basis of the last decision. If an answer to a grievance is not received within the time limits set forth above, it may automatically be appealed to the next level.
3. No grievance shall be filed by any teacher after the effective date of his/her resignation.
4. No reprisal of any kind shall, including harassment, be taken by or against any participant in the grievance procedure by reason of such participation.
5. Any Article or provision of the contract deemed as being without application to adult education teachers, as set forth in specific sections of the Master Teacher Contract, shall not be processed under the procedures of this Article for adult education teachers.

G. Grievance Settlements and Personnel Records

1. The Board will not place any mention of grievance settlements in district files, including the Office of Human Resources/Labor Relations and building files, and exempting only the district central grievance files.
2. The Board will, beginning with the grievance settlement reached in grievance no. 1979-80.39, keep a master record of grievance settlements that involve the removal or destruction of Human Resources/Labor Relations documents, such as Teacher Performance Reports, Teacher Evaluations, or reprimands. This list will be kept only by the Executive Director of Human Resources/Labor Relations.
3. Access to or review of the list of grievance settlements relating to the removal and/or destruction of personnel file documents shall be strictly limited to the Executive Director of Human Resources/Labor Relations and his/her assistants, Board attorneys, the Superintendent and Board members sitting as a hearing body for the purpose of the Michigan Teacher Tenure Act, and properly authorized representatives of the UTF.
4. The purpose of this agreement and the limited access master record is to limit the knowledge that a grievance was filed and resulted in the removal and/or destruction of records.

ARTICLE 27

Teaching Goals

- A. The Board and the UTF agree that it is the mutual responsibility of teachers and administrators to insure that all students, without respect to race, income or social class, will acquire skills--identified jointly by teachers and administrators--necessary to take full advantage of the choices that accrue upon successful completion of public schooling.
- B. Shared decision-making shall be defined as a decision reached by a Site-Based Committee on a topic within the district guidelines such that each member of the committee can say that:
 - 1. He or she had a fair opportunity to express views which were heard and understood, and
 - 2. Regardless whether the decision is one he or she prefers, it is one that he or she can live with.
- C. The Board and the UTF further agree to encourage the teaching and administrative staff in each school or unit, at the beginning of the school year, to review major needs, identify problems, and establish action priorities for the school year. A prepared statement of the proposed areas of concentration, i.e., the school plan, will upon completion be made available to all staff members, to the appropriate director, and to the Superintendent of Community Education.
- D. Annually the total building staff will assess the implementation and/or need for modification in cooperation with the Offices of the Chief Academic Officer and the Chief Operating Officer with the object being a design of an educational process that will provide for the continuance of a logical, sequential educational program for the student's human potential, regardless of his/her background. Such assessment will include the judgment of building staff as to the adequacy of resources---personnel, materials, facilities, and community. Inadequate resources will be reported to the appropriate division head with recommendations for:
 - 1. Correction of the deficiency; or
 - 2. Explanation as to the inability of staff to provide adequate opportunity to its students due to the insufficiencies in resources.
- E. In addition, the parties acknowledge the complexity of this task, and for that reason understand that no school or unit plan will be implemented by a staff until such time as agreement has been reached upon a particular plan by the majority of that building staff (at the elementary level) and approved by the principal, or by the majority of each department

staff of a building (at the secondary level) and approved by the principal. When plans have been developed and agreed upon by said majorities and their building principal, the plan will be submitted to the appropriate division head for comment and/or recommendation, to be reconsidered at the building level.

- F. Consistent with the school or unit plan, each teacher will be encouraged to develop a personal instructional plan. A teacher desiring to submit such a plan shall design it to include these basic elements:
1. Objectives - A series of concise instructional statements and their anticipated effect on student behavior;
 2. Prescriptions - Suggested ways the teacher will work toward the attainment of the objectives including any anticipated problems; and
 3. Evaluation - Instrument and process to measure the effectiveness of each prescription to meet the objective.
- G. Individual teachers will be encouraged to submit instructional plans to each building administrator. Such plans shall be submitted as soon as possible after the completion of the school or unit plan. The administration may suggest improvements which might include additional resources, modification of objectives, alternative prescriptions, and/or better methods of evaluation.
- H. This Agreement guarantees that for the term of this contract, this plan will not be used in any way as criteria in evaluating the performance of teachers, and further, in no manner shall this Agreement be tied to remuneration of teachers.

ARTICLE 28

2. Guest teachers are invited and will be encouraged to participate voluntarily in the March Human Relations Inservice Day.
3. On a bi-annual basis, the District and the UTF will, when possible, jointly host a voluntary Guest Teacher Inservice one-half day to discuss such issues as re-orientation, program updates, and guest teacher specific issues. This day will be on a non-student attendance day (e.g., the first day of the school year or records day).
4. The District will continue to provide inservice assistance through a reorientation of those guest teachers demonstrating special need for such opportunity.

F. Calling Procedure

Building Level:

1. Individual buildings will attempt to fill their guest teacher needs from their internally maintained list of preferred guest teachers. Union represented preferred guest teachers are to be called before non-Union represented preferred guest teachers.

Office of Human Resources/Labor Relations:

2. In the event a building cannot meet its needs, they are to request a guest teacher from the Office of Human Resources/Labor Relations. Requests not filled by available Union represented guest teachers may be filled by non-Union represented guest teachers.

G. Guest Teacher Discipline

1. The Board may adopt rules and regulations not in conflict with the terms of this Agreement concerning the discipline of guest teachers. Disciplinary action shall be defined as oral reprimand, written reprimand, or suspension. The UTF will be notified before such rules and regulations are adopted.

 - a. Incompetence;
 - b. Insubordination against the reasonable rules of the Board;
 - c. Moral misconduct; and/or
 - d. Any violation of the terms of this Agreement.

ARTICLE 29

Adult Education Teaching Conditions and Responsibilities

A. Class Size

No adult education teacher shall be required without his/her consent to teach a class of more than thirty-five (35) pupils in any one class unless, in the opinion of the director, a class of greater size cannot be avoided. In no event shall an adult education teacher be required to teach a class of greater than thirty-seven (37) pupils without his/her consent.

The above provisions shall have no application to physical education, art, music, and typing classes.

