All subrecipients will follow useful life standards as defined in the KY State Management Plan.

Start date is Date of Award. End date is 03/30/2022.

Project Benefits

These rural transit agencies will provide transportation services statewide to the general public in the rural areas of Kentucky, including the Appalachian Counties. Services will include transportation to jobs, medical/mental health appointments (including cancer treatment and dialysis), Veterans, shopping,

education, recreation, etc. Intercity Bus services support the connection between non-urbanized areas and the larger regional/national system of intercity bus services. The technical assistance and oversight should result in subrecipient contract and grant compliance. It will, also, benefit in reporting and maintaining FTA/State transit equipment status.

Additional Information

None provided.

Extended Budget Description

Purchase one (1) expansion vehicle for new Scottsville Transit Deviated Fixed Route. There is, currently, no public transit in the City of Scottsville. This vehicle will be ADA accessible, Note: Scottsville is starting a new public transit system. They will be operating a Deviated Fixed Route. They do not, currently, have a transit vehicle, so they cannot start service until it is delivered. We are hoping they will be able to start operating by January 2019. There is no bus running in that city currently. This for the purchase of the first bus for this service.

Project Environmental Findings

Finding: Class II(c) - Categorical Exclusions (C-List)

Class Level Description

Class II(c) consists of projects called categorical exclusions (CEs) which are known not to have, either individually or cumulatively, a significant environmental impact on the human or natural environment and are therefore categorically excluded from the requirement to prepare an environmental assessment or an environmental impact statement. Class II(c) does not require documentation.

Categorical Exclusion Description

Type 07: Acquisition, installation, rehabilitation, replacement, and maintenance of vehicles or equipment, within or accommodated by existing facilities, that does not result in a change in functional use of the facilities, such as: equipment to be located within existing facilities and with no substantial off-site impacts; and vehicles, including buses, rail cars, trolley cars, ferry boats and people movers that can be accommodated by existing facilities or by new facilities that qualify for a categorical exclusion.
