Project Number	Temporary Project Number	Date Created	Start Date	End Date
AK-2019-029-01-00	1725-2017-6-P1	5/7/2019	9/19/2019	9/29/2022

Project Description

This Project uses re-purposed FHWA earmark funds (RP-AK013 in FY 2016 appropriations) transferred to FTA Section 5311 program in FY 2019 to purchase vehicles and trailers to provide transportation for persons with mobility limitations between the Ketchikan ferry docks and the Ketchikan International Airport on Gravina Island, which is only accessible by ferry.

Project Benefits

Due to tide changes the grade of the dock frequently results in a steep incline, thus making it difficult if not impossible for persons with mobility issues to safely maneuver the dock effectively and independently. These vehicles will remove this mobility barrier.

Additional Information

None provided.

Location Description

Ketchikan serves the medical needs of Saxman Native Village as well as the residents of the Prince of Wales Island, located off the coast of Ketchikan. It is also the location of a senior housing facility and a nursing home. This results in frequent trips to major medical facilities otherwise not available within the Ketchikan borough.

This community is a hub for providing resources to rural communities within Southeast Alaska. Ketchikan is only accessible by plane or boat which results in high traffic to and from the airport.