No adult education teacher shall be required to teach more students in labs than there are work stations or equipment available. No adult education teacher shall, subsequent to the student count day, be required to have more than eighteen (18) students in an adult basic education reading lab; twenty-two (22) students in a math lab; or more than twenty-six (26) students in a general education development lab without the assignment of an assistant. The class count used for assigning an assistant shall include only students actually attending classes after the student count day. An assistant so assigned may be removed should the number detailed above for the respective lab(s) fall below that level.

Adult education teachers shall not be required except in an emergency situation, to accept another class into their class when guest teachers are not available, unless the classes are the same subject or directly related to the subject.

B. Orientation

Adult education teachers shall be provided, prior to the beginning date of classes in the fall, and for teachers new to the program, in the winter term, a three-hour orientation session. Employee attendance at the orientation session shall be considered mandatory. The rate of pay for attendance at orientation sessions is set forth in Appendix B-3.

C. Records Day

Consideration will be given to teachers for whom the master record day schedule(s) causes a hardship. This paragraph shall not be interpreted as diminishing a teacher's responsibility to continue to prepare records which are required by the adult education program. Adult education teacher attendance at record days shall be considered mandatory. The rate of pay for attendance at record keeping session(s) will be the teacher's hourly rate.

D. Meetings

Faculty meetings shall be scheduled as needed for adult education teachers, but not more frequently than twice a semester. Faculty meetings shall be as brief as possible. Faculty meetings shall not be longer than one (1) hour but may be extended to one (1) hour and twenty (20) minutes as necessary on forty-eight (48) hours notice except in emergencies. Mott Adult High School shall have monthly department meetings, each department shall have two (2) elected and one (1) appointed teacher.

E. Miscellaneous

Adult education teachers recognize that program requirements shall, from time to time, require the performance of duties that involve the expenditure of time beyond class time. Current adult education teachers are performing these extra duties and shall be expected to continue to perform that at the same level but not at an increased level.

Adult Education teachers shall have access to teacher restrooms and, when feasible, to lounges in the community schools.

To the extent possible, teachers shall be provided an adequate and secure storage place.

ARTICLE 30

Professional Development

- A. Each school will have a Professional Development Chairperson elected by the professional staff at a staff meeting at the beginning of the school year. These chairpersons shall be members of the school improvement team and chairperson for the building level Professional Development Committee. (See Appendix C for Differential.)

Each building will be given the flexibility to determine its professional development needs. Buildings, using their shared decision making process, will consider the data and needs of the students. Professional development sessions should be evaluated and debriefed so that the results can be considered in planning future sessions.

- B. There shall be a two (2) day Professional Development Training and Planning Workshop for all Inservice Chairpersons.

School inservice programs shall remain within the limits of available resources and facilities, and must be acceptable to the inservice chairpersons' council. In the event that said inservice council and Professional Development Department cannot agree on such program, the Superintendent or designee shall select the plans to be implemented.

- C. The following applies only to adult education teachers:

The topics for the professional development session shall be determined by the Mott Adult High School director, or designee(s), in conjunction with a committee of adult education teachers not to exceed three members. The decision of the Mott Adult High School director, or designee, shall be final.

Adult education teacher attendance at the professional development session shall be considered mandatory. The rate of pay for attendance at professional development session(s) is set forth in Appendix B-4. Adult education teachers excused from the professional development session for good cause shall not be paid for the session. Inservice pay shall have no application to such matters as seniority accrual, employment status (full, half-time, or less than half time), and the determination of appropriate pay.

ARTICLE 31

Miscellaneous Provisions

- A. The Board agrees to make every reasonable effort to provide qualified guest teachers, and the teachers shall be informed of a telephone number they may call to report unavailability for work.

K-12 teachers shall report unavailability for work at the earliest possible time and shall report their unavailability for work no later than sixty (60) minutes before their scheduled reporting time or 7:15 a.m., whichever is earlier.

K-12 teachers who fail to report that they will be unavailable for work as set forth above will lose one day's pay and may not use their sick leave for that day. However, there will be no deduction from their accumulated sick and emergency leave.

Adult education teachers shall report their unavailability for work at the earliest possible time, but not later than sixty (60) minutes before their scheduled reporting time. Teachers who fail to report that they will be unavailable for work will lose pay for each class missed. However, there will be no deduction from their pay if they make up the class. Class(es) shall only be made up with the approval of the principal or designee.

- B. This Agreement shall supersede any rules, regulations, or practice of the Board which shall be contrary or inconsistent with its terms. It shall likewise supersede any contrary or inconsistent terms contained in any individual contracts heretofore in effect. All future individual teacher contracts shall be made expressly subject to the terms of this Agreement, and said Agreement takes precedence over and expressly governs the individual contract.
- C. Copies of the standard probationary and tenure contracts for use in K-12 are attached hereto as Appendix G-1 and Appendix G-2. Copies of the non-continuing (probationary) and continuing contracts for those employees not covered by the Tenure Act are attached hereto as Appendix G-4 and Appendix G-5.
- D. Copies of this Agreement shall be printed at the expense of the Board and presented to all teachers now employed or hereafter employed by the Board.
- E. All notices required to be given to the UTF by this Agreement shall be mailed to the UTF by ordinary mail, addressed to 5095 Exchange Drive, Flint, Michigan 48507, or to such other address as the UTF shall direct in writing. All notices required to be given to the Board by this Agreement shall be mailed to the Board by ordinary mail, addressed to 923 East Kearsley Street, Flint, Michigan 48503 or to such other address as the Board shall direct in writing. All notices to be given to a teacher under this Agreement shall be mailed to his/her last address recorded in the Office of Human Resources/Labor Relations. It shall be the responsibility of teachers to notify the Office of Human Resources/Labor Relations of any change of address. The mailing of such notices shall not relieve the Board of the responsibility to post notices whenever required by this Agreement.
- F. If any provision of this Agreement or any application of the Agreement to any teacher or group of employees shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- G. This Agreement may not be modified in whole or in part by the parties except by an instrument in writing duly executed by both parties, and no departure from any provision of this Agreement by either party, or by their officers, agents, or representatives, or by members of the bargaining unit, shall be construed to constitute a continuing waiver of the right to enforce such provision.
- H. No teacher shall use his/her position in the school system to his/her financial advantage by such activities as preparing lists for sales solicitation, by soliciting sales from his/her students and their parents, by promoting his/her employment as a tutor for his/her assigned

students, and by soliciting employment as a private music teacher for his/her assigned students or by seeking any similar advantage.

