

## **Office of Foreign Labor Certification CW-1 Wage Table: July 1, 2021**

The Northern Mariana Islands U.S. Workforce Act of 2018 requires that the Department of Labor issue prevailing wages for the CW-1 program based on an occupational wage survey conducted by the Governor of the Commonwealth of the Northern Mariana Islands (CNMI) should such a survey be conducted and include the occupation for which a CW-1 visa is sought. In the absence of an approved occupational wage survey, the Occupational Employment and Wage Statistics (OEWS) mean wage for the particular Standard Occupational Classification (SOC) in Guam will be considered the prevailing wage. Where there is no Guam OEWS mean wage, the prevailing wage issued will be the national mean wage adjusted for purposes of the CW-1 visa program. The wages in the CW-1 Wage Table are effective starting July 01, 2021, and will be valid through June 30, 2022.

The CNMI Governor submitted an occupational wage survey to the Office of Foreign Labor Certification (OFLC), which was conducted using 2018 SOC occupations. Currently, OFLC uses the 2010 SOC occupations to issue prevailing wage determinations. The wage table (see Table III below) contains 820 SOC occupations:

- 373 are assigned the Governor's survey wage data;
- 48 are assigned the Guam OEWS mean wage data; and
- 399 are assigned the Adjusted OEWS wage data.

Fifty-one 2018 SOC surveyed occupations did not directly align with the 2010 SOC occupations. Rather, these occupations aligned with at least one or more 2010 SOC occupations. OFLC assigned the wage using the 2010 SOC occupation that most closely corresponded with the surveyed 2018 SOC occupation. See Table I below.

OFLC did not accept 19 2018 SOC surveyed occupations because of the lack of association between the 2018 SOC surveyed occupations and the 2010 SOC occupations. Therefore, there was no 2010 SOC occupation with which to associate the 2018 SOC survey wage. See Table II below.

The wages issued for the CW-1 program are based on the wage source available at the time a prevailing wage determination is issued. Employers issued the Guam OEWS mean wage that is subsequently replaced by an approved survey wage must file a new application in order to receive the survey wage. A request to change a prevailing determination from OEWS wage to survey wage is not considered a valid appeal.

The validity period for each individual determination is based upon the date that determination was issued, but it shall not be valid for fewer than 90 days. The validity period of the prevailing wage determination is listed at the bottom of each page of the determination as well as in Section E of Form ETA-9141C, the Application for Prevailing Wage Determination. Form ETA-9142C must be submitted, via the FLAG system, during the prevailing wage determination validity period.
