SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

1. Background: The Office of Workers’ Compensation Programs (OWCP) is the agency responsible for administration of the Federal Employees’ Compensation Act (FECA), 5 U.S.C. 8101, the Black Lung Benefits Act (BLBA), 30 U.S.C. 901, and the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA), 42 U.S.C. 7384. This information collection is used by OWCP examiners to ascertain the financial condition of the beneficiary to determine if the overpayment or any part can be recovered; to identify the possible concealment or improper transfer of assets; and to identify and consider present and potential income and current assets for enforced collection proceedings. The questionnaire provides a means for the beneficiary to explain why he/she is without fault in an overpayment matter. If this information were not collected BLBA, EEOICPA and FECA would have little basis to determine appropriate collection proceedings. This information collection is currently approved for use through July 31, 2022.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(b) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the ADDRESSES section. Written comments will receive consideration, and be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB Number 1240–0051. Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

The Advisory Board on Toxic Substances and Worker Health (the Board) is mandated by section 3687 of EEOICPA. The Secretary of Labor established the Board under this authority and Executive Order 13699 (June 26, 2015) and in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. app. 2. The purpose of the Board is to advise the Secretary with respect to: (1) The Site Exposure Matrices (SEM) of the Department of Labor; (2) medical guidance for claims examiners for claims with the EEOICPA program, with respect to the weighing of the medical evidence of claimants; (3) evidentiary requirements for claims under Part B of EEOICPA related to lung disease; (4) the work of industrial hygienists and staff physicians and consulting physicians of the Department of Labor and reports of such hygienists and physicians to ensure quality, objectivity, and consistency; (5) the claims adjudication process generally, including review of procedure manual changes prior to incorporation into the manual and claims for medical benefits; and (6) such other matters as the Secretary considers appropriate. In addition, the Board, when necessary, coordinates exchanges of data and findings with the Department of Health and Human Services’ Advisory Board on Radiation and Worker Health, which advises the Department of Health and Human Services’ National Institute for Occupational Safety and Health (NIOSH) on various aspects of causation in radiogenic cancer cases under Part B of the EEOICPA program.

The Board shall consist of 12–15 members, to be appointed by the Secretary. A Chair of the Board will be appointed by the Secretary from among the Board members. Pursuant to Section 3687(a)(2), the Advisory Board will reflect a reasonable balance of scientific, medical, and claimant members, to address the tasks assigned to the Advisory Board. The members serve two-year terms. At the discretion of the Secretary, members may be appointed to successive terms or removed at any time. The Board will meet no less than twice per year.

Pursuant to Section 3687(d), no Board member, employee, or contractor can have any financial interest, employment, or contractual relationship (other than a routine consumer transaction) with any person who has provided or sought to provide, within two years of their appointment or during their appointment, goods or services for medical benefits under EEOICPA; and

A signed statement that the nominee does not have any financial interest, employment, or contractual relationship (other than a routine consumer transaction) with any person who has provided or sought to provide, within two years of their appointment or during their appointment, goods or services for medical benefits under EEOICPA; and

A signed statement that the nominee is aware of the nomination, is willing to regularly attend and participate in Advisory Board meetings, and has no conflicts of interest that would preclude membership on the Board.

Nominees will be appointed based on their demonstrated qualifications, professional experience, and knowledge of issues the Advisory Board may be asked to consider. Nominees will also be selected in accordance with statutory obligations under FACA and Section 3687 of EEOICPA regarding a balanced membership.

Any member appointed to fill a vacancy occurring prior to the expiration of a resigning Board member’s term shall be appointed for the remainder of such term. As specified in Section 3687(i), the Advisory Board shall terminate ten (10) years after the date of the enactment of the legislation, which was December 19, 2014. Thus, the Advisory Board shall terminate on December 19, 2024.

Members are Special Government Employees (SGEs). Members will serve without compensation. However, members may each receive reimbursement for travel expenses for attending Board meetings, including per diem in lieu of subsistence, as authorized by the Federal travel regulations.

The activities of the Advisory Board may necessitate its members obtaining security clearance. Pursuant to Section 3687(f), the Secretary of Energy will ensure that the members and staff of the Board, and any contractors performing work in support of the Board, are afforded the opportunity to apply for a...
security clearance for any matter for which such a clearance is appropriate, and should provide a determination on eligibility for clearance within 180 days of receiving a completed application.

Director, Office of Workers’ Compensation Programs.