- I. Teacher representatives serving on building level community councils shall be selected by the teaching staff in that building.
- J. The Board shall choose one-half of the teachers on advisory committees provided for in state and federal guidelines concerning all vocational, compensatory, and special education programs from a list of nominees submitted by the UTF.
- K. The K-12 teachers in each secondary school may suggest names to the principal for consideration for appointment as department chairpersons. However, the decision of the principal shall be final.
- L. After completion of the requirements for a baccalaureate degree and two (2) years of satisfactory service with the Flint schools, K-12 school nurses shall be given a continuing contract.
- M. Amendments to this Agreement may be made at any time during the life of this Agreement by mutual consent of the parties hereto. Such amendments shall be in writing and signed by both parties and shall become a part of this Agreement and shall terminate at the same time, as does this Agreement.
- N. The Office of Human Resources/Labor Relations will verify an adult education teacher's employment history upon request. This verification customarily will include a statement indicating the employee is actively employed and the number of years of prior employment with the District.
- O. It is recognized that the Head Start program must conform to federal, state, and local rules and regulations issued by agencies having jurisdiction over the district's Head Start program. Such rules and regulations include educational, funding, and operational requirements.

Should there be a conflict between a federal, state, or local rule or regulation and the Master Teacher Contract, the parties to this agreement will meet to work out the conflict. In the interim, the Board may comply with the rule or regulation to the extent required, but only upon notice to the United Teachers of Flint.
- P. Special Education support services of the type normally done by bargaining unit personnel are sometimes performed by contractors to accommodate sporadic or infrequent work demand. All parties recognize that UTF has a legitimate interest in the amount and frequency of such work and in the amount paid for it. When such work is sufficiently frequent and predictable to justify hiring a full-time unit employee, it will be done. At other times contractors hired for such work will be compensated at the higher of the contractor's regular rate or the lowest labor contract rate for such work, provided there will be no restriction on productivity requirements for contractors.
- Q. Under shared decision-making, identified portions of the Master Teacher Contract may be waived by a committee consisting of the Superintendent, the Executive Director of Human Resources/Labor Relations, and the President of the United Teachers of Flint, or their designees. It is agreed that each waiver shall be for one year, specific to the Site-Base

school requesting the waiver and will not be precedent setting in that regard. Participation on a Site-Based Management/Shared Decision-Making Committee shall not be a part of a teacher's evaluation or otherwise be used to discipline a teacher.

Sections A through J, M, O, and P of this Article apply to Head Start teachers. Sections K, L, and N do not apply to Head Start teachers.

ARTICLE 32

Duration

This Agreement shall, upon ratification by the Board and the members of the UTF, become effective September 1, 2002 and shall remain effective until midnight August 31, 2005 and from year to year thereafter unless between November 1 and December 31, 2005 either party shall give notice of a desire to renegotiate its terms.

The parties have specifically agreed to authorize the Joint Labor-Management Committee or its successor to adopt proposed revisions of contractual language, which preserve the basic rights of the parties.

If a position within the UTF bargaining unit is considered by the Board for exclusion, or if a change in "title" for a position is being considered which would have the effect of removing the position from the bargaining unit, and/or should a new position be created which is not specifically excluded under the provisions of the Master Teacher Contract in effect at the time of the change, the Board will:

Teacher Evaluation

A. Basic Guidelines for the Evaluation of Teachers

Article 22 of the Master Teacher Contract on Teacher Evaluation provides that each teacher will be evaluated periodically in order that the teacher be aware of his/her strengths and weaknesses.

B. The Evaluator

The responsibility for the administration of the evaluation program for teachers lies with the Executive Director of Human Resources/Labor Relations who implements the processes through the appropriate deputy superintendent. Under the direction of these administrators, teachers are evaluated by the following personnel:

1. The principal, deputy principal, assistant principal, or equivalent administrator will evaluate all teachers in the bargaining unit (either full- or half-time) assigned to a particular school. The name of the primary evaluator shall be made known to the teacher prior to the evaluation.
2. The appropriate consultant, coordinator, or director (music, art, speech correction) evaluates all itinerant teachers (either full- or part-time) not assigned permanently to any specific school or building.
3. The appropriate consultant, coordinator, or director may also assist the primary evaluator where his/her specialized talents are beneficial in the evaluation process. The name of the consultant, coordinator, or director assisting in the evaluation shall be made known to the teacher prior to the evaluation.
4. Teachers assigned to two (2) buildings will be evaluated by each principal. Conflicts between these evaluations will be resolved by the Office of Human Resources/Labor Relations.

The above administrators are referred to as the "evaluator" throughout the evaluation procedure.

C. Guidelines

These guidelines are proposed in recognition of the concept of professional growth.

Two forms will be utilized by the evaluator:

1. Teacher Performance Report, and

2. Teacher Evaluation. The Evaluation of teacher shall consist of three levels: Satisfactory, Needs Improvement, or Unsatisfactory.

Both of these forms will be prepared in triplicate on sensitized paper. One copy of each of the completed forms shall be placed in the teacher's file in the Office of Human Resources/Labor Relations, one copy shall be given to the teacher, and one copy is retained by the evaluator. In order that each teacher may be aware of his/her strengths and weaknesses, each Teacher Performance Report and Teacher Evaluation shall be followed by an evaluator/teacher conference within a seven (7) work day period. The seven (7) work day period for a Teacher Performance Report conference requirement will be tolled in the event of an illness of the teacher or other circumstance, which prevents the teacher's attendance at the conference. Teacher Performance Reports may not be carried over from school year to school year. Teachers needing improvement shall be given an opportunity to utilize professional help so that they may attempt to rectify difficulties; the teacher may request a Teacher Performance Report by another qualified observer. Each form will include a statement of the improvements desired, a recommendation of how to attain the desired improvements, a statement providing a reasonable period of time in which to attain the desired improvements, and what consequences may occur if the desired improvements are not achieved.

