The EEOICPA provides lump-sum compensation and medical benefits to current and former nuclear weapons workers whose illness is a result of working in the nuclear weapons industry. Survivors of qualified workers may also be entitled to benefits. Covered illnesses include but are

not limited to radiation-induced cancer, chronic beryllium disease, beryllium sensitivity, chronic silicosis, or any illness due to exposure to toxic substances.

Representatives from the U.S. Department of Labor (DOL), U.S. Department of Energy

and their Former Worker Program, National Institute for Occupational Safety and Health, and the DOL Office of the Ombudsman will be presenting information as well on their roles in the Program.

**Current and former employees of the Pantex Plant or any facility involved in nuclear weapons production who are not familiar with our program are encouraged to attend!**