APPENDIX S-1

Definition and Explanation of Seniority

Register

1. Seniority shall be defined as uninterrupted (non-terminated) years of employment (service) with Flint Community Schools. Resignations shall be considered terminations, except when a teacher is rehired and there is no loss of service. Leaves of absence shall not be considered terminations, provided the employee returns to active employment within the designated leave periods as set forth in Article 18, Leaves of Absence. Employees accruing long-term disability benefits will be subject to the terms of the Extended Illness Leave.
2. Seniority does not accrue during leaves of absence as provided in Article 16 (layoff leave) and Article 18 (general leaves) except for Paid Personal Business Leave, Article 18(C), Religious Observance (Article 18(D), Jury Duty and Court Service, Article 18(E), and Sabbatical Leave, Article 18(I), wherein seniority does accrue. Seniority does accrue during short-term sick leave (personal sick days and sick bank days) as provided in Article 17. (See Appendix V, Leaves of Absence, No. 4).
3. Seniority does not accrue for employment in any school district other than Flint nor for employment in Flint outside of the teacher bargaining unit, except as an administrator (as defined in Article 18(L)(1)).

An administrator, as defined in Article 18(L)(1) hired prior to September 1, 1985, shall be returned to a teaching position for which he/she is certified and qualified on the basis of total uninterrupted (non-terminated) years of employment in Flint Community Schools in a teaching position, an administrative position, or in a position requiring a teaching certificate as determined by the job description and/or State law or Department of Education regulation.

An administrator (as defined in Article 18(L)(1), hired on or after September 1, 1985, shall be returned to a teaching position for which he/she is certified and qualified on the basis of total uninterrupted (non-terminated) years of employment within the teacher bargaining unit, or a total of bargaining unit seniority and seniority accrued in an administrative position or a position requiring a teacher certificate as determined by the job description and/or State law or Department of Education regulation, not to exceed five and one-half (5.5) years, whichever is greater. Upon placement within the teacher bargaining unit, the administrator, as defined in Article 18(L)(1), formerly on administrative assignment, shall continue to accrue seniority from a base of total bargaining unit seniority, or a total of administrative seniority and bargaining unit seniority not to exceed five and one-half (5.5) years, whichever is greater.

Persons in existing positions (other than administrative positions) outside of the teacher bargaining unit for which a teaching certificate is not now required shall not be granted seniority in the teacher bargaining unit without mutual agreement between the Board and UTF.

If the Board shall adopt a new job administrative positions) outside of the teaching certificate, or add a teaching description (other than administrative bargaining unit, the Board shall forward

description for a position (other than teacher bargaining unit which requires a certificate requirement to an existing job positions) for a position outside of the teacher a copy of said job description to the UTF.

The UTF reserves the right to challenge the Board requiring a teaching it to any existing job description (other

through the grievance procedure the necessity of certificate in any new job description or adding than administrative positions).

4. Teachers teaching half time or more shall be given full seniority credit for the year or pro rata portion thereof. Teachers teaching less than half time shall not receive seniority credit unless said seniority was accrued and credited prior to September, 1979, or the effective date of this contract, whichever is later.
5. Seniority credit for military service shall accrue under the following conditions:
 - a. Seniority for military service is required when a teacher was employed by the Flint Community Schools and then entered the armed forces, either on a voluntary or draft basis. Service with the armed forces prior to employment with the Flint schools would not count toward seniority in Flint.
 - b. From September 28, 1951 through December 2, 1974, up to three years of seniority for military service subsequent to employment with the Flint Community Schools as set forth above must be granted in the Flint schools under State law.
 - c. From December 2, 1974 through the present and continuing, up to four years of seniority for military service subsequent to employment with the Flint Community Schools as set forth above must be granted in the Flint schools under the 1974 federal law.
6. Relative to Article 17, Section N, for purposes of placing a person in the various groupings when they are between years, it is agreed that a teacher shall be placed in the lower category when they have one (1) through ninety-two (92) days work completed and in the higher category when they have ninety-three (93) through one hundred eighty-five (185) days of work completed.

For example, if a teacher had taught five full years plus 86 days, that teacher would fit into Article 17, Section N(1) or zero (0) through five (5) years seniority. On the other hand, if a teacher had taught five full years plus 106 days, that teacher would fit in Article 17, Section N(2), or six (6) through ten (10) years seniority.

Explanation of Seniority Register

The seniority register has a number of columns. You should check your status in all columns for accuracy except the Department column. The columns and information are as follows:

1. Social Security number--your correct social security number
2. Department (Dept.)--no need to check this assignment column
3. Employee name--your correct name
4. Original date of hire--date of first hire in the Flint School District
5. Last employment date--when the person last returned to work
6. System seniority date--this date is derived by first taking the original date of hire and then subtracting from it any absence from employment that does not count toward seniority.

Example No. 1. If a teacher was hired September 4, 1951 and took a two-year leave of absence, then the seniority date would be September 8, 1953 where the leave did not count toward seniority.

The column titled, System Seniority Date, is the one used to determine the ranking of staff for pink slipping. If this date is not the same as the original hire date, the teacher may have:

1. Resigned and was re-employed later (seniority begins as of re-employment date),
2. Went on a leave of absence that did not accrue seniority,
3. Been pink-slipped and recalled after school began, or
4. Interrupted accrual of seniority some other way.

Pay Credit vs. Seniority Credit. Pay credit and seniority credit may differ. Salary credit subject to the terms of the Master Contract is granted for teaching in another district and for teaching in Flint before a resignation. A teacher, therefore, may have more pay or salary years than seniority years.

Example No. 2. If a teacher was hired in 1947 and resigned in 1953, and was hired again in 1959 and taught since then, the seniority date would begin as of 1959 because the 1947 through 1953 period does not count because of the 1953 resignation. On the other hand, if the person had taken a maternity leave from 1953 through 1959, then the 1947 through 1953 period would count for seniority although the leave (1953-1959) period would not.

Example No. 3. If a teacher became ill and that leave period (now after 45 working days of example, if a teacher was out on LTD (long-covered by a leave and does not count for went on an "Extended Illness" leave of absence, illness) would not count toward seniority. For term disability), the length of disability is accrual of seniority.

7. Certification (Cert.) 0=cert not required 4=sec permanent
1=ele provisional 5=life certificate
2=ele permanent 6=temporary permit
3=sec provisional 9=certification pending
8. Contract Code--This is your status under the Teacher Tenure Act and as follows:
 - a number one (1) means probationary first year
 - a number two (2) means probationary second year
 - a number three (3) means probationary third year
 - a number four (4) means probationary but without regular teacher certification
 - a number five (5) means non-teaching, non-clerical
 - a number six (6) means regular tenure teacher ("Teacher" is defined as a member of the UTF bargaining unit)
9. BA-Majors/Minors--This is your State of Michigan certification code. To check for accuracy, look on your teaching certificate.
10. Race--a letter (A) means American Indian, a letter (B) means Black, a letter (O) means Oriental, a letter (S) means Spanish American, and a letter (W) means White.
11. Sex--M means male and F means female.

Head Start Teacher Seniority

The provisions of Appendix S-1 shall apply to Head Start teachers, unless otherwise stated or qualified under the terms of Appendix S-1 or elsewhere in the master contract. The examples of seniority calculations which appear throughout Appendix S-1 were predicated on the basis of operating procedures within the K-12 program and may not have application to Head Start teachers.

- a. Head Start teachers shall not appear on the K-12 seniority register, but shall have a seniority date on the Head Start seniority register representing years of employment in the Head Start program and a second date representing seniority in the UTF bargaining unit. One day of seniority shall be granted for each day of teaching in the Head Start program to a maximum of 185 days a year. Seniority in the UTF bargaining unit shall commence as of August 25, 1986.

A Head Start seniority register shall be published each year.

The seniority challenge procedures set forth in Article 16; Section K (6) shall apply to the Head Start seniority system.

- b. Appendix S-1, Explanation of Seniority Register: (Section 7 Certification; Section 8 Contract Code; Section 9 BA-Majors/Minors.)

APPENDIX S-2

Adult Education Teacher Seniority

Definition and Explanation of Adult

Education Teacher Seniority Register

1. For teachers teaching classes in the 1985-86 school year or thereafter, seniority shall be granted for all years of teaching in Flint in the adult education program from 1977-78 through 1980-81 on the basis of years of service. A creditable year of service shall be defined as any year in which an employee taught at least one class both semesters of the year, subject to the conditions of provisions three (3) and five (5) of this Appendix.
2. From the 1992-93 school year through the 1999-2000 school year, seniority for adult education shall be defined, as one (1) seniority unit equals fourteen (14) classes. No more than one seniority unit may be earned in any school year. Present seniority points will be transferred to the following system.
 - a. One class equals 1/16 seniority unit.

For adult education teachers, one class equals 60 hours. Seniority credit will be given an adult education teacher provided the teacher instructs the class and/or is covered by credited sick leave time for at least 45 of the 60 hours.

For classes that meet for more than or less than 60 hours, the adult education teacher will receive the appropriate proportional share of 1/16 seniority unit.

As to classes that may consist of less than or more than 60 instructional hours, the following shall apply:

A class with 15 instructional hours shall equal one-quarter seniority point.

A class with 30 instructional hours shall equal one-half seniority point.

A class with 45 instructional hours shall equal three-quarters of a seniority point.

A class with 60 instructional hours shall equal one seniority point.

A class with 90 instructional hours shall equal one and one-half seniority points.

A class with 240 instructional hours shall equal four seniority points.

Any class with a number of instructional hours not fitting the above categories shall be credited on the basis of 15 hours equals' one-quarter point. Nothing less than fifteen (15) instructional hours shall count as a quarter point.

- b. Sixty hours equals one class for the number of hours required for 1985-86 and after (unless there is a revision in a class, in which case the parties will meet to negotiate a new system).
- c. Seniority for adult education as librarians, counselors, etc., point for the equivalent time of would be 60 hours of teachers holding non-classroom positions such shall be computed on the basis of one seniority teaching one class. (The equivalent of one class instruction.)

However, time spent by teachers and counselors counseling during the summer months (July and August) and prior to the commencement of the fall semester in September shall not count towards the accrual of credits for seniority or salary purposes. Time spent by teachers counseling during the year (e.g., during January) shall not count towards the accrual of credits for seniority or salary purposes. Any time spent by teachers holding counseling positions at the five high schools (Central, Northern, Northwestern Edison, Southwestern, and Skill Center) that is in addition to their regular week day evening assignments shall also not count towards the accrual of credits for seniority or salary purposes.

- d. The teacher with the highest number of total seniority points is the most senior teacher.
3. Beginning the 2000-2001 school year, seniority for adult education shall be defined as one (1) seniority unit equals sixteen (16) classes. No more than one seniority unit may be earned in any school year. Present seniority points will be transferred to the following system.
 4. For teachers teaching classes in the 1985-86 school year or thereafter, seniority shall be granted for all classes taught in the adult education program from the 1981-82 year forward on the basis of one class equals one seniority point. For teachers teaching classes in the 1985-86 school year or thereafter, each year of creditable service for 1977-78 through 1980-81 in the adult education program shall equal ten seniority points.
 5. Starting with the 1985-86 school year, seniority for prior years shall be lost if a teacher does not teach at least one class each semester, unless the following applies:
 - a. The teacher is on a sick leave as provided in Article 17.
 - b. The teacher is on a leave of absence as provided for in Article 18.
 - c. The teacher is not offered a teaching position in the adult education program.
 6. The issue of seniority for past years (total work time vs. class time) is as set forth in the provisions above. The only time for which seniority is accrued is time spent by teachers in direct instruction of student. Teachers on special assignment within the MAHS program shall accrue seniority. They may not, however, engage in the evaluation of MAHS teachers. In

establishing seniority credits for the year is defined as any year in which an employee taught at least one class both equaled ten seniority points. From the year 1981-82 and after, seniority points are awarded on the basis of classes taught, with one class (a sixty-hour unit) equaling one seniority point. In establishing the number of classes prior to the fall of 1986, which would be translated into seniority points, there was some inclusion of non-instructional service during the period of September through June. The months July and August were excluded from any and all calculations. Beginning with the fall of 1986, seniority was awarded only on the basis of time spent by teachers in direct instruction of students, except for the counselors assigned to the positions at the five high schools and the librarian. It is this formula with which the Board will evaluate all requests for seniority credit from the fall of 1986 and after.

7. Seniority does not accrue during leaves of absence as provided in Article 18 (general leave), except for Religious Observance, Article 18(D), and Jury Duty and Court Service, Article 18(E), wherein seniority does accrue.

Seniority does accrue during short-term sick leave (paid personal sick time) as provided in Article 17.

8. Seniority does not accrue for employment in any school district other than Flint nor for employment in Flint outside of the teacher bargaining unit, except as an administrator (as defined in Article 18(L)(1)).

An administrator, as defined in Article 18(L)(1), hired prior to September 1, 1985, shall be returned to a teaching position for which he/she is certified and qualified on the basis of total uninterrupted (non-terminated) years of employment in Flint Community Schools in a teaching position, an administrative position, or in a position requiring a teaching certificate as determined by the job description and/or State law or Department of Education regulation.

An administrator, as defined in Article 18(L)(1), hired on or after September 1, 1985, shall be returned to a teaching position for which he/she is certified and qualified on the basis of total uninterrupted (non-terminated) years of employment within the teacher bargaining unit, or a total of bargaining unit seniority and seniority accrued in an administrative position or a position requiring a teacher certificate as determined by the job description and/or State law or Department of Education regulation, not to exceed five and one-half (5.5) years, whichever is greater. Upon placement within the teacher bargaining unit, the administrator, as defined in Article 18(L)(1), formerly on administrative assignment, shall continue to accrue seniority from a base of total bargaining unit seniority, or a total of administrative seniority and bargaining unit seniority not to exceed five and one-half (5.5) years, whichever is greater.

Persons in existing positions (other than administrative positions) outside of the teacher bargaining unit for which a teaching certificate is not now required shall not be granted

seniority in the teacher bargaining unit and UTF. without mutual agreement between the Board

If the Board shall adopt a new job description for a position (other than administrative positions) outside of the teacher bargaining unit which requires a teaching certificate, or add a teaching description (other than administrative positions) for a position outside of the teacher bargaining unit, the Board shall forward a copy of said job description to the UTF.

The UTF reserves the right to challenge through the grievance procedure the necessity of the Board requiring a teaching certificate in any new job description or adding it to any existing job description (other than administrative positions).

9. Seniority credit for military service shall accrue under the following conditions:

- a. Seniority for military service is required when a teacher was employed by the Flint Community Schools and then entered the armed forces, either on a voluntary or draft basis. Service with the armed forces prior to employment with the Flint schools would not count toward seniority in Flint.
- b. From the 1977-78 year through the present and continuing, up to four years of seniority for military service subsequent to employment with the Flint Community Schools as set forth above must be granted in the Flint Schools under the 1974 federal law.

10. The MAHS office, working with the Office of Human Resources./Labor Relations, will prepare and deliver to the UTF a MAHS seniority register that reflects MAHS seniority through the second semester of the school year by May 15th.

Explanation of Seniority Register

The seniority register has a number of columns. You should check your status in all columns for accuracy except the Department column. The columns and information are as follows:

1. Social Security number--your correct social security number
2. Department (Dept.)--no need to check this assignment column
3. Employee name--your correct name
4. Original date of hire--date of first hire in the Flint School District, beginning with 1977-78 or after.
5. Last employment date--when the person last returned to work
6. Seniority points--adult education teacher accumulated seniority points

Example No. 1. If a teacher had been teaching six classes each semester for the last five years, the teacher would have sixty (60) seniority points (six each semester for twelve a year times five years).

Example No. 2. If a teacher taught seven classes a semester for the last two years, the teacher would have 28 seniority points (seven each semester for 14 a year for two years equals 28).

Example No. 3. If a teacher taught four classes each semester for 1985-86, did not teach a year (1986-87) because he/she chose not to and was not on a leave of absence, taught four classes each semester for 1987-88, then the teacher would have eight seniority points (four each semester for 1987-88 times two semesters. The teacher would lose the 1985-86 points as he/she did not teach classes for 1986-87).

Example No. 4. If a teacher taught seven classes a semester from 1971-72 through 1978-79, and seven from 1981-82 through 1985-86, then the teacher would have 90 seniority points (10 points each year for two years, 1977-78 and 1978-79; 10 credits are given per year for years 1977-78 through 1980-81 and years prior to 1977 do not count; so $10 \text{ per year} \times 2 \text{ years [for 1977-78 and 1978-79]} = 20$; plus $14 \text{ per year for 5 years [1981-82 through 1985-86]} = 14 \times 5 = 70$; $20 + 70 = 90$ credits).

Example No. 5. If a teacher taught one class each semester for 1984-85 and 1985-86 and was not offered any classes for the 1986-87 year, he/she would have four seniority points when he/she began teaching again.

Salary Experience Steps vs. Seniority Points. Pay credit and seniority points may differ. Salary experience steps, subject to the terms of the Master Contract, are granted for teaching in another district (see Appendix B-1).

7. Certification (Cert.)

0=cert not required	4=sec permanent
1=ele provisional	5=life certificate
2=ele permanent	6=temporary permit
3=sec provisional	9=certification pending
8. BA-Majors/Minors--This is your State of Michigan certification code. To check for accuracy, look on your teaching certificate.
9. Race--a letter (A) means American Indian, a letter (B) means Black, a letter (O) means Oriental, a letter (S) means Spanish American, and a letter (W) means White.
10. Sex--M means male and F means female.

APPENDIX V

Leaves of Absence

This Appendix Agreement is entered into between the Board of Education of the City of Flint and the United Teachers of Flint, Inc., in an attempt to provide a joint official interpretation and clarification of some of the provisions of Articles 10, 16, 17, 18, 19 20, Appendices M and N, and the interrelationships thereof.

Article 18--Length of Leaves

Questions have arisen as to how to properly interpret subsections number one (1) and number two (2) of Sections A, F, and H of Article 18. In other words, what are the options available to a teacher relative to length of leaves under Sections A, F, and H.

The language should be interpreted so that these are the options available:

- (1) The teacher may elect to take the leave provided in Sections A, F, or H for the remainder of a school year and shall return at the beginning of the next year.

It is understood, however, that at the end of that school year, the teacher may, upon proper notice to the Office of Human Resources/Labor Relations, elect to take a leave for another complete year. At the end of that complete year's leave, the teacher shall return or may, upon proper notice to the Office of Human Resources/Labor Relations, elect to take a leave for a subsequent complete year.

For example, if a teacher went out on leave March 1, 1993, his/her leave would be for the remainder of the 1992-93 school year. For the following year, the teacher shall return or, upon proper notice to the Office of Human Resources/Labor Relations, have his/her leave renewed for another complete year (1993-94 school year). At the end of the 1993-94 school year, the teacher shall return to active employment or again, upon proper notice to the Office of Human Resources/Labor Relations, have his/her leave renewed for another year (1994-95 school year). At the end of the 1994-95 school year, the teacher shall return to active employment or resign his/her position.

To put it simply, a teacher must take a leave for the remainder of the year but can, upon proper notice to the Office of Human Resources/Labor Relations, renew the leave for up to two years, on a one-year-at-a-time basis. This assumes, of course, a valid basis for the leave (such as a bona fide illness or disability).

- (2) The teacher may elect another option, which is to begin the leave at the start of a year for the entire school year. Upon expiration of the school year, the teacher shall return or elect to renew the leave, upon proper notice to the Office of Human Resources/Labor Relations, for another complete school year at the end of the first year's leave. At the end of the second school year, the teacher shall return to active employment or resign his/her position.

Return rights from leave of absence in the instance of an Extended Illness are governed by Article 18(K)(3), (4), (5) and Article 16 (G) and (1) of the Master Teacher Contract.

Additionally, it is agreed that Article 18(N)(4) shall be interpreted as follows:

- (1) Teachers on Extended Illness Leaves shall notify the Office of Human Resources/Labor Relations in writing of intent to renew their leave as soon as possible but no later than August 1.
- (2) Teachers on all other leaves, whether for "at least a semester" or less than a semester, shall notify the Office of Human Resources/Labor Relations in writing of intent to renew their leave as soon as possible but no later than June 1.

Failure of a teacher to provide proper notice to the Office of Human Resources/Labor Relations of his/her intent to renew a leave under the procedures of the Master Teacher Contract, as clarified by this Appendix, shall serve as notice of the teacher's intent to return to active employment and the teacher shall return to active employment subject to the procedures of the Master Teacher Contract.

Leave of Absence Form

Pursuant to our understanding of the language and options in Article 18(A), (F) and (H), the Request for Leave of Absence Form would have the following options with respect to Extended Illness, Parental or Adoptive, and Detached Service Leaves:

Extended Illness:

- a. ☐ remainder of this year.
- b. ☐ entire school year of ____.

Parental or Adoptive:

- a. ☐ remainder of this year.
- b. ☐ entire school year of ____.

Detached Service:

- a. ☐ remainder of this year.
- b. ☐ entire school year of ____.

ARTICLE 18--Section A, Extended Illness

A series of questions have arisen as to when a teacher must request a leave and complete a leave of absence form pursuant to section A of Article 18.

Teachers must complete an Extended Illness Leave Form any time they have:

- (1) Exhausted their available sick days (personal and/or Sick Bank days as applicable) for part or all of the first 45 working days of illness or disability.

or

- (2) Passed the date they would have commenced said leave had the affected employee's accumulated sick days been exhausted on a full-day basis (See Appendix N(2)), whichever is later.

In other words, teachers do not have to complete an Extended Illness Leave Form while they are using their accumulated sick days or are participating in the Sick Bank or for the number of school days beyond the first 45 working days that equals the number of accumulated sick days they have remaining beyond the 45-day period.

Additional Understanding and Clarifications:

1. A teacher need not apply for an Extended Illness Leave while using sick days (personal or Sick Bank). As the teacher is absent on a day-to-day or week-to-week basis for illness or disability and using personal sick days and/or Sick Bank days, the teacher does not need to complete a leave form nor take a leave of absence. The teacher simply follows the appropriate illness call-in procedure, turns in the appropriate medical statement (Article 17(E)), and sees that the Sick Bank forms are completed as needed for Sick Bank coverage.
2. A teacher that goes on LTD (long-term disability) insurance (after 45 working days) and that still has return rights under Article 17(N) resultant from seniority shall be placed on an Extended Illness Leave.
3. A teacher placed on Extended Illness Leave and who retains return rights pursuant to Article 17(N) shall be returned to active employment under the terms of said provision, notwithstanding the language of Article 18(A) of the Master Teacher Contract.
4. Pursuant to Appendix S, seniority does accumulate while teachers are using personal sick days and/or Sick Bank days. Once a teacher is placed on Extended Illness Leave, notwithstanding that the teacher may retain return rights under Article 17(N) resultant from seniority, seniority ceases to accumulate; except that a teacher who becomes eligible for LTD but continues to have accumulated sick days in accord with Appendix N, No. 2 will continue to accrue seniority for the period of the teacher's accumulated sick days.
5. With respect to the matter of fringe benefit coverage during illness or disability, Article 17(N) provides that full insurance protection (Article 17) and accrual of sick days continues during the time the teacher is covered by personal sick days and/or Sick Bank days. Similarly, retirement benefit credit (Article 19(A)(C)) for purposes of counting years of

service continues to accrue while a teacher is covered by personal sick days and/or Sick Bank days.

Once a teacher is no longer covered by personal sick days and/or the Sick Bank, fringe benefits (exceptions noted below), accrual of personal sick days and credit for years of service for retirement cease to continue.

The exceptions are as follows:

- a. Under Appendix N, No. 2, full insurance protection continues in effect when a teacher is on LTD through the period that normally would have been covered by the employee's accumulated sick leave had such sick days been utilized on a full-day basis during the period of disability. For example, if a teacher had 90 sick days at the beginning of his/her illness/disability, his/her full insurance protection would continue for the time the 90 sick days would cover, as if all the days could be used and there was no LTD at 45 days, or about four to five months (90 work days).
- b. Medical insurance continues during the time the teacher is on Extended Illness Leave. (See Article 20(G)).
- c. As a result of benefits contained in life and LTD insurance policies, said policies continue while the teacher is on LTD at no expense to the teacher.

The coverage provided in the Board's group term life and long-term disability policies will continue, as provided in the insurance policies and not in conflict with the Master Teacher Contract, while the teacher is on LTD and/or remains totally disabled at no cost to the teacher.

6. Another question relates to salary step advancement credit while ill or disabled. Salary step advancement credit is as set forth in Article 10(J), which essentially requires that a teacher teach 50% plus one work day in a school year to receive credit for salary step advancement. Days covered by personal sick days and/or Sick Bank days are counted as part of for each day a teacher remains the work days. In other words, the teacher receives salary step advancement credit under Article 10(J) on District payroll. A teacher does not receive credit for salary step advancement due to the provisions of Article 17(N).
7. It is agreed that if a teacher has signed up for paying UTF dues or representation fees through payroll deduction, the District will continue the payroll deduction while the teacher is using sick days and/or Sick Bank days. In other words, as long as the employee remains on payroll, dues/fees will continue to be deducted from the paycheck for the UTF.

Moreover, all payroll deductions authorized by the teacher will continue while the teacher is being compensated under personal sick days and/or Sick Bank days. As with union dues or fees, as long as the employee remains on payroll, authorized deductions will continue. Examples would be credit union or United Way deductions.

Appendix V does not apply to adult education teachers or Head Start teachers.

APPENDIX AC
LEARNING IMPROVEMENT AND
PROFESSIONAL DEVELOPMENT CHAIRPERSON

Duties and Responsibilities

If school improvement is going to be achieved, it will be demonstrated and measured in terms of student achievement. If student achievement is to be increased, it will happen in the classroom as a result of professional development. In that sense, then, school improvement and professional development are synonymous terms.

Learning Improvement Chairperson

Learning improvement is achieved when staff members focus on the success of all students and engage in inquiry and dialogue around issues of teaching and learning. This process is facilitated by shared decision-making and includes students, staff, parents, and community.

The Learning Improvement process enables schools to:

- Tailor educational resources to the needs of their particular students
- Achieve established local, state and national goals
- Collaborate with all stakeholders on the issues of teaching and learning

In the spring, each school will elect one person (who must receive a majority of the votes) to serve in a leadership role called the Learning Improvement Chairperson.

This person will, along with the professional development chairperson and principal, provide leadership for building staffs for the purpose of improving teaching and learning, student achievement, and building the infrastructure for continuous learning.

Learning Improvement Chairpersons are expected to:

- Chair the Learning Improvement (Shared Decision-Making) Committee for the building
- Gather data/information from all staff members and plan and develop the agenda for meetings
- Communicate with staff and facilitate meetings
- Serve as a document and/or and keep records for future reference
- Attend all zone and district meetings/in-services and report back to the full staff
- Attend all zone and district meetings/in-services and report back to the full staff
- Monitor and assist sub-committee activities
- Serve on the building professional development committee
- Write or oversee the school improvement plan
- Write or oversee the development of the annual report
- Be involved in the accreditation process(es)
- Attend summer in-services related to district initiatives
- Serve as liaison for students, staff, and community
- Assist in training their successor

Professional Development Chairperson

The Professional Development chairperson's job is one of the most important in the school. The chairperson is the link between the school building and the Professional Development Office and represents the needs of the building in the process of school improvement. The person who serves in this capacity should be an active, informed member of the school improvement/site-based management team of the school.

The professional development needs in a school should be identified through a needs assessment and will be a part of the school improvement plan. The "plan" should be on file in the Professional Development Office so that it can be used to develop long-range professional development.

Professional development programs should be based on findings from research, that:

- Are continuous and ongoing
- Are based on district, school, professional and personal goals, and needs
- Move orientation to awareness to implementation to mastery
- Are related to improving classroom instruction and climate
- Are coordinated with school improvement, curriculum services, and professional development
- Offer choices and expanded opportunities

Inservice chairpersons are expected to:

- Attend the two days of inservice per year
- Communicate with the Professional Development Office
- Disseminate information to staff in writing and at staff meetings
- Invite the coordinator/consultant/facilitator to a staff meeting or school improvement team meeting at least once during the year
- Chair the professional development committee
- Plan all professional development sessions such as:
 - Days prior to the start of students
- Human Relations (Half-day if the sub-committee makes plans for the morning only)
- Day in February for professional development/school planning

Plan workshops for buildings:

- Identify resource person/speaker and/or needs
- Contact coordinator or consultant to discuss needs and contract
- Find a place and make all necessary arrangements
- Send a confirmation to the resource person providing details such as location, directions, objectives, audience, numbers of participants, time, lunch, etc.
- Communicate with staff (in writing--a flyer with details is always helpful)
- Arrive early to assist in site set up
- Introduce the speaker at the session
- Send speaker a "thank you" note after the workshop
- Distribute and collect evaluation forms at the site
- Complete the professional development form
- Compile, summarize, the evaluations and share appropriately

Human Relations Day

- Share information from the committee with total staff at a staff meeting
- Attend the inservice
- Volunteer to help on the day of the inservice
- Invite staff to evaluate the session

Educator's Collaborative

During the negotiations for a new Master Teacher Contract, the District and the Union discussed the concept of an Educator's Collaborative. The Educator's Collaborative is a combined effort of the District and the Union to advance the teaching profession, enhance the work of all members of learning communities, as well as those members who will be going into learning communities, and to facilitate the successful implementation of a standards-based learning system which will increase the academic achievement of each student.

The three fundamental purposes are:

1. To assure that employees have the high quality learning necessary to meet the challenges of a standards-based education system;
2. To provide the necessary guidance to the education system, its partners and others who would provide professional development or support for employees and to serve as a body for judging the quality of those who propose such learning opportunities; and
3. To serve as a forum for the deliberation of ideas and issues related to the advancement of the education profession in the district and to provide a basis for making formal judgments about the pursuit of strategies to improve learning and teaching in the district.
